

OvidToday™

Ovid's Journal App

NO EXTRA COST!

Included with your Ovid journal subscription — Freely available for ALL VA clinicians and researchers!

NO EXTRA WORK REQUIRED!

The user downloads the app, sets up their own account, and they have access to all of your Ovid journals holdings!

- Now clinicians can access the VA's Ovid® journal holdings right on their device
- Easy for users to browse, find and track journals, create a personal reading list or read the PDF of any article
- Get more out of your existing Ovid journal subscription at no extra charge, and help improve journal usage

Easy Mobile Access to your Ovid Journals!

OvidToday, is a free, easy-to-use app for VA clinicians to access the Ovid-subscribed journals, and read, download and save from anywhere. The free journal app provides busy healthcare professionals with simple, on-the-go access to the latest and most relevant content they need.

Available for both iPad® and Android™ devices* - OvidToday™ provides instant access to browse through the VA's Ovid journals - including 6 months of rolling content and published ahead-of-print. Plus, users can read or save PDF articles and access them offline from anywhere.

NEW! Token Access option now available! *see reverse for details*

Why Your Users Will Want OvidToday™

- **Browse ALL Your Institution's Ovid® Journal Holdings** – search by journal name, A-Z or by category to find journals that best fit any specialty area
- **Intuitive Interface and Navigation** – made with the busy user in mind to make reading journal articles a simple experience
- **Personal Reading List** – users can create a list of journals to follow, even offline, that is most relevant to their research, practice and education
- **Stay Up-To-Date** – the latest content from the institution's subscribed journals is instantly available on the app once on Ovid - including Publish Ahead of Print
- **Read Articles Anywhere** – Readers can access up to 6 months-worth of rolling content and PDF articles while on-the-go - access at work or at home with remote authentication

*Some features and functionality are currently not available for all devices. Please refer to the store's app description for current release information.
