

# Treatment of Hallucinations and Delusions in Parkinson's Disease Research Study

VA Cooperative Studies Program #2015

This is a VA-funded research study investigating two medicines used for the treatment of hallucinations and/or delusions in Parkinson's disease

You may be able to join if you:

- Are a U.S. Veteran
- Are 40 years or older
- Have Parkinson's disease
- Are experiencing hallucinations or delusions

Study Participation:

- Attend 8 study visits at the Minneapolis VA Medical Center
- Complete 2-4 phone call visits
- You may be compensated up to \$400
- Taking part in this study is voluntary and will not affect your access to health care or benefits.
