## Internship Program Admissions

**Briefly describe in narrative form important information to assist potential applicants in assessing their likely fit with your program. This description must be consistent with the program's policies on intern selection and practicum and academic preparation requirements:**

Internship applicants must meet these criteria to be considered for any VA Psychology Internship Program:

1. Doctoral student in good standing at an American Psychological Association (APA) or Canadian Psychological Association (CPA) accredited graduate program in Clinical, Counseling, or Combined psychology or Psychological Clinical Science Accreditation System (PCSAS) accredited program in Clinical Science. Persons with a doctorate in another area of psychology who meet the APA or CPA criteria for respecialization training in Clinical, Counseling, or Combined Psychology are also eligible.
2. Approved for internship status by graduate program training director.
3. Doctoral student in an APA-accredited Clinical, Counseling Psychology, Professional Psychology program or in an APA-approved respecialization training program in Clinical or Counseling Psychology
4. Approval for internship status by graduate program training director
5. A minimum of 350 direct intervention hours and 85 direct assessment hours of supervised graduate level pre-internship practicum experience

Total Direct Contact Intervention Hours	Yes	Amount: 350
Total Direct Contact Assessment Hours	Yes	Amount: 85

**Describe any other required minimum criteria used to screen applicants:**

1. U.S. citizenship. VA is unable to consider applications from anyone who is not currently a U.S. citizen. Verification of citizenship is required following selection. All interns and fellows must complete a Certification of Citizenship in the United States prior to beginning VA training.
2. A male applicant born after 12/31/1959 must have registered for the draft by age 26 to be eligible for any US government employment, including selection as a paid VA trainee. Male applicants must sign a pre-appointment Certification Statement for Selective Service Registration before they can be processed into a training program. Exceptions can be granted only by the US Office of Personnel Management; exceptions are very rarely granted.

3. Interns and Fellows are subject to fingerprinting and background checks. Match result and selection decisions are contingent on passing these screens.
4. VA training occurs in a health care setting. Some of the patients served by VA are elderly or infirm, and could succumb to common illnesses like influenza. It is important to be able to document that your vaccinations are up to date and that you have been screened for active tuberculosis prior to starting your training at VA or other hospitals. Securing a statement from university student health center, your regular health provider, or an urgent care clinic can expedite your appointment. Additionally, maintaining a current flu vaccination during the training year (or taking additional preventative measures to limit patient exposure to the flu) will be required. Please discuss this with the program training director after you have matched and well before your start date to facilitate your onboarding

## Financial and Other Benefit Support for Upcoming Training Year\*

Annual Stipend/Salary for Full-time Interns	\$33,469	
Annual Stipend/Salary for Half-time Interns	NA	
Program provides access to medical insurance for intern?	<input checked="" type="checkbox"/> Yes	<input type="checkbox"/> No
