Our definition of ending veteran homelessness is having all known Monroe County veterans housed. We do this by maintaining a list of known sheltered/unsheltered veterans and working with them to obtain permanent housing. A huge priority has been placed on serving homeless veterans up to, and including, the implementation of SSVF in our community. The CoC will continue to place high priority on veterans with the goal of ending veteran homelessness.

SSVF Program 14-MI-223 defines ending Veteran Homelessness when the original 292 (Group 1) veterans on our by name list have been connected to a housing first resource and have obtained housing of their choice and or have identified that they are no longer experiencing a housing crisis.
 Ending Veteran homelessness also includes having a process and plan in place for any Veteran who is experiencing homelessness and those persons who will be homeless but for this assistance. This includes connection to a housing first resource and a housing resource specialist to help the Consumer find safe, decent, and affordable housing.

We strongly feel that we have the resources to end Veteran homelessness in Kent County. We are in the process of having service providers indicate the types of support they can provide Veterans and sign onto this initiative via a SSVF agreement. We will update the VA on this process and if our Community is working towards realigning their resources.

Due to the small number of veteran specific programs in (MI-507) Portage/Kalamazoo City & County CoC, and the small number of staff dedicated to the CoC from those programs, the CoC has not put a hard push from the county to align with the benchmarks under The U.S. Interagency Council on Homelessness (USICH). There is desire to align by the local veteran service agencies but it has not received major attention from the CoC. During recent meetings there has been a greater focus on veterans and the momentum is shifting towards a centralized homeless veterans list and the other benchmarks laid out in the USICH criteria and benchmarks. Currently, service providers are using other methods outside of HMIS to engage and catalog homeless veterans.

Q32: Are there any comments/notes that you would like to share (about the survey, your community, etc.)?

(MI-507) Portage/Kalamazoo City & County CoC is primarily urban and has many shelters and locations to provide temporary shelter for veterans and families. Shelters include Gospel Mission (men and women), Next Door Women's Shelter (women), Open Door Shelter (men), Kalamazoo Overnight Shelter (hard to serve homeless), and YWCA Domestic Assault Program (domestic violence survivors). The volume of shelters housed in Kalamazoo, that lack of shelters in the surrounding communities, and the close proximity to the Battle Creek VA has made Kalamazoo a key area for homeless veterans. There are also weekly veteran support meetings occurring weekly which includes 6-15 attending veterans. Outreach staff engage with the attending veterans and provide referrals to housing and information for veterans that they may engage with in the community. Finally, the SSVF program is housed in the same location as the Portage/Kalamazoo City & County CoC HARA which has proven to accelerate the speed of rehousing and increased the likeliness of follow-through for the clients encountering homelessness.

The CoC is in the process of defining functional zero and establishing the benchmarks and criteria for ending veterans homelessness. For all practical purposes the current standard is that no veteran goes unsheltered for even one night (because they would die of exposure) that all homeless veterans who request services will be sheltered and begin receiving those services the day they apply and that all veterans will be stably housed within 30 days.

Q32: Are there any comments/notes that you would like to share (about the survey, your community, etc.)?

As SSVF grantee, we serve CoC MI-513 and 13 counties of MI-500, Balance of State Coc. The VAMC Homeless Prevention Office serves the same area and more. We work in tandem, but without a specific release, we do not release "by-name" information about the veterans we are serving to the other CoC members. They routinely make referrals to us and, in serving those veterans, we obtain signed releases from the veterans to work with other specific agencies. The "by name" list doesn't exist as there is not a known pool of homeless veterans waiting for housing assistance. They are served immediately as they walk in the door.

The (MI-514) Battle Creek/Calhoun County CoC has not put a hard push from the county to align with the benchmarks under The U.S. Interagency Council on Homelessness (USICH). There is desire to align by the local veteran service agencies through alternative meetings that occur monthly (Calhoun County Veterans Coalition Resource Meeting) but it has not received major attention from the CoC. During recent Coalition meetings there has been a greater organized effort to push the CoC to focus on veterans. The CoC is considering developing a centralized homeless veterans list and the other benchmarks laid out in the USICH criteria and benchmarks. Currently, service providers are using other methods outside of HMIS to engage and catalog homeless veterans.

(MI-514) Battle Creek/Calhoun County CoC is a mixture of urban and rural and is the home of the Battle Creek VA Hospital which provides care for veterans throughout the multi-county territory. The area also has a variety of shelter programs that veterans can access including GPD, DOM, general shelters, etc. These specific elements have made Battle Creek a prime location for homeless veterans to be found. Additionally, there are also weekly veteran support meetings for veterans. Outreach staff engage with the attending veterans and provide referrals to housing and information for veterans that they may engage with in the community. Finally, Battle Creek hosts a thriving Veterans Coalition that has taken the lead on ensuring needs are being met for local veterans. The coalition includes veterans service providers, VA staff, SSVF, vet-friendly businesses, etc.

Identify all veterans experiencing homelessness and by providing immediate shelter to those that want it. Veterans will be assisted to find permanent housing within 30 days. Veterans that are sheltered will have a housing stability plan. Because Livingston County does not have a general population shelter qualifying veterans will be sheltered in a local motel by SSVF or collaborating community partners. Creating a "By name list" of homeless veterans to keep track of those veterans that are on the streets, being sheltered helps identify areas to continue outreach and give a name to those in this population.

Q32: Are there any comments/notes that you would like to share (about the survey, your community, etc.)?

The community (outside of the SSVF grantee) is hesitant to create a by-name list for privacy reasons and the idea that the data in HMIS is sufficient to know the homeless Veterans in the community and to house them. The SSVF grantee has requested a meeting to discuss the creation of an actual by-name list, not just the use of HMIS. The meeting is being planned for early February.

Strengths-----

b. #1 - SSVF programs are providing major outreach efforts which are getting the word out to the community to enhance the message of reaching functional zero homeless by the end of the year. There is no way VA could do this alone without SSVF teams joining forces and leading the outreach efforts.

c. #2 - Ingham County has a strong community wide goal of serving Veterans. The community has long standing agencies that have fought for bringing help to Veterans throughout the last 25 years. Recent developments include MiVCAT adoption of Lansing Area Veterans Resource Coalition (LAVRC). The LAVRC executive leadership team includes SSVF team members.

d. #3 - VOAMI operates both SSVF program along with being in charge of the HARA for Ingham County. This ensures that all Veterans screened for homelessness are immediately referred SSVF for screening and referrals to Veteran specific resources.

e. #4 - Lansing has 30 GPD beds available to local Veterans. PIT 2015 are projected to have 35 sheltered Veterans with 0 unsheltered Veterans.

f. #5 - One strength is our local SSVF providers working with the Department of Labor Homeless Veterans' Reintegration Program (HVRP) to assist homeless Veterans with much needed training and job placement to allow them to be financially stable.

g. #6 - VOAMI has years of experience providing Veteran services in accordance with the performance goals/missions and outcomes of the VA, DOL, and other Veteran-centric programs.

Challenges-----

i. #1 - The VA hasn't made a strong media effort to spread the message of ending literal homelessness among Veterans by the end of 2015. As a result the community doesn't see the need to end literal homelessness by the end of 2015. The VA has not done enough to share this message. The challenge is that Veterans who don't either encounter a SSVF outreach person, a VA H-PAC staff, or some other Veteran advocate, they will likely be left unaware of the resources/mission available to rehouse homeless Veteran and Veteran families. We are pushing to find every Veteran but without a campaign from the VA there may be Veterans left behind.

Identification of homeless and at risk Veterans is a collaborative effort across multiple organizations. Outreach by the SSVF HRS (Housing Resource Specialist) has insured all organizations that may come into contact with a homeless veteran understand the first call for help should be to the SSVF HRS. Outreach has included but is not limited to multiple radio interviews and PSAs in both CoC's. Meeting with all Veteran Service Organizations in the 6 counties. Ongoing meetings with county VSOs. Participation in the CoC meetings. Placing SSVF flyers in multiple locations throughout the CoC's at Party Stores, Laundry Mats, College campuses, State and County Parks, to name a few. The HRS has also advised all police, fire, and EMS personnel in the CoC's of SSVF and requested if contact occurs with a homeless Veteran that the HRS be notified. Ongoing efforts to educate other community stake holders about SSVF. This is done through speaking engagements with church groups, and other service organizations such as local Rotary Clubs, Elks, and Eagles, etc. SSVF HRS is the housing adviser to the Regions VCAT.

Q32: Are there any comments/notes that you would like to share (about the survey, your community, etc.)?

The community partners outside of the SSVF grantee have been hesitant to create a by-name list for various reasons, including privacy and the idea that having the homeless Veterans data in HMIS is sufficient and there is no need for a list. The SSVF grantee has taken the lead in coordinating meetings to create the by-name list. The community has a good relationship with the VA Homeless Department and many of the homeless Veterans receive a HUD VASH voucher.

Q32: Are there any comments/notes that you would like to share (about the survey, your community, etc.)?

(MI-516) Norton Shores/Muskegon City & County CoC is a partially rural and partially urban community that has zero unsheltered veterans on any given night. Through steps such as quarterly PIT counts in the community, easily accessible veterans service locations, and buy in by the CoC, veterans who stay in ES are being housed within 60 days. Additionally, Muskegon County tax millage for Veteran services provides further resources to Muskegon County veterans to meet needs. Strong participation by the community in quarterly CoC meetings have lowered the average time of homelessness for veterans in Muskegon County. CoC utilizes Case Coordination for difficult cases which ensures that all needs of the homeless individual are met. Finally, stakeholders from this CoC actively participate in the MiVCAT which adds must needed resource opportunities for the CoC as it impacts serving Veterans and Veterans Homelessness.

Q16: Does your list have the following elements? (Select all that apply.)

List is one complete document not made of multiple or different parts

Q17: If your community has a by name list, could you please provide us with the following data involving totals of those currently on the list:

Number of unsheltered Veterans on the list 2
 Number of Veterans currently in ES on the list 5
 Number of Veterans currently in TH (including GPD) 1
 Number of Veterans who have a housing plan 8

Q18: How often do you meet to review and update the by name list?

Monthly

Q19: What is your community's definition of ending Veteran homelessness? Please tell us about the strategies included in your plan. Please provide a succinct response. For example, ZZ-400 CoC defined ending Veteran homelessness by 0 unsheltered Veterans on a given night, less than 50 in emergency shelters and transitional housing all with a housing plan within 5 business days, and to house Veterans within 60 days of entering the homeless system.

Our community has a common goal that can be measured through tracking to ensure our system is prioritizing, and providing permanent housing opportunities that utilize all resources in the community. We will know in real time the number of Veterans housed and when we have reached our goal which is defined as having enough housing available, ensuring no Veterans are on the street, knowing each Veteran by name and all homeless Veterans who enter our system will have a housing plan upon enrollment and ultimately housed within 30 days.

- Assistance with by name list,
- Assistance with strategy development,
- Assistance with developing additional permanent housing resources (including private landlords, etc.)

Q32: Are there any comments/notes that you would like to share (about the survey, your community, etc.)?

In Jackson County our community works really well together on our community plan. The VAMC and other provider's works with us closely to assist with our efforts. Although we have a list of Veterans by name we don't feel this is the entire least and our CoC has designated a committee to work on this issue along with discussing a common Release. CAA and other community members are part and active in the VCAT where we are trying to develop the 24/7 availability of Veteran Resources. We feel we hope to be able to submit our claim to the Federal Partners this year.

Q32: Are there any comments/notes that you would like to share (about the survey, your community, etc.)?

(MI-501) Detroit CoC is an urban area that has thrived in connecting with homeless veterans and veteran families. Through the successful campaign to create and manage the Detroit Veteran homeless by-name list for the CoC, the community partner stakeholders have taken ownership and collectively/quickly moved individuals into permanent housing. In spite of challenges that Detroit has faced in the community, the community partners such as CoC, SSVF, VA, HUD-VASH, GDP, community partners, etc. have developed a strong collaborative with the joined mission to reach the benchmarks listed in the The U.S. Interagency Council on Homelessness (USICH). The addition of the bi-weekly Veterans Match meeting has aligned extremely low income eligible/qualified veterans with vouchers that has promoted even long-term permanent housing stability.

In Lenawee County, our community knows it is capable of ending and maintaining an end to Veteran Homelessness as we have been able to house homeless Veterans within 30 days and have identified that most of them have had a housing plan. Our definition is that our community will adjust our strategies in order to reach the goal of ending Veteran Homelessness and submit our claim soon. We need to work on finalizing our list of Veterans by name so we can track any homeless Veteran who comes through our housing system and ensure no Veteran is on the street. We want all Veterans housed in an average month and a housing plan for each Veteran to be completed immediately so sustainability in permanent housing is evitable utilizing all community and Veteran resources.

Q32: Are there any comments/notes that you would like to share (about the survey, your community, etc.)?

In Lenawee County, CAA works with CoC members, including the shelter, VSO, Michigan Works, VAMC on our community plan. The VAMC will be facilitating our next committee meeting which will involve strategic planning with some members of the CoC to ensure we can get ALL members of the CoC and the community on board and are providing names to our list. We have not been able to get all members involved as of yet although, it has always been the goal of the CoC larger plan to end Veteran Homelessness. A few organizations including MiWorks and CAA have taken a leadership role in the VCAT to help form the 24/7 availability list of resources and hope that is available soon to all members of the

CoC and community. Some members of community feel we are close to ending Veteran homelessness. It is the goal to be able to submit our claim to the Federal Partners this year.
