Q14: Does the community have a by name list?

Yes

Q15: Who manages the by name list?

Name: Kevin Austin - Patrick Frost
Role: Housing Supervisor - Director UHMIS
Organization: The Road Home - HMIS
Organization Type (VAMC, CoC, SSVF Grantee, etc.): SSVF

Q16: Does your list have the following elements? (Select all that apply.)

Includes all unsheltered Veterans,
Includes all Veterans in emergency shelter (regardless of shelter funding source),
Includes all Veterans in transitional housing (GPD, community TH, regardless of funding source)

Q17: If your community has a by name list, could you please provide us with the following data involving totals of those currently on the list:

Number of unsheltered Veterans on the list 33
Number of Veterans currently in ES on the list 211
Number of Veterans currently in TH (including GPD) 150
Number of Veterans who have a housing plan 91

Q18: How often do you meet to review and update the by name list?

Weekly

Q19: What is your community’s definition of ending Veteran homelessness? Please tell us about the strategies included in your plan. Please provide a succinct response. For example, ZZ-400 CoC defined ending Veteran homelessness by 0 unsheltered Veterans on a given night, less than 50 in emergency shelters and transitional housing all with a housing plan within 5 business days, and to house Veterans within 60 days of entering the homeless system.

The Salt Lake County CoC made the goal in August of 2015 to reach functional zero for all homeless veterans. In August, we identified the 90 homeless verified veterans in the entire community and targeted those individuals with housing interventions like SSVF and HUD VASH.

In cooperation with the Veterans Administration in Salt Lake City, Volunteers of America Utah, Salt Lake County Housing Authority, Salt Lake City Housing Authority, and The Road Home, we were able to place 90 veterans into a permanent housing situation (HUD VASH or SSVF) by December 15. We know that between 35-40 veterans fall into homelessness each month. As soon as an individual identifies as a veteran, outreach workers are notified and ask the individual to complete two different Releases of Information and the VA’s 1010 form in order to determine VA eligibility faster than waiting for a DD 214 to be returned.

If the individual is eligible for intervention, we proceed with offering that assistance to the individual. If they accept, and are approved for a housing program, there is a 32 day average between program approval and placement.

We follow a No Wrong Door approach. Whether the individual is living on the street and is identified by an outreach worker, stays in shelter and completes an intake with a shelter worker, or the individual is trying to access services through a VA funded program, when they are identified they are assessed for a housing program immediately.

Along with the cooperation between agencies, The Road Home has a Housing Location department, consisting of five housing locators who are skilled at matching clients with appropriate landlords and units as well as keeping an updated inventory of open units throughout the county.

This CoC community does not have an official definition of ending Veteran homelessness. We are currently improving our system and policies and procedures that will lead to an official definition. Our goal is to have a system in place to have more vacancies than the # of veterans on the list and to house 6-8 veterans per year. This goal is currently being met. We will be working on an official definition in our next strategic planning meetings.

This CoC has been working together on Coordinated entry and coordinated assessment for the last 7 months. Improvements have been made in connecting community providers, identifying homeless veterans, resource awareness etc. There are relatively few literally homeless veterans in this area and a few on our by-name list actually stay at the Road Home in Salt Lake City. They are on our list because they have requested to live in this area. We feel confident that we have the resources to assist the eligible, literally homeless veterans in this area.

Q32: Are there any comments/notes that you would like to share (about the survey, your community, etc.)?

It is very difficult to answer some of these questions based on the entire Balance of State CoC. Some communities are doing well with coordinated assessment and entry and some communities struggle with this process. While several communities have 'master lists', these lists often contain names in which veteran status is not verified. Some communities still struggle with even identifying veterans. As a whole, the BOS CoC has great leadership and is in the process of developing and improving this system.
