

VA and the health care law

What Veterans need to know.

The health care law requires most Americans to have health insurance coverage that meets a minimum standard.

If you are enrolled in VA health care, there is nothing else you need to do. The health care law will not change your VA health care or your out-of-pocket costs.

Veterans Not Enrolled – Apply Now

- Apply online at www.va.gov/healthbenefits/enroll
- Call 1-877-222-VETS (8387)
- Visit your local VA health care facility
