

## **NWIHCS Staff, Fellow, Resident CPRS Video Training & Test Instructions**

This training covers the basic aspects of using the VA Computerized Patient Record System (CPRS) customized to Nebraska Western Iowa Healthcare System (NWIHCS). Learners will experience each tab of the CPRS, basic operations & how they may customize settings to make more efficient use of the system.

It will equip the new employee with the skills necessary to navigate the electronic health record and provide existing employees ongoing training and job aids they can use to build their CPRS skills while working in their professional capacity.

The video playlist will play continuously in order of the record. Completion and course credit will be awarded after a score of 80% or greater has been achieved on the course test. The video playlist and test may be open simultaneously.

Video total runtime will be approximately 2 hours 45 minutes. The video progress bar makes it easy to check where you left off the last time you watched a video. When you leave a video without finishing it, a red bar under the video thumbnail shows you where you left off. When you play the video again, it will restart from where you were.

To start the video training, please click the below link:
