When a Veteran in a housing crisis is identified he/she is either re-admitted into an SSVF program or referred to another resource/provider that can be of assistance. However the bigger problem is that the cycle of poverty and reoccurring instances of homelessness needs to be addressed. We are in the process of trying to develop additional long term solutions to the cycle and sustainability.

Need for additional prevention/rapid re-housing funds (non-SSVF),
Need for RRH Waiver to serve higher proportion of prevention clients in SSVF,

Need for income support / financial management services (e.g. Rep Payee),

No,
If the answer is "no", please explain. Priority 1 funding has added significant human resources to the planning and coordination efforts in NY600. While the financial assistance resources may not be needed after P1 funding ends, gaps may exist in human capital at that point.

Q41: Does your community regularly follow-up with rapid re-housing clients to ensure housing stabilization?

Yes

Q42: Do you have a system in place to ensure rapid re-housing clients experiencing new housing crises are routed to prevention/other stabilization services?

Yes,

If yes, please describe this process.

This process is in-development, with ongoing aftercare planning, the launch of a new intensive-team based pilot to prevent/address recidivism or new housing crises, plans for contracted aftercare, expansion of NYC Homebase resources, privately-funded aftercare case management positions, and additional new resources in-development. The NY 600 community also projects the need for a conditional RRH Waiver to support those Veterans placed into permanent housing but will need additional supports from SSVF in the future to prevent their homelessness.
