## **Christine Chiros, Ph.D.**

**Psychology Supervisor/CBOC Mental Health Program Manager**

### **Identities**

I am a cisgender, married, heteroflexible parent of one. I was raised in Massachusetts and am the first in my family (both immediate and extended) to attend college.

### **Education**

Bowling Green State University, Clinical Psychology, 2007 Internship: Minneapolis VA Health Care System, 2005 Postdoc: NA

### **Academic Appointment(s)**

NA

### **Clinical/ Services Delivery Responsibilities**

Oversee and manage mental health services and operations for Southern Minnesota Community Based Outpatient Clinics (CBOCs) and provide supervisory duties for psychologists in the CBOCs. Collaborate with other program managers and executive leadership with a goal of ensuring reliable access to state-of-the-art mental health care. Complete quality improvement projects with pertinent staff to improve delivery of high quality mental health services.

### **Research Interests**

Treatment outcome studies, nightmare imagery rehearsal, insomnia

## **Carol Chu Yu, Ph.D.**

### **Staff Psychologist/Clinician Investigator**

#### **Identities**

Cisgender, identifies as heterosexual woman, married, mother, able-bodied, early-career, Asian-Canadian-American, and second-generation immigrant (parents are first-generation immigrants). I am originally from Canada but moved to the US to complete graduate school in the South, and internship and postdoc on the East Coast before moving to Minneapolis as staff.

#### **Education**

Florida State University, Clinical Psychology, 2018

Internship: Mclean Hospital/Harvard Medical School, 2018

Postdoc: Harvard University - Military Suicide Research Consortium/Army Study to Assess Risk and Resilience, 2020.

#### **Academic Appointment(s)**

Assistant Professor (Research, Tenure-Track), Department of Psychiatry, University of Minnesota - 2020

#### **Clinical/ Services Delivery Responsibilities**

Dr. Chu is a Staff Psychologist on Team B providing evidence-based individual and group psychotherapy to Veterans with mood and anxiety disorders and other psychiatric conditions. She specializes in working with Veterans at high risk for suicide using empirically supported risk assessments and suicide interventions, including Dialectical Behavior Therapy, Collaborative Assessment & Management of Suicidality (CAMS), and Brief-CBT (CBT for suicide prevention).

#### **Research Interests**

Dr. Chu is a researcher on the Clinician Investigator Team, a multidisciplinary team of psychiatrists and psychologists who conduct mental health research. Dr. Chu's translational suicide prevention research program focuses on enhancing identification of Veterans at high risk for suicide. Her work incorporates longitudinal designs and multimodal assessments, including functional brain imaging, neurochemistry, behavioral tasks, self-report measures, and ecological momentary assessment. Dr. Chu's recent projects focus on identifying near-term biological and psychosocial correlates associated with elevated suicide risk among high-risk Veterans recently discharged from inpatient hospitalization using ecological momentary assessments. She is particularly interested in neural circuitry and neurochemical biomarkers for suicidal behavior.

#### **Honors and Recognitions**

Association for Behavioral and Cognitive Therapies

American Association of Suicidology

Society for Social Neuroscience

#### **Selected Presentations**

#### **Clinical/ Services Delivery Responsibilities**

**Staff Psychologist** working half-time in Team-L (Posttraumatic Stress Recovery Team) and Couple and Family services. Trauma-focused clinical work includes empirically based individual and couples assessment/treatment, including PE, CPT, and CBCT. In addition, half-time is dedicated to Couples and Family services providing evidence-based systemic interventions within dyadic relationships. Clinical work in this area is focused on relationship distress based in the application of empirically-based treatments for couple therapy, specifically IBCT. Final area of clinical responsibility is as a training supervisor. The majority of supervision is provided as the facilitator of the Family Therapy Training Clinic (FTTC). This clinic is an adjunctive training opportunity focused on providing interns, post-doctoral fellows, and staff with experience assessing, treatment planning, and treating couples from a systemic framework.

**Research Interests** fall within the intersection of trauma anxiety, relational systems, and masculinity. I am currently participating as a consultant and providing clinician in the initial research for a treatment protocol focusing on an IBCT-infused PE protocol.

## **Bridget Doane, Ph.D., ABPP**

Team A Psychology Program Manager/Staff Neuropsychologist

### **Identities**

Cisgender, pansexual, partnered-with-no-children, able-bodied, mid-career White woman. I am originally from the South but relocated to Minneapolis for internship and postdoctoral residency and stayed on as staff.

### **Education**

The University of Alabama, Clinical Psychology, 2010

Internship: Psychology Predoctoral Internship (Neuropsychology track), 2010

Postdoc: Clinical Neuropsychology Residency, 2010-2012

### **Academic Appointment(s)**

### **Clinical/ Services Delivery Responsibilities**

Neuropsychological evaluation, intervention, and consultation for a variety of neurobehavioral and medical disorders: Alzheimer's disease/memory disorders, Parkinson's disease, stroke, epilepsy, multiple sclerosis, and traumatic brain injury among others. Practicum, intern, and post-doctoral mentorship and training in neuropsychology. As a program manager, I coordinate the activities of the Older Adult Mental & Behavioral Health Team (Team A), a 14-member outpatient multidisciplinary team that delivers highly specialized, complex, and professional mental health care for veterans age 65+ with complex age-related medical, psychiatric, cognitive, developmental, and psychosocial problems.

### **Research Interests**

Traumatic brain injury; performance and symptom validity; geropsychiatry; assessment of intellectual and cognitive disabilities in the forensic realm; service utilization and effectiveness in polytrauma rehabilitation; rural mental health service utilization

### **Honors and Recognitions**

2010 Edith Kaplan Award for Best Trainee Scientific Poster Presentation at the 8th Annual Conference of the American Academy of Clinical Neuropsychology (AACN)

### **Selected Presentations**

Marggraf, M., Hansen, L., Thuras, P., Doane, B., McGovern, R., & Lamberty, G. (2022). Changes in neuropsychological test performance in Veterans with presumed normal pressure hydrocephalus following extended lumbar drain trial. Poster presented at the 20th Annual American Academy of Clinical Neuropsychology AACN Conference, Minneapolis, MN.

Atkinson, D., Doane, B., Thuras, P., Leskela, M., & Shiroma, P. (2019). Mental Health Diagnoses in Veterans Referred for Geriatric Psychiatric Care at a Veterans Affairs Medical Center. Poster presented at the Annual Meeting of the American Association for Geriatric Psychiatry, Atlanta, GA.

Seelye, A., Urosevic, S., Doane, B., Moseley, S., Alioto, A., Clason, C., & VanVoorst, W. (2018). Age-Related Declines in Cognitive Control and Verbal Learning in Veterans with Bipolar Disorder. Poster presented at the 46th Annual Meeting of the International Neuropsychological Society, Washington, D.C.

Seelye, A., Mattek, N., Austin, A., Alioto, A., Moseley, S., Anderson, C., VanVoorst, W., Caison, C., Doane, B., Yamada, T., Witter IV, P., & Kaye, J. (2018). ## **Tom Farrington, Psy.D., ABPP**

CBOC Program Manager, Psychology Supervisor

### **Education**

University of Denver, Clinical Psychology, 2010

Internship: University of Denver Consortium - Nicoletti-Flater Associates, 2010 Postdoc: NA

### **Academic Appointment(s)**

NA

### **Clinical/ Services Delivery Responsibilities**

Assists the Director of Psychology in the design, development, and implementation of clinical assessment and/or intervention programs as well as program evaluation and data-driven quality improvement projects to monitor the effectiveness of the clinical staff and programming. Responsible for day-to-day operations of the mental health teams at the Northwest Metro and Maplewood CBOCs.

Provides diagnostic interviews, assessments, individual and group psychotherapy, and couples interventions for adult patients with a full range of mental health issues, with an emphasis on veterans. Provides intake assessments and assists in ongoing monitoring of Veterans as well as appropriate consultation and intervention to facilitate successful outcomes. Duties include providing additional psychological interventions within the Mental Health Service Line based on areas of need within the service line.

### **Research Interests**

## **Amanda Ferrier-Auerbach, Ph.D., ABPP**

**Assistant Training Director; Program Manager of Psychiatry Partial Hospital Program**

### **Identities**

Cisgender, heterosexual, partnered-with-no-children, able-bodied, mid-career White woman. I am originally from the Midwest but completed graduate school and internship on the East Coast before moving to Minneapolis for postdoc.

### **Education**

University at Albany, State University of New York, Counseling Psychology, 2007 Internship: White River Junction VAHCS, 2007

Postdoc: Minneapolis VAHCS

### **Academic Appointment(s)**

Assistant Professor, Department of Psychiatry, University of Minnesota

### **Clinical/ Services Delivery Responsibilities**

Dr. Ferrier-Auerbach is the program coordinator of the Psychiatry Partial Hospitalization (PPH) program and the Assistant Training Director at the Minneapolis VA. She is also a supervisor of Prolonged Exposure (PE) therapy. Her primary theoretical orientation is cognitive behavioral. Much of her clinical background is in trauma work and provision of Cognitive Processing Therapy (CPT) and PE.

### **Research Interests**

Trauma-related disorders; substance use; eating disorders

### **Honors and Recognitions**

NA

### **Selected Presentations**

**Jacob Finn, Ph.D.**  
**Staff Psychologist**

**Education**

The University of Tulsa, Clinical Psychology, 2012 Internship: Minneapolis VA Health Care System, 2012  
Postdoc: Kent State University Department of Psychological Sciences

**Academic Appointment(s)**

Adjunct Assistant Professor, Research Track, Department of Psychiatry & Behavioral Sciences, University of Minnesota, 2016

**Clinical/ Services Delivery Responsibilities**

I provide psychotherapy services to family care-partners of veterans served in Rehabilitation & Extended Care (REC), as well as psychological assessment services, particularly personality/psychopathology assessments.

**Research Interests**

My research focuses on three areas: 1) psychological health and adjustment after traumatic injuries; 2) the utility of dimensional models of personality and psychopathology (e.g., HiTOP, AMPD) for individualized care; and 3) utilization and engagement in healthcare services.

**Honors and Recognitions**

Member, American Psychological Association  
Member, American Psychological Association, Division 12: Section IX (Clinical Psychology: Assessment)  
Member, American Psychological Association, Division 22 (Rehabilitation Psychology)  
Member, Society for Personality Assessment  
Member, Therapeutic Assessment Institute

**Selected Presentations**

#### **Education**

University of Missouri- Kansas City, Clinical Psychology, 07/2019 Internship: Edward Hines Jr. VA Hospital, General Track, 2019 Postdoc: VA Boston Healthcare System, Post-Deployment Readjustment and Trauma-Related Disorders Track, 2020

#### **Academic Appointment(s)**

N/A

#### **Clinical/ Services Delivery Responsibilities**

In my current role, I function as an integral member of Team L, an interdisciplinary treatment team focusing on the treatment of trauma and stressor-related disorders. I provide a full range of psycho-diagnostic services including diagnostic assessment, triage and shared-decision making in treatment planning, and use of the most appropriate psychotherapeutic techniques in providing quality care. I perform evaluations for patients exposed to adult and/or childhood trauma as well as patients with general mental health issues. Further, I provide a full range of therapeutic interventions including individual trauma-focused therapy (i.e., cognitive processing therapy, written exposure therapy, and prolonged exposure therapy), other evidence-based individual therapy based on patient needs and goals (e.g., cognitive behavioral therapy for depression and insomnia), group psychotherapy (i.e. anger management, coping skills), and treatment coordination. I am also a national training consultant for the Advanced Training in the Safety Planning Intervention (ASPI) program.

#### **Research Interests**

Intersection of trauma and health outcomes such as pain and sleep; integration of technology into healthcare; military psychology

#### **Honors and Recognitions**

Member, Association for Psychological Science

## **Adriana Hughes, Ph.D.**

### **Staff Neuropsychologist, Clinical Investigator**

#### **Education**

Washington State University, Clinical Psychology, 08/2013

Internship: University of California, San Diego/VA Medical Center Consortium, 201 Postdoc: Oregon Health & Science University

#### **Academic Appointment(s)**

Assistant Professor of Rehabilitation Medicine, University of Minnesota (2021-present) Assistant Professor of Psychiatry, University of Minnesota (2016-present)

Investigator, Minneapolis VA Geriatric Research Education and Clinical Center (GRECC) (2018-present)

#### **Clinical/ Services Delivery Responsibilities**

Dr. Hughes is a Staff Neuropsychologist and Clinician Investigator in the Mental Health Service Line at the Minneapolis VA Medical Center. She provides neuropsychological evaluations for adults with a wide range of neurocognitive, psychiatric, and medical disorders; provides brief cognitive evaluations as part of the FOCUS cognitive- compensatory skills intervention; analyzes and summarizes service utilization and demographics data to inform and improve clinical service delivery within the Neuropsychology Service and community-based outpatient clinics (CBOCs); provides research and clinical neuropsychology supervision to postdoctoral, intern, and practicum level trainees

#### **Research Interests**

Dr. Hughes' program of research is focused on improving earlier detection, monitoring, and treatment of cognitive and functional (IADL) declines in normal aging, mild cognitive impairment (MCI), and dementia through innovative in-home and mobile activity monitoring technologies. She has examined the underlying cognitive declines that contribute to early functional declines in older adults, and has demonstrated that subtle changes in IADLs that emerge in the transition from normal aging to MCI can be identified via passive in-home monitoring technologies before clinical diagnosis of MCI. Dr. Hughes' research has been independently funded by grants from the national Alzheimer's Association (New Investigator Grant), Oregon Partnership for Alzheimer's disease Research, OHSU NIA-Roybal Center pilot program, Veterans Affairs Research & Development (Merit Award Pilot), and NIH/NIA (R01, SBIR Phase 1). Over the last decade, this work has yielded over 30 peer-reviewed publications in the areas of cognitive and functional decline in aging, MCI, and AD, ecologically valid cognitive assessment, early detection of cognitive decline in older adults at risk for dementia using in-home activity monitoring technologies, assistive IADL prompting technologies for older adults, and direct- to-home telehealth for dementia care. Dr. Hughes has an active research collaboration with John Ferguson, PhD, a biomedical engineer and UMN Associate Professor in Rehabilitation Medicine, on several research and development projects that incorporate novel technologies into assessment and rehabilitation of cognitive decline in older adults as well caregiver support.

#### **Honors and Recognitions**

Adams Dissertation Award, Washington State University

NSF Fellow, IGERT Integrative Training Program in Health- Assistive Smart Environments, Washington State University

International Neuropsychological Society (INS) Merit Award, Waikoloa, HI Member-International Neuropsychological Society (NS)

Member-Alzheimer's Association International Society to Advance Alzheimers Research & Treatment (ISTAART)

Member-APA Division 40, Society for Clinical Neuropsychology

### **Funded Research (Last Seven Years)**

Grant Number: 1R43AG074740-01 External Granting Agency: NIH/NIA

Grant Title: Interactive Software for Assessing Meaningful Cognitive Function Hughes ( Multiple PI)

NIH/NIA (1 R01 AG058687-01A1)

Hughes (PI) 07/01/18- 06/30/23

Unobtrusive Remote Monitoring to Identify and Track Important Changes in Everyday Functioning in Community Dwelling Older Adults who are at Risk for Alzheimer's Disease The goal of this prospective longitudinal study is to use in-home sensor technologies and machine learning computational approaches to capture changes in routine daily activities that may signal new onset cognitive or functional decline in a larger, diverse sample of community dwelling older adults who will be followed for up to 4 years.

Veterans Affairs Research & Development CSR&D (CX001669-01) Seelye (I)

4/01/2018-03/31/2020

Merit Review Pilot Project Award for Research on Amyotrophic Lateral Sclerosis, Parkinson's Disease and Alzheimer's Disease

Novel Ecologically Valid Markers of Cognitive and Functional Decline to Improve Early Detection, Diagnosis, and Monitoring of Mild Cognitive Impairment and Alzheimer's disease in Aging Veterans

The goals of this research are to examine innovative real-word assessment tools for identifying the earliest signals of cognitive decline in aging Veterans. The study will use in-home and mobile technologies to identify and monitor changes in routine daily activities such as computer use, medication taking, physical activity, and sleep associated with mild cognitive decline in aging Veterans.

The Alzheimer's Association (NIRG-15-362233) & Seelye (PI)

## **Quinn Kellerman, Ph.D.**

REC Staff Psychologist, Rehabilitation Psychology Postdoctoral Residency Training Director

### **Identities**

Cisgender, heterosexual, not partnered, solo parent by choice, able-bodied, mid-career, Jewish, White woman. I'm originally from New York, did graduate school in Iowa, internship and postdoc in Seattle, and moved to Minnesota for this staff position in 2013.

### **Education**

University of Iowa, Clinical Psychology, 12/14/2012

Internship: VA Puget Sound Healthcare System - Seattle Division, 2012 Postdoc: VA Puget Sound Healthcare System - Seattle Division

### **Academic Appointment(s)**

NA

### **Clinical/ Services Delivery Responsibilities**

Provide psychological assessment and intervention to individuals with disabilities, chronic health conditions, and/or end of life needs on the Spinal Cord Injury/Disorders Unit (including individuals diagnosed with MS and ALS). Provide emotional support and psychological interventions to family and caregivers of patients served on this unit. Provide consultation and collaborative care with other members of the interdisciplinary teams.

### **Research Interests**

Injustice appraisals in SCI, adjustment to disability and chronic illness, relationship quality and social support, depression and mortality, trainee competency measurement

### **Honors and Recognitions**

2022 APA Division 22 Early Career Education Award

2018 - PM&R Rehabilitation Excellence Award, Minneapolis VA

2015 - Selected as Behavioral Coordinator for STAR-VA training: An interdisciplinary, behavioral approach for managing challenging behaviors in CLC residents with dementia, Minneapolis VA

**Jon Lewis, Ph.D.**  
**Staff Psychologist**

**Identities**

Cisgender, heterosexual, able-bodied, early-career, White male psychologist. Originally from Iowa, I completed training in Texas, Connecticut, and Minnesota.

**Education**

University of North Texas, Clinical Psychology, 2016 Internship: Institute of Living, 2016  
Postdoc: University of Minnesota Psychiatry Clinic

**Academic Appointment(s)**

NA

**Clinical/ Services Delivery Responsibilities**

I provide group psychotherapy and psychological assessment services to veterans in the Psychiatric Partial Hospitalization (PPH) program. My theoretic orientation is best described as an integration of psychodynamic (e.g., attachment, object relations), emotion- focused, and third-wave cognitive behavioral treatments. I hold strong interests in process- oriented group psychotherapy, projective and objective personality assessment, and relational trauma. I am also interested in social justice matters both within and outside of psychology.

## **Alexandra Lipinski, Ph.D.**

### **Staff Psychologist**

#### **Education**

The University of Memphis, Clinical Psychology, 2021 Internship: Durham VA Medical Center, 2021 Postdoc: Minneapolis VA Medical Center

#### **Academic Appointment(s)**

NA

#### **Clinical/ Services Delivery Responsibilities**

Provides evidence-based psychological services to Veterans who are being followed on Primary Care Patient Aligned Care Teams (PACT). Conducts diagnostic interviews, assessments, psychotherapy, and treatment coordination for adult patients with mood, anxiety, trauma-related disorders, and a range of general mental health issues. Special interests include sexual health, military sexual trauma, and diversity, equity, and inclusion.

Trauma-related symptoms and difficulties with emotion dysregulation. Specialty areas include military sexual trauma, acute stress reactions, and trauma informed care. Primary treatment modalities include Prolonged Exposure Therapy (PE), Cognitive Processing Therapy (CPT), Written Exposure Therapy, Acceptance and Commitment Therapy (ACT), and Cognitive Behavioral Therapy (CBT).

**Research Interests** include PTSD, sexual function, and romantic couples' adjustment following exposure to interpersonal trauma (i.e., intimate partner violence, sexual assault).

## **Craig Marquardt, Ph.D.**

### **Staff Psychologist/Clinical Investigator**

#### **Education**

University of Minnesota-Twin Cities, Clinical Psychology, 2018

Internship: Minneapolis VAHCS, 2018

Postdoc: University of Minnesota-Department of Psychiatry and Behavioral Sciences /Minneapolis VAHCS, 2022.

#### **Academic Appointment(s)**

Assistant Professor (Research, Tenure-Track), Department of Psychiatry and Behavioral Sciences, University of Minnesota, 2022

#### **Clinical/ Services Delivery Responsibilities**

Dr. Marquardt is a **Staff Psychologist** on Team B. He is an advocate for evidenced-based psychotherapies (e.g., CBT, ACT, DBT skills, exposure and response prevention), psychological assessment (MMPI-3), and measurement-based care (PROMIS). Dr. Marquardt works primarily with individuals experiencing anxiety, depression, compulsive behaviors, and posttraumatic stress.

#### **Research Interests**

Dr. Marquardt's primary research aim is to identify innovative targets for the treatment of internalizing disorders, particularly anxiety and depression. His research employs empirically validated measurement models of emotion, personality, and psychopathology, which he maps onto neurobiological variables. Through his research, Dr. Marquardt consistently finds that dimensional measures of emotion provide a better explanation for individual differences in cognition and neurobiological systems than traditional categorical psychiatric diagnoses. Dr. Marquardt brings expertise in psychometrics, multivariate statistics, and cognitive neuroscience. Currently, his active investigations focus on the MMPI and MPQ families of instruments, PTSD, and electroencephalographic (EEG) markers of attention and cognitive control. Furthermore, Dr. Marquardt applies longitudinal models of resilience from the developmental psychopathology literature to evaluate the effects of recent adverse life events among adults.

#### **Honors and Recognitions**

NA

#### **Selected Presentations**

Marquardt CA, Michal ZS, Polusny MA, & Arbisi PA. (September 2023). Suppressor effects and demoralization: a model for detecting bipolar traits of psychopathology. Anticipated presentation at the annual meeting of the Society for Research in Psychopathology, Saint Louis, Missouri.

Marquardt CA, Menton WH, Arbisi PA, & Polusny MA. (June 2023). Measurement invariance within the MMPI-2-RF. Anticipated presentation at the annual MMPI Symposium, Minneapolis, Minnesota.

## **Michael Mallen, Ph.D.**

Mental Health Intake Program Manager & Psychology Supervisor

### **Education**

Iowa State University, Counseling Psychology, 2005

Internship: Iowa State University Student Counseling Service, 2004

Postdoc: University of Texas MD Anderson Cancer Center

### **Academic Appointment(s)**

INSTRUCTOR, Department of Medicine, Section of Geriatrics, Baylor College of Medicine, Houston, Texas (2008 - 2013)

### **Clinical/ Services Delivery Responsibilities**

Facilitate the management, planning, direction, implementation, evaluation, and continuity of outpatient mental health clinical care provided through Mental Health Intake (MHI). Supervise licensed and unlicensed psychologists including staff in leadership positions and complete performance appraisals documenting strengths and areas of growth. Provide diagnostic interviews, assessments, psychotherapy and treatment coordination for veterans. Provide telehealth mental health services to veterans seen in Community Based Outpatient Clinics (CBOCs). Emphasis on the treatment of chronic pain and adjustment post-deployment.

### **Research Interests**

Process and outcome research, with a focus on extending mental health care through means such as telehealth.

### **Honors and Recognitions**

NA

### **Selected Presentations**

## **Tasha Nienow, Ph.D.**

### **Staff Psychologist**

#### **Education**

Kent State University, Clinical Psychology, 2004

Internship: UCLA Neuropsychiatric Institute, 2004

Postdoc: NSRA Training Grant - Psychological Research on Schizophrenic Conditions

#### **Academic Appointment(s)**

Assistant Professor of Psychiatry, University of Minnesota Medical School, 2007

Associate Graduate Faculty, Minnesota State University, Mankato, 2019

#### **Clinical/ Services Delivery Responsibilities**

Family Psychoeducation - Behavioral Family Therapy

Family education - Support and Family education (SAFE)

Individual therapy & care coordination to individuals with psychotic and mood disorders

Skills-training groups for individuals with serious mental illness (Cognitive Behavioral Social Skills Training; Social Cognition & Interaction Training).

Couples Therapy - Integrative Behavioral Couples Therapy

#### **Research Interests**

The primary aims of my research program are 1) to understand the cognitive underpinnings of poor social functioning in schizophrenia, 2) to evaluate the efficacy of psychosocial interventions for serious mental illness, with a recent focus on cognitive and social cognitive training techniques and neuromodulation, and 3) to elucidate the mechanisms by which psychosocial interventions exert their impact on symptoms, cognition, and functional status in patients.

#### **Honors and Recognitions**

Student Loan Repayment Program, National Institute of Health

Dissertation Research Award, Science Directorate of the American Psychological Association

Lillian Friedman Award, Division of Research and Graduate Studies, Kent State University Member, American Psychological Association

Member, Society for Research in Psychopathology

Member, United States Psychiatric Rehabilitation Association Member, Schizophrenia International Research Society

## **Elizabeth Possis, Ph.D.**

### **Staff Psychologist, Primary Care Mental Health Integration**

#### **Education**

University of Wyoming, Clinical Psychology, 08/06/2010 Internship: Minneapolis Veterans Affairs Health Care System, 2010 Postdoc: Minneapolis Veterans Affairs Health Care System

#### **Academic Appointment(s)**

Adjunct Assistant Professor, Dept. of Psychology, University of Minnesota

#### **Clinical/ Services Delivery Responsibilities**

Dr. Elizabeth Possis is a Staff Psychologist on the Primary Care Mental Health Integration Team. Her duties include providing mental health/behavioral health services to primary care patients, with services including targeted assessment and brief evidence-based treatments such as CBT, ACT, and motivational interviewing. She develops health behavior programming and provides consultation and support to medical staff in Primary Care, MOVE, and Diabetes Case Management. Her clinical interests include the treatment of anxiety disorders and the utilization of behavioral health services in primary care.

#### **Research Interests**

**Research Interests** include the nature and treatment of anxiety disorders, the development, evaluation, and dissemination of evidence-based treatments, and increasing utilization of behavioral health services in primary care.

#### **Honors and Recognitions**

2019 Minneapolis VA Civil Servant of the Year

#### **Selected Presentations**

## **Thomas Quinlan, Ph.D.**

### **Staff Psychologist**

#### **Identities**

Cisgender, identifies as a heterosexual male, partnered-with-two-children, able-bodied, early career psychologist. I am originally from Southern California, and also spent close to decade living on the East Coast (Boston area). I moved to Minneapolis for my pre-doctoral internship and stayed on as postdoc. Worked for 2 years on inpatient psych and outpatient psychosocial rehabilitation and recovery center at St. Cloud VA before returning to Minneapolis.

#### **Education**

SDSU/UCSD Joint Doctoral Program in Clinical Psychology, Clinical Psychology, 09/ Internship: Veteran's Administration, Minneapolis, 2014

Postdoc: Veteran's Administration, Minneapolis

#### **Academic Appointment(s)**

NA

#### **Clinical/ Services Delivery Responsibilities**

Clinical Psychologist on Team Z/SMI Team where I am involved in group work, individual therapy, assessment and supervision of trainees. Have interest in administrative projects including having worked with past trainees on various projects including looking at how to bring gaming into therapeutic relationship, dissemination of resources related to early psychosis, and in process of developing training on early psychosis for primary care settings. Special training with veterans with psychosis and currently engaged in roll out for first episode psychosis services.

#### **Research Interests**

Quality of Life for SMI populations, with emphasis on early psychosis. Also interested in use of gaming (and in particular Tabletop Roleplaying) as a group therapy.

#### **Honors and Recognitions**

NA

#### **Selected Presentations**

Battles, A. R., Curland, R., & Quinlan, T. (2023, March). Rolling for Recovery: Therapeutically-Applied Role-Playing Game Group Therapy. Seminar presented at the annual meeting of the American Group Psychotherapy Association. New York, NY.

Battles, A. R. & Quinlan, T. (2021, August). Roll for growth: Program evaluation of a therapeutically applied role-playing game group therapy for veterans. In A. Battles & J. Kilmer (Chair), Rolling for Recovery: Therapeutic Applications of Tabletop Role-Playing Games. Symposium to be presented at the annual meeting of the American Psychological Association, Virtual.

October 2015: St. Cloud VA Medical Center Acute Unit Training: Cognitive Behavioral Therapy (co-presented with Voni Hovland, Local Recovery Coordinator, LICSW)

Hegeman, B., & Quinlan, T. (2015). Transition to interprofessional practice: Implementing a new interprofessional training program at Minneapolis VAHCS. Poster presentation at Canadian interprofessional Health Collaborative (CIHC) and American Interprofessional Health Collaborative (AIHC), Collaborating Across Borders V; Roanoke, VA.

AACN Special Program: The road to relevance - race, culture, and the revision of the Houston Conference Guidelines (2021). Workshop presented at the 19th Annual Conference of the American Academy of Clinical Neuropsychology. Presenters: Anthony Stringer, Anita Hamilton, Anita Sim, Veronica Borders Edgar, Jennifer Manly, & Karen Postal

Leadership over the course of one's career: Influence, values, motivation, and overcoming fears (2021). Workshop presented at the 19th Annual Conference of the American Academy of Clinical Neuropsychology. Presenters: Cynthia Kubu, Monica Rivera-Mindt, Anita Sim, Lucas Driskell, & Gordon Chelune

Gender and the Profession of Neuropsychology: Where we've been and where we need to go. (2017). Workshop presented at the 15th Annual Conference of the American Academy of Clinical Neuropsychology, Boston, MA. Presenters: R. Hilsabeck, C. Kubu, A. Sim, & J. Moving neuropsychology forward through inter-organizational partnership: The Hispanic Neuropsychological Society (HNS) & AACN 2050 Initiative Collaboration (2017). Workshop presented at the 15th Annual Conference of the American Academy of Clinical Neuropsychology, Boston, MA. Presenters: Cagigas, X., Postal, K., Rivera Mindt, M., & Sim, A.H.

Postal, K., Sim, A.H., & Paltzer, June (2016). Relevance 2050 Committee. Oral presentation at the 14th annual meeting of the American Academy of Clinical Neuropsychology, Chicago, IL.

Rosenblatt, A.S., Pastorek, N.J., Miller, B.I., Romesser, J., Sim, A.H., & Linck, J.F. (February 2016). Evidence for Clinical Utility of Neuropsychological Data Despite Performance Validity Failures. Poster presented at the 44th Annual Meeting of the International Neuropsychological Society, Boston, MA.

Pastorek, N.J., Martin, R., Miller, B., Romesser, J., Sim, A., & Linck, J. (2016). Choice of performance validity test

drastically alters the relation between PTSD diagnosis and cognitive testing. Poster presented at the 44th annual International Neuropsychological Society meeting, Boston, MA.

Martin, R., Pastorek, N., Miller, B., Romesser, J., Sim, A., & Linck, J. (2016). Effect of modifications in ICD-10 criteria on diagnostic rates for post-concussive syndrome. Poster presented at the 44th annual International Neuropsychological Society meeting, Denver, CO.

Pastorek, N.J., Martin, R., Miller, B., Romesser, J., Linck, J., & Sim, A. (2015). Association of family distress to health outcomes in veterans with a history of combat-related mild traumatic brain injury. Poster presented at the 43rd annual International Neuropsychological Society meeting Denver, CO.

Martin, R., Pastorek, N.J., Miller, B., Romesser, J., Linck, J., & Sim, A. (2015). The influence of headache impact on life satisfaction and community reintegration in veterans with mild traumatic brain injury. Poster presented at the 43rd annual International Neuropsychological Society meeting, Denver, CO

## Rebecca Sistad, Ph.D., LP

Staff Psychologist, Addiction Recovery Services

### Identities

Cisgender, heterosexual, partnered-with-no-children, able-bodied, early career White woman. I am originally from a small town in northern Minnesota, completed graduate school in South Dakota, and internship and postdoc in Boston.

### Education

The University of South Dakota, Clinical Psychology with specialization in Disaster Mental Health

2021 Internship: VA Boston Healthcare System

2021 Postdoc: Interprofessional Advanced Fellowship in Addictions at VA Boston Healthcare System

### Academic Appointment(s)

Adjunct Professor, University of South Dakota (2023)

### Clinical/Service Delivery Responsibilities

Provide face-to-face and telehealth-based individual, couples, and group therapy in the Addiction Recovery Services (ARS) outpatient and intensive outpatient program (IOP). Conduct brief and comprehensive diagnostic assessments. Administer the MMPI-2-RF in the ARS-IOP using the therapeutic assessment model. My primary theoretical orientation is cognitive behavioral and person-centered. I am certified in Cognitive Processing Therapy and Behavioral Couples Therapy for Substance Use Disorders.

### Research Interests

Substance use treatment outcomes; personalized treatment; gender differences in substance use and trauma intervention; mobile and web-based interventions for substance use; assessment; cognitive-behavioral processes in substance use and PTSD; program evaluation

### Honors and Recognitions

2018 Graduate Student Travel Award, Center for Brain and Behavior Research, USD, \$1,800

2017 Graduate Student Travel Award, Center for Brain and Behavior Research, USD, \$1,500

2016 NIAAA/ NIDA Travel Award for Early Career Investigators, \$750

2016 Undergraduate Research Excellence Award, Office of Research and Sponsored Programs, USD, \$500

### Selected Presentations

**Sistad, R.E.** (2022, November). Diagnostic Accuracy of the PCL-5 for Veterans With and Without Positive AUDIT-C Screens. In B. Marx (Chair), D. Lee, J. Petri, F. Weathers, *Advances in our understanding of how, and for whom, PTSD assessment works well.* [Symposium]. Conference conducted at the International Society for Traumatic Stress Studies 38th Annual Meeting, Atlanta, GA.

Banducci, A.N., **Sistad, R.E.**, Newberger, N., Mathes-Winnicki, B., Mahoney, C., Davenport, M., Weisberg, R., & Livingston, N.A. (2022, November). *Policy changes for medications for opioid use disorder during COVID-19: Impacts on military service veterans as a function of co-occurring PTSD.* Poster presentation at the International Society for Traumatic Stress Studies 38th Annual Meeting, Atlanta, GA.

### Selected Publications

**Sistad, R. E.**, Livingston, N. A., Crowe, M. L., Newberger, N., Spitzer, E., Brief, D., Litwack, S., Helmuth, E., Roy, M., Solhan, M., Rosenbloom, D., & Keane, T. M. (2023). Network analysis of reasons for and against changing alcohol use among veterans engaged in a web-based intervention for hazardous drinking and PTSD symptoms. *Addictive behaviors*, 143, 107689. <https://doi.org/10.1016/j.addbeh.2023.107689>

## **Beret Skroch, Psy.D.**

### **Program Manager, Primary Care-Mental Health Integration (PCMHI)**

#### **Education**

Argosy University - Twin Cities, Clinical Psychology, 1998 Internship: Naval Medical Center Portsmouth Virginia, 1998 Postdoc: NA

#### **Academic Appointment(s)**

Adjunct Faculty, Department of Psychology, University of Minnesota. 9/2012-present; Faculty and supervisor for the Center of Mind Body Medicine, 7/2010-2019

#### **Clinical/ Services Delivery Responsibilities**

Operation and management of key clinical, training, and administrative programs of PCMHI team. Provide integrated mental health services and consultation for patients and staff within the primary care setting, specialty clinics, and satellite clinics (via telemedicine).

#### **Research Interests**

Program evaluation: access, outcome, and competency; Primary care-mental health integration; Mindfulness based practices

#### **Honors and Recognitions**

Civil Servant of the Year 2013

Navy and Marine Corps Commendation Medal, October 2002 and June 2006 Letter of Commendation, June 1999 and April 2004

#### **Selected Presentations**

Possis, E., Finn, K., Cruitt, P., Crowl, H., Bronars, C., Mallen, M. & Skroch, B. (2021). The effects of COVID-19 on primary care staff [poster presentation]. American Psychological Association National Conference, San Diego, CA.

**Scott Sponheim, Ph.D.**  
**Staff Psychologist / Professor**

**Education**

University of Minnesota, Clinical Psychology, 1993 Internship: Minneapolis VA Health Care System, 1993  
Postdoc: NA

**Academic Appointment(s)**

5/13 to present: Professor, Department of Psychiatry, University of Minnesota

11/07 to present: Adjunct Professor and Graduate Faculty, Department of Psychology, University of Minnesota

**Clinical/ Services Delivery Responsibilities**

Dr. Sponheim provides assessment and psychotherapeutic services to individuals with serious and persistent mental disorders such as schizophrenia, schizoaffective disorder, and bipolar affective disorder. He also performs consultation assessments of veterans for PTSD and organ transplant candidates

**Research Interests**

Neural and cognitive endophenotypes in schizophrenia and bipolar disorder. High spatial and temporal resolution descriptions of brain abnormalities in psychopathology.

Associations of specific genes with select aspects of severe psychopathology. Neural underpinnings of blast-related traumatic brain injury and post-traumatic stress disorder in soldiers deployed to recent wars. Military Combat PTSD: genes, fear condition, and re- integration into civilian society.

See <https://sites.google.com/a/umn.edu/cablab> for lab website.

**Honors and Recognitions**

American Psychological Association, Fellow, 2013 to present Association for Psychological Science, Fellow, 2013 to present

**Selected Presentations**

Sponheim, S.R., Kang, S.S. Components of Neural Connectivity in Relation to the Symptom Dimensions of Psychotic Psychopathology. Presented at the 16th International Congress on Schizophrenia Research, San Diego, California, March 2017.

Kang, S.S., Sponheim, S.R. Abnormal Claustral-Cortical Functional Brain Networks in People with Schizophrenia During Perception and Resting: Brain Network Dynamics Underlying Psychotic Symptoms. Presented at the 16th International Congress on Schizophrenia Research, San Diego, California, March 2017.

Sponheim S.R., Lano T., Kang S.S. Deficits During Vigilance in Schizophrenia: Disorder Specific as Compared to General Predicators of Symptoms, Cognition, and Functioning. Presented at the 56th Annual Meeting of the Society for Psychophysiological Research, Minneapolis, Minnesota, September 2016.

Sponheim, S.R., Krueger, R.F., Zawistowski, M. Polygenic Predictors of Psychosis and Mood Dysregulation Phenotypes in Members of Families Affected by Severe and Persistent

Psychopathology. Presented at the 29th Annual Meeting of the Society for Research in Psychopathology, New Orleans, Louisiana, October 2015.

Sponheim, S.R., Stanwyck, J.J. Mapping Electrophysiological Phenotypes Across Schizophrenia and Bipolar Disorder: Evidence of Differential Effects Associated with the COMT Gene. Presented at the 28th Annual Meeting of the Society for Research in Psychopathology, Evanston, Illinois, September 2014.

Kang, S.S., Johns, J., MacDonald, A. 3rd, Sponheim S. Abnormal and Intact Neural Activities for Context-Processing in Biological Relatives of Schizophrenia. Presented at the 28th Annual Meeting of the Society for Research in Psychopathology, Evanston, Illinois, September 2014.

Sponheim, S.R., Kang, S.S., Schallmo, M.P., Qiu, C., Olman C.A. Mechanisms of Visual Context Modulation as an Endophenotype in Schizophrenia. Presented at the 27th Annual Meeting of the Society for Research in Psychopathology, Oakland, California, September 2013.

PhD, University of Central Florida, Clinical Psychology, 08/01/2020

Internship: Alpert Medical School of Brown University, 2019

Postdoc: University of Minnesota Psychiatry, 2020-2022

#### **Academic Appointment(s)**

Assistant Professor, Department of Psychiatry & Behavioral Sciences, University of Minnesota—Twin Cities

#### **Clinical/ Services Delivery Responsibilities**

Staff Psychologist in the Addiction Recovery Services (ARS) program providing individual and group therapy and assessments.

#### **Research Interests**

Substance use disorders, comorbidity, technological platforms for assessment and intervention, and personalized treatment.

#### **Honors and Recognitions**

NA

#### **Selected Presentations**

Stevenson, B. L., Anker, J. J., Thuras, P., Rinehart, L., & Kushner, M. G. (2021, June). Timing of supplemental alcohol use disorder and anxiety disorder treatment predicts relapse. Research Society on Alcoholism (RSA), virtual presentation.

Stevenson, B. L., Kunicki, Z., Brick, L., Blevins, C., Stein, M., & Abrantes, A. (2021, April). Daily associations between physical activity, affect, and alcohol cravings in patients with alcohol use disorder. Society of Behavioral Medicine (SBM), virtual presentation.

Stevenson, B. L., Blevins, C. E., Marsh, E., Feltus, S., Stein, M., & Abrantes, A. M. (2020, June). An ecological momentary assessment of mood, coping and alcohol use among emerging adults. Research Society on Alcoholism (RSA), virtual presentation.

Stevenson, B. L., Kramer, M. P., Wilborn, D., & Dvorak, R. D. (2019, March). Should I stay or should I go? Approach/avoidance conflict and emotional functioning. Presentation at the meeting of the International Convention for Psychological Science (ICPS), Paris, France.

Stevenson, B. L., & Dvorak, R. D. (2018, April). Real time changes in emotion regulation and loss of control eating. Presentation at the meeting of the International Conference for Eating Disorders (ICED), Chicago, IL.

Stevenson, B. L. (2017, June). Differences in affective trajectories in ecological momentary assessment studies of binge eating. Paper session presented at the meeting of the International Conference for Eating Disorders (ICED), Prague, Czech Republic.

## **Snezana Urosevic, Ph.D.**

### **Clinician Investigator Team Program Manager/Supervisor**

#### **Identities**

#### **Education**

University of Wisconsin--Madison, Clinical Psychology, 08/24/2008 Internship: C.J. Zablocki VA Medical Center, Milwaukee, WI, 2008 Postdoc: C.J. Zablocki VA Medical Center, Milwaukee, WI

#### **Academic Appointment(s)**

Assistant Professor, Department of Psychiatry & Behavioral Sciences, University of Minnesota—Twin Cities

#### **Clinical/ Services Delivery Responsibilities**

Dr. Urosevic is the program manager for Clinician Investigator Team (CIT), which includes psychologists and psychiatrists with active programs of research funded by VA ORD, NIH, DoD, and private foundations. She also directly supervises psychologists on the CIT. The CIT as a team strives to incorporate latest evidence-based care into clinical services that its members provide and to bring novel treatments and assessment methods to the Minneapolis VA. Dr. Urosevic provides evidence-based psychological assessment and individual and group psychotherapy to Veterans with mood disorders, including bipolar disorders, and other complex psychiatric presentations through Team B.

#### **Research Interests**

Dr. Urosevic's program of research focuses on understanding neurobehavioral abnormalities and predicting illness course in bipolar and related disorders across the lifespan. She has investigated reward and cognitive control systems' abnormalities in bipolar disorders, using neuroimaging, electroencephalography, behavioral tasks, and self-report measures, and assessed how these abnormalities change during adolescence and aging in bipolar disorders. Her more recent work uses digital phenotyping methods to predict prospective bipolar symptoms and changes in psychosocial functioning.

#### **Honors and Recognitions**

K01 Career Development Award, National Institutes of Mental Health (2012-2016)

#### **Selected Presentations**

## **Emily Voller, Ph.D.**

### **Staff Psychologist**

#### **Identities**

Cisgender, heterosexual, partnered, able-bodied, mid-career White woman. I am originally from the upper Midwest but completed graduate school in Oklahoma before moving to Minneapolis for internship.

#### **Education**

Oklahoma State University, Clinical Psychology, 2009 Internship: Minneapolis VA Medical Center, 2009  
Postdoc: Minneapolis VA Medical Center - Clinical Psychology

#### **Academic Appointment(s)**

NA

#### **Clinical/ Services Delivery Responsibilities**

Provide evidence-based assessment and treatment to veterans afflicted by trauma-related disorders. Specialty areas include sexual trauma, Prolonged Exposure therapy, Cognitive Processing Therapy, and Dialectical Behavior Therapy.

#### **Research Interests**

Research Interests fall broadly within the field of sexual violence. Past work has examined the prevalence and mental health consequences of sexual trauma among men, as well as risk factors associated with the perpetration of sexual assault.

#### **Honors and Recognitions**

NA

#### **Selected Presentations**

Meyers, L., Voller, E.K., McCallum, E., Kaler, M., & Thuras, P. (2021, November). DBTPE Journeys Program: 12-month follow-up. In M. Harned (Chair), *Implementing Dialectical Behavior Therapy in the Department of Veterans Affairs: Challenges and Successes*. Panel presentation at the annual meeting of the Association of Behavioral and Cognitive Therapies [conference held virtually].

Stinson, R., McCallum, E.B., Voller, E.K., Meyers, L. (June 2016). Welcome to the Third Wave: Lessons learned from integrating DBT and PE into one effective treatment for military veterans. Symposium to be presented at the Association for Contextual Behavioral Science World Conference, Seattle, WA.

Voller, E. K., Meyers, L., Meis, L., Kehle-Forbes, S. (November 2013). Treating Veterans with PTSD and Borderline Personality in an Intensive Outpatient Setting: Preliminary Findings from a Pilot Program at the Minneapolis VA Health Care System. In M.S. Harned (Chair), *Treating PTSD Among Individuals With BPD: Emerging Evidence Across Diverse Treatment Settings and Clinical Populations*. Symposium presented at the 47th Annual Convention of the Association for Behavioral and Cognitive Therapies, Nashville, Tennessee.

Meyers, L., Voller, E. K., Meis, L. A. (November 2013). Treatment of co-morbid BPD and PTSD: Skills generalization through community outing practice groups and peer pressure at the Minneapolis VA Health Care System. Symposium presented at the Annual conference for the International Society for the Improvement and Teaching of Dialectical Behavior Therapy, Nashville, Tennessee.

Meis, L. A., Meyers, L., Velasquez, T., Voller, E. K., Thuras, P., Kehle-Forbes, S. (November 2013). Treatment of Veterans with Concurrent Prolonged Exposure Therapy and Dialectical Behavior Therapy in an Intensive Outpatient Program. In S. Kehle-Forbes (Chair), *Efficacy of Prolonged Exposure Therapy in Patients with Complex Comorbidities*. Symposium presented at the 29th Annual Meeting of the International Society for Traumatic Stress Studies, Philadelphia, Pennsylvania.

## **Torii Yamada, Ph.D., ABPP**

### **Clinical Neuropsychologist**

### **Program Manager & Supervisor**

### **Neuropsychological & Psychological Assessment Clinic (NPAC)**

### **Mental Health Diversity Team Co-lead**

#### **Identities**

Cisgender, heterosexual, partnered-with-no-children, able-bodied, mid-career woman that identifies as Asian-American (my father is a 1st generation immigrant from Japan). I am originally from Iowa but spent a number of years in the East Coast and came to Minneapolis for my post-doctoral residency and stayed on as staff.

#### **Education**

University of Iowa, Counseling Psychology, 2011

Internship: Massachusetts General Hospital/Harvard Medical School, 2011 Postdoc: Minneapolis VAHCS

#### **Academic Appointment(s)**

Adjunct Faculty, University of St. Thomas

#### **Clinical/ Services Delivery Responsibilities**

Complete neuropsychological evaluations and provide feedback to Veterans with a history of brain injury, neurological/psychiatric illness, and learning disabilities. Facilitate and manage a cognitive rehabilitation group.

#### **Research Interests**

Participate in research for traumatic brain injury, serious mental illness, and cognitive rehabilitation. Manage a database that inputs information on every veteran that has completed a neuropsychological evaluation at the Minneapolis VAHCS.

#### **Selected Presentations**

Dorociak, K.E., Baumgartner, S.E., Yamada, T.H., Seelye, A. M., & Lamberty, G.J. (2019, June).

Neuropsychological Performance in Veterans Following a Cognitive Rehabilitation Group. Poster presented at the American Academy of Clinical Neuropsychology annual meeting, Chicago, IL.

Nienow, T., Yamada, T., Gilmore, C., Lamberty, G., Nelson, N., MacDonald, A., Thuras, P., & Lim, K. (2018, January). Acceptability and Feasibility of Repeated Transcranial Direct Current Stimulation (tDCS) as an Intervention for Individuals with Mild Traumatic Brain Injury. Poster presented at the Minnesota Spinal Cord and Traumatic Brain Injury Research Symposium, St. Paul, MN.

Seelye, A., Mattek, N., Austin, J., Alioto, A., Moseley, S., Anderson, C., VanVoorst, W., Clason, C., Doane, B., Yamada, T., Witter, P., & Kaye, J. (2018, February). Cognitive Correlates of Unobtrusively Monitored Medication Adherence in Older Adults. Paper session presented at the annual meeting of the International Neuropsychological Society, Washington DC.

Ellefson, S.E., Kissler, J.E., Yamada, T.H., Seelye, A.M., Doane, B.M., & Lamberty, G.L. (2017, June).

Improvements in veterans' subjective psychosocial performance following a cognitive rehabilitation group: A pilot study. Poster presented at the American Academy of Clinical Neuropsychology annual meeting, Boston, MA.

Kissler, J.E., Ellefson, S.E., Yamada, T.H., Seelye, A.M., Doane, B.M., & Lamberty, G.L. (2017,

June). Improvements in veterans' cognitive performance following a cognitive rehabilitation group pilot study. Presented at the annual American Academy of Clinical Neuropsychology annual meeting, Boston, MA.

Anderson, C., Miller, I., Doane, B., Yamada, T., Lamberty, G., and Armstrong, M. (2013, June). Neurobehavioral symptom inventory scores as a function of VA comprehensive TBI evaluation. Poster presented at the annual

American Academy of Clinical Neuropsychology, Chicago, IL.

Miller, I., Yamada, T., Anderson, C., Doane, B., Lamberty, G., and Armstrong, M. (2013, June). Utilization of Rehabilitation Services by Veterans Undergoing Comprehensive TBI Evaluation. Poster presented at the annual American Academy of Clinical Neuropsychology, Chicago, IL.

Denburg, N. L., Boles-Ponto, L., Menda, Y., Nguyen, C. M., Yamada, T., Magnotta, V., & Schultz, S. K. (2013, May). The neural signature of the long-term effects of chemotherapy in aging.
