**Q19: What is your community's definition of ending Veteran homelessness? Please tell us about the strategies included in your plan. Please provide a succinct response. For example, ZZ-400 CoC defined ending Veteran homelessness by 0 unsheltered Veterans on a given night, less than 50 in emergency shelters and transitional housing all with a housing plan within 5 business days, and to house Veterans within 60 days of entering the homeless system.**

Functional zero means that a community has achieved an extraordinary standard of housing performance, system capacity and data quality to ensure that the number of people experiencing homelessness is equal to or less than the current monthly housing placement rate. When our community can routinely prove that it is able to house MORE people than people experiencing homelessness at any given time, that community will have reached FUNCTIONAL ZERO!!

As a community and for the year 2015, we have proven that we can house 34.9 veterans and 4.9 chronically homeless people per month. If we can consistently house at least 34.9 veterans per month and 4.9 people experiencing chronic homelessness per month, we will have achieved functional zero.

Our communities definition of ending Veteran homelessness aligns with the Zero 2016 definition. As a community, we want to ensure all people experiencing homelessness are assessed and matched to available housing through a consistent and centralized process. This data is then used to develop clear targets for the total number of individuals that need to be housed each month in order to end and maintain an end to veteran homelessness in the communities that are apart of the Lowcountry Homeless Coalition.

The Upstate CoC is in the developmental stage of addressing their community's plan to end Veteran homelessness. The Upstate CoC is trying to engage as many community members as possible in an upcoming 2 day meeting in March that will focus on the Vets @ Home Initiative and their community's response to end Veteran homelessness. The COC has several smaller chapter meetings within their 13 county continuum that they are meeting with during the month of February to gather support for March's engagement and imitative meeting. With the collaboration the Vets @ Home TA, CoC, AWS SSVF, the VA, and other local Veteran initiatives and Veteran service organizations, the Upstate COC is confident that we will rapidly identify, engage, and house homeless Veterans in our community.

SC-503 CoC defines ending Veteran Homelessness by 0 identified unsheltered Veterans on a given night , less than 50 in emergency shelters and transitional housing all with a housing plan within 7 business days, and to house Veterans within 45 days of entering the homeless system.

Our strategy to end Veteran Homelessness is an extensive coordinated outreach effort with CoC agencies, VA, HUD-VASH, ESG providers, Federal, State, and local agencies, faith based agencies, and other public and private organizations not affiliated with the CoC that serve Veterans.

Hosting and attending local outreach events including stand downs.

Using the By Name Master List monthly meetings to identify, locate, and pair homeless Veterans with housing. This works in conjunction with the CoC's Coordinated Entry and the prioritization list using the VI-SPDAT. Using CAS as an entry point into the homeless response system outreach, shelters, and transitional housing/shelters will be able to directly refer Veterans to housing/services providers in their local area as well as be tracked on the Veteran By Name or "Master List".
