# Supporting our Nursing Family

---

The Aleda E. Lutz VA Medical Center Nurse Honor Guard is a dedicated group of volunteers who provide compassionate support to the families of our Veteran or VA nursing colleagues during two significant moments:

- **Retirement Celebrations:**  
We come together to recognize the remarkable careers of our retiring nurses, celebrating their dedication and service to Veterans.
- **Final Tributes:**  
In times of loss, the Nurse Honor Guard offers respectful and dignified final call to duty presentations, honoring the legacy of our fallen Veteran or VA nurses. These services can be held at the Saginaw VA Medical Center or at a community memorial service arranged by the family.

The Nurse Honor Guard is a meaningful way to show our high regard and reverence for our fellow nurses. We acknowledge their compassion and unwavering devotion in caring for Veterans of the United States Armed Forces. Becoming part of this tradition allows you to:

- **Offer Support:**  
Provide comfort and camaraderie to grieving families during a difficult time.
- **Celebrate Achievements:**  
Recognize the exceptional careers of our retiring nurses.
- **Honor Our Colleagues:**  
Be part of a dignified tribute that reflects the respect we hold for our fellow nurses.
