

Accessing UpToDate at VHA

Accessing UpToDate

The new UpToDate link (<https://vacoweb02.dva.va.gov/VALNETCC/uptodate>) eliminates the need for VA users to enter their personal username and password every time they use UpToDate.

The first time you access the new UpToDate link, you will be brought to the Registration page.

1. If you already have an UpToDate Username and Password from a Personal Subscription or previous access, click the blue Log In hyperlink at the top of the Registration page. The Log In page will display. Sign in with your existing credentials. This will retain all your current CME/CE records.
2. If you are a new UpToDate user with no current Username and Password, complete all registration fields and then click Send Verification Code. A code will be sent to the email you entered in the form.
3. Enter the code you received in your email into the box at the bottom of the registration form. You will have 10 minutes to retrieve the code, enter it, and click Submit Verification Code.
4. Make note of your username and password.
5. Upon completion of the registration process you will receive a verification code via email. Enter the code and you will receive a confirmation email from UpToDate with instructions on downloading the Mobile App.

Registration/Log In through the new UpToDate link is a one-time process and you will be automatically signed in moving forward when you access UpToDate through this method.

NOTE: The new UpToDate link is only valid while on the VA network, including VPN. When off the VA network, users should use the current link <http://www.uptodate.com>, which will still require their UpToDate username and password. The new link will not connect when working off the VA network, as it is on the VA intranet.

Upon completion of the registration process, you will receive a confirmation email from UpToDate with instructions on downloading the Mobile App.

You are now registered and able to download the Mobile App and earn CME credits!

If you already have an UpToDate username and password from a Personal Subscription or previous access, simply click the Log in button in the upper right corner of the screen.

Mobile Access

Once registered, you can install the UpToDate Mobile App on up to two devices.

1. On your smartphone or tablet, search for “UpToDate” in your app store and install the free app.
2. Open the UpToDate Mobile App upon completion of download.
3. Log in with your UpToDate username and password. *You only need to do this once — the app remembers your username and password.*

Access UpToDate Remotely

- In addition to the Mobile App, you can access UpToDate from any computer with internet access.
- Simply go to www.uptodate.com/online and click the “Log in” button located in the top right corner of the UpToDate home page, and enter your username and password.

Maintaining Access

- In order to maintain uninterrupted access to UpToDate, you must re-verify your affiliation on the VA network annually.
- To re-verify, log in to UpToDate with your username and password by following the instructions listed on the previous page.

Please Note: In-application and email messaging will inform you of the need to verify affiliation annually. If you fail to re-verify, you will lose mobile and remote access. To regain access, simply log in to UpToDate with your username and password while connected to your hospital or organization’s network.
