

## ABOUT VETERANS' HEALTH ADMINISTRATION

Veterans Health Administration is America's largest integrated health care system and the largest employer of nurses in the United States. The RNTTP is a comprehensive program open to new graduate employees (with less than twelve months experience) designed to assist nurses with less than one year of experience in the transition from entry level, advanced beginner nurse to a competent, professional RN. Each RN in the program is assigned a preceptor who has undergone preceptor training and has at least two years of experience.

## RN TRANSITION TO PRACTICE RESIDENCY PROGRAM (RNTTP)

## TRANSITION TO PRACTICE

The RN TTP will be provided with a structured curriculum based on current CCNE Accreditation Standards under the guidance of the VHA Office of Nursing Services that includes didactic and experiential learning. The program was developed to increase the retention of newly licensed RNs and to improve the quality of patient care by providing additional training and support to the new nursing graduate.

## RNTTP ELIGIBILITY

- Open to an OKC VAHCS employee in their first RN role.
- US Citizen by birth or naturalization
- Graduated from an AACN or CCNE accredited nursing program (BSN or ADN)
- Hold a current, full and unrestricted license as a RN
- Fluent in written and spoken English

## HOW TO APPLY

- Search for an open RN position on <https://www.usajobs.gov>
- Apply and interview
- Contact RN TTP coordinator on hire to get enrolled in the program.

## RESIDENCY BENEFITS

- Annual and sick leave
- Paid Federal holidays
- 100 percent protected didactic time
- Graduated clinical responsibilities
- Weekend/holiday/shift differentials
- Certificate on completion
- Dedicated support throughout the program duration and beyond

***All applicants must submit to a background screening, physical exam, drug testing and credentialing verification of education and employment to be a part of the VA Federal System.***
