

SAGE video

SAGE Video streaming collections are developed in partnership with leading academics, societies, and practitioners, to deliver cutting-edge research-oriented video within the social sciences.

Each collection includes a breadth of video types and lengths to support users such as case studies, tutorials, interviews with leading researchers, documentaries, footage of real-life professional contexts, quick reference definitions, and more.

Counseling & Psychotherapy

The **Counseling & Psychotherapy** collection draws on a vast and international network of SAGE's own authors and editors. Material includes more than 20 hours of "how-to" tutorials across the discipline, from CBT to gestalt therapy, and from psychodynamic to existential counseling, plus more than 60 hours of "In Practice" films and multiple interviews with leading academics discussing research in the field. As much as 69% of the content in this collection is exclusive to SAGE.

In addition, discover authoritative licensed content, including films from CPCAB (Counselling and Psychotherapy Central Awarding Body) and the University of South Wales, providing instructional-style tutorials, observational footage, panel discussions between academic experts, and documentaries.

More than 130 hours and 420 videos on these topics:

- Counseling Research Methods
- Counseling Setting/Client Groups
- Theory and Approaches
- Counseling Skills
- Professional Issues

Psychology

The **Psychology** collection brings the field to life via documentaries, historical footage and the accounts of real practitioners and real clients. Academic dimensions of the discipline are made accessible through a variety of different content types that will help users instruct, learn, think deeply, and become even more curious!

Watch original tutorials (many from SAGE's leading textbook authors), see professional psychologists in action, or venture back to the field's beginnings via footage of John B. Watson, Muzafer Sherif's and other early pioneers. This collection has a great variety of content for all end users.

More than 130 hours and 420 videos on these topics:

- Psychology of Aging/Gerontology
- General and Applied Psychology
- Biological/Physiological Psychology
- Clinical/Abnormal Psychology
- Cognitive Psychology
- Lifespan and Developmental Psychology
- Personality and Individual Differences
- Conceptual and Historical Issues in Psychology
- Research Methods and Data Analysis in Psychology
- Social Psychology
