INTERNSHIP INTERVIEWS

JANUARY - 2024

Applicants showing the best fit for our program will be invited to interview with us. **All interviews will be conducted via a videoconference platform.** Highlighted dates are expected to be primarily for neuropsychology applicants.

Each interview day will begin with a 45-minute group meeting with the training director at 8:00am. This group meeting will be followed by a series of three 30-minute individual interviews. One of these individual interviews will be with the Training Director and the other two will be with members of our Internship Training Committee. Following the interviews, you will have a brief break to have lunch. At 1pm there will be a 30-minute group videoconference meeting with some of our current interns.
