The strategy at a glance:
The Veterans Subcommittee has about 50 veterans identified across Bristol County and is working regionally to engage and house them. PSH programs have committed to HousingFirst and low threshold housing barriers. Bristol County received an award of 18 MRVP subsidies this week to house homeless veterans and chronically homeless persons. Safe Harbor and Project FAIHR provide case management, peer support and wrap-around services to the same subpops. HUD VASH vouchers are accessed through the Providence VA. 2 local SSVF programs, Veterans Transition House and Veterans, Inc., offer HousingFirst and services to assist veteran families who are homeless or at risk. Other veterans housing: CHRB and City VSO have 6 units with veterans preference; CABH and the City VSO have 6 units for veterans; JRI has 8 units with veterans preference as part of a 17-unit HOME Program project; CSS has 2 PSH beds for individuals and 1 unit for a family all chronically homeless with veterans preference.

We are in the process of reorganizing the list and will have solid numbers in the near future.

Q19: What is your community's definition of ending Veteran homelessness? Please tell us about the strategies included in your plan. Through the leadership of the Veterans Inc. chaired Central Mass CoC Veteran Sub-Committee, Worcester/Worcester County will reach Functional Zero.
Functional Zero, for veteran homelessness, is defined as a measurement where availability of housing resources equals or exceeds the number of veterans needing those resources. To reach that goal, the following four processes will be established as part of the Priority 1 Community Plan:
1. No Turn away's: Any unsheltered veteran in Worcester/Worcester County will be offered a bed on demand in either a transitional or permanent setting, or emergency shelter, in order to accomplish the dual objectives of; 1. The veteran does not sleep on the street and 2. The veteran is afforded the opportunity to be enrolled in SSVF and obtain permanent housing.
• Measurement: Data from the "By Name Veterans" list.
• Measurement: HMIS data will show four or less unsheltered veterans for the 2016 Point in Time count.

2. Rapid Response: When a Veteran does become homeless in Worcester/Worcester County, it is rare and brief. Within 30 days of interacting with our outreach workers, shelter system, transitional housing, and other services, every homeless veteran will have a housing/service plan to transition to permanent housing. The median length of stay for veterans in emergency shelter will be 60 days or less.
• Measurement: Data from By Name Veterans List weekly subcommittee.
• Measurement: HMIS data on sheltered Veterans length of stay

3. Permanent Housing Pathway: A detailed plan will be established for all homeless veterans that creates a clear, step-by-step pathway that includes tasks with specific deadlines. The Pathway will be a user-friendly plan, created jointly with the veteran, and will be an active step-by-step reference guiding the veteran to permanent housing.
• Measurement: By December 31, 2015, 120 homeless veterans will have been housed through SSVF Priority 1, as indicated by HMIS.
• Measurement: By December 31, 2015 there will be no more than 172 veterans in shelter, or transitional housing, or per diem programs, and 4 unsheltered as indicated by HMIS/the 2016 Point in Time count.

4. Low Barrier/Housing 1st: The local homeless and re-housing system of Worcester/.Worcester County will be coordinated to ensure that re-housing services and placements for Veterans are within a housing first paradigm and that best-fit housing matches are made.
• Measurement: By December 31, 2015, all homeless Veterans will be assessed and matched to housing through a coordinated entry system that relies upon housing first resources. Data based on HMIS and By Name Veterans List.
