Understand your eligibility

Access to VA benefits and services depends on your eligibility. Eligibility is determined using different factors depending on the benefit. While a lot of information is used to determine your eligibility for benefits, one critical factor may be your disability rating.

What is eligibility?
VA uses “eligibility” to describe the benefits and services a Veteran can access. Each benefit you are trying to access may require a different set of eligibility factors. For example, you may be eligible for the GI Bill but not for enrollment in VA health care. If you are interested in a certain benefit, work with VA to determine your eligibility.

How is eligibility determined?

VA considers a different combination of factors for each benefit, which could include your disability rating, service history, medical need, and income level.
Understand your Disability Rating

Your disability rating is one of several factors that affects your eligibility for benefits and services. **Your disability rating is important because there are a number of services available only to Veterans with a disability rating.**

**What is a disability rating?**
A disability rating is a **rating VA gives you to describe how much your service-connected disability impacts your daily life, particularly your ability to work.** A “service-connected” disability is an injury, disease, or condition that resulted from or was made worse during military service. **Disability ratings range from 0%–100%.** A 0% rating means your disability does not affect your everyday life. Any rating, including a 0%, makes you eligible for certain services. While you might feel your condition is not serious, you should still consider applying for a rating.

**How is a disability rating determined?**
**You must file a claim for disability.** VA determines your rating based on the evidence you provide (which includes your medical records and DD214 and the severity of your condition.) Once your claim is processed, you will receive a disability rating. To find out more about filing a claim, call 800-827-1000 or visit https://www.va.gov/disability/how-to-file-claim.

**WHAT BENEFITS AND SERVICES CAN YOU ACCESS WITH A DISABILITY RATING?**
Some benefits and services include:
- Disability Compensation
- Enrollment in VA health care
- Veteran Readiness and Employment (VR&E)
- Federal hiring preference
- VA Home Loan fee exemption
- Specially Adapted Housing Assistance

Visit the following link for a comprehensive list of VBA benefits and services, https://benefits.va.gov/BENEFITS/derivative_sc.asp

**WHERE CAN YOU GET IN-PERSON HELP?**
You can receive help preparing your claim from a Veterans Service Organization (VSO). To find a VSO, visit https://www.ebenefits.va.gov/ebenefits/vso-search and search by state or zip code. You can also get help in-person at a VA Regional Office.
Find out where VA fits into your life

No two Veterans are the same. You might experience many of these important life moments in a different order. Based on where you are in your life, VA can serve you in different ways. Use this map to explore how VA can support you both now and in the future.

4. **NEXT STEPS**
   - If approved, take steps to access the benefits you are eligible for:
     - Review priority group assignment and personalized benefit handbook mailed by VA after enrollment
     - Contact your local VA Medical Center to set up an appointment
     - Make an appointment to obtain your Veterans Health Identification Card (VHIC)

WHERE CAN I FIND MY DISCHARGE PAPERS?
Visit https://www.va.gov/records/get-military-service-records to request a copy of your DD214.

HOW WILL I FIND OUT ABOUT VA’S DECISION?
If accepted, you’ll receive a phone call from VA and a personalized benefits handbook in the mail. If denied, you’ll receive a letter indicating the reason.

WHAT ARE PRIORITY GROUPS?
During enrollment, each Veteran is assigned to one of eight priority groups based on different factors. Your priority group may affect how much (if anything) you will need to pay for those services.

WHAT IS A VHIC?
A VHIC is a photo ID that gives you access to VA Health Care facilities. When you’re enrolled in VA Health Care, you can get a VHIC by making an appointment with your local VA Medical Center to get your picture taken for your VHIC.
Information you’ll need to know to access VA Health Care:

Am I eligible for VA Health Care?
Eligibility for VA Health Care depends on a number of factors:
- VA has rated you for a service-connected disability
- You received a Purple Heart or are a former Prisoner of War
- You are a combat Veteran who separated within the last 5 years
- You are eligible for Medicaid benefits
- Your family income is below the income threshold
- You served in Vietnam, Southwest Asia during the Gulf War, or Camp Lejeune during certain periods of time

Note: Not all Veterans are eligible for VA Health Care. Work with VA to determine your eligibility as soon as possible.

What does it mean to be assigned to a priority group?
If you are eligible to enroll in VA Health Care, you will be assigned to a priority group based on your eligibility. Your health care eligibility determines what type of VA Health Care services you can access and how much you will need to pay for those services.

How do I schedule my first appointment?
- On your health care application you can ask VA to call you to schedule your first appointment
- Call your local VA Medical Center to schedule an appointment

What if I live far away or can’t get an appointment?
VA provides health care for Veterans from providers in your local community outside of VA. Veterans may be eligible to receive care from a community provider when VA cannot provide the care needed. This care is provided on behalf of and paid for by VA. Community care is available to Veterans based on certain conditions and eligibility requirements, and in consideration of a Veteran’s specific needs and circumstances. Community care must generally be authorized by VA before a Veteran can receive care from a community provider.
- Visit https://www.va.gov/communitycare to learn more

Will I be covered for emergency care?
The most important thing in an emergency is to get to the nearest hospital or emergency department. If this is a VA hospital, you may be covered under your priority group eligibility. VA is continuously reviewing and increasing appropriate services to cover, however will only pay for emergency care at non-VA facilities under certain circumstances.
- After receiving emergency care at a non-VA facility, call VA immediately to understand what VA may cover.

Where is my nearest VA Medical Center?
- To locate your nearest VA facility, visit https://www.va.gov/find-locations

OTHER QUESTIONS YOU MAY HAVE:

What are my health care options for myself and my family?
VA Health Care is one of many health care options Veterans may have, including TRICARE, Medicare/Medicaid, and private insurance plans. In most cases, family members and dependents are not eligible for VA Health Care. It’s important to figure out which option is best for you.
VA Health Care counts as your health insurance under the Affordable Care Act. However, Veterans enrolled in VA Health Care are not eligible for health insurance subsidies.
→ Visit https://www.healthcare.gov/veterans to learn more

How does VA support recent combat Veterans?
Combat Veterans can get five years of cost-free health care following separation and remain eligible for VA Health Care as long as they enroll within five years of separation.

How does VA support Military Sexual Trauma (MST) survivors?
VA offers cost-free counseling and support services that help Veterans recover from trauma. You don’t have to be enrolled in VA Health Care to access MST services.

What services are included in VA Health Care?
- Preventive Care (e.g. vaccines, health screenings, needed check-ups)
- Outpatient care (e.g. mental health care and substance abuse counseling)
- Inpatient care (e.g. surgery)
- Medications and supplies
- Well-being services (e.g. peer groups, complementary and integrative classes such as acupuncture, yoga)
Get started with Mental Health Services

This guide will help you access mental health services, which may include treatment and support for mental health problems like post-traumatic stress disorder (PTSD), the effects of military sexual trauma (MST), depression, grief, substance use problems, and anxiety-related conditions.

For emergency mental health care, you can also go directly to your local VA medical center—regardless of your discharge status or enrollment in other VA health care.

I’m not in crisis, I’m just having problems sleeping, controlling my anger, or readjusting to civilian life.

You are not alone. Over 1.7 million Veterans received mental health care at VA last year. Mental health professionals at VA specialize in the mental health needs of Veterans. Services range from peer support with other Veterans to counseling with a mental health professional to medication. You may be eligible for these services from VA or VA may be able to connect you with mental health resources in your community.

- Online http://www.mentalhealth.va.gov/gethelp.asp

Am I eligible for VA mental health care?

Most former Service members can access VA mental health care services, but costs may vary. Here are some common scenarios:

I separated recently from uniformed service with an honorable discharge.

- All former Service members can access emergency VA mental health care. Call or visit your local VA medical center to determine your eligibility for non-emergency VA mental health care. Many programs and services do not require a payment. When payment is required, cost depends on many factors.

I am a recently separated combat Veteran with an honorable discharge.

- You may be eligible to enroll in VA health care and receive care for conditions related to your combat service at no cost for 5 years after your date of discharge.
- You are automatically eligible for Vet Center services at no cost, without time limitation or need to enroll in VA health care.

I separated from uniformed service many years ago.

- All former Service members can access emergency VA mental health care. Call or visit your local VA medical center to determine your eligibility for non-emergency VA mental health care. Many programs and services do not require a payment. When payment is required, cost depends on many factors.

I am a current or former member of the National Guard or Reserves.

- You may be eligible for VA mental health care or Vet Center services.

If you have any questions, please give us a call at 877-222-VETS (877-222-8387).

HOW DO I SCHEDULE MY FIRST APPOINTMENT?

If you are already signed up for VA health care, call or visit your local VA medical center or Vet Center.

- Find locations and phone numbers online https://www.va.gov/find-locations

Depending on what best meets your needs, you will receive a face-to-face visit with a clinician, or a phone or video call with a nurse, or a prescription filled the same day. If you are not already signed up for VA health care, call us or visit your local VA medical facility to find out what services may be available to you.

- 877-222-VETS
877-222-8387
Mon.–Fri., 8AM – 8PM EST

HOW MUCH WILL IT COST?

VA considers a combination of your disability rating, service history, medical need, and income level when determining how much you might have to pay for services.

Please don’t let the possibility of paying “out-of-pocket” stop you from getting mental health care.
What if I have an Other-than-Honorable (OTH) or “bad paper” discharge?
You may receive emergency VA mental health care. You may also be eligible for non-emergency! VA mental health care. Call or visit your local VA medical facility to find out what services may be available to you.

Do I have to be enrolled in VA health care to access VA mental health services?
No. There are some VA mental health services you can access without being enrolled in VA health care. For example, regardless of disability claim or enrollment status, community-based Vet Centers offer confidential individual and group counseling for eligible Veterans, Service members and their families at no cost. Vet Centers also provide counseling for survivors of military sexual trauma (MST), and their families, regardless of when or where you served and may provide other services, such as:
- Readjustment Counseling
- VA Benefits Assistance
- Bereavement (grief) counseling
- Employment Counseling
- Substance Abuse Assessment and referral

→ Call 877-WAR-VETS (877-927-8387), confidential and open 24 hours a day, 7 days a week, 365 days a year
→ Find a Vet Center at https://www.va.gov/find-locations

If you do enroll in VA health care, you will have access to VA’s full range of health care services. Even if you do not enroll, you may be eligible for other VA benefits, such as housing, employment, job training, and education—all of which can affect mental health. We encourage all former Service members to contact us so we can determine how to best support you.

Will using mental health services at VA put my career at risk?
Medical records are protected by privacy laws. A mental health diagnosis or seeking mental health care does not automatically jeopardize work-related credentials such as security clearances. Generally, employers recognize that healthy employees who get the help they need are more productive and effective in their jobs.

Am I able to see a mental health provider outside of VA?
VA provides health care for Veterans from providers in your local community outside of VA. Veterans may be eligible to receive care from a community provider when VA cannot provide the care needed. This care is provided on behalf of and paid for by VA. Community care is available to Veterans based on certain conditions and eligibility requirements, and in consideration of a Veteran’s specific needs and circumstances. Community care must generally be authorized by VA before a Veteran can receive care from a community provider.

OTHER QUESTIONS YOU MAY HAVE:

It can be difficult or me to visit VA facilities. Are there services I can access online?
VA Video Connect is a telehealth service where you can talk to a VA mental health provider on a mobile device, a computer in your home, or at a local VA Community-Based Outpatient Clinic (CBOC). VA can provide the necessary equipment if you don’t already have it. Ask any of your VA health care providers for help connecting you with the VA Video Connect Telehealth program.

What other options do I have?
Make the Connection is an online resource where you can hear stories from other Veterans who sought help with mental health challenges.

Understanding Community Care

This guide will help you understand the process for receiving care from a local provider in your community.

Am I eligible to see a community care provider?

You may be eligible to see a community provider if you meet one of these six eligibility criteria:

1. **Service Unavailable** – You need a service that is not available at VA (e.g. maternity care, in vitro fertilization)
2. **Facility Unavailable** – You reside in a U.S. state or territory without a full-service VA medical facility
3. **Grandfathered Choice** – You were eligible for community care under the Veterans Choice Program distance criteria
4. **Medical Interest** – Your VA provider determines it is in your best medical interest to be referred to a community provider
5. **Quality Standards** – You need care from a VA medical service that VA determines is not providing care that complies with VA’s quality standards
6. **Access Standards** – You meet the access standards for average drive time or wait time for a VA appointment

What are the drive time access standards?

You may be eligible to see a community provider if your average drive time from home to a VA medical facility that provides the service you need takes more than:

- 30 minutes travel time to receive primary care, mental health, and non-institutional extended care services (including adult home day care)
- 60 minutes travel time to receive specialty care services

What are the wait time access standards?

You may be eligible if the wait time for an appointment at a VA medical facility that provides the service you need exceeds:

- 20 days for primary care, mental health, and non-institutional extended care services
- 28 days for specialty care from the date of request with certain exceptions

OTHER QUESTIONS YOU MAY HAVE

Do I need to meet all six criteria to be eligible for community care?
No. Meeting any one of the six eligibility criteria can result in your referral to a community provider.

Does VA need to officially authorize the care I receive through a community provider?
Yes, usually. Regardless of which eligibility criterion you meet, community care must generally be authorized in advance by VA before you can make an appointment with and receive care from a community provider.

Can I go to any community provider I want?
If you’re eligible for community care, you will be able to receive care from a community provider member in the VA’s network. To locate these approved community providers, please visit https://www.va.gov/find-locations.

What is the process for getting prescription medication?
You can receive a 14 or fewer days supply of your prescription from a pharmacy in your community. However, prescriptions for longer than 14 days must be filled by VA.

Do I have to pay a copayment for community care?
Copayment charges work the same way with community care as they do if you receive care at a VA medical facility. Usually, this means you will be charged a copayment for nonservice-connected conditions. Copayment charges and payments are made through VA, not through your community provider.

Do I have to pay a copayment for urgent care?
Copayments for urgent care depend on your assigned Veteran priority group and the number of urgent care visits per calendar year. Copayments are not paid out-of-pocket at the time you visit an urgent care provider. After the visit, VA will bill copayments separately. For more information visit https://www.va.gov/communitycare.

Does VA pay beneficiary travel expenses if I am referred to a community provider?
If you are eligible for beneficiary travel, your eligibility does not change. Beneficiary travel is paid the same way whether the care is provided at a VA medical facility or through a community provider.

When would it be in my best medical interest to receive community care?
Your VA provider will discuss with you what is in your best medical interest. Possible reasons include the nature of care you need, the frequency of the care, or if you need an attendant.

Who schedules my community care appointments?
There are several ways you may be able to schedule a community care appointment:
• Directly schedule an appointment yourself and inform a VA staff member about the appointment
• Use VA online scheduling to request an appointment for certain types of routine services
• Have a VA staff member schedule the appointment
• Have a VA Third Party Administrator (TPA) schedule the appointment
Make sure VA has officially authorized you to receive community care (through a referral) before scheduling an appointment.

Can I still see a VA provider even if I am eligible for community care?
Yes, and you have the choice to have your primary or specialty care continue at VA, even when you are receiving care from a community provider.

How do I get help with adverse credit reporting and debt collection issues that might arise from using community care?
Call 877-881-7618 for assistance.
What is the urgent care benefit?
VA offers eligible Veterans an urgent care benefit or the treatment of minor injuries and illnesses at retail and urgent care providers who are part of VA’s contracted network. The urgent care benefit is offered to Veterans in addition to urgent care and same-day services VA provides through its medical facilities.

What type of care do urgent care providers provide?
Urgent care providers treat injuries and illnesses that require immediate attention but are not life-threatening, such as the common cold, minor burns and skin infections.

Am I eligible for urgent care?
To be eligible for the urgent care benefit, you must (1) be enrolled in the VA health care system, AND (2) have received care through VA, from either a VA or a community provider within the last 24 months.

How do I access urgent care?
Use VA’s Facility Locator at http://www.va.gov/find-locations. To find an urgent care location, select the “Urgent care” VA facility type and then “Community urgent care providers (in VA’s network)” from the service type drop-down. You can also call your local VA medical facility to find an in-network urgent care provider.

What do I do when I arrive?
Tell the urgent care provider you would like to use your VA urgent care benefit and confirm that they are part of VA’s network. They will confirm your eligibility for the benefits. If there is an issue verifying your eligibility or if you have any other issue at an urgent care location in AK, AS, AZ, CA, CO, GU, HI, ID, MP, MT, NM, NV, OR, TX, UT, WA, and WY call 866-620-2071. In DC, PR, VI, and all other states, call 888-901-6609.
OTHER QUESTIONS YOU MAY HAVE

Will I have to pay any fees or copayments out-of-pocket?
You may be charged a copayment that is different from other VA medical copayments. Urgent care copayments depend on your assigned priority group and the number of times you visit an urgent care provider in a calendar year.

<table>
<thead>
<tr>
<th>Priority Group</th>
<th>Copayment Amount (per calendar year)</th>
</tr>
</thead>
</table>
| 1 – 5          | • First three (3) visits: $0  
                 • Fourth and > visits: $30 |
| 6              | • If related to a condition covered by a *special authority:  
                 ▪ First three (3) visits: $0  
                 ▪ Fourth and > visits: $30  
                 • If not related to a condition covered by a *special authority:  
                 ▪ $30 per visit |
| 7 – 8          | • $30 per visit |
| 1 – 8          | • $0 copay for a visit consisting of only a flu shot |

There is no limit on the number of times you can access urgent care. Copayments are NOT paid out-of-pocket at the time you receive care. They are billed separately by VA.

Can I use urgent care as a replacement for my primary care needs?
No. Urgent care is not a replacement for preventive health care or management of chronic or complex health conditions. You should work with your primary care provider for this type of care. If you go to an urgent care provider and receive non-covered services, you are responsible for the full cost of care.

Is urgent care prescription medication covered by VA?
VA will pay for or fill prescriptions resulting from your urgent care visit. Urgent care prescriptions for medication longer than a 14-day supply must be sent to VA to be filled.

You can fill a 14-day supply of medication written by an urgent care provider at a contracted pharmacy within the VA network, a non-contracted pharmacy that is not part of the VA network, or directly at a VA pharmacy. Opiates are limited to seven days or fewer, consistent with state law that applies to the pharmacy location. If a non-contracted pharmacy is used, you must pay for the prescription and then file a claim for reimbursement with your local VA medical facility.

Do I have to pay a copayment for urgent care prescription medication?
You may be required to pay a copayment for medication. The copayment will be billed separately to you, by VA, as a part of VA’s normal billing process.

Getting Started with the Caregiver Support Program

This guide will help caregivers of Veterans access support at VA that may include caregiver education and training, mental health counseling, peer mentor support, access to health care benefits, monetary stipend and respite care.

Am I a “caregiver”? Often people do not identify themselves as a “caregiver.” Most of us, at some point in our lives, will be in a caregiver role. Caregivers are daughters, wives, husbands, sons, grandchildren, nieces, nephews, partners and friends. Caregivers manage a wide range of responsibilities. Here’s how you know if you are in a caregiver role.

Do you:
- Make medical appointments or drive to the doctor and pharmacy to pick up prescriptions for a Veteran?
- Help a Veteran get dressed, take a shower, or take medicine?
- Help transfer a Veteran in and out of bed, or with physical therapy, injections, feeding tubes or other medical procedures at home?
- Talk with doctors, nurses, social workers, and others to understand what medical care or other services a Veteran might need?

If you answered “yes” to any of these questions, you are a caregiver and may be eligible for caregiver services at VA. The Caregiver Support Program (CSP) provides services and support to Veterans and caregivers through two programs, the Program of General Caregiver Support Services (PGCSS) and the Program of Comprehensive Assistance for Family Caregivers (PCAFC).

Who can help me determine which CSP programs and services may be available to me and to the Veteran I care for?

Caregiver Support Coordinators (CSCs) are social workers, nurses and psychologists with extensive knowledge of VA services and can help connect you with the resources you need. To find your CSC:
- Call the Caregiver Support Line at 855-260-3274.
- Visit us online at https://www.caregiver.va.gov
- Find a CSC in-person at a local VA Medical Center https://www.caregiver.va.gov/support/New_CSC_Page.asp

Caregivers who enroll in PGCSS have access to education and training, including courses at local VA medical centers. In addition, caregivers can participate in support services and take advantage of VA home and community based care. No formal application is required to enroll in PGCSS. Contact your local CSC for assistance with PGCSS enrollment.

OTHER QUESTIONS YOU MAY HAVE

How does VA support Military Sexual Trauma (MST) and combat PTSD survivors?

VA offers free counseling and support services that help Veterans recover from trauma. You don’t have to be enrolled in VA Health Care nor have service-connected disabilities to access MST services. Visit https://www.va.gov/health-care/health-needs-conditions/military-sexual-trauma for more information.

Vet Centers also offer mental health services and counselling. For more information and their location, visit: https://www.vetcenter.va.gov.

Getting Started with Services for LGBTQ+ Veterans

The Department of Veterans Affairs (VA) welcomes all Veteran, family, caregiver and survivor beneficiaries and employees, inclusive of diverse gender identities and sexual orientation(s). VA is committed to providing a safe, welcoming and equitable environment for all the Veterans we serve.

What is LGBTQ+? Why does the VA offer specific health care services for these Veterans?

All Veterans are welcome at VA, including those who identify as LGBTQ+. LGBTQ refers to lesbian, gay, bisexual, transgender, and queer identities. The ‘+’ sign captures identities beyond LGBTQ, including pansexual, asexual, agender, gender diverse, nonbinary, gender neutral and other identities. Veterans with sexual and/or gender minority identities have faced stigma and discrimination, which can affect health. As a health care institution, VA works to make sure that LGBTQ+ Veterans know that they are welcome and we are trained to meet their health care needs.

Does my sexual orientation or gender identity matter to my health care?

As a result of stigma, stress, and discrimination, LGBTQ+ Veterans face increased health risks and unique challenges in health care. We want you to be comfortable talking with your VA providers about all aspects of your life, so we can offer you the best care possible.

Why is it important to come out to my health care provider?

Coming out to your health care provider is an important step in maintaining your health. To see that you receive the best care possible, your health care provider needs to know who you are. Information about your sexual orientation and gender identity will prompt your provider to ask specific questions about potential risks to your health and offer appropriate health screens.

If you do not feel comfortable opening up to your provider about your sexual orientation or gender identity, ask for another VHA provider. It’s important for you to be able to trust your health care provider. Tell your provider about the medicines you have taken and the surgeries you have had. Information about your full health history will enable your provider to determine the best treatment for you. For answers to more questions, visit https://www.maketheconnection.net/events/coming-out-health-care-provider.

If I come out to my provider, will this information be shared?

No. Your conversations and the information you share with your VA provider are confidential. You can also ask that this information not be entered into your medical record. However, medically necessary information, such as diagnosis or medications, must be included in your medical record to ensure that your providers have a complete picture of your health and that you are receiving the best care possible. Finding a provider you are comfortable with is essential to your health and wellness.

If you are not comfortable with your VA provider or do not feel you are being provided compassionate care, please contact your facility’s Patient Advocate or https://www.patientcare.va.gov/LGBT/VAFacilities.asp.

WHAT HEALTH ISSUES SHOULD I KNOW ABOUT AS A VETERAN WITH AN LGBTQ+ OR RELATED IDENTITY?

Studies have shown that LGBTQ+ Veterans are at an increased risk for elevated levels of stress. This stress can increase the risk for certain mental and physical health conditions.

As a group, LGBTQ+ Veterans have elevated rates of the following behaviors and conditions that can affect their health:

- Smoking, problem drinking, and substance use
- Anxiety, trauma exposure, and depression
- Sexually transmitted diseases, including HIV infection
- Some cancers

LGBTQ+ Veterans can also face forms of bigotry and discrimination that can cause the loss of employment, housing, child custody, or physical or sexual assault. These challenges and events can also lead to stress and anxiety, as well as social withdrawal and low self-esteem.

VA health care includes, among other services:

- Hormone treatment
- Substance use/alcohol treatment
- Tobacco use treatment
- Treatment and prevention of sexually transmitted infections/PrEP
- Intimate partner violence reduction and treatment of after effects
- Heart health
- Cancer screening, prevention and treatment

What are the Birth Sex fields in my medical record?

VA understands that Veterans with transgender and related gender identities face increased health risks and unique challenges in health care, and is committed to promoting a welcoming environment that is inclusive of all Veterans. Previously, your medical record had only one place for your sex and gender. Now, you can have both your Birth Sex and your Self-Identified Gender Identity in your medical record. For more information, see:

Birth Sex and Self-Identified Gender Identity Fact Sheet
https://www.patientcare.va.gov/LGBT/docs/FAQ-BirthSex-SelfIdentifiedGenderIdentityFactSheet.pdf

Are there any providers specializing in transgender Veteran care in my area?

All VA facilities are required to provide care to transgender Veterans or pay for services in the community. The LGBTQ+ VCC at your facility will be the most knowledgeable about local resources.

How do I change my legal name on file with VA?

If you’re a Veteran, spouse, dependent, or caregiver and you get VA health care or direct benefit payments, you’ll need to tell us if you have a legal name change so we can change your name on file with VA. You must contact your VA medical center, each VA program office that you receive direct benefit payments from, and the Defense Enrollment Eligibility Reporting System (DEERS) support office. Keep reading to find out how to change your name with each of these offices.

For more information, visit https://www.va.gov/resources/how-to-change-your-legal-name-on-file-with-va.

How do I enroll in VA health care?

Veterans can apply for VA health care enrollment by completing VA Form 10-10EZ.

Apply online at https://www.va.gov/health-care/how-to-apply, or visit, call or write to any VA health care facility or Veterans’ benefits office. You can also call the VA Health Benefits Call Center toll free at 877-222-VETS (877-222-8387)

How do I apply for a military discharge upgrade?

All branches of the military consider you to have a strong case for a discharge upgrade if you can show your discharge was connected to any of these categories:

- Mental health conditions, including post-traumatic stress disorder (PTSD)
- Traumatic brain injury (TBI)
- Sexual assault or harassment during military service (at VA, we refer to this as military sexual trauma or MST)
- Sexual orientation (including under the Don’t Ask, Don’t Tell policy)

For more information, visit: https://www.va.gov/discharge-upgrade-instructions

Are there any benefit updates for LGBT Service Members and Veterans?

The Department of Defense (DoD), in their ongoing review of military benefits in connection with the repeal of “Don’t Ask, Don’t Tell,” identified some VA benefits for which Service members, regardless of sexual orientation, may designate beneficiaries of their choosing, such as the following:

- Servicemembers’ Group Life Insurance (SGLI)
- Veterans’ Group Life Insurance (VGLI)
- Montgomery GI Bill-Active Duty
- Montgomery GI Bill-Selected Reserves
- Post-9/11 GI Bill

In addition, there are other benefits and services provided by DoD for which LGBTQ+ service members may designate a beneficiary regardless of sexual orientation. Learn about those DoD programs on the Defense Department’s DADT (Don’t Ask, Don’t Tell) website.

Getting Started with Whole Health

VA wants you to live your best possible life through exploring your Whole Health. This guide will help you find resources on your “Live Whole Health” journey.

What is Whole Health?
Whole Health is VA’s cutting-edge approach to care that supports and empowers you to take charge of your health and well-being. Whole Health centers around what matters to you, not what is the matter with you. This means your health team will get to know you as a person before working with you to develop a personalized health plan based on your values, needs and goals. You are a critical member of your health care team and we want to partner with you.

What Whole Health services are available to me?
Whole Health Courses
There are currently two Whole Health courses designed for and led by Veterans.

1. **Introduction to Whole Health**: A 1 to 2-hour course for all Veterans and spouses. Any Veteran can attend regardless of their discharge status from the military or enrollment in VA Healthcare. All Veterans and spouses are invited to attend! You will be given the Personal Health Inventory to start you on your journey.

   The Personal Health Inventory helps you explore what matters to you and self-care areas of your personal life where you are and want to be in the future. Veteran and VA Staff will help you create goals to develop your very own Personal Health Plan. VA uses your Personal Health Inventory responses to find the combination of clinical and well-being services you need to achieve your goals. You can learn more about Personal Inventory at: https://www.va.gov/WHOLEHEALTH/docs/10-773 PHI_May2020.pdf.

2. **Taking Charge of My Life and Health**: More in-depth discovery of what matters to you and providing team support from Veteran peers and staff to help you live the best version of you; helping you explore well-being skills, complete your Personal Health Inventory, and create your Personal Health Plan. Online resources are available to help run, manage, and participate in these courses.

Where can I find the Whole Health Courses?
To find Whole Health Courses, contact your nearest VA Medical Center (https://www.va.gov/find-locations) and ask to speak to Whole Health, Veteran or Patient Educators.

HOW DO I GET STARTED WITH WHOLE HEALTH?
There are several ways to get started:

- You can visit the webpage at https://www.va.gov/wholehealth.
- Start a conversation with your health team or peer support specialists.
- Learn about Whole Health services from other Veterans through the Introduction to Whole Health by downloading the Whole Health App on your smartphone at https://mobile.va.gov/app/live-whole-health.

DO I NEED TO BE ENROLLED IN VA HEALTH CARE TO ACCESS WHOLE HEALTH?
Veterans do not need to be enrolled in VA Health Care to attend the Introduction to Whole Health Classes; however, if you choose to pursue Whole Health, you will need to enroll. For more information about enrolling in VA, visit www.va.gov.
What services/treatments does Whole Health offer?

If you are interested in learning more about these VA-approved Whole Health and Complementary & Integrative Health Approaches as a part of your care, contact your primary care provider. They may also be available virtually via telehealth.

- **Whole Health Coaching** - Coaches work with Veterans one-on-one, in group settings, or virtually to empower the Veteran to develop and achieve self-determined goals related to health and wellness. Coaches support Veterans in mobilizing internal strengths and external resources, and in developing self-management strategies for making sustainable, healthy lifestyle, behavior changes. As partners and facilitators, while working closely with the Veteran’s Patient Aligned Care Team (PACT) and/or other health care professionals, coaches support Veterans in achieving their health goals and behavioral goals.

- **Acupuncture** - is an approach to health care that may be used alone or in conjunction with other East Asian Modalities, where thin needles are inserted into the body at different acupuncture points.

- **Biofeedback** - is a process that uses your body’s own signals like heart rate and body temperature to bring about healthy change. It can improve health issues that are caused or worsened by stress. Using a two-step process, biofeedback can help you relax and reduce your stress.

- **Clinical Hypnosis** - is the process of deliberately triggering a trance state and then utilizing that state to encourage helpful cognitive, emotional, or physical healing responses. A trance is a natural biological state of inner absorption, concentration and focused attention.

- **Chiropractic Care** - diagnosis and management of musculoskeletal problems using treatment options including manual spinal adjustments, other joint and soft-tissue therapies, exercise and lifestyle advice.

- **Massage Therapy** - is the manipulation of the soft tissues of the human body for therapeutic purposes. Currently in VA, massage therapy is recommended primarily for pain conditions for which there is an evidence base.

- **Meditation** – is a practice or technique, often arising from a contemplative tradition, that primarily focuses on training attention regulation processes, with the intent of cultivating general mental well-being and/or specific capacities such as concentration, compassion or insight.

- **Guided Imagery** - involves using a series of multi-sensory images designed to trigger specific changes in physiology, emotions, or mental state for the purpose of increasing healing response or unconscious changes. Guided Imagery often begins with a series of relaxation techniques, but that is not a requirement.

- **Tai Chi** - is a mind-body exercise combining slow-flow intentional movements with breathing, awareness and visualization. Rooted in the Asian traditions of martial arts, Chinese medicine and philosophy, Tai Chi enhances relaxation, vitality, focus, posture, balance, strength, flexibility, and mood.

- **Qigong** - is an ancient Chinese healing art, older than, and like tai chi, with a focus of cultivating the body’s vital energy or qi. It involves the coordination of the breath, posture, awareness, visualization and focused movements. Qigong may be a stationary or moving meditation.

- **Yoga** - is a mind and body practice with origins in ancient Indian philosophy. The various styles of yoga typically combine physical postures, breathing techniques, and meditation or relaxation.

Getting Started with Food and Nutrition Services

In support of your Whole Health and well-being, this guide will help you understand the healthy food classes and nutrition services available from VA and USDA, and help you apply for food assistance benefits if needed.

Are you and your family members getting enough nutrition?
VA’s Nutrition and Food Services (NFS) and the U.S. Department of Agriculture’s (USDA) Food and Nutrition Service (FNS) are working together to address Veterans’ nutritional needs and food insecurity.

What is food insecurity?
Food insecurity means your access to adequate food is limited by a lack of money and other resources.

What programs are available to me and my family members?
Some of the programs available to Veterans and their family members include:

• USDA Supplemental Nutrition Assistance Program (SNAP) – Helps low-income individuals and families buy nutritious food with an electronic benefit transfer (EBT) card, which appears similar to a debit card.
• USDA SNAP Employment and Training (SNAP E&T) - SNAP recipients can receive services through the SNAP E&T Program which helps participants gain the skills, training, or work experience they need to increase their ability to obtain regular employment and meet the needs of employers.
• VA MOVE! – A Weight Management Program that is available to every Veteran receiving VA health care and provides Veterans with a variety of ways to participate in a comprehensive lifestyle intervention.
• VA Healthy Teaching Kitchen - A VA program thru which Veterans learn to prepare, cook, and eat healthy dishes that support nutrition and self-care.
• VA Whole Health - A VA program that empowers and equips you to take charge of your health and well-being. It centers around what matters to you, not what is the matter with you. This means your health team will get to know you and develop a personalized health plan specifically for you, taking into account your values, needs, and goals to live your best life.

NOTE: You do not need to be enrolled in the VA system to participate in SNAP. For more information, please visit: www.fns.usda.gov/snap/recipient/eligibility

HOW DO I APPLY FOR SNAP?
You must apply for SNAP in the state where you currently live because each state has a different application form and process. A member of your household must contact your state agency directly to apply.

WHAT DO I DO IF I AM PHYSICALLY UNABLE TO GO TO A SNAP OFFICE OR CONTACT THE OFFICE?
If you are unable to go to or call your local SNAP office and do not have access to the internet, you may have another person act as your authorized representative by applying and being interviewed on your behalf. You must designate your authorized representative in writing.

Note: Please contact your SNAP state agency directly to apply and to request information about the status of your application. USDA FNS does not process applications or have access to case information.

WHERE CAN I GET MY STATE SNAP INFORMATION?
You can contact your state agency by visiting your local SNAP office, visiting your state agency’s website, or calling the toll-free SNAP Information Number at 1-800-221-5689. You can find your state SNAP agency online at: https://www.fns.usda.gov/snap/state-directory
How do I get into VA Nutrition and Food Programs?

What you eat is very important to your health. Registered Dietitian Nutritionists (RDNs) provide nutrition education and counseling for Veterans across VHA’s health care facilities and most clinics. There are many programs, telehealth visits, groups, or individual appointments available to you. Visit https://www.nutrition.va.gov to learn more.

How do I get help from a Dietitian?

RDNs are VA’s food and nutrition experts. RDNs have special training to offer medical nutrition therapy and work as part of the health care team and Patient Aligned Care Team (PACT) in the treatment and prevention of disease. RDNs promote healthy lifestyle choices and create personal nutrition plans for individuals of all ages using a Whole Health approach. To contact a dietitian:

- Call your local VA to schedule an appointment
- Ask your local VA about same day appointment availability
- Ask your VA PACT or health care team for a referral
- Send a secure message via MyHealthEvet by signing in at: www.myhealth.va.gov/mhv-portal-web/home

How do I avoid gaining weight or how do I lose weight?

MOVE! is a weight management, health promotion program designed to improve the lives of Veterans. MOVE!’s core ideas—encouraging healthy eating behavior, increasing physical activity, and promoting even small weight losses—are easy to follow and based on the latest nutrition science. With the help of your MOVE! care team, you can reduce health risks, prevent or reverse certain diseases, improve your quality of life, and even live longer! For more information about MOVE! visit www.move.va.gov

What foods should I eat?

MyPlate is the Federal nutrition symbol, developed by the USDA that serves as a general healthy eating guide on what and how much to eat from each of the five food groups – fruits, vegetables, grains, protein, and dairy. To learn what the right amounts are for you to eat and drink based on your age, sex, height, weight and activity level, etc. Get your own MyPlate Plan at www.myplate.gov/myplateplan.

MyPlate encourages simple ways to get started on eating healthy. Download the Start Simple with MyPlate app on your phone to set simple, achievable, daily goals to help you eat healthy or visit www.MyPlate.gov for more tips and resources to get started today.

OTHER QUESTIONS YOU MAY HAVE

How do I know if I am eligible for SNAP?

You must meet certain income and resource requirements to be eligible for SNAP and receive benefits. If our state agency determines you are eligible to receive SNAP benefits, you will receive the benefits backdated to when you submitted your application.

Are there other USDA programs my family and I may be eligible for?

You or your family members may be eligible for assistance through other USDA programs such as the Special Supplemental Nutrition Program for Women, Infants, and Children (WIC), the National School Lunch and School Breakfast Programs, the Summer Food Service Program and USDA food distribution programs. Do you disagree with your VA decision?

This guide will help you understand how the modernized decision review process enables Veterans to seek faster resolution of their disagreement with a VA decision. The Appeals Modernization Act establishes a decision review process for disagreements with VA decisions that is timely, transparent and fair.

**The Decision Review process has changed.**

As of February 19, 2019, you can choose one of three new options to have your disagreement reviewed: as a supplemental claim, through a higher-level review, or by appealing directly to the Board of Veterans’ Appeals. If you continuously pursue your claim through one of the decision review lanes, your effective date remains protected.

**Option 1: A Supplemental Claim**
You are adding or identifying new evidence that is relevant and supports your claim. VA will assist you in gathering the evidence. A reviewer will look at all the evidence and determine whether it changes the decision. You will receive a decision within approximately 125 days from the date you filed your supplemental claim.

**Option 2: Higher-Level Review**
You want another review of the same evidence by a senior reviewer. The senior reviewer will take another look at the evidence already in your file and determine whether the decision can be changed based on a difference of opinion or an error that VA made. No additional evidence may be submitted, but you and/or your representative may speak with the reviewer on the phone to tell them why you think the decision should be changed through an informal conference. You will receive a decision within approximately 125 days from the date you filed your higher-level review.

**Option 3: Appeal to the Board**
This option allows you to appeal directly to the Board of Veterans’ Appeals. You can choose between three options:

- **Direct Review**: you do not want a Board hearing and do not want to submit any additional evidence in support of your appeal.
- **Evidence Submission**: you want to submit additional evidence in support of your appeal, which you must submit within 90 days from the date your appeal was filed, but you do not want a Board hearing.
- **Hearing with a Veterans Law Judge**: you want a Board hearing and have the opportunity to submit additional evidence in support of your appeal within 90 days after the hearing.

HOW CAN I FIND MORE INFORMATION ON APPEALS MODERNIZATION?

Yes, VA recognizes and accredits attorneys, claims agents, and Veterans Service Organizations (VSOs) representatives to assist VA claimants with their benefits claims. VSOs and their representatives are not permitted to charge fees or accept gifts for their services. Only VA-accredited attorneys and claims agents may charge you fees for assisting in a claim for VA benefits, and only after VA has issued an initial decision on the claim and the attorney or claims agent has complied with the power-of-attorney and the fee agreement requirements. **What happens if I do not submit my request for review on time?**
If you do not request a review option of an initial claim decision within the required time limit, you may only seek review through the following options:

→ File a supplemental claim along with new and relevant evidence to support your issue(s). Where a supplemental claim is filed after the time limit to seek review of a decision, the effective date for any resulting award of benefits generally will be tied to the date that VA receives the supplemental claim.

→ File a request for revision of the decision based on a clear and unmistakable error in the decision.
Getting started with Veteran-Owned Small Business Support

This guide will help Veterans get started on establishing a small business as well as qualify for VA contracts targeted for a Veteran-Owned Small Business.

I’ve never owned a business before and would like to start one. Where do I start?
Visit https://www.sba.gov/business-guide for information to assist you in your decision making process. The steps you will take will depend on how you intend to fund your business.

☐ If self-funding will be used follow these steps:
  □ Determine appropriate location for your business based on local zoning requirements. Zoning requirements can be obtained through your local government office.
  □ While you are there, ask about requirements to obtain a business license.
  □ Check with your Secretary of State office to determine business license requirements.
  □ Begin operating after all requirements have been met.

☐ If loans will be required to get started, determine if you are eligible. Many banks provide SBA Small Business Loan funding or contact the SBA directly by:
  ➔ Call 800-827-5722.
  ➔ Once you are satisfied and you meet the requirements, follow steps 1 through 5 under self-funding as these requirements will also apply to your business model.
  ➔ For information, visit https://www.sba.gov/business-guide/plan-your-business/buy-existing-business-or-franchise.

What other resources are available to me to start my own business?
The SBA has several additional resources available to Veterans. The eligibility requirements may vary for each program. Some of the programs are:

Boots to Business: An entrepreneurial education and training program for transitioning Service members and their spouses.
  ➔ https://www.sba.gov/sba-learning-platform/boots-business

Veteran-Owned Small Business Growth Training Program: SBA no-cost peer-to-peer training program is designed to help Veteran-owned small businesses grow their professional networks.

Veterans Business Outreach Center (VBOC): This program has multiple locations around the country which are designed to provide entrepreneurial development services such as business training, counseling and resource partner referrals to transitioning Service members, Veterans, National Guard & Reserve members and military spouses interested in starting or growing a small business.

How can I qualify for contracts with VA?

Eligibility
VA has contracts set aside for Service-Disabled Veteran-Owned Small Businesses (SDVOSB) or Veteran-Owned Small Businesses (VOSB). In order to bid on these contracts, your business must first achieve VA’s designation as a “verified” SDVOSB or VOSB. The Office of Small and Disadvantaged Business Utilization (OSDBU) Center for Verification and Evaluation (CVE) processes applications for SDVOSB or VOSB verification.

Qualification
To see if your business may qualify to become a VA verified SDVOSB or VOSB, you are encouraged to take the verification pre-qualification quiz. This quiz is strictly voluntary and your responses are not considered part of your application.

☐ Visit https://www.vetbiz.va.gov/vip/prequal-quiz/ to take the quiz. If the results of your quiz indicate that your business may be eligible, you may then proceed to the formal application process where you will be required to provide additional information and several business documents. After submitting the application, a case manager will be assigned to communicate with you directly throughout the process. By regulation CVE has 90-days to process a submitted application; however, processing time will be much shorter if your initial application package is complete and you submit timely responses to any requests for additional information.

Verification Process
The verification process for SDVOSB and VOSB consists of validating Veteran eligibility, ownership, and control of the small business. VA will make this verification free of charge. Many Veterans successfully achieve verification without outside assistance. Nonetheless, CVE provides an array of no-cost support services to help applicants which includes webinars and a nationwide network of Verification Assistance Counselors who are trained by CVE to help Veterans better understand eligibility requirements and navigate the application process. Verified businesses are listed on the Vendor Information Pages (VIP).

What are the steps to start the verification process?
Follow the steps below to begin the verification process:

☐ Create a user account in the System for Award Management (SAM) registry at https://www.sam.gov/SAM.
☐ Create a DS logon Premium Account (Veterans) at https://myaccess.dmdc.osd.mil or an ID.me account (non-Veterans and representatives) at https://api.id.me/en/registration/new.
☐ Upload the required documents and submit a complete application (i.e., fully executed with all supporting documentation).

For assistance with your application, contact a local Verification Assistance Counselor at https://www.va.gov/osdbu/verification/assistance/counselors.asp. You can also contact the OSDBU Help Desk at 866-584-2344.

What is the Direct Access Program?
One mission of OSDBU is to serve as an advocate for U.S. Government purchases through the use of the procurement ready VOSB process. This is enabled by providing VOSBs opportunities to attend Direct Access Program (DAP) events. DAP events provide unique opportunities for firms to build partnerships, maximize networking, and gain access to Procurement Decision Makers (PDMs) through structured events. A PDM represents a program office’s interest in acquiring professional services or products to support the Department’s primary customer, our nation’s Veterans. A DAP event may entail a PDM from the Department, another government agency or industry informing the audience about an upcoming procurement opportunity. The information presented at a DAP event helps participants gain insight about upcoming procurement opportunities. Upcoming and new events are added periodically; view current events at https://vetbiz.va.gov/events.

Who is the Strategic Outreach and Communications Team?
The Strategic Outreach and Communication (SOC) team provides VOSBs and firms in other socioeconomic categories small business training. Free training topics include the below:

→ On-Demand Training at https://www.va.gov/osdbu/outreach/soc/learning-sessions.asp.
→ Small Business Liaisons (SBL) are located nationwide to offer advice to Veteran-owned and other small businesses on doing business with VA. To see the list of VA SBLs visit https://www.va.gov/osdbu/about/contacts.asp#sbl.

If I’m already open for business who can assist me with selling to the federal government?
A Procurement Technical Assistance Center (PTAC) can help with the required documentation and registration to bid on government contracts. Find the nearest PTAC at http://www.aptac-us.org.

Information you’ll need to know to apply for burial and memorial products:

Am I eligible for burial in a VA national cemetery or a memorial product?
Veterans, Service members, spouses and dependents may be eligible for burial in a VA national cemetery and a memorial product, if they meet one of the requirements listed below:

• A Veteran who did not receive a dishonorable discharge,
• A Service member who died while on active duty, active duty for training, or inactive duty for training, or
• The spouse or minor child of a Veteran, even if the Veteran died first, or
• The unmarried adult dependent child of a Veteran.
• In some cases, National Guard or Reserve members.

Note: Spouses and dependents are not eligible to receive a Presidential Memorial Certificate or burial flag, and are not eligible to receive a headstone, marker or medallion if buried in a private cemetery.

FOR BURIAL AT A VA NATIONAL CEMETERY

Can I plan ahead for my burial in a VA national cemetery?  
Yes, first and foremost, you should inform family members about your desires for your burial. VA has a program that can assist by confirming eligibility for burial in a national cemetery. Anyone can apply for the pre-need eligibility determination by completing a VA Form 40-10007 and submitting it to the address on the form. This program is particularly helpful for those who are uncertain of their eligibility because they do not understand the eligibility requirements, are concerned that their type of service or their characterization of service (discharge type) would not meet the requirement or do not have access to their discharge documents. Veterans, spouses, Retirees, National Guard and Reserve members are encouraged to apply. However, pre-need eligibility is not required.

What will a funeral director do?  
A funeral director will assist the family by gathering and providing the documents needed by VA, calling the National Cemetery Scheduling Office to schedule the burial, acquiring a burial flag, requesting Military Funeral Honors from the Department of Defense and serving as a liaison between the family and VA for burial matters.

Are Military Funeral Honors provided at a VA national cemetery?  
The Department of Defense is responsible for providing Military Funeral Honors at VA national cemeteries. Funeral directors usually request Military Funeral Honors on behalf of Veterans’ families.
Veterans Service Organizations may assist in the provision of Military Funeral Honors. VA national cemetery staff may also assist in coordinating Military Funeral Honors.

FOR BURIAL IN A PRIVATE CEMETERY

Can a government headstone or marker be provided if a private headstone or marker is already on the grave?  
If the Veteran died on or after November 1, 1990, is buried in a private cemetery, and the gravesite is marked with a privately-purchased headstone or marker, the Veteran is eligible for a government-furnished headstone or marker for placement on the same gravesite.

OTHER QUESTIONS YOU MAY HAVE:

What does burial in a VA national cemetery include?  
Eligible Veterans, Service members or family members receive certain burial benefits at no cost. These burial benefits include:

• A gravesite in any of our 155 national cemeteries with available space,
• Opening and closing of the grave,
• A grave liner,
• A headstone or marker (no application needed),
• A Presidential Memorial Certificate (no application needed) and
• Perpetual (ongoing) care of the gravesite.

What if I don’t have the discharge document(s)?  
It is helpful if you are able to provide the discharge documents. This will reduce delays and ensure we have the most accurate military information for inscribing the headstone or marker. However, if you do not have the Veteran’s discharge documents, we will help obtain the information needed to determine eligibility.

Where is my nearest VA national cemetery, and state and tribal Veterans’ cemetery?  
To locate your nearest cemetery, visit: http://www.cem.va.gov/cems/listcem/asp.

Do I have to pay for a headstone, marker, or medallion?  
No, you do not have to pay for the headstone, marker or medallion itself, but some private cemeteries charge a setting or installation fee. Please contact the cemetery for more information.

For forms or more information, visit https://www.cem.va.gov
