

## INTERNSHIP PROGRAM TABLES

Date Program Tables are updated: **08/01/2023**

### **Program Disclosures**

As articulated in Standard I.B.2, programs may have “admission and employment policies that directly relate to affiliation or purpose” that may be faith-based or secular in nature. However, such policies and practices must be disclosed to the public. Therefore, programs are asked to respond to the following question.

<p>Does the program or institution require students, trainees, and/or staff (faculty) to comply with specific policies or practices related to the institution’s affiliation or purpose? Such policies or practices may include, but are not limited to, admissions, hiring, retention policies, and/or requirements for completion that express mission and values.</p>	<p><input type="checkbox"/> Yes</p> <p><input checked="" type="checkbox"/> No</p>
<p>If yes, provide website link (or content from brochure) where this specific information is presented</p>	

## Internship Program Admissions

**Briefly describe in narrative form important information to assist potential applicants in assessing their likely fit with your program. This description must be consistent with the program's policies on intern selection and practicum and academic preparation requirements:**

Interview preference goes to trainees who have a strong interest in receiving a generalist, rural, interprofessional training experience. Additionally, we are committed to ensuring a range of diversity among our training classes with respect to Veteran status, members of historically underrepresented groups, sexual orientation, and disability status. All things being equal, consideration is given to applicants who identify themselves as Veterans or members of historically underrepresented groups. The Boise VAMC adheres to the Americans with Disabilities Act (ADAAA; ADA Amendment of 2008 effective January 1, 2009).

Consideration for the neuropsychology track requires training courses and experiences consistent with the goal of applying for a postdoctoral fellowship in neuropsychology.

**Does the program require that applicants have received a minimum number of hours of the following at time of application? If Yes, indicate how many:**

Total Direct Contact Intervention Hours	<input checked="" type="checkbox"/> Yes	<input type="checkbox"/> No	Amount: 350
Total Direct Contact Assessment Hours	<input checked="" type="checkbox"/> Yes	<input type="checkbox"/> No	Amount: 50

**Describe any other required minimum criteria used to screen applicants:**

Completion of an APA accredited doctoral program

For applicants interested in the neuropsychology track, we will accept applicants with a minimum of 400 combined direct care hours (assessment and intervention) who may have a greater number of hours in assessment than intervention. Applicants may only apply to the general or the neuropsychology track.

**Financial and Other Benefit Support for Upcoming Training Year\***

Annual Stipend/Salary for Full-time Interns	\$33,469	
Annual Stipend/Salary for Half-time Interns	NA	
Program provides access to medical insurance for intern?	<input checked="" type="checkbox"/> Yes	<input type="checkbox"/> No
