The Texas Balance of State CoC has not yet established a community definition of what it means to end Veteran homelessness, though we hope to have a definition established by the end of March 2016 with help from our TA providers. As such, each SSVF provider has come up with their own definitions, some of which are listed below:

TX607 Houston defines ending homelessness as having a housing intervention /option for all veterans experiencing literal homelessness on any given night. Eligible veterans engaged during outreach will be enrolled within 48 hours of engagement and housed within 60 days.

Ending Veteran homelessness means having enough housing options to rapidly house veterans who become homeless.

Ending Veteran homelessness among Veterans willing to accept shelter and/or housing by 0 unsheltered Veterans on a given night, less than 15 in emergency shelter and transitional housing all with a housing plan within 5 business days, and to house eligible Veterans within 30 days of entering the SSVF program.

To identify, list, and track all homeless veterans within the service area. Provide veterans with resources including emergency housing and permanent housing resources.

**Q32: Are there any comments/notes that you would like to share (about the survey, your community, etc.)?**

Due to the large area of the TX Balance of State CoC, the answers given here were derived from calculating a simple majority from a parallel survey done through Google forms, and therefore may not be true for every SSVF provider or community in our CoC. Texas Homeless Network, the CoC lead agency, has noted a need for review of foundational skills and support in implementing basic best practices (such as by-name list creation) for our SSVF programs. We have a broad spectrum of understanding across the CoC and request support to establish solid groundwork for our programs to operate from. See below for comments directly from our grantees:

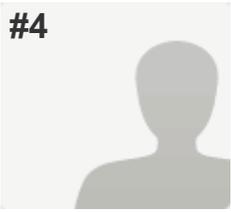

Need to know about the federal partner process.

The coalition works with one county only, Cameron County. We do not work currently with any VA programs in order to address homelessness. It would be helpful to obtain data or figures on the number of homeless in any given county and city. Most cities say they do not have a homeless program when on the contrary there are homeless on the streets.

For a very rural community, we are pleased with the progress we have made in establishing ongoing strong partnerships that are passionate about ending homelessness.

The Austin/Travis County community defines ending Veteran homelessness by utilizing the United States Interagency Council on Homelessness Criteria and Benchmarks. Our strategies include targeted intensive outreach to unsheltered veterans, weekly community program coordination with all Veteran housing programs (VASH, SSVF, HCHV, GPD, Transitional Housing, Employment and other Veterans Service Officers), Mayor’s led landlord/property owner engagement and risk mitigation fund to increase housing availability in a high rental market; increased coordination of supportive services; targeted focus on chronically homeless veterans, weekly updated list of by-name veterans with newly identified homeless veterans being referred to a program immediately following coordinated assessment. Ongoing coordination with HUD-VASH to maximize a limited resource of vouchers and create stability for veterans as they transition from SSVF to VASH. Finally, shelter options are immediately offered to any unsheltered veteran once identified.

TX-500 definition is In Accordance With the USICH guidelines. On any given night, the number of homeless Veterans is less than the number of available housing units or there is a plan to quickly house Veterans experiencing homelessness and place them in permanent supportive housing, with limited use of temporary housing resources. This includes housing placement within 24 hours of contact or request for assistance and no greater than 30 days to placement in PSH. **Q18: How often do you meet to review and update the by name list?** Weekly

**Q19: What is your community’s definition of ending Veteran homelessness? Please tell us about the strategies included in your plan. Please provide a succinct response. For example, ZZ-400 CoC defined ending Veteran homelessness by 0 unsheltered Veterans on a given night, less than 50 in emergency shelters and transitional housing all with a housing plan within 5 business days, and to house Veterans within 60 days of entering the homeless system.**

The El Paso network of providers meets regularly on initiatives related to the collective goal of housing El Paso’s homeless veterans. Over the last two years, El Paso has devoted specialized attention to veterans persistently living on the street, long-term stayers in shelter, as well as high users of emergency services. As an example of the success of these collaborations, the following outcomes have been achieved:

- 19 long-term shelter stayers have been housed;
- 80 homeless individuals have been rapidly rehoused;
- 67 highly vulnerable individuals on the street have been housed.

Our committee has reduced and work towards eliminating the number of individuals who live in shelter for longer than 180 days.
