

# VA Health Care and the Affordable Care Act

## Frequently Asked Questions

### What is the Affordable Care Act?

The Affordable Care Act, also known as the health care law, was created to expand access to affordable health care coverage to all Americans, lower costs, and improve quality and care coordination. Under the health care law, people will:

- have health coverage that meets a minimum standard (called “minimum essential coverage”);
- qualify for an exemption; or
- pay a fee when filing their taxes if they have affordable options but remain uninsured.

The Health Insurance Marketplace helps individuals find health coverage. On the Marketplace, some people may be eligible for lower costs on health premiums and out-of-pocket costs based on their income. The Health Insurance Marketplace open enrollment period is November 1, 2015, through January 31, 2016.

### At a glance

- VA wants all Veterans to get health care that improves their health and well-being.
- If you are enrolled in VA health care, you don’t need to take additional steps to meet the health care law coverage standards.
- The health care law does not change VA health benefits or Veterans’ out-of-pocket costs.
- If you are not enrolled in VA health care, you can apply at any time.

### What happens if I do not have health coverage?

You do not have to pay a fee if you have coverage that meets a minimum standard (called “minimum essential coverage”). VA is required by law to notify the IRS of Veterans’ enrollment status in the VA health care system beginning in 2015. Veterans who are not enrolled in the VA health care system and who do not have qualifying medical insurance, unless given

an exemption, will be charged a fee beginning on their 2015 federal income tax return, which most people will file in the spring of 2016. The fee is prorated based on the amount of time in the calendar year the Veteran does not have medical insurance that meets minimal essential coverage standards. VA is committed to ensuring Veterans are aware of the opportunities to meet the health care reform law's minimum essential standards for coverage either through enrollment with VA or through the purchase of insurance offered by the Health Insurance Marketplace. The fee either will be a flat fee or a percentage of your taxable household income, depending on which amount is higher. The fee will be phased in according to the schedule below:

- \$95 or 1% of your taxable income in 2014
- \$325 or 2% of your taxable income in 2015
- \$695 or 2.5% of your taxable income in 2016

Exemptions from the fee will be granted under certain circumstances.

### **Does VA report my coverage to the IRS?**

The Affordable Care Act requires most U.S. taxpayers to declare they have minimum essential health coverage on their federal tax form. In December, VA will begin a mailed letter effort to notify all enrollees of their VA health care coverage period in 2015. This information will be reported using IRS Form 1095-B, "Health Coverage," which the Veteran will then use to complete the 2015 income tax forms. Mailings are expected to be completed by the end of January 2016. The law also requires VA to provide this information to the IRS.

### **If I'm enrolled in a VA health care program, do I meet the requirement for health care coverage?**

Yes. If you are enrolled in any of VA's programs below, you have coverage under the standards of the health care law:

- Veteran's health care program
- Civilian Health and Medical program (CHAMPVA)
- Spina bifida health care program

### **What are the benefits of enrollment in VA health care?**

Enrollment in VA health care means you have:

- Medical care rated among the best in the U.S.
- Immediate benefits of health care coverage. Veterans may apply for VA health care enrollment at any time.
- No enrollment fee, monthly premiums, or deductibles. Most Veterans have no out-of-pocket costs. Some Veterans may have to pay small copayments for health care or prescription drugs.
- More than 1,500 places available to get your care. This means your coverage can go with you if you travel or move.
- Met the new requirement to have health care coverage that meets the minimum standard.

### **How do I enroll for VA health care coverage?**

You may apply in one of three convenient ways: visit [www.va.gov/healthbenefits/enroll](http://www.va.gov/healthbenefits/enroll), call 1-877-222-VETS (8387) Monday through Friday from 8 a.m. until 8 p.m. Eastern or visit your local VA health care facility.

### **Can I continue to use VA health care with other programs, like private insurance or federal health care programs?**

Yes. You can continue to use VA for all your health care needs, or complement your VA care with private health insurance or coverage by other federal health care programs, including Medicare, Medicaid and TRICARE.

## **What's the Health Insurance Marketplace?**

The Marketplace is a way to shop online to obtain private health insurance (for example, health coverage other than VA health care programs) that fits your budget and meets your needs. People who purchase insurance through the Marketplace may be able to lower the costs of health insurance coverage by paying lower monthly premiums.

## **I am enrolled in a VA health care program. Would I be eligible for assistance to pay health insurance premiums on the Marketplace if I choose to purchase health care outside of VA?**

Since VA care meets the standard for health care coverage, you wouldn't be eligible for assistance to lower your cost of health insurance premiums if you chose to purchase additional health care coverage outside of VA. However, you may still purchase private health insurance on or off the Marketplace to complement your VA health care coverage.

## **How will I know if I'm eligible for assistance to purchase health insurance outside of VA?**

VA can't make this determination. If you use the Marketplace, you will find out if you can get lower costs on your monthly premiums for private health insurance plans. Remember, if you are enrolled in a VA health care program, you don't need to take additional steps to meet the health coverage requirements under the health care law.

## **Are my family members (who aren't eligible for VA or other federal health care programs) eligible for assistance to purchase health insurance?**

Your family members who are not enrolled in a VA health care program should use the Marketplace to get coverage. They may get lower costs on monthly premiums or out-of-pocket costs. They could be eligible for free or low-cost coverage through Medicaid or the Children's Health Insurance Program (CHIP).

## **Can I still enroll through the Health Insurance Marketplace even when we're not in an open enrollment period?**

Individuals with a qualifying life event can enroll in health coverage or change their coverage outside of the open enrollment period and have it be effective for that coverage year. Qualifying life events include having a baby or getting married. Visit [www.healthcare.gov/coverage-outside-open-enrollment/](http://www.healthcare.gov/coverage-outside-open-enrollment/) to learn more about these qualifying life events and other circumstances for special enrollment.

## **Can I cancel my VA health care coverage?**

Yes. However, acceptance for future VA health care coverage will be based on eligibility factors at the time of application, which may result in a denial of health care coverage.
