This is a brand new CoC. The county has recently broken away from the Dos Rios CoC and activated their own CoC. All aspects of veterans housing are in the initial conversation and planing stages. This CoC is very aggressive in wanting to help veterans, but has not yet been able to move past the research stage.

Due to this CoC's proximity to Shasta County, the Redding SSVF provider is servicing veterans in Tehema County. We are using the same bench marks as in Shasta Co. The plan is to engage the vet with outreach to Tehema county and place them into emergency housing ASAP. Move them to transitional housing within 2 weeks, and permanent housing in 6 to 8 weeks.

## Community Planning - January Submission

### Q12: Are Veterans integrated into coordinated entry?

**Note: Participation in coordinated entry is a requirement of the SSVF program. (Please select all that apply.)**

Coordinated entry includes Veterans and allows for assessment, prioritization, and housing matching

,

Coordinated entry includes Veterans and the VA, but it is not the way to access VA resources like HUD-VASH

,

Coordinated entry is used as a referral source only but is not how Veterans access resources

### Q13: Who is lead point of contact for coordinated entry?

Name:

Tevfik Harris

Organization:

Swords to Plowshares

Organization Type (VAMC, CoC, SSVF Grantee, etc.)

SSVF Grantee

Phone #:

## PAGE 4: Part 3: By Name List

### Q14: Does the community have a by name list?

Yes

### Q15: Who manages the by name list?

Name:

Tevfik Harris

Role:

Community Coordinator

Organization:

Swords to Plowshares

Organization Type (VAMC, CoC, SSVF Grantee, etc.):

SSVF Grantee

### Q16: Does your list have the following elements? (Select all that apply.)

Includes all unsheltered Veterans,

Includes all Veterans in emergency shelter (regardless of shelter funding source)

,

Includes all Veterans in transitional housing (GPD, community TH, regardless of funding source)

,

List is one complete document not made of multiple or different parts

### Q17: If your community has a by name list, could you please provide us with the following data involving totals of those currently on the list:

Number of unsheltered Veterans on the list

193

Number of Veterans currently in ES on the list

3

Number of Veterans currently in TH (including GPD)

36

Number of Veterans who have a housing plan

193

### Q18: How often do you meet to review and update the by name list?

Bi-weekly

**Q19: What is your community's definition of ending Veteran homelessness? Please tell us about the strategies included in your plan. Please provide a succinct response. For example, ZZ-400 CoC defined ending Veteran homelessness by 0 unsheltered Veterans on a given night, less than 50 in emergency shelters and transitional housing all with a housing plan within 5 business days, and to house Veterans within 60 days of entering the homeless system.**

CA-501 CoC defined ending Veteran homelessness as 20 unsheltered chronically homeless Veterans on a given night, less than 100 in emergency shelters and transitional housing, all with a housing plan within 10 business days, and to house Veterans within 90 days of entering the homeless system. We have targeted Outreach on 1) Chronically Homeless and/or Senior unsheltered, 2) VASH eligible, and 3) Non-VA eligible/CoC Veterans.

The community does not yet have a definition of ending veterans homelessness. However there are community standards and agreements on ending veterans homelessness. All providers who use HMIS are required to identify program participants who are veterans. Those veterans are then referred to all available VA programs including GPD, HUD -VASH and SSVF

For example, ZZ-400 CoC defined ending Veteran homelessness by 0 unsheltered Veterans on a given night, less than 50 in emergency shelters and transitional housing all with a housing plan within 5 business days, and to house Veterans within 60 days of entering the homeless system.**

Butte County's definition of ending veterans homelessness is, working towards functional zero with all sheltered and unsheltered veterans in our community accounted for and placed on an up to date, by-name-list, to meet short term housing placement goals.

Butte County plan to end veteran's homelessness is a multi-point process. Working towards function zero we will adopt four key strategies;

1. Develop and maintain a continuously updated by-name-list of all veterans experiencing homelessness.
2. Track monthly housing placement rate and improve it toward a clean goal.
3. Know in real time if we are at functional zero, rather than waiting on our point in time count.
4. Build our local system to prioritize permanent housing opportunities and ensure that every resource we have (SSVF, VASH) aligns toward that goal.

Being clear about function zero allows Butte County to focus on a measurable goal that matters- the number of people housed each month, which is to say, the proven performance of a community's housing system.

At this time, Butte County is working on a coordinated entry system to be in place before the end of 2016. Working with assessment tools that will accommodate HMIS as a common data system.

CVRC will start a by-name-list using information required to track homeless veteran in our community starting with Butte County's Project Homeless Connect scheduled for April 17th, 2016.

Butte County is focusing on issues that will give us better success in our plan to end veteran's homelessness.

For example, ZZ-400 CoC defined ending Veteran homelessness by 0 unsheltered Veterans on a given night, less than 50 in emergency shelters and transitional housing all with a housing plan within 5 business days, and to house Veterans within 60 days of entering the homeless system.**

San Diego's definition of ending Veteran homelessness is having fewer Veterans experiencing homelessness (unsheltered and sheltered [TH/GPD/emergency shelter/safe haven]) than our average housing placement rate in the previous month. Strategies include employing our Rapid Response Team to carry out coordinated outreach, continue with the creation of our By-Name-List, case conferencing, and ensuring all Veterans experiencing homelessness have a housing plan within 7 days.

CA-502 CoC defined ending Veteran homelessness 0 unsheltered Veterans on a given night, less than 75 in emergency shelters and transitional housing all with a housing plan within 10 business days, and to house Veterans within 90 days of entering the homeless system.

Alameda County’s plan to end homelessness must adapt to a high-rent, low vacancy community. The plan focuses on:

- 1) Chronically homeless and unsheltered veterans and
- 2) Those who are in shelters or unstably housed.

Strategies to achieve these goals include focused engagement of

- Landlords,
- Elected officials, i.e., Mayors County Supervisors, and
- Non-SSVF agencies serving the homeless population.

**Q14: Does the community have a by name list?** Yes

**Q15: Who manages the by name list?**

Name: Chuck Flacks  
 Role: Executive Director  
 Organization: The Central Coast Collaborative on Homelessness (C3H)..  
 Organization Type (VAMC, CoC, SSVF Grantee, etc.): The Central Coast Collaborative on Homelessness (C3H) is a county-wide, collective impact collaborative of government agencies, non-profit organizations, foundations, faith communities, business and community leaders, other community groups, and individuals who have experienced homelessness. C3H is under the fiscal umbrella of the United Way of Northern Santa Barbara County and manages the activities of the CoC Board and its subcommittees. In addition, C3H has recently taken over managing the VI List. That list, informed by the veteran-only master list updates maintained by SSVF grantee Carrillo Counseling Services, Inc., serves as the Master List reviewed by all involved CoC partners.

**Q16: Does your list have the following elements? (Select all that apply.)** Includes all unsheltered Veterans,  
 Includes all Veterans in emergency shelter (regardless of shelter funding source),  
 Includes all Veterans in transitional housing (GPD, community TH, regardless of funding source)

**Q17: If your community has a by name list, could you please provide us with the following data involving totals of those currently on the list:**

Number of unsheltered Veterans on the list	156
Number of Veterans currently in ES on the list	102
Number of Veterans currently in TH (including GPD)	26
Number of Veterans who have a housing plan	171

**Q18: How often do you meet to review and update the by name list?** Bi-weekly

**Q19: What is your community’s definition of ending Veteran homelessness? Please tell us about the strategies included in your plan. Please provide a succinct response. For example, ZZ-400 CoC defined ending Veteran homelessness by 0 unsheltered Veterans on a given night, less than 50 in emergency shelters and transitional housing all with a housing plan within 5 business days, and to house Veterans within 60 days of entering the homeless system.**

1. A veteran is any individual who has served at least one day of active duty in the U.S. military, regardless of discharge status.
2. Within 60 days of being identified as homeless, 90% of all veterans will be enrolled in services leading to permanent housing, and offered interim housing placements at transitional housing programs.
3. 65% of Veterans experiencing homelessness — and not entering transitional programs — will return to permanent housing in an average of five months.
4. Only those veterans who are chronically homeless and/or who have a strong clinical need and/or stated desire for a transitional program will enter transitional housing, and 90% of those veterans will return to permanent housing within 12 months.
5. Street homelessness among veterans will be effectively eliminated, but may not be at literal zero.
6. Fewer than 20% of entrances to veteran homelessness will be recurring entrances.

Team focused on outreach efforts,  
 Daily/Weekly coverage at designated service locations

 Availability/Responsiveness 24/7,  
 Ability to quickly connect an unsheltered Veteran household to a safe place

**Being offered permanent housing while in service-intensive TH at least every two weeks** No

**Are these offers documented?** No

**Q26: Please describe your community's available housing resources and ability to place Veterans into housing (Please check all that apply.)**

Veterans household placement into permanent housing within 90 days or less  
 ,  
 Ability to operate or navigate within the parameters of our housing market  
 ,  
 Other (please specify)  
 There is a less than .5% vacancy rate here and the housing that is available is incredibly expensive. It is very challenging to find affordable housing for any low-income individuals. Many are housed through SSVF and HUD-VASH within 90 days; but not all veterans are able to be housed that quickly.

Zero 2016, SSVF TA,  
Other (please specify) Mayor's Challenge

---

**Q31: Would you like technical assistance (if available)? (Select all that apply.)**

Assistance with data sharing between VA and community  
,  
Assistance with data and tracking,  
Assistance with stakeholder coordination and communication  
,  
Assistance with CoC engagement,  
Assistance with aligning current plan/process with federal benchmarks/criteria  
,  
Other (please specify)  
It would be very helpful to have someone come to our community and discuss the importance of aligning with the federal benchmarks/criteria and explain why that is important so that we can engage with non-SSVF grantee stakeholders.

---

**Q32: Are there any comments/notes that you would like to share (about the survey, your community, etc.)?**

We have the same problem that many communities are having where it is difficult to engage some of the non-SSVF grantee partners in aligning with the federal criteria and approaches. As well, not everyone in the community understands why coordinated entry is so important and so they don't participate. As well, a lot of community partners are still not embracing the Housing First model. It would be great having someone from the outside take the time to come here and explain why these things are essential to our long-term success in addressing homelessness.

The CoC is on track to end veterans homelessness with the aid of outreach teams and other intake workers to identify veteran needs through VI-SPDAT intake form, which asks multiple questions in a variety of ways to determine whether someone qualifies as a veteran, in addition to, and independent of their eligibility for VA services. Veterans are referred to the VA and SSVF provider, Veterans Resource Centers of America to help determine their eligibility for VA benefits and to advocate for adjustment of their discharge status to maximize their benefits. Due to the objective of ending veteran homelessness by 2016, veterans are given preference for CoC housing and other resources for which they qualify. Homeless providers refer eligible veterans to the VA for HUD-VASH, VRC for SSVF services/assistance, and, to the veterans Home (state funded) for PSH where possible as a first step.

The CoC is currently in the re-grouping stage due to the extensive damages from the county fires and has met individually but not in any official capacity. Currently the Lake CoC is operating as a new organization with very few resources in place as a result of the recent fires. Veterans Resource Centers of America is leading a coordinated effort with the CoC to best reassemble assessment committees to identify all available resources in place, coordinate and establish committees to foster communication and create a county strategic plan to end homelessness, as well as educate the community on homeless issues. The CoC meetings will discuss information relevant to planning and coordinating efforts to end homelessness in Lake County. This information will also create strategies to identify and coordinate veteran households to ensure proper placement in appropriate Permanent Housing. Outreach teams and other intake workers from service providers identify veterans and refer eligible veterans to the VA for HUD-VASH and Veterans Resource Centers of America for SSVF services where possible as a first step. Our goal to end veteran homelessness by 2016 is being implemented by having community partners meet every other month and begin creating a master "by-name" list.

Due to the natural disaster which mandated the majority of Lake County residents, agencies and homeless population to vacate, many services and agency staffing is still in the returning and rebuilding mode. Most of the community businesses, service agencies and any available additional housing was destroyed by the fires, requiring many local agencies to take hiatus.

Our definition for ending Veteran Homelessness means an end to chronic homelessness among veterans. It means having no unsheltered veterans on any given night, and it means veterans who fall into homelessness are sheltered, provided services and rapidly re-housed in permanent appropriate housing solutions.

Strategies:

- Transform the way government responds to homelessness
- Include the Private Sector and the Community in the Solution
- Create the Best Homeless System of Care
- Create new homes and solutions for homeless men, women and children
- Different responses for different levels of need
- Unique Approaches

From the All In County Wide Plan to End Homelessness, we define ending Veteran homelessness as all Veterans having stable housing and uniquely tailored supportive services enabling them to stay housed and/or prevent further or new episodes of homelessness. We want to reduced number of Veterans experiencing homelessness, including sub-counts of single woman, families, older adults, and those with substance use disorders or mental illness. We want to increased number of Veterans stably housed, reduce rate of Veterans falling into homelessness. We want 0 unsheltered Veterans on a given night and less than 128 veterans in emergency shelters and transitional housing. We would also like to house Veterans within 90 days of entering the homeless system.

**Q32: Are there any comments/notes that you would like to share (about the survey, your community, etc.)?**

A note from one of our community partners: At this morning's SSVF meeting, a lot of grantees expressed that they're frustrated with other grantees in their service area, they feel like they're in competition with one another. Many SSVF grantees & a few HUD-VASH teams expressed their frustration with the referral process between SSVF & HUD-VASH. In January of 2015, I felt like they do. Now I feel supported by VRC & by HUD-VASH. We see each other weekly, communicate via telephone, text message & email, outside of the planned weekly meetings. I think we've turned the corner & aren't hoarding clients as "mine" but instead focusing on serving those who have served & are experiencing housing instability, in our County. That's huge, that takes our ego out of it & puts the focus squarely where it belongs. As Ingrid has stated, we'll get the numbers we need, working together.

Los Angeles is committed to the goal of ending veteran homelessness and doing so through a sustainable system and infrastructure. Los Angeles established the following measures to indicate when that goal is achieved:

- # of veterans on by-name list < 6-month average housing placement rate
- # of veterans entering the system < 6-month average housing placement rate
- By-name lists are comprehensive (VASH, GPD and outreach veterans added) and reviewed at the SPA-level at least biweekly
- Outreach is comprehensive and regular (veterans on the street engaged at least biweekly)
- All veterans offered shelter immediately
- System of care is operates under a Housing First approach, as indicated by all veterans being offered permanent housing options and connected to those programs within 14 days of entry to transitional housing
- Average time to housing placement for GPD, SSVF and VASH programs is 90 days

Some current strategies being proposed and/or implemented in our community in our effort to end Veteran homelessness are:

- Coordinated-outreach that is broken into Service Planning Areas (SPA) within Los Angeles. Each SPA is maintaining a by-name list with regular case conferencing with providers in that area that are knowledgeable of local resources
- On a monthly basis each SPA will upload its by-name list to CoC lead so that they can check the by-name list against the most current data within the HMIS system. LAHSA will then identify veterans that may have entered programs in other areas of the county, gotten housed in another area, as well as they will add veterans that have been enrolled into a homeless service program but have not been entered to the by-name list
- A Coordinated Entry System screening packet is being implemented which will allow all programs to use the same intake packet for enrollment into services, including VA programs
- Develop and implement an effective outreach module within the HMIS system
- Working to ensure that all GPD and HCHV programs are entering veterans into the community by-name list
- Having VASH and SSVF staff conduct intakes and screenings at GPD sites
- Incentives to encourage property owners / managers to rent to veterans who are receiving support from VA / Community programs

Assistance with aligning current plan/process with federal benchmarks/criteria  
,  
Assistance with developing additional permanent housing resources (including private landlords, etc.)

**Q32: Are there any comments/notes that you would like to share (about the survey, your community, etc.)?**

The new survey format creates some difficulty in capturing the picture of what is being done in a large market such as Los Angeles. Since the geography is so large we are not able to effectively manage a single by-name list as it would be too difficult to effectively look through and do case conferencing from. We do however have cross checking of lists and coordination between the various lists and areas.

There are some things that we did not identify we have fully met but when broken down to a regional level the majority of the regions have met those areas, and the other regions are working to make it to that point.

**Q19: What is your community’s definition of ending Veteran homelessness? Please tell us about the strategies included in your plan. Please provide a succinct response. For example, ZZ-400 CoC defined ending Veteran homelessness by 0 unsheltered Veterans on a given night, less than 50 in emergency shelters and transitional housing all with a housing plan within 5 business days, and to house Veterans within 60 days of entering the homeless system.**

CA-606A defined ending Veteran homelessness using a Functional Zero model. The model defines zero as the number of veterans experiencing sheltered and unsheltered homelessness in the community will be no greater than the average monthly housing placement rate for veterans experiencing homelessness in Long Beach. A Master list (Vet Registry) has been implemented in order to track all homeless veterans in Long Beach. The registry will allow the community to engage and track all veterans in the community who are moved from homeless status to permanent housing. The registry’s purpose is tracking all unsheltered and sheltered homeless veterans. In the Long Beach community there are three grantees who can provide services to all veterans who seeks supportive services to permanent housing. In order to reach Functional Zero the CoC has establish strong relationship with the VA Medical Center in Long Beach by providing SSVF presence at the VA Medical Center and assist all veterans who do not meet eligibility for HUD-VASH. This allows the grantees to provide rapid-rehousing for the Non-HUDVASH eligible veterans. The CoC is active in proper referrals to the agencies who can provide permanent housing to the veterans experiencing homelessness. Monthly meetings are coordinated to establish recent changes in staff, services, or funding in order to provide the best practice in seeking the chronic homeless veteran’s transition over to permanent housing. The CoC also reaches out to the property Management/Landlords to advocate housing veterans in their properties. In order to advocate the homeless veterans in Long Beach a quarterly “I love my landlord” event is coordinated in order to acknowledge current property managers who housed veterans and invite new property managers to recruit and include them in taking on the challenge of ending homeless veterans in Long Beach. There is also collaborative Outreach twice a week within the CoC to target areas in Long Beach in order to expedite veteran housing placement and reduce the time from engagement to placement. In order to increase the retention rate in keeping a veteran permanently housed action plans have been implemented in ensuring that a veteran has a chance to increase income through Veteran employment programs, the S.O.A.R. initiatives and access to VA programs that examine disability and discharge claims.
