

Postdoctoral Program Admissions

Date Program Tables are updated: 09/01/2023

Briefly describe in narrative form important information to assist potential applicants in assessing their likely fit with your program. This description must be consistent with the program's policies on intern selection and practicum and academic preparation requirements:

The Program is most favorably disposed to applicants who:

1. have interest in becoming a clinical neuropsychologist via training that adheres to the Houston Conference training model and aims to train clinicians who go on to become board-certified in clinical neuropsychology,
2. have broad-based training experience in our Program's training competencies,
3. have demonstrated skills and experience in the clinical neuropsychology,
4. have academic exposure to diversity issues as well as clinical experience with a demographically diverse population,
5. have experience and accomplishment in research and extensive scientific and theoretical grounding in psychology and neuropsychology, and
6. have letters of recommendations that attest to the applicant's strengths in conceptual thinking, personal maturity and responsibility, clinical judgment, and ethical behavior.

Describe any other required minimum criteria used to screen applicants:

Please review the information on the following website regarding eligibility for Training within the VA system: <https://www.psychologytraining.va.gov/eligibility.asp>
