LT COL - Marozick, Norman E. (C)

Subject: Unexpurgated Citation to Award of Bronze Star Medal.

To : 1st Lieutenant Norman E. Marozick, O-515568, FA, 42nd Field Artillery Battalion.

Citation:

"NORMAN E. MAROZICK, 1st Lieutenant, FA, 42nd Field Artillery Battalion, for heroic service in connection with military operations against an enemy of the United States in France on 2 August 1944. Lieutenant MAROZICK was a forward artillery observer assigned to a battalion whose mission was to drive the enemy from a hill. As assault troops approached the foot of the hill, the enemy laid down a concentration of fire which halted the advance. In the face of heavy fire, Lieutenant MAROZICK left a covered position four times during the engagement in order to direct artillery fire from a dangerous vantage point. The fire which he adjusted neutralized many enemy installations and caused a large number of casualties among the defenders. His heroic action was a definite factor in the successful completion of the battalion's mission. The courage, technical skill and devotion to duty displayed by Lieutenant MAROZICK reflect credit upon himself and the military service."
