1. **Purpose:** The purpose of this PPM revision is to remove references to a quarterly reporting requirement contained in the initial PPM. The remaining requirements are in full effect.

2. **Background:** On February 3, 2017, PPM 2017-06 Federal Acquisition Regulation Case 2009-005 Final Rule – Use of Project Labor Agreements (PLA) for Federal Construction Projects (VAIQ 7760889) was issued to prescribe: 1) the implementation of Executive Order (E.O.) 13502, dated February 6, 2009, regarding the use of PLAs for large-scale Federal construction projects; 2) subsequent revisions to the FAR; and 3) related guidance from the Office of Management and Budget (OMB). The OMB guidance imposed a quarterly reporting requirement for construction contracts awarded in connection with large-scale projects.

On June 15, 2017, OMB issued memorandum M-17-26 Reducing Burden for Federal Agencies by Rescinding and Modifying OMB Memoranda rescinding the quarterly reporting requirement for PLAs. **PPM 2017-06 is revised to remove the reporting requirement. All other requirements of the PPM remain in full effect.**

3. **Applicability:** This PPM Revision applies to Heads of the Contracting Activities (HCA’s) and VA Contracting Officers (COs) and other acquisition professionals.

4. **Effective Date:** This PPM Revision is effective immediately.

5. **Expiration Date:** In effect until incorporated into the Veterans Affairs Acquisition Regulation (VAAR) or the Veterans Affairs Acquisition Manual (VAAM) or is otherwise rescinded.
6. **Questions or Concerns**: Please direct questions regarding this PPM Revision to the Office of Acquisition and Logistics (003A), Procurement Policy and Warrant Management Service (003A2A), via email at VA.Procurement.Policy@va.gov or (202) 632-5288.
