Veterans Justice Outreach Program

The mission of the Veterans Justice Programs is to identify justice involved Veterans and contact them through outreach, in order to facilitate access to VA services at the earliest possible point. Veterans Justice Programs accomplish this by building and maintaining partnerships between VA and key elements of the criminal justice system.

The VA cannot provide legal services, however; you may contact the nearest VJO specialist, who may know of community legal assistance resources. Many VA facilities host free legal clinics for Veterans, operated by non-VA legal service providers.
