The OK-501 Tulsa CoC attended a Zero 2016 – Community Solutions action camp in June 2015. As a result of that camp the CoC became engaged as a community and greatly stepped up efforts to reach the veteran housing goal established in January of 2015. We set and achieved a 30 day stretch goal to house 34 veterans and 10 chronic upon our return. To accomplish the goal a sub-committee of the great CoC consisting of 10 agencies met on a weekly basis for 6 weeks. Subsequently we meet on a bi-weekly basis to continue case conferencing. Another group consisting of many of the same agencies has been meeting since March 2015 to discuss strategic plans such as the implementation of the coordinated assessment tool (VI-SPDAT) and creation of the by-name list and its further development to include all homeless veterans in the CoC area not just those in the local shelters. The community has collaborated to fully plan and implement this year's point in time count as well as a Registry Week planned during the week of February 8th – 14th. The intent of the Registry week is to canvas the entire CoC area and ascertain homeless individual's names and locations then perform focused outreach to establish a relationship and eventually connection to required services and permanent housing.

The CoC did achieve the housing goal for 2015 and continues work to improve our ability to find and house homeless veterans quickly and stably.

The OK-500 CoC is very rural in nature. SSVF consistently attends the monthly CoC meetings, provides outreach material and contact information. Members of the CoC do engage SSVF when a homeless veteran is discovered in their area. Three of the CoC counties are covered by the Tulsa, OK 211 Helpline and a consistent method of entry into the SSVF program. Plans for the first quarter of 2016 are to develop a by-name list with a local contact to case conference the veteran. This undertaking will be modeled after OK-501 CoC and their involvement with Community Solutions thus far in establishing a by-name list and case conferencing.
