FOR IMMEDIATE RELEASE

VA Long Beach Healthcare System Veteran Resource Center Grand Opening

LONG BEACH, Calif. – VA Long Beach Healthcare System will celebrate the Grand Opening of the Veteran Resource Center on March 7, 2023, at building 165 at the Tibor Rubin VA Medical Center.

Services offered in this one-stop-shop:

- Patient Advocate Office
- Bene-Travel
- Social Work Services
- Veteran Benefits Administration: Veteran Readiness and Employment (Chapter 31)
- Veteran Service Organizations
- Release of Information/Medical Records
- Virtual Health Resource Center
- Whole Health Services

VA Long Beach Healthcare System will be one of the few VAs with a Veteran Resource Center on-site. Aside from showing off our new space, this grand opening will create and sustain the necessary working relationships with Veteran-centered community partners and Veteran Service Officers that help to provide successful future care for our Veterans.

“We’re looking forward to providing a one-stop-shop for our Veterans that will bring the services they need directly to them,” said Anthony Brown, the Deputy Chief Experience Officer.
