Functional Zero means that every community will have a systematic response in place that ensures homelessness is prevented whenever possible or is otherwise a rare, brief, an non-recurring experience.

Specifically, every community will strive to:

- Quickly identify and engage people at risk of and experiencing homelessness
- Intervene to prevent the loss of housing and divert people from entering the homeless service system when services are desired
- Provide access to shelter and crisis services, minimizing barriers to entry, while permanent stable housing and appropriate supports are being secured.
- When homelessness does occur, quickly connect people to housing assistance and services – tailored to their unique needs and strengths – to help them achieve and maintain stable housing.
