Definition of Ending Veteran's Homelessness: Every Veteran that is identified as living on the street will be offered Emergency Shelter and provide with housing counseling to establish a housing plan. A case manager will be provided to help our veterans with community resources that will assist with providing permanent housing with-in 60 days of the initial engagement-unless they choose to enter into a long-term treatment program or refuse to be housed. Our system will ensure that their issues are brief and that no veteran is ever forced to live on the street.

- I. Identify Veterans
- II. Engage and immediately offer every unsheltered veteran access to low barrier shelter and housing
- III. Enroll in SSVF and develop a housing plan within 3 days
- IV. Case managers provides housing counseling and assistance to obtain the goal of acquiring permanent housing
- V. Help veterans connect to Community Resources and provide referrals for Health, Financial coaching, Counseling, transportation etc based on veterans need
- VI. Ensure veteran is successful with sustaining permanent housing by intense case management through Employment Readiness Training, Employment Placement, SSI and SSID review, VA Benefits review and helping with other needs identified by case managers

In Augusta, ending Veteran homelessness is defined by achieving a 'functional zero' evaluation of our Veteran homeless population at any given point in time. Functional zero is achieved by the provision of safe, decent and appropriate housing to all Veterans identified as in need of housing-related assistance through our 'By-Name Veteran Housing Needs Registry.'

Further, as the nature of homelessness amongst any population group is fluid and dynamic, 'functional zero' is sustained / maintained by ensuring that the number of veterans experiencing sheltered or unsheltered homelessness will be less than or equivalent to the current affordable housing placement capacity for people experiencing housing crises at any given point in time.

Our communities definition on ending Veteran homelessness is aligned with the 5 criteria outlined by USICH.

1. The community has identified all veterans experiencing homelessness.
2. The community provides shelter immediately to any Veteran experiencing homelessness who wants it.
3. The community only provides service intensive transitional housing in limited instances.
4. The community has capacity to assist Veterans to swiftly move into permanent housing.
5. The community has resources, plans, and system capacity in place should any Veteran become homeless or be at risk of homelessness in the future.

The COA CoC in partnership with the VA has a developed a coordinated system approach to prevent and end Veteran homelessness in the COA. With input from the VA and SSVF funded organizations, the COA CoC is instituting a Coordinated Intake and Assessment approach to streamline and expedite the entry of individuals and families at risk and experiencing homelessness into the homeless system.

Q32: Are there any comments/notes that you would like to share (about the survey, your community, etc.)?

Overall, I really like the survey. I think the responses regarding the types of meeting may need to be expanded. We meet on different things within and outside of the CoC. In other words, questions regarding meetings can have a different meaning depending on what meeting is being referenced. Our agency have weekly meetings that does not always include external partners who may not meet but monthly.
