

Quick Guide: VA Patient Portal Website

* Veterans using Apple products to access MyVA Health may experience issues at this time. This issue is being addressed. Some Veterans, however, may have success using Chrome or Edge as their browser.

1

Go to myhealth.va.gov and select

“Sign in”

2

Scroll down page to Option 3 and select

“Sign in with My HealtheVet”

3

Option 3: Choose a secure sign in partner

[Learn more about this option](#)

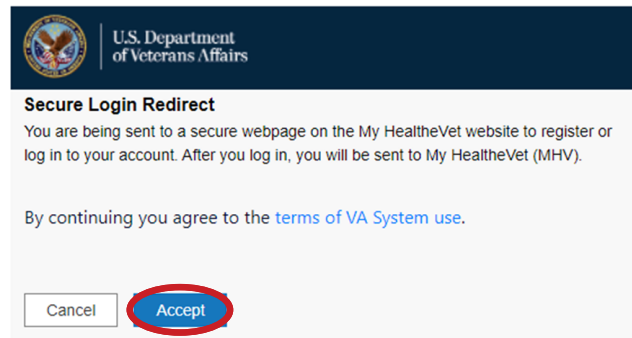

3

Once you have read the terms and conditions, and if you agree, select

“Accept”

Sign In

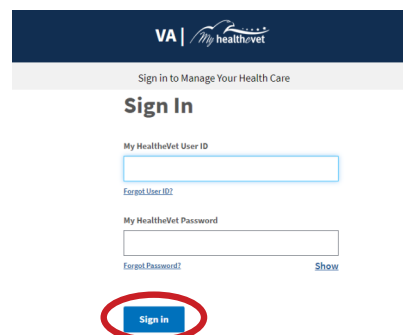

Use a secure VA Partner

4

Sign in using your MyHealtheVet User ID and Password then select

“Sign in”

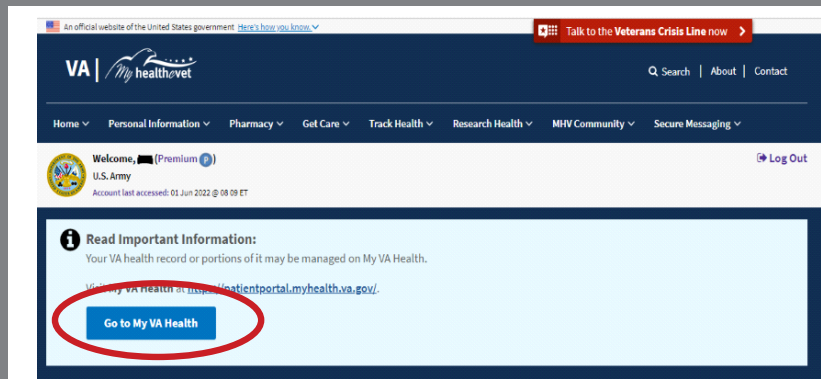

[more instructions](#) →

5

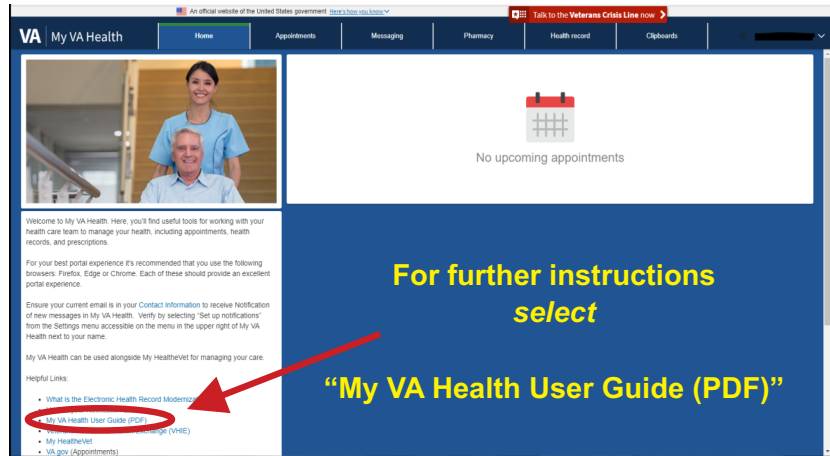

Once you are logged into MHV, under your name, select

“Go to My Health”

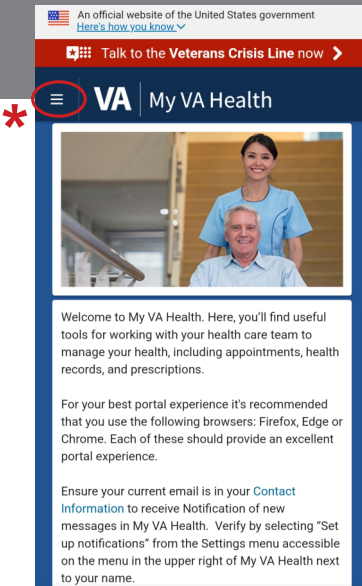

6

WELCOME to the new MyVAHealth website. You may now view appointments, records and lab results. As well as communicating with your healthcare team and refill prescriptions as needed.

VA Patient Portal Mobile Device View

* Mobile Device View: Select the “hamburger” (≡) to see menu options.
