Postdoctoral Residency Admissions, Support, and Initial Placement Data **Date Program Tables are updated: 8/30/23**

Program Disclosures	
Does the program or institution require students, trainees, and/or staff (faculty) to comply with specific policies or practices related to the institution's affiliation or purpose? Such policies or practices may include, but are not limited to, admissions, hiring, retention policies, and/or requirements for completion that express mission and values?	No
If yes, provide website link (or content from brochure) where this specific information is presented:	NA
Postdoctoral Program Admissions	
Briefly describe in narrative form important information to assist potential applicants in assessing their likely fit with your program. This description must be consistent with the program's policies on intern selection and practicum and academic preparation requirements:	
The Salt Lake City VA seeks applicants who have a sound clinical and scientific knowledge base from their academic program and internship; strong entry-level professional skills in standard assessment, intervention, and research techniques; and the personal characteristics necessary to function well as a doctoral-level professional in a medical center environment. Our selection criteria focus on all aspects of the application materials, with emphases placed upon background training and experience and an applicant's articulation of training goals and professional aspirations. We seek the best fit between applicants' goals and our training program. The VA Salt Lake City Healthcare System in which our training program resides is an Equal Opportunity Employer; we are committed to ensuring a range of diversity among our training classes, and we select candidates representing different kinds of programs and theoretical orientations, geographic areas, ages, racial and ethnic backgrounds, sexual orientations, disabilities, and life experiences.	
Describe any other required minimum criteria used to screen	

applicants:	
<p>Applicants must meet the following prerequisites to be considered for our postdoctoral training program:</p> <ol style="list-style-type: none"> 1. Completion of doctoral degree, including defense of dissertation, from a APA, CPA, or PC-SAS accredited clinical, counseling, or combined psychology doctoral program before the start date of the residency 2. Completion of an APA-accredited psychology internship program 3. Applicants must be U.S. citizens. Please see eligibility qualifications for psychology training within the Department of Veterans Affairs, which are described at: Resources for Health Professions Trainees Coming to VA Eligibility and Forms - Office of Academic Affiliations 4. Matched postdoctoral residents are subject to fingerprinting, background checks, and a urine drug screen. Match results and selection decisions are contingent on passing these screens. 5. Male applicants born after 12/31/1959 must have registered for the draft by age 26 6. The Department of Veterans Affairs, like all federal government agencies, had mandated that all employees and trainees be fully vaccinated for COVID-19 as a condition of employment. Trainees may request a medical or religious exemption for the COVID-19 vaccine. 7. As an equal opportunity training program, the internship welcomes and strongly encourage applications from all qualified candidates, regardless of gender, age, racial, ethnic, sexual orientation, disability or other minority status. <p>*** Failure to meet these qualifications could nullify an offer to an applicant.</p>
