

# Transitional Housing Programs Resource Guide

VA Greater Los Angeles Healthcare System (VAGLAHS)

## VAGLAHS Transitional Housing Programs:

**The Grant & Per Diem (GPD)** program's goal is to assist Veterans experiencing homelessness (or at risk of becoming homeless) achieve and secure permanent residential stability. Services include, but are not limited to, case management services, drug treatment if needed, treatment plans, meals, laundry services, employment assistance/referrals, various life skills groups, and other services to promote independence and self-reliance. The types of program models are: Bridge Housing, Low Demand, Clinical Treatment, Service Intensive, and Transition in Place (TIP).

**The Health Care for Homeless Veterans (HCHV)** program is vital for providing a gateway to VA and community-based supportive services for healthcare eligible Veterans who are experiencing homelessness. This includes ensuring that chronically homeless Veterans and/or those with serious mental health diagnoses can be placed in community-based programs that provide quality housing and services that meet the needs of these special populations.

Note:

By providing this Resource Guide VAGLAHS is not recommending, is not affiliated, nor endorsing the agencies.
