

THE VETERANS HEALTH ADMINISTRATION:

Veterans' Health Administration is America's largest integrated health care system and the largest employer of nurses in the United States. The Nurse Practitioner Residency program is a bridge from strong academic foundations to clinical practice with the goal of developing competent and confident nurse practitioners equipped to be competitive in today's fast paced health care system. The program is a 12- month program focusing on the advancement of clinical, leadership and scholarship skills with an emphasis of caring for our nation's Veterans.

The objectives of the Nurse Practitioner Residency Program:

- Enhance recruitment of competent Nurse Practitioners for careers within the VA
- Increase opportunities for new nurse practitioners to participate in a structured precepting/mentoring program focusing on clinical competencies and improving professional confidence.
- Provide specialty and primary care rotations accompanied by didactic education for a well-rounded experience
