AFFILIATED PARTICIPATING INSTITUTION (including city and state)

This agreement, when duly executed and approved by the Department of Veterans Affairs (VA), establishes an affiliation between VA, its Veterans Integrated Service Networks, and the listed VA facilities, and the institution sponsoring graduate dental education programs and its affiliated participating institutions for the academic purposes of enhanced patient care, education, and research. A sponsoring institution and its affiliated participating institutions that are signatories to this document are collectively referred to as “affiliated institutions” or “the affiliate.” All parties to the agreement have a shared responsibility for the academic enterprise. The affiliated institutions accept primary responsibility for the integrated education programs conducted with VA while VA retains full responsibility for the care of VA patients and administration of its healthcare system. Additional responsibilities are delineated below.

## **BACKGROUND**

The provision of education for future healthcare providers and the conduct of research are VA statutory missions. By virtue of the close relationships between VA and the nation’s academic institutions, VA plays a leadership role in shaping the education of future healthcare professionals to meet the complex scope of the nation’s healthcare delivery system. It is the intent of VA to maintain its long-standing practice of effective affiliations with educational institutions for the purposes of continued excellence in VA patient care and conducting joint academic programs that address health manpower needs for VA and the nation.

An affiliation agreement promotes common standards for patient care, resident and student education, research, and staff appointments. The parties to the affiliation agreement also seek to avoid duplication of academic assets. The parties enter into this affiliation in a spirit of mutual benefit to be achieved through an equitable contribution of resources. The affiliation agreement is crucial to the relationship because it forms the philosophical and, in some cases, the legal basis for specific agreements that may be executed between components of the affiliate and VA.

In entering into any agreements, VA and the affiliate have a responsibility to comply with federal laws and VA policies concerning conflicts of interest. The existence of an affiliation agreement does not guarantee that VA and the affiliate will enter into additional agreements. However, some institutions may have other agreements including contracts, memoranda of understanding, or other written agreements.

## **RESPONSIBILITIES**

### **1. The affiliated participating institution has the following responsibilities:**

- A. Operate, manage, and assume overall educational responsibilities for the dental educational program.
- B. Maintain accreditation for the dental program through the Council on Dental Accreditation (CDA).
- C. Encourage appointments of VA staff to the dental educational program.
- D. Select trainees that meet qualifications as agreed upon by the dental educational program and VA.
- E. Develop educational program letters of agreement for each VA healthcare facility that provides a resident with educational experience that is one month or longer in duration. These agreements must identify faculty who will teach, supervise, and evaluate resident performance; oversee duty hours; outline resident educational objectives; specify periods of resident assignment; and establish policies and procedures for maintaining resident education during the assignment.

### **2. VA has the following responsibilities:**

- A. Operate and manage the VA facility and maintain accreditation by the Joint Commission and other accrediting entities as appropriate.
- B. Appoint qualified healthcare professionals, as appropriate, as full-time or part-time staff of the facility to provide supervision of trainees and provide Veteran patient care.
- C. Participate with the sponsoring institution in the academic programs of education and research, provide a quality learning environment, and supply sufficient resources for appropriate conduct of such programs.
- D. Establish minimal qualifications for trainees coming to VA for academic programs.
- E. Review and sign appropriate educational program letters of agreement prepared by the sponsoring institution for trainees.
- F. VA will ensure that all trainees and faculty who will be assigned to VA receive VA appointments, to include issuance of appropriate letters of appointment documenting their appointment as VA employees.

G. Orient trainees and faculty to the VA facility and inform them that they are subject to VA rules and regulations while in a VA facility.

H. Evaluate the trainee's performance and conduct in mutual consultation with the program director and according to the guidelines outlined in the approved curriculum and accepted standards.

I. Assure that trainees with occupational injuries (including exposure to infectious or environmental hazards), will be assessed and, in emergency cases, initially treated at VA. Workers compensation coverage for trainees will be that which is provided under the Federal Employees' Compensation Act.

J. Dismiss any trainee from VA assignment in accordance with VA Handbook 5021, Part VI, Paragraph 15 or Paragraph 18, whichever paragraph applies.

K. Assure that staff with appropriate credentials will supervise trainees.

L. Encourage faculty appointments at the sponsoring institution for VA staff.

M. Appoint VA and appropriate sponsoring institution program faculty to the VA Partnership Council and its subcommittees. Program faculty will be chosen based on the extent of involvement in the VA training program and geographic proximity to the VA facility.

N. Conduct periodic reviews of academic programs and policies according to VA policies.

## **TERMS OF AGREEMENT**

Ultimate responsibility for the control and operation of VA facilities and programs rests with VA. Ultimate responsibility for academic education rests with the affiliated institutions. Through this agreement, a collaboration is created with VA to enhance patient care, education, and research.

The affiliated institutions comply with Title VI of the Civil Rights Act of 1964, section 504 of the Rehabilitation Act of 1973, Title IX of the Education Amendments of 1972, Public Law 104-191, the Age Discrimination Act of 1975, and all related regulations, and assures that they do not, and will not, discriminate against any person on the basis of race, color, sex, disability, or age under any program or activity receiving federal financial assistance.

Nothing in this agreement is intended to be contrary to state or federal laws. In the event of conflict between terms of this agreement and any applicable state or federal law, that state or federal law will supersede the terms of this agreement. In the event of conflict between state and federal law, federal law will govern.

When providing professional services covered by this agreement, protection of properly appointed faculty members (except those providing services under a contract with VA) and properly appointed trainees of the affiliated institution from personal liability while at a VA healthcare facility will be that which is provided under the Federal Employees' Liability Reform and Tort Compensation Act 28 U.S.C.2679 (b)-(d). The liability, if any, of the United States for injury or loss of property, or personal injury or death shall be governed exclusively by the provisions of the Federal Tort Claims Act.

Amendments must be bilaterally executed in writing, signed by authorized representatives of both agencies. No oral or unilateral amendments will be effective. Only terminations done in accordance with the terms of this agreement may be done unilaterally.

Should disagreement arise as to the interpretation of the provisions of this agreement that cannot be resolved between the parties' designated Points of Contact, the area(s) of disagreement will be reduced to writing by each party and presented to the authorized officials at both participating entities. If settlement cannot be reached at this

level, the disagreement will be raised to the next level in accordance with the parties' procedures for final resolution. Both parties will proceed diligently in performing their obligations under this agreement pending final resolution of any dispute arising hereunder.

### **TERMINATION OF AFFILIATION AGREEMENT**

This affiliation agreement is in force \_\_\_\_\_ *[insert a date that is not to exceed ten years in the future and that allows for completion of the last training cycle during that period]* and supersedes any previous affiliation agreement. It may be terminated in writing at any time by mutual consent with due consideration of patient care and educational commitments, or by written notice by either party 6 months in advance of the next training experience.
