801.000 Scope of part.

This part sets out general Department of Veterans Affairs (VA) Acquisition Regulation (VAAR) policies, including information regarding the maintenance and administration of the VAAR, acquisition policies and practices, and procedures for deviation from the VAAR and the Federal Acquisition Regulation (FAR).

SUBPART 801.1 – PURPOSE, AUTHORITY, ISSUANCE

801.101 Purpose.

(a) VA established the VAAR to codify and publish uniform policies and procedures for VA’s acquisition of supplies and services, including construction.

(b) The VAAR implements and supplements the FAR.

801.103 Authority.

The Secretary issues the VAAR under the authority of 40 U.S.C. 121(c), Title 48 of the Code of Federal Regulations (CFR) 1.301 through 1.304, and other authorities as cited.

801.104 Applicability.

(a) Unless otherwise specified in this chapter or excepted by statute (i.e., expenditures of the VA Canteen Service) or other VA regulations, the FAR and VAAR apply to all VA acquisitions (including construction) made with appropriated funds. Supply Fund monies (38 U.S.C. 8121) and General Post Funds (38 U.S.C. 8302) are appropriated funds.

(b) Use the VAAR and the FAR together. The FAR applies to VA acquisitions except as provided in the VAAR.

801.104-70 Exclusions.

The FAR and VAAR do not apply to purchases and contracts that use General Post Funds if using the FAR and the VAAR would infringe upon a donor’s right to specify the exact item to be purchased and/or the source of supply (38 U.S.C. 8303).
801.105 Issuance.

801.105-2 Arrangement of regulations.

(c) General. The VAAR is divided into subchapters, parts (each of which covers a separate aspect of acquisition), subparts, sections, and subsections.

(d) Numbering. (1) The numbering system permits the discrete identification of every VAAR paragraph. The digits to the left of the decimal point represent the part number. The numbers to the right of the decimal point and to the left of the dash represent, in order, the subpart (one or two digits), and the section (two digits). The number to the right of the dash represents the subsection. Subdivisions may be used at the section and subsection level to identify individual paragraphs.

(2) Subdivisions below the section or subsection level consist of parenthetical alphanumerics using the following sequence: (a)(1)(i)(A)(1)(i).

(e) References and citations.

(1) Unless otherwise stated, cross-references indicate parts, subparts, sections, subsections, paragraphs, subparagraphs, or subdivisions of this Chapter.

(2) This Chapter may be referred to as the “Department of Veterans Affairs Acquisition Regulation” or the “VAAR”.

(3) Using the VAAR coverage at 809.106-4(c) as a typical illustration, reference to the—

(i) Part would be "VAAR Part 809" outside the VAAR and "Part 809" within the VAAR.

(ii) Subpart would be "VAAR Subpart 809.1" outside the VAAR and "Subpart 809.1" within the VAAR.

(iii) Section would be "VAAR 809.106" outside the VAAR and "809.106" within the VAAR.

(iv) Subsection would be "VAAR 809.106-4" outside the VAAR and "809.106-4" within the VAAR.

(v) Paragraph would be "VAAR 809.106-4(c)" outside the VAAR and "809.106-4(c)" within the VAAR.
(1) Citations of authority (e.g., statutes or Executive orders) in the VAAR shall follow the Federal Register form guides.

801.106 OMB approval under the Paperwork Reduction Act.

In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3501-3521), the Office of Management and Budget (OMB) has approved the reporting or recordkeeping provisions that are included in the VAAR and has given VA the following approval numbers:

(c) The request to deviate must clearly state the circumstances warranting the deviation and the nature of the deviation.

801.404 Class deviations.

Authority to authorize class deviations from the FAR and VAAR is delegated to the SPE and is further delegated to the DSPE. The DSPE may authorize class deviations from the FAR and VAAR when a class deviation is in the best interest of the Government. The DSPE must comply with the provisions of FAR 1.404 through the SPE.

(a) The HCA or the DSPE, within their authority, may appoint a contracting officer under FAR 1.603 and VA’s Contracting Officer Certification Program (COCP).

(b) In addition, the HCA may delegate micro-purchase authority to VA employees under VA’s purchase card program.

(c) An individual may not commit the Government for purchases of supplies, equipment, or services unless the individual has received delegated contracting authority as a contracting officer or purchase card holder or as provided in 801.670. Individuals making such commitments or acting beyond the scope of their authority may be held financially liable.

801.602 Contracting officers.

(a) Except as otherwise provided by statute, VA regulations, the VAAR, or the FAR, the authority vested in the Secretary to do the following is delegated to the SPE and is further delegated from the SPE to the DSPE:

In the administration of a contract, many problems can and do arise that make the advice and assistance of the Office of General Counsel (OGC) either desirable or necessary. The final decision as to the action to be taken, however, must be made by the contracting officer in each instance. To reduce to the absolute minimum the possibility of litigation resulting from his/her decision, the contracting officer shall submit the problem through channels in sufficient detail to the General Counsel for advice or assistance.

[Deviation per Class Deviation—VAAR 801.602-3, Ratification of Unauthorized Commitments, dated May 3, 2013, to change the ratification authority from the Deputy Assistant Secretary (DAS) for Acquisition and Materiel Management to the Head of Contracting Activities (HCAs); clearly identify the HCAs as the ratification officials for all unauthorized commitments in accordance with FAR 1.602-3(b)(2) and (3); and, rescind ratification authority from the “chief financial officers of the Administrations”. **801.602-72 Exceptions and additional review requirements.** [Reserved]

**801.602-73 Review requirements for scarce medical specialist contracts and contracts for health-care resources.**

For contracts to be awarded under the authority of either 38 U.S.C. 7409 or 38 U.S.C. 8153, contracting officers must obtain technical and legal reviews from the Medical Sharing Office, OGC, and Acquisition Resources Service staff of the following documents:

(a) Each competitive solicitation, quotation, proposed contract, or agreement with

January 2008 Edition 801-11
an anticipated contract award value of $1,500,000 or more, inclusive of options.

(b) Each noncompetitive solicitation, quotation, proposed contract, or agreement with an anticipated contract award value of $500,000 or more, inclusive of options.

801.602-74 Review requirements for an interagency agreement.

Contracting officers or other staff must obtain technical review from Acquisition Operations Service staff of the following documents:

(a) Each proposed VA Central Office interagency agreement with another Federal agency to be awarded under authority of the Economy Act, regardless of dollar value. For VA Central Office, only the DSPE or designee may sign an interagency agreement.

(b) Each proposed VA field facility interagency agreement with another Federal agency awarded under authority of the Economy Act involving an anticipated expenditure of VA funds of $250,000 or more. A VA field facility contracting officer or a contracting officer at the VA National Acquisition Center or the Denver Acquisition and Logistics Center may sign an interagency agreement if the dollar threshold is within the contracting officer’s warrant limit.

801.602-75 Review requirements – OGC.

Contracting officers must obtain legal review or concurrence from OGC for the following contractual actions. While certain contract types and dollar thresholds are mandated for legal review, reviews may be requested at lower levels as determined by each respective HCA’s review process.

801.602-76 Business clearance review.

(a) A business clearance review is a technical review of all solicitation and contract award or modification documents immediately prior to contract award or modification over the specified dollar threshold.

(b) All VA contracting officers must obtain a business clearance review prior to award of any contract, task or delivery order, or blanket purchase agreement or execution of any contract modification with a value of $5 million or more or prior to award of any lease with a value of $300,000 or more per year.

(c) The dollar threshold in this paragraph is based on the total dollar value of all awards expected under a single solicitation, not the value of each individual award under a solicitation. For example, a solicitation for home oxygen for a Veterans Integrated Service Network (VISN) might result in multiple awards, each of which has a value of less than $5 million. If the total of all awards under that solicitation will exceed $5 million, the contracting officer must obtain a business clearance review of the entire package, including all proposed individual awards.

801.602-77 Processing solicitations and contract documents for legal or technical review – general.

(a) Under 801.602-70 through 801.602-76, before taking contract action, a contracting officer must ensure that any required legal or technical review or concurrence is complete. Contracting officers shall not award or sign contracts, task or delivery orders, blanket purchase agreements, or contract modifications prior to receipt of the final legal and technical review. Should the contracting officer disagree with the advice provided, the contracting officer shall document in the contract file the reasons therefore and provide a copy of that document to the reviewing Office of Acquisition and Materiel Management office. The contracting officer must fully implement any accepted review comments as follows:
(1) Before opening the bid or proposal for a competitively awarded contract.

(2) Before executing contract documents for a contract modification or noncompetitive contract award.

(b) The contracting officer must advise potential bidders or offerors of changes made to the solicitation by issuing an amendment. The contracting officer must give bidders and offerors sufficient time for evaluation before the bid or proposal opens.

801.603 Selection, appointment, and termination of appointment.

801.603-1 General.

VAAR 801.690 through 801.690-9 and 801.670 establish the policy and procedures for selecting, appointing, and terminating a contracting officer.

[Deviation per Class Deviation—801.603-70, Representatives of Contracting Officers dated October 20, 2010, revises this section to allow Heads of Contracting Activities (HCAs) to designate non-warranted personnel as ordering officers to issue orders against indefinite delivery vehicles for supplies and services, as well as blood contracts. This deviation is applicable to indefinite delivery vehicles for supplies and services, where pricing is established by the contracts and no further negotiation is required. Remains in effect until otherwise rescinded.]

801.603-70 Representatives of contracting officers.

(a) In carrying out the responsibilities of FAR 1.602-2, the contracting officer may designate another Government employee as COTR to perform the functions in this section and 801.603-71.

(1) Except as indicated in 801.603-71, a designation under this section must be in writing, must define the scope and limitation of the representative’s authority, and must be addressed to the COTR with a copy forwarded to the contractor.

(2) The COTR may not re-delegate authority received under this paragraph.

(3) The contracting officer may not authorize a representative to make any commitment or change that will affect the price, quantity, quality, or delivery terms of a contract.

(4) A contracting officer acting within his or her warranted contracting authority must authorize any change to a contract.
(b) A contracting officer may authorize his or her technical representative to do the following:

1. Furnish technical guidance and advice or generally supervise the work performed under the contract.

2. Take any action authorized in the contract, such as issuing a delivery order, rejecting an unsatisfactory item, ordering a replacement of an unsatisfactory item (materials or services) or declaring a contractor in default on specific delivery orders.

   i. Except for a contract for blood and orders placed by duly authorized ordering officials against awarded indefinite delivery vehicles, the contracting officer may delegate this authority only to other Government contracting officers under centralized indefinite delivery type contracts and the contract will so state.

   ii. A centralized contract for blood must state that a contracting officer at an ordering office may designate representatives and alternate representatives to place a delivery order subject to the same restrictions in paragraph (b)(3) of this section.

   iii. A contracting officer may designate individuals as ordering officers with the authority to execute orders against an awarded indefinite delivery vehicle subject to the restrictions in paragraph (b)(4).

3. Place an oral or other informal delivery order for items such as, but not limited to, bread, milk, and blood against a local indefinite delivery type contract for which there is a blanket purchase arrangement and for which funds have been obligated.

4. Ordering officer. HCAs must establish procedures to delegate authority to non-warranted VA personnel to place orders against their own indefinite delivery vehicles where fixed terms and prices are established in the contract. Ordering officers do not have the authority to negotiate, determine price reasonableness, or determine best value. The contract must state that a contracting officer may designate representatives and alternate representatives to place orders against the indefinite delivery vehicle. Ordering officer authority limitations are to be established through individual appointment letters.
[Deviation per Class Deviation—801.603-70, Representatives of Contracting Officers, dated November 19, 2014, revises the October 20, 2010 deviation (VAIQ 7003833) to allow Heads of Contracting Activities (HCAs) to designate non-warranted personnel as ordering officers for non-VA contracts where prices are pre-established and no further negotiations are required. Remains in effect until otherwise rescinded.]

(5) Ordering officer – Non-Veterans Affairs (VA) contract awards. HCAs must establish procedures to delegate authority to non-warranted VA personnel to place orders against HCA-approved vehicles. Order procedures must limit placement to use of existing terms and prices. Ordering officers do not have the authority to negotiate, determine price reasonableness, or determine best value. The contract must state that a contracting officer may designate representatives and alternate representatives to place orders against the indefinite-delivery vehicle. Ordering officer authority limitations are to be established through individual appointment letters, and must include order placement procedures.

(c) In the administration of research and development contracts, any representative appointed under this section must be acceptable to the contracting officer and the head of the organization concerned.

(d) When the contracting officer intends to designate a representative under this section for a particular solicitation or contract, the contracting officer must include the clause in 852.270-1, Representatives of contracting officers, in the solicitation and contract.

801.603-71 Representatives of contracting officers: receipt of equipment, supplies, and nonpersonal services.

(a) Without prior notification to the contractor or vendor, the contracting officer may designate other competent personnel, i.e., COTRs, to represent him or her to receive and inspect supplies, equipment and services at a VA facility. The COTRs may perform duties, as specified by the contracting officer, such as, but not limited to, the following:

(1) Inspect and certify compliance with the quality and quantity requirements of the purchase order or contract.

(2) Inspect supplies and equipment for condition and quantity and accept supplies, equipment, and services, based on quality inspection made by another authorized representative.

(b) The Director, Library Services, VA Central Office, and the Chief, Library Service, at a field facility may act as representatives of the contracting officer to receive, inspect and accept library books, newspapers, and periodicals. Purchase documents will specify that delivery will be made directly to the library.
801.670 Special and limited delegation.

The authority vested in the Secretary to execute, award, and administer a contract, purchase order, or other agreement for the expenditure of funds to acquire the specific services set forth in 801.670-1 through 801.670-4 is delegated to the SPE. The SPE further delegates this authority to the DSPE and to employees appointed or designated to the positions specified in those sections.

801.670-1 Issuing bills of lading.

The authority to issue bills of lading previously contained in this section is rescinded. Except for individual small package shipments (e.g., United Parcel Service, Federal Express, or United States Postal Service small package shipments), no VA employee may issue a bill of lading or otherwise procure transportation services for goods unless the employee has been delegated authority to do so as a warranted contracting officer under the VA Contracting Officer Certification Program (ref. 801.690). All transportation services for goods, other than for small package shipments, require a bill of lading. Except for individual small package shipments, individuals with only micro-purchase authority may not issue bills of lading or otherwise procure transportation services. The dollar value of the bill of lading issued or transportation services acquired must not exceed the delegated authority of the contracting officer. Candidates for appointment as transportation contracting officers whose delegated authority will be limited to the acquisition of transportation services for goods only shall comply with the Education, Experience, and Training requirements, if any, in Part 102-117 of title 41 Code of Federal Regulations, the Federal Management Regulation, rather than the requirements in 801.690.

801.670-3 Medical, dental, and ancillary service.

(a) When medical, dental, and ancillary services under $10,000 per authorization are not available from an existing contract or agreement, the following VA officials at VA medical facilities may authorize these services:

(1) The Chief of Staff and the physician assigned the responsibility for the ambulatory care function.

(2) Chief, Medical Administration Service, or the person designated by the facility director to perform medical administration functions.

(b) Forms specified in Part 853 shall be used for ordering services under this paragraph from existing contracts.

(c) The officials named in paragraph (a) of this section may designate one or more of their subordinates to exercise the authority in paragraph (a) of this section.

(d) A designation under this section must be in writing and specifically set forth
the scope and limitations of the designee’s authority.

801.670-4 National Cemetery Administration.

The Director of Logistics Management Service, the Centralized Contracting Division, and the Construction Support Division are authorized to procure supplies, equipment and non-personal services (including construction) for National Cemetery Administration (NCA) field facilities and other NCA offices when there is an emergency during which the servicing supply organization cannot be used.

801.670-5 Letters of agreement.

(a) Letters of agreement shall not be used. The authority previously contained in this section is rescinded.

(b) The VA Office of Inspector General may issue contracts for commercial items, including services, using a letter format (see FAR 12.204(a)), provided billing information and required clauses are included in the contract. If the dollar value of the acquisition will exceed the simplified acquisition threshold, this is a deviation from the requirement to use Standard Form 1449 at FAR 12.204(a).

(a) Under section 6(a) of Public Law 95-452 (October 12, 1978), the Inspector General may do the following:

(1) Contract or arrange for audits, studies, analyses, and other services with public agencies and with private persons.

(2) Make payments necessary to carry out the provisions of the Act, to the extent and in amounts provided in advance by appropriations acts.

(b) In exercising the special authority provided in paragraph (a) of this section, the Inspector General may ask the servicing head of the contracting activity for assistance in developing appropriate contract or agreement documents.

(c) The FAR applies to contracts made under paragraph (a) of this section. Such contracts also are subject to provisions of the VAAR that implement and supplement the FAR on matters other than those stemming from or related to delegations of the Secretary’s contracting authority. (For example, management controls and approvals specified in Subpart 837.2 will not apply to contract actions under the contract authority of the Inspector General.)

designated in 801.670 who exercises special and limited delegations of authority.

    (c) Warrant levels are synonymous with the Federal Acquisition Certification in Contracting Program certification levels specified in the OFPP Memorandum dated January 20, 2006, titled “The Federal Acquisition Certification in Contracting Program.” The COCP is based on the following levels and types of authority:

    (1) **Level I warrant.** Authority for expenditures at or below the simplified acquisition threshold (see FAR 2.101) for open market contracts, blanket purchase agreements, basic ordering agreements, and delivery/task orders against established contracts (except Federal Supply Schedule (FSS) contracts), within the specified geographical limits of the contracting officer’s warrant. For FSS contracts, Level I warrant authority includes authority for expenditures up to the maximum order threshold of the FSS contract, within the specified geographical limits of the contracting officer’s warrant. This level was formally titled “Basic” and any current Basic Level warrant need not be reissued solely to change the title.

    (2) **Level II warrant.** Authority for expenditures at or below $5,000,000 or as stated on Standard Form 1402 for open market contracts, blanket purchase agreements, basic ordering agreements, and delivery/task orders against established contracts, within the specified geographic limits of the contracting officer’s warrant.     (3) **Level III (Senior Limited) warrant.** Authority for expenditures at or below the dollar threshold and within the geographical limits specified on the contracting officer’s warrant, Standard Form 1402. The authority is for expenditures at any dollar level without geographical restriction. This level was formally titled “Senior Unlimited” and any current Senior Unlimited Level warrant need not be reissued solely to change the title.

    (5) **Multi-VISN.** Authority at the Level II warrant and Level III (Senior Limited) warrant levels, granted by the DSPE, that permits procurement consolidations among Veterans Health Administration VISNs, Veterans Benefits Administration Area Offices, and other Government agencies that exist outside the contracting officer’s normally assigned geographical area of appointed authority. Multi-VISN authority is generally granted to contracting officers for procurement-specific requirements or to contracting officers who are members of groups or consortiums established for regional contracting initiatives.
(d) **Micro-purchase Level.** Micro-purchase Level authority, not to exceed the micro-purchase threshold (currently $3,000) ($2,500 for acquisition of services subject to the Service Contract Act, and $2,000 for acquisition of construction subject to the Davis Bacon Act) (see [FAR 2.101](#)), is separately addressed under VA’s purchase card program. Under that program, the HCA may delegate authority to a VA employee as a purchase card holder through the issuance of VA Form 0242.

These employees shall enroll in the Acquisition Career Management Information System (ACMIS), the data system that serves as the repository of required information on VA’s acquisition workforce.
801.690-4 Selection.

(a) The HCA may appoint Level I warrant contracting officers or submit written requests to the DSPE for appointment of Level II warrant or Level III (Senior Limited or Unlimited) warrant contracting officers. A VA official one level above the HCA may submit a written request to the DSPE for the appointment of an HCA as a contracting officer.

(b) Appointment can only be requested in those circumstances where it can be demonstrated that a valid organizational need exists. In making this assessment and justification, the HCA will consider the complexity of the work, volume of actions, organizational structure, and human resource management actions and forecasts, such as rates of retirement, reassignment, and retention.

(c) The request shall consist of the following:

(3) Education background, including number of acquisition or business-related college credits;

(4) List of core training requirements or equivalent courses that have been successfully completed;

801.690-5 Requirements for contracting authority.

(a) Effective January 1, 2007, no individual, regardless of job series, may be issued a new contracting officer warrant above the micro-purchase threshold unless the individual meets the requirements for Federal Acquisition Certification (Certification) for the applicable Level I, II, or III warrant level as specified in OFPP Policy Letter 05-01 and the OFPP Memorandum dated January 20, 2006, titled “the Federal Acquisition Certification in Contracting Program.” A new contracting officer warrant is defined in OFPP Policy Letter 05-01 as a warrant issued for the first time at a department or agency. For contracting officers warranted before January 1, 2007, certification will not be required to retain their existing warrants, but will be required before higher level warrants can be issued. Certification includes minimum requirements for education, training, and experience. A candidate for a warrant must have at least a satisfactory-or-above performance rating during the most recent performance period.

(b) For contracting officer warrants issued prior to January 1, 2007, the minimum requirements for qualifying as a contracting officer previously specified in VA regulation and other internal VA guidance shall apply.

(c) Multi-VISN. The HCA shall obtain written or e-mail concurrence from the HCAs of the other affected VISNs or Area Offices when requesting Multi-VISN contracting authority.

(d) Training. (1) Contracting officers and non-warranted contract specialists shall complete the required coursework and on-the-job training needed to possess the established competencies listed in OFPP's Federal Acquisition Institute Contract Specialist Training Blueprints (http://www.fai.gov/policies/contract.htm).

(2) The Chief, ATCD, oversees the ATP.

(3) Training course equivalency will be determined and approved by the Chief, ATCD. Candidates should contact the Chief, ATCD, for an equivalency
determination and must furnish any information or evidence necessary to support the request. Appeals of decisions may be made to the VA ACM and the decisions of the ACM shall be final.

(e) **Skills Currency.** (1) Contracting officers and non-warranted contract specialists who have completed the core training requirements shall obtain a minimum of 80 CLPs of continuing education or training every two fiscal years to stay abreast of current acquisition knowledge and skills as mandated by OFPP. The HCA (for Level I warrant contracting officers) and the Chief, ATCD (for Level II warrant and Level III warrant contracting officers), shall make written determinations every October 1 for each warranted contracting officer on whether the required CLPs, as specified in OFPP guidance, were completed during the two prior fiscal years. The HCA shall assign CLP values to training taken by Level I warrant contracting officers for training that does not have pre-assigned CLP or continuing education unit (CEU) values assigned to the training by the provider. The Chief, ATCD, shall assign CLP values to training taken by Level II warrant and Level III warrant contracting officers for training that does not have pre-assigned CLP or CEU values assigned to the training by the provider. Values shall be assigned based on guidance provided by OFPP and the combined efforts of the Federal Acquisition Institute and the Defense Acquisition University. Questions regarding the CLP or CEU values assigned to training shall be resolved by the ACM.

(2) The Chief, ATCD, is responsible for the management of the ACEP, the program that assists contracting officers and contract specialists to meet the training requirements.

(3) An expiring warrant will not be re-issued if the contracting officer has not met the continuing education or training requirement.

(f) **Education.** (1) The 24 business-related college credits shall be in any combination of the following fields of study at an accredited college or university: accounting, business, finance, law, contracts, purchasing, economics, industrial management, marketing, quantitative methods, or organization and management.

(2) The HCA will make the final determination whether a course is accepted as business-related for the purpose of granting Level I warrant authority. The Chief, ATCD, will make the final determination whether a course is accepted as business-related for the purpose of granting Level II warrant or Level III warrant contracting authority.

(3) American Council on Education (ACE) credits are not considered as college credits until they are converted and included on a transcript from an accredited college or university.

(g) **Grandfather provision for the education requirement.** (1) VA contracting officers, regardless of grade level, who currently hold Level I, Level II, or Level III
(Senior Limited or Unlimited) warrants are considered as having met the Experience, Education, and Training requirements for their respective warrant levels. This includes transfers or laterals to other VA contracting activities with similar geographical restrictions. Contracting officers who are promoted up to a GS-12 can maintain their current warrant level authority.

(2) This Grandfather provision does not cover new VA employees, current VA employees who are not warranted, former VA employees who held contracting authority at their previous Federal Government agencies or VA positions, or VA employees whose warrants have been rescinded or have expired. VA contracting officers who are promoted to GS 13-and- above will no longer be covered by this Grandfather provision and, therefore, must meet the current Experience, Education, and Training requirements for the specific warrant authority that they currently hold or to which they wish to be appointed. Contracting officers requesting a higher level warrant (e.g., from Level I warrant to Level II warrant or from Level III (Senior Limited) warrant to Level III (Senior Unlimited) warrant) must also meet the current Experience, Education, and Training requirement for the specific warrant authority requested.

(3) This Grandfather provision for retaining a contracting officer’s current warrant authority is voided if the contracting officer does not fully meet the minimum Skills Currency requirement prior to warrant expiration or when the warrant authority is suspended or revoked. The contracting officer will then need to meet all of the current warrant prerequisites before a new warrant can be issued or before the suspended or revoked warrant can be reinstated.

(h) The training requirements for contracting officers whose delegated authority is limited to the acquisition of transportation services, as provided in Part 102-117 of title 41 Code of Federal Regulations, the Federal Management Regulation shall be as specified therein.

801.690-6 Appointment.

(a) Only the DSPE (for Level II and Level III (Senior Limited or Unlimited)) warrants and the respective HCA (for Level I warrants) may sign the Certificate of Appointment as Contracting Officer. HCAs are authorized to grant Micro- purchase Level and Level I warrant contracting authority up to the thresholds specified for these authorities at 801.690-2(c). The HCA may recommend a candidate to the DSPE for appointment as a Level II warrant or Level III warrant contracting officer. Only the DSPE may grant Level II warrant, Level III (Senior Limited or Unlimited) warrant, and Multi-VISN authority.

(b) All Certificates of Appointment as Contracting Officers and other written documents must clearly state any limitations or restrictions on the authority.

(c) The Privacy Act of 1974 applies to the information collected during contracting officer selection and appointment.
801.690-7 Termination.

(a) The DSPE (for all warrant levels) or HCA (for Micro-purchase Level and Level I warrants) may revoke or rescind the appointment of a contracting officer at any time. HCAs may submit a recommendation to revoke or rescind the appointment of a contracting officer’s Level II warrant or Level III (Senior Limited or Unlimited) warrant to the DSPE. Revocation may be based on the following circumstances:

1. There is no longer a need for the appointment;
2. There has been a personnel action such as a resignation, retirement, transfer;
3. Unsatisfactory performance;
4. Alleged official misconduct pending criminal or administrative investigations;
5. Failure to meet training or skills currency requirements;
6. A contracting officer taking an action that exceeds his or her authority;
7. Blatant disregard for adhering to acquisition regulations, policies and procedures; or
8. Situations similar to those in paragraphs (a)(1) through (7) of this section that may require remedial action.

(b) The HCA should discuss a termination of contracting authority for cause with the servicing Human Resource Management Office to determine the impact, if any, on the contracting officer’s continued employment.

(c) All changes in the status (e.g., departure; name, position, or grade change) of a micro-purchase cardholder or Level I warrant holder shall be reported in writing by the individual’s supervisor to the HCA within five workdays of occurrence. All changes in the status of a Level II warrant or Level III (Senior Limited or Unlimited) warrant holder shall be reported in writing by the HCA to the DSPE within five workdays of occurrence. Level II warrants or Level III (Senior Limited or Unlimited) warrants that are terminated, rescinded or superseded should be returned to the Director, Acquisition Resources Service (049A5), citing the exact reason for the termination, rescission, or supersession.

801.690-8 Interim appointment provisions.

(a) To ensure availability of procurement support, an interim appointment may
be granted for a limited period of time when a candidate does not fully meet the minimum qualifications for Experience, Education, or successful completion of all acquisition Training requirements in previous VA regulations or VA internal guidance, if applicable, or as provided in the OFPP Memorandum dated January 20, 2006, titled “the Federal Acquisition Certification in Contracting Program.” All interim appointments made after January 1, 2007, for individuals who do not meet the minimum Experience, Education, or Training requirements for Levels I through III warrants shall be signed by the SPE or, if so delegated, the ACM, without power to redelegate, as provided in the OFPP Memorandum dated January 20, 2006, titled “the Federal Acquisition Certification in Contracting Program.”

(1) In a request for an interim appointment, the HCA must include the information required by 801.690-4 on the candidate’s training, experience, performance, and education, and a justification for the interim appointment.

(2) The HCA must ensure that the candidate with interim appointment meets the minimum Experience, Education, and Training requirements within the time specified on the warrant.

(3) A contracting officer with interim appointment should successfully complete all remaining required courses or equivalent courses within the time specified on the warrant.

(b) At the HCA’s written request, a permanent warrant may be issued during the interim appointment period when the contracting officer has satisfactorily met the requirements. The appropriate documentation (copies of course certificates) must be submitted with the HCA’s request.

(c) An interim appointment may be appropriate for instances such as organizational changes or sudden, extreme, and unexpected increases in workload complexity and/or volume.

(d) Interim appointments will not be granted under the following circumstances:

(1) To a candidate who is warranted but does not meet the Education or Training requirements for higher level (e.g., from Level I warrant to Level II warrant) contracting authority (unless waived by the SPE);

(2) To a candidate who does not have a current record of satisfactory-or-above performance; or

(3) To a contracting officer whose authority has expired and who has not met the continuing education requirement during the two preceding years.

(e) Generally, an interim appointment may not exceed one year.

801.690-9 Distribution of Certificates of Appointment.
(a) The DSPE or HCA will issue an original Certificate of Appointment as Contracting Officer to the appointed candidate, who must display the Certificate at his or her duty station.

(b) The HCA shall file a copy of the warrant in the delegation of authority file.

(c) The contracting officer must furnish a copy to the respective fiscal activity.

(d) Each Certificate will be serially numbered, reflecting the facility number, the year of issuance (e.g., facility number – year of issuance (2 digits) – sequential number, 560-04-10), and have an effective and expiration date.

801.695 VA’s Appointment of HCAs Program.

801.695-1 Policy.

(a) VA’s policy is to have a minimum number of HCAs. Generally, there will be one HCA per VISN, other major VA organizational element, or major acquisition organization. The authority vested in the Secretary to select, appoint, and terminate HCAs is delegated to the SPE and is further delegated from the SPE to the DSPE.

(b) Under the FAR at 1.601(a) and 2.101, an HCA is a senior level position. The official who occupies this position should have the education, training, and experience necessary to make the decisions required of an HCA.

(c) Except as provided in the FAR, an HCA may delegate his or her authority to other individuals within the HCA’s acquisition activity. Such delegations must be in writing and must set forth the specific limitations on the designee’s authority. The delegation may include authority to appoint a contracting officer at the Micro-purchase Level or the Level I warrant levels.

801.695-2 Procedures for appointment of HCAs.

An HCA must be appointed in writing by the DSPE and in accordance with internal VA policy. The written delegation must state any limitation on the HCA’s authority, other than a limitation contained in an applicable law or regulation.
801.695-3 Authority of the HCA.

(a) The HCA has overall responsibility for managing the procurement program assigned to the activity.

(b) The HCA’s level of contracting authority, if any, shall be specified in the HCA’s appointment letter.

(c) The HCA has the authority to appoint and terminate contracting officers with authority to conduct procurements of up to and including the simplified acquisition threshold or the maximum order threshold or limitation for orders placed against Federal Supply Schedule contracts, and to terminate such appointments (Micro-purchase Level and Level I warrant appointments).

806.501 Requirement.

806.570 Planning requirements.

[Deviation per Class Deviation—Veterans First Contracting Program (VFCP 2016), dated July 25, 2016, adds new sections to VAAR part 806 for competitive awards made using the multiple award schedules program of the GSA, including the VA Federal Supply Schedule Program. When a set-aside is restricted to verified SDVOSBs or VOSBs according to the authorities of 819.7005 and 819.7006, such awards constitute full and open competition, after exclusion of sources pursuant to 38 U.S.C. 8127. Thus, this class deviation adds new sections 806.102, 806.203-70 and 806.302-5-70. This deviation is effective until incorporated in the VAAR or the VAAM or is otherwise rescinded.]

**SUBPART 806.1 – FULL AND OPEN COMPETITION**

**806.102 Use of competitive procedures.**

(d)(3) Awards made using General Services Administration (GSA) or Department of Veterans Affairs (VA) Federal Supply Schedules (FSS) are considered competitive. When set-aside for competition restricted to verified service-disabled veteran-owned small businesses (SDVOSBs) and veteran-owned small businesses (VOSBs) according to 819.7005 and 819.7006, such awards constitute full and open competition after exclusion of sources pursuant to 38 U.S.C. 8127.

**SUBPART 806.2 – FULL AND OPEN COMPETITION AFTER EXCLUSION OF SOURCES**

**806.203-70 VA set-asides for verified veteran-owned small businesses using the VA Rule of Two.**

(a) To fulfill the statutory requirements relating to Public Law 109-461, the Veterans Benefits, Health Care and Information Technology Act of 2006 (38 U.S.C. 8127 and 8128), contracting officers shall set aside solicitations for veteran-owned small businesses (see 819.7005 and 819.7006) whenever market research provides the contracting officer with a reasonable expectation of receiving two or more offers/quotes from verified SDVOSBs or VOSBs at fair and reasonable prices that offer best value to the Government (see 819.7005 and 7006).

(b) This requirement applies to all contracts under this subpart, including orders under interagency acquisition vehicles such as FSS, Government-wide acquisition contracts (GWACs), and multi-agency contracts (MACs).

(c) No separate justification or determination and findings are required under this subpart to set aside contracts for SDVOSBs or VOSBs listed as verified in the VIP database.

(d) Contracting officers shall utilize the authority in paragraph (a) over other set-asides authorized in FAR subpart 6.2 whenever market research supports the decision. A set-aside restricted to verified SDVOSBs or VOSBs satisfies competition as well as the fair opportunity requirements (see FAR 16.505(b)(2)(i)(F)).
(e) Subparts 819.5 and 819.70 prescribe policies and procedures that shall be followed with respect to verified SDVOSB and VOSB set-asides.

**SUBPART 806.3 – OTHER THAN FULL AND OPEN COMPETITION**

**806.302 Circumstances permitting other than full and open competition.**

**806.302-5 Authorized or required by statute.**

(a) Full and open competition need not be provided for when awarding:

1. Scarce Medical Specialist contracts negotiated under the authority of 38 U.S.C. 7409, but only when such contracts are with institutions affiliated with VA under 38 U.S.C. 7302. (38 U.S.C. 7409)

2. Contracts for health-care resources negotiated under the authority of 38 U.S.C. 8153, but only when such contracts are with institutions affiliated with VA under 38 U.S.C. 7302, including medical practice groups and other approved entities associated with affiliated institutions (entities will be approved if determined legally to be associated with affiliated institutions), or with blood banks, organ banks, or research centers. The justification and approval requirements of FAR 6.303 and 806.304 do not apply to such contracts or agreements. (38 U.S.C. 8153)

3. Contracts for health-care resources, negotiated under the authority of 38 U.S.C. 8153, that are not acquired under the authority of paragraph (a)(2) of this section, but only when the procurement is conducted in accordance with Part 873. The justification and approval requirements of FAR 6.303 and 806.304 shall apply to such contracts and agreements conducted on a sole-source basis. (38 U.S.C. 8153)

(b) Various sections of title 38 U.S.C. authorize the Secretary to enter into certain contracts and certain types of contracts without regard to any other provisions of law. When the contracting officer enters into a contract without providing full and open competition for any of the following items or services, the contracting officer must cite 41 U.S.C. 253(c)(5) and the following authorities:

1. For contracts for orthopedic and prosthetic appliances and related services including research, cite 38 U.S.C. 8123. (38 U.S.C. 8123)

2. For contracts to purchase or sell merchandise, equipment, fixtures, supplies and services for the operation of the Veterans Canteen Service, cite 38 U.S.C. 7802. (38 U.S.C. 7802)
(3) For contracts or leases for the operation of parking facilities established under authority of 38 U.S.C. 8109(b), provided that the establishment, operation, and maintenance of such facilities have been authorized by the Secretary or designee, cite 38 U.S.C. 8109(f). (38 U.S.C. 8109)

(4) For contracts for laundry and other common services, such as the purchase of steam, negotiated with non-profit, tax-exempt, educational, medical, or community institutions, when specifically approved by the Secretary or designee and when such services are not reasonably available from private commercial sources, cite 38 U.S.C. 8122(c). (38 U.S.C. 8122)

(5) For contracts or agreements with public or private agencies for services of translators, cite 38 U.S.C. 513. (38 U.S.C. 513)

(c) Except for an acquisition under paragraph (a)(2) of this section, the contracting officer must provide a justification under FAR 6.303 and obtain an approval under 806.304 for each acquisition described in this section.

[Deviation per Class Deviation—Veterans First Contracting Program (VFCP 2016), dated July 25, 2016, adds new sections to VAAR part 806 for competitive awards made using the multiple award schedules program of the GSA, including the VA Federal Supply Schedule Program. When a set-aside is restricted to verified SDVOSBs or VOSBs according to the authorities of 819.7005 and 819.7006, such awards constitute full and open competition, after exclusion of sources pursuant to 38 U.S.C. 8127. Thus, this class deviation adds new sections 806.302-5-70. This deviation is effective until incorporated in the VAAR or the VAAM or is otherwise rescinded.]

806.302-5-70 Noncompetitive procedures for verified small business concerns owned and controlled by veterans.

(a) Full and open competition need not be provided for when awarding a sole source contract with a verified SDVOSB or a verified VOSB in accordance with 819.7007 or 819.7008 as authorized. Pursuant to FAR 6.302-5(c)(2)(ii), the justification and approval requirements of FAR 6.303 and 6.304 apply.

(b) Noncompetitive procedures for contracts below the Simplified Acquisition Threshold. When entering into a contract with a verified small business concern owned and controlled by veterans for an amount less than the simplified acquisition threshold, a contracting officer may use procedures other than competitive procedures. (Cite: 41 U.S.C. 3304(a)(5), as authorized by 38 U.S.C. 8127(b)).
(c) Sole source contracts above the Simplified Acquisition Threshold. (Cite: 41 U.S.C. 3304(a)(5), as authorized by 38 U.S.C. 8127(c)). A contracting officer may award a contract to a verified small business concern owned and controlled by veterans using procedures other than competitive procedures if—

(1) The anticipated award price of the contract (including options) will exceed the simplified acquisition threshold, but will not exceed $5 million; and

(2) In the estimation of the contracting officer, the contract award can be made at a fair and reasonable price that offers best value to the United States.

806.302-7 Public interest.

(a) When the contracting officer uses 41 U.S.C. 253(c)(7) to support a contract award using other than full and open competition, the contracting officer must prepare a Determination and Finding (D&F) under FAR 1.7 and a justification under FAR 6.303. The D&F must be signed by the Secretary.

(b) The contracting officer must submit the D&F and justification through the HCA to the Agency Competition Advocate for signature by the Secretary. The submission must include the date the contracting officer expects to award the contract.

(c) VA must notify Congress 30 days before the expected award date. The Agency Competition Advocate is responsible for preparing this notice. The contracting officer may not award the contract until notified by the Agency Competition Advocate.

[Deviation per Class Deviation—806.304, Approval of the Justification (VAIQ 7716829), dated August 8, 2016 deletes 806.304 and justifications shall be approved in accordance with the approving officials and thresholds specified in FAR 6.304. This deviation is effective until incorporated in the VAAR or the VAAM or is otherwise rescinded.]

SUBPART 806.5 – COMPETITION ADVOCATES

[Deviation per Class Deviation—806.501, Requirements (VAIQ 7640739), dated December 3, 2015, clarifies language in reference to providing the Deputy Senior Procurement Executive the ability to further delegate the Advocate for Competition authority. This deviation is effective until incorporated in the VAAR or the VAAM or is otherwise rescinded.]
806.501 Requirement.

The Deputy Senior Procurement Executive (DSPE) is designated as the Agency Advocate for Competition. The DSPE may further delegate this authority to other VA procurement officials.

806.570 Planning requirements.

(a) Each Contracting Activity Competition Advocate must do the following:

(1) Develop a Competition Plan.

(2) Incorporate the Plan in the internal operating procedures of the facility or organization in which the contracting activity is located.

(3) Obtain the endorsement and support of the facility or staff office director.

(4) Ensure that the services and offices that the contracting activity supports understand the plan.

(b) At a minimum, the Competition Plan must include the following:

(1) Approval requirements for other than full and open competition specified in FAR 6.304.

(2) A description of the synopsis requirements in FAR subpart 5.2 to ensure that responsible staff fully understand the advance procurement planning that is required.

(3) A description of how to integrate the Competition Plan into advance procurement planning.

(4) A listing of obstacles to competition and a proposal for overcoming them.

(5) A method for increasing cost competition for contracts and competition on other significant factors.

The deviation increased the threshold for written acquisition plans required by FAR 7.105 from $1 million to $7 million, notwithstanding streamlined versions of acquisition plans deemed required in FAR 7.103(e), 7.105, 7.107, and/or as required by the HCA. The deviation also provides guidance to the contracting officer. The deviation rescinds Attachment 5 only, titled, “Part 807—Acquisition Planning,” in VA Procurement Policy Memorandum 2016-09, “Rescission of the 1997 Non-codified Material (Formerly the 1997 Veterans Affairs Acquisition Regulation(VAAR)),” dated September 30, 2016.]

807.105-70  Written acquisition plans.

(a) Policy. In accordance with FAR 7.102, the VA will perform acquisition planning and conduct market research for all acquisitions. The extent and nature of the acquisition planning documentation and the market research conducted will vary depending on complexity, urgency, estimated dollar value, etc.

(b) Thresholds. Written acquisition plans should address, at a minimum, those items as prescribed in FAR 7.105, as required, in accordance with the following thresholds:

(1) Written acquisition plans are required at or above $7 million. The Head of the Contracting Activity (HCA) may require completion of acquisition plans, to include use of streamlined formats, below $7 million, when required due to unique or high-level interest or complexity. Irrespective of the requirement for a written acquisition plan, contracting officers and acquisition planners are required to perform acquisition planning and conducting market research in accordance with FAR 7.102. Certain key information, such as contract type, milestone schedule, sources, government furnished information, government furnished property, and security, among other key FAR 7.105 considerations, must be appropriately considered and documented in the file.

(2) Written acquisition plans shall be accomplished for all cost-reimbursement and other high-risk contracts (to include time-and-materials/labor hour type contracts) in accordance with FAR 7.103(e), at any dollar value.

(c) Acquisition plan approvals. Contracting officers are also required to prepare acquisition plans and obtain required acquisition plan approvals from...

**SUBPART 807.3—CONTRACTOR VERSUS GOVERNMENT PERFORMANCE**

**807.300 Scope of subpart.**

This subpart prescribes the use of VAAR clause at 852.207-70, Report of employment under commercial activities, when contracting for commercial services under Office of Management and Budget (OMB) Circular A-76 or VA’s cost comparison process. The cost comparison process is used by VA to determine whether to use commercial or Government resources to provide commercial services.

**807.304-77 Right of first refusal.**

(a) In addition to the Right of First Refusal of Employment clause specified in FAR 52.207-3, the contracting officer must include the clause "Report of Employment Under Commercial Activities" at 852.207-70 in all cost comparison solicitations where VA personnel may be displaced. This clause is primarily intended to verify that the contractor is meeting its obligation to provide Federal workers who are adversely affected by the contract award and who are qualified for the jobs the first opportunity for employment openings created by the contract.

(b) The Report of Employment Under Commercial Activities clause is also prescribed to avoid inappropriate severance payment. To implement the clause, the contracting officer (or COTR) must first obtain a list of Federal personnel who will be adversely affected as a result of the anticipated contract from the servicing Human Resources Service office. The list should be requested as soon as a preliminary determination is made to contract out a function subject to OMB Circular A-76. (Contracting officers may designate a COTR to coordinate the information and reporting requirements.)

[Deviation per Class Deviation—Veterans First Contracting Program (VFCP 2016) dated July 25, 2016, Attachment 4, rescinds class deviation—VAAR part 808 dated May 5, 2016, and deviates from the existing eCFR VAAR. It moves VA mandatory contract vehicles to VAAR 808.004-70 as non-mandatory, while retaining priority over other existing contract vehicles. This class deviation also adds VAAR 808.002, 808.004-70, 808.404-70, 808.405-2 and 808.405-70 to fully implement the VFCP as it relates to VAAR part 808, Required Sources of Supplies and Services including the Federal Supply Schedules (see Attachment 4). This deviation is effective until incorporated in the VAAR or the VAAM or is otherwise rescinded.]

[Deviation per Class Deviation from VAAR 808.002, Priorities for Use of Government Supply Sources and VAAR Subpart 808.6, Acquisition from Federal Prison Industries, dated May 20, 2019, supersedes Class Deviation from VAAR 808.002, Priorities for Use of mandatory Government sources, dated February 9, 2018, and revises VAAR 808.002 to reflect language consistent with the decision of United States Court of Appeals for the Federal Circuit in PDS Consultants, Inc., v. The United States, Winston-Salem Industries for the Blind, issued October 17, 2018 and mandated on May 20, 2019. The mandate issued by the Federal Circuit created a binding circuit precedent that, when a product or service is on the AbilityOne Procurement List and ordinarily would result in award under the JWOD program, the Act instead unambiguously requires that priority be given to Veteran-owned small businesses. VAAR 808.603 is also revised. Though the Federal Prison Industries (FPI) priority for use of mandatory Government sources set forth at FAR 8.002(a)(iii) and FAR subpart 8.6 was not specifically at issue in the Federal Circuit case, the application of the rationale in the cited case would logically apply to FPI in relation to the Act. For supplies, FPI is a higher priority than the AbilityOne (JWOD) priority at FAR 8.002(a)(iv) and FAR subpart 8.7. VA previously amended the VAAR to allow the agency the discretion to award to a veteran-owned small business when award otherwise would have been made to FPI.]

808.002 Priorities for use of mandatory Government sources.

(a) Contracting activities shall satisfy requirements for supplies and services from or through the mandatory sources listed below in descending order of priority:

(1) Supplies.

   (i) VA inventories including the VA supply stock program (41 CFR 101-26.704) and VA excess.

   (ii) Excess from other agencies (see FAR subpart 8.1).
(iii) Federal Prison Industries, Inc. (see VAAR 808.603). Prior to considering award of a contract to Federal Prison Industries, Inc, contracting officers shall apply the VA Rule of Two to determine whether a requirement should be awarded to veteran-owned small businesses under the authority of 38 U.S.C. 8127-28, by using the preferences and priorities in subpart 819.70. If an award is not made to a VIP-listed and verified service-disabled veteran-owned small business (SDVOSB)/veteran-owned small business (VOSB) as provided in subpart 819.70, FPI remains a mandatory source in accordance with FAR 8.002.

(iv) Supplies that are on the Procurement List maintained by the Committee for Purchase from People Who Are Blind or Severely Disabled, known as AbilityOne (FAR subpart 8.7). Prior to considering award of a contract to under the AbilityOne program, contracting officers shall apply the VA Rule of Two to determine whether a requirement should be awarded to veteran-owned small businesses under the authority of 38 U.S.C. 8127-28, by using the preferences and priorities in subpart 819.70. If an award is not made to a VIP-listed and verified SDVOSB/VOSB as provided in subpart 819.70, AbilityOne remains a mandatory source in accordance with FAR 8.002. All new VA requirements must be approved by the Chief Acquisition Officer, via the Senior Procurement Executive, before contacting the Committee to request addition of new items to the Procurement List.

(v) Wholesale supply sources, such as stock programs of the General Services Administration (GSA) (see 41 CFR 101-26.3), the Defense Logistics Agency (see 41 CFR 101-26.6), the Department of Veterans Affairs (see 41 CFR 101-26.704), and military inventory control points.

(2) Services that are on the Procurement List maintained by the Committee for Purchase from People Who Are Blind or Severely Disabled, known as AbilityOne (FAR subpart 8.7). Prior to considering award of a contract under the AbilityOne program, contracting officers shall apply the VA Rule of Two to determine whether a requirement should be awarded to veteran-owned small businesses under the authority of 38 U.S.C. 8127-28, by using the preferences and priorities in subpart 819.70. If an award is not made to a VIP-listed and verified SDVOSB/VOSB as provided in subpart 819.70, AbilityOne remains a mandatory source in accordance with FAR 8.002. All new VA requirements must be approved by the Chief Acquisition Officer, via the Senior Procurement Executive, before contacting the Committee to request addition of new items to the Procurement List.

(b) Unusual and compelling urgency. The contracting officer may use a source other than those listed in paragraph (a) of this section when the need for supplies or services is of an unusual and compelling urgency (see FAR 6.302-2, 8.405-6 and 13.106-1 for justification requirements).
808.004-70 Use of non-mandatory sources by VA.

(a) In order to fulfill the requirements of 38 U.S.C. 8127 and 8128 (see subpart 819.70), contracting officers shall award contracts (see FAR 2.101 for the definition of contracts), including Blanket Purchase Agreements (BPAs) and orders against Federal Supply Schedules (FSS) and provide priority in the awarding of contracts to verified SDVOSBs or VOSBs. Contracting officers shall ensure priorities for veteran-owned small businesses are implemented within the VA hierarchy of small business program preferences in subpart 819.70.

(b) VA strategic sourcing priorities and application of the VA Rule of Two. To provide medical supplies in Federal Supply Classification (FSC) groups 65 and 66 efficiently and effectively the VA, through previous reform initiatives, has implemented key strategic sourcing contract vehicles (prime-vendor and VA FSS). Contracting officers shall consider the prime-vendor and VA FSS contract vehicles before using other existing contract vehicles.

(c) When considering set-asides for verified SDVOSBs/VOSBs against existing contract vehicles, contracting officers shall—

   (1) Search the VIP database by applicable North American Industry Classification System (NAICS) code(s);

   (2) Determine if two or more verified SDVOSBs/VOSBs are listed by the NAICS code(s);

   (3) Determine if identified SDVOSBs or VOSBs are capable of performing the work and likely to submit an offer-quote at a fair and reasonable price that offers best value to the Government.

   (4) If criteria in (c)(1-3) are met, and if the existing contract vehicle represents, in the judgement of the contracting officer, the best business choice, the contracting officer shall set aside the requirement in the contracting order of priority (see 819.7005 and 819.7006) using the applicable provision and clause at 819.7009.

   (5) If the contracting officer determines existing contract vehicles are not suitable for award of a set-aside, an open market set-aside should be pursued.

SUBPART 808.4 – FEDERAL SUPPLY SCHEDULES

808.402 General.

The Executive Director and Chief Operating Officer, VA National Acquisition
Center, advertises, negotiates, awards, administers, and issues the Federal Supply Schedules for Federal Supply Classification Groups 62, 65, and 89 and for cost-per-test services under Group 66.

[Deviation per Class Deviation—Veterans First Contracting Program (VFCP 2016), dated July 25, 2016, rescinds class deviation—VAAR part 808 dated May 5, 2016 and moves VA mandatory contract vehicles to VAAR 808.004-70 as non-mandatory, while retaining priority over other existing contract vehicles. This class deviation adds VAAR 808.002, 808.004-70, 808.404-70, 808.405-2, 808.405-70 and 808.405-5-70 to fully implement the Veterans First Contracting Program as it relates to VAAR part 808, Required Sources of Supplies and Services, including the Federal Supply Schedules. This deviation is effective until incorporated in the VAAR or the VAAM or is otherwise rescinded.]

808.404-70 Use of Federal Supply Schedules—the Veterans First Contracting Program.

(a) General. The Veterans First Contracting Program implemented in subpart 819.70 pursuant to 38 U.S.C 8127 and 8128 applies to VA contracts, BPAs, and orders under FAR 8.4 and has precedence over other small business programs.

(b)(1) Contracting officers, when establishing a BPA or placing an order against the FSS, shall ensure that priorities for veteran-owned small businesses are implemented within the VA hierarchy of small business program preferences in subpart 819.70. Specifically, the contracting officer will consider preferences for verified SDVOSBs first, then preferences for verified VOSBs. These priorities will be followed by preferences for other small businesses in accordance with FAR 19.203, 819.203-70 and 819.7004.

(2) Set-asides for verified SDVOSBs and VOSBs are mandatory whenever a contracting officer has a reasonable expectation of receiving two or more offers at a fair and reasonable price that offers best value to the Government. This mandate applies to contracting officers issuing BPAs and placing orders against the FSS. Because only verified SDVOSBs and VOSBs can participate on such set-asides, the contracting officer should start by reviewing verified firms in the VIP database, then determine if there is an existing contract vehicle (with priority preference for VA prime-vendor, national and VA FSS contracts) that is most appropriate. The VA Rule of Two for SDVOSBs and VOSBs, in that order, shall be applied in all instances. A set-aside restricted to verified SDVOSBs or VOSBs under 819.70 satisfies the competition requirement in the FAR.

(c) When the servicing agency will award contracts under an interagency agreement on behalf of the VA, the contracting officer shall ensure the interagency acquisition complies with FAR subpart 17.5 and subpart 817.5 and includes terms requiring compliance with the VA Rule of Two (see 817.501).

808.405-2 Ordering procedures for services requiring a statement of work.
See 808.405-70 for SDVOSB/VOSB set-aside requirements and the use of evaluation preferences when a set aside is not feasible.

**808.405-70 VA Rule of Two ordering procedures for Federal Supply Schedules—the Veterans First Contracting Program.**

Contracting officers shall use the supplemental ordering procedures of this section when establishing a BPA or placing an order for supplies or services. When a policy in another part of the FAR is inconsistent with a policy in this part and FAR 8.405, this subpart 808.4 shall take precedence for acquisitions against the FSS.

(a) Pursuant to 38 U.S.C. 8127, contracting activities shall set aside BPAs and orders for SDVOSBs or VOSBs when indicated by market research. The set-aside authorities of 819.7005 and 819.7006 are mandatory whenever the contracting officer has a reasonable expectation of receiving two or more competitive offers/quotes at fair and reasonable prices that offer best value to the Government from SDVOSBs or VOSBs listed as verified in the VIP database.

(1) When setting aside BPAs and orders against the FSS, the eligibility requirements of 819.7003, 819.7005, and 819.7006 apply, including the requirement for offerors to be verified to submit offers/quotes or receive awards. To ensure fair and reasonable prices that offer best value to the Government and compliance with other requirements, the contracting officer shall—

   (i) Notify potential offerors of the unique VA verification requirements by including the applicable set-aside clause prescribed at 819.7009.

   (ii) Post the RFQ on e-Buy to afford all verified SDVOSB or VOSB schedule contractors, depending on the set-aside, offering the required supplies or services under the appropriate multiple award schedule(s) an opportunity to submit a quote; or

   (iii) Provide the RFQ to as many verified SDVOSB or VOSB schedule contractors as practicable, depending on the set-aside, consistent with market research appropriate to the circumstances. The requirements in FAR 8.405-1, 8.405-2 and 8.405-3, apply, except only verified SDVOSBs or VOSBs, will be considered.
(b) Pursuant to 38 U.S.C. 8128 and to the extent that market research does not support an SDVOSB or VOSB set-aside, the contracting activity shall give priority to SDVOSBs/VOSBs through the use of evaluation preferences, as provided in 815.304. The contracting activity, when developing a statement of work and any evaluation criteria in addition to price, shall adhere to and apply the evaluation factor commitments at 815.304-70.

(c) The SDVOSB and VOSB eligibility requirements in 819.7003 apply, including verification of the SDVOSB and VOSB status at the time of submission of offer/quote and prior to award. The offeror must also represent that it meets the small business size standard for the assigned NAICS and other small business requirements (e.g. non-manufacturer rule and limitations on subcontracting).

808.405-5-70 Small business set-asides—the Veterans First Contracting Program.

When issuing BPAs or placing orders against the FSS, the contracting officer shall restrict competition to small businesses owned and controlled by veterans, when market research provides the contracting officer with a reasonable expectation of receiving two or more offers/quotes from verified SDVOSBs or VOSBs and award can be made at a fair and reasonable price that offers best value to the Government.

SUBPART 808.6 – ACQUISITIONS FROM FEDERAL PRISON INDUSTRIES, INC. (FPI)

[Deviation per Class Deviation from VAAR 808.002, Priorities for Use of Government Supply Sources and VAAR Subpart 808.6, Acquisition from Federal Prison Industries, dated May 20, 2019, supersedes Class Deviation from VAAR 808.002, Priorities for Use of mandatory Government sources, dated February 9, 2018, and revises VAAR 808.002 to reflect language consistent with the decision of United States Court of Appeals for the Federal Circuit in PDS Consultants, Inc., v. Though the Federal Prison Industries (FPI) priority for use of mandatory Government sources set forth at FAR 8.002(a)(iii) and FAR subpart 8.6 was not specifically at issue in the Federal Circuit case, the application of the rationale in the cited case would logically apply to FPI in relation to the Act. For supplies, FPI is a higher priority than the AbilityOne (JWOD) priority at FAR 8.002(a)(iv) and FAR subpart 8.7. SUBPART 809.1 – RESPONSIBLE PROSPECTIVE CONTRACTORS

809.104 Standards.

809.104-2 Special standards.

(a) For a pre-award survey prescribed by 809.106-1, a contracting officer must develop special standards of sanitation applicable to the acquisition of subsistence and services prescribed by 809.106-1(a).

(b) An appropriate specialist will assist the contracting officer in developing the special standards under paragraph (a) of this section.

809.106 Pre-award surveys.

809.106-1 Conditions for pre-award surveys.

(a) Except as provided in paragraphs (b) through (e) of this section, a committee under the direction of the contracting officer and composed of representatives of the medical service or using service chiefs or designees appointed by the facility or VISN director will conduct a pre-award on-site evaluation of the plant, personnel, equipment and processes of the prospective contractor for contracts covering the products and services of the following:

(1) Bakeries.

(2) Dairies.

(3) Ice cream plants.

(4) Laundry and dry cleaning activities.

(b) Before any inspection, the contracting officer will determine whether another VA facility or another Federal agency has recently inspected and approved the plant.

(1) The contracting officer will accept an approved inspection report of another VA facility.

(2) If another Federal agency made a plant inspection not more than 6 months before the proposed VA contract period, the contracting officer may accept an approved inspection report of that other Federal agency as satisfactory evidence that the facilities of the bidder meet the bid requirements.
(c) VA will not conduct a pre-award on-site evaluation of a dairy plant when VA receives an acceptable bid from a supplier of dairy products designated as No.1 in the Federal Specifications if the following conditions are met:

(1) The supplier has received a pasteurized milk rating of 90 percent or more for the type of product being supplied, on the basis of the U.S. Public Health Service milk ordinance and code.

(2) The rating is current (not over 2 years old) and has been determined by a certified State milk sanitation rating officer in the State of origin or by the Public Health Service. The contractor must maintain the rating of 90 percent or more during the period of the contract.

(3) The solicitation specifications must include the requirements in paragraphs (c)(1) and (2) of this section.

(d) A dairy plant that does not meet paragraph (c) of this section may offer only dairy products designated as No. 2 in the Federal Specifications. VA will make an award to such a firm only after it completes a pre-award on-site evaluation conducted under paragraph (a) of this section.

(e) Before it makes an open market purchase of fresh bakery products (such as pies, cakes, and cookies), VA will inspect and evaluate the plant where these products are produced or prepared under paragraph (a) of this section. VA will make an on-site evaluation at least annually and record the results on VA Form 10-2079, Inspection Report of Bakery.

**SUBPART 809.2 – QUALIFICATIONS REQUIREMENTS**

809.201 Definitions.

For the purposes of this subpart:

VA QPL means a VA Qualified Products List, a list of products qualified by the VA under VA specifications, or purchase descriptions, or commercial item descriptions.

VISN QPL means a VISN Qualified Products List, a list of products qualified by a VISN under VA specifications, or purchase descriptions, or commercial item descriptions.

809.202 Policy.

The HCA may sign a justification required by FAR 9.202(a)(1).
809.204 Responsibilities for establishment of a qualification requirement.

(a) Under FAR Subpart 9.2, VA may create VA QPLs for use on individual solicitations or on multiple solicitations issued by one or more VA facilities.

(b) An HCA or designee must support the creation of a VA QPL using one or more of the following justifications:

1. The time required for testing the product after award would unduly delay product delivery.

2. The cost of repetitive product testing would be excessive.

3. Testing the product would require purchasing an expensive or complicated apparatus not commonly available.

4. It is in the Government’s interest to be assured before contract award that the product is satisfactory for its intended use.

5. Determining acceptability would require providing product performance data to supplement technical requirements in the specification.

6. Conducting a test would result in substantial or repetitive rejections.

7. VA cannot economically develop clear, professional specifications for the product performance, balance, design, or construction, and professional judgment is required to determine whether the product is acceptable under VA requirements.

(c) If VA plans to establish a VA QPL for any given product, the contracting officer may limit known suppliers to suppliers whose products are covered by a Federal Supply Schedule contract, as provided at FAR Subpart 8.4.

(d) VA will pay the costs to inspect and test a product sample submitted under this section.

1. The product supplier must pay for the sample and its transportation to the place of inspecting and testing.

2. After inspection and testing, VA will return any product sample to the supplier “as is” unless:

   i. The inspection or test destroys the sample; or
(ii) The supplier authorizes VA to retain or dispose of the sample.

(e) Once VA accepts a product for the VA QPL, VA may review the product for compliance with the applicable specification at any time.

(1) Where there is a variance between a VA specification that was the basis for the VA QPL and the product furnished by the supplier, the supplier must furnish an item that conforms to the VA specification.

(2) If the supplier fails to or is unable to provide a product that conforms to the applicable VA specification, the product will be removed from the VA QPL.

(f) VA’s acceptance of a product for listing on the VA QPL does not:

(1) Guarantee that VA will accept the product in any future purchase; or

(2) Constitute a waiver of the specifications as to acceptance, inspection, testing, or other provisions of any future contract involving the product.

809.206 Acquisitions subject to qualification requirements.

809.206-1 General.

The HCA may determine that an emergency exists, as provided in FAR 9.206-1(b).

809.270 Qualified products for convenience/labor-saving foods.

(a) Each VISN Nutrition and Food Service representative is authorized to establish a common VISN QPL for convenience and labor-saving foods for use at medical facilities within the representative’s VISN.

(1) The VISN Nutrition and Food Service representative must notify the Director, Nutrition and Food Service, VA Central Office, of the establishment or amendment of any VISN QPL.

(2) To avoid unnecessary duplication within a VISN, for medical facilities using an applicable VISN QPL under paragraph (b) of this section, the VISN Nutrition and Food Service representative must coordinate and consolidate test results and recommendations.
(a) Each medical facility may:

(1) Use its VISN QPL; and

(2) Test food of its choice, provided that the facility submits test results to the VISN Nutrition and Food Service representative.

(b) The VISN representative must provide a copy of each approved VISN QPL to the following:

(1) Each contracting office in the VISN.

(2) The Director, Nutrition and Food Service, VA Central office.

(3) Upon request, the Office of Acquisition and Materiel Management, VA Central Office.

**SUBPART 809.4 – DEBARMENT, SUSPENSION, AND INELIGIBILITY**

[Deviation per Class Deviation—from VA Acquisition Regulation (VAAR) Section 802.101, Definitions, and Subpart 809.4, Debarment, Suspension and Ineligibility, dated June 2, 2017, rescinds Class Deviation from VA Acquisition Regulation (VAAR) 802.101, Definitions, and from 809.400, Debarment, Suspension and Ineligibility,” dated April 30, 2015; the deviation implements specific processes and criteria pursuant to 38. U.S.C. 8127(g), and updates VA’s policies and procedures for suspensions and debarments. This deviation is effective until incorporated in the VAAR or the VAAM or is otherwise rescinded.]

**809.400 Scope of subpart.**

This subpart supplements the FAR provisions concerning procedures and related actions for the suspension and debarment of contractors.

**809.402 Policy.**

(a) When VA is considering a debarment or suspension action, the Suspension and Debarment (S&D) Committee shall coordinate the action with the Interagency Suspension and Debarment Committee (ISDC) to identify other agencies with an interest in the action and to identify the agency that will take the lead on the action.

(b) The S&D Committee shall provide the designated lead agency with any information relevant to the action for consideration in the decision making process.
(c) The S&D Committee shall maintain coordination with the appropriate lead agency official through completion of a final suspension or debarment decision.

(d) The S&D Committee shall accomplish the actions described in FAR 9.404(c).

[Deviation per Class Deviation from Various VA Acquisition Regulation Sections to Update Head of Contracting Activity Delegation and Redelegation Authorities; and Increase the Threshold for Review of Acquisition Plans, dated March 8, 2018 revises 809.405, 809.405-1, and 809.405-2 to change the HCA authority to redelegable. Effective until incorporated into the VAAR or the VAAM or is otherwise rescinded.]

809.405 Effect of listing.

The authority under FAR 9.405(a), 9.405(d)(2), and 9.405(d)(3) to determine whether to solicit from, evaluate bids or proposals from, or award contracts to contractors with active exclusions in the System for Award Management (SAM) is delegated to the Suspending and Debarring Official (SDO). The SDO further delegates this authority to the HCA or designee.

809.405-1 Continuation of current contracts.

(a) Notwithstanding the suspension, proposed debarment, or debarment of a contractor, VA may continue contracts or subcontracts in existence at the time the contractor was suspended, proposed for debarment, or debarred, unless the cognizant Head of the Contracting Activity (HCA) directs otherwise. Examples of factors to be considered include, but are not limited to, potential costs associated with a termination, possible disruption to VA program objectives, and integrity of VA acquisition programs.

(b) Authority to make the determinations under FAR 9.405-1(b) is delegated to the SDO. The SDO further delegates this authority to the HCA or designee. HCA or designee must make a written determination of the compelling reasons in accordance with FAR 9.405-1(b). Compelling reasons for the purposes of 9.405-1(b) include, but are not limited to, urgency of the need for new or continued work, lengthy time period to acquire the new work from other sources, and meeting estimated quantity for requirements contracts.

809.405-2 Restrictions on subcontracting.

Authority to make the written determination required under FAR 9.405-2 consenting to a contractor's use of a subcontractor who is suspended, proposed for debarment, or debarred is delegated to the SDO. The SDO further delegates this authority to the HCA or designee.
809.406 Debarment.

809.406-1 General.

(a) As provided in, the authority to determine whether to FAR 9.406-1(c) continue business dealings between VA and a contractor suspended, proposed for debarment, or debarred is delegated to the SDO.

(b) For the purposes of FAR 9.406-1, the SDO’s authority includes debarments pursuant to the Federal Management Regulation at 41 CFR 102-117.295.

(c) In addition to the factors listed in FAR 9.406-1, the SDO should consider the following examples before arriving at a debarment decision:

(1) Whether the contractor had a mechanism, such as a hotline, by which employees could have reported suspected instances of improper conduct, and instructions in place that encouraged employees to make such reports; or

(2) Whether the contractor conducted periodic reviews of company business practices, procedures, policies, and internal controls for compliance with standards of conduct and the special requirements of Government contracting.

809.406-2 Causes for debarment.

(a) In addition to the causes listed in FAR 9.406-2, the SDO may debar contractors, based upon a preponderance of the evidence, for

(1) Misrepresentation of Veteran-owned small business (VOSB) or service-disabled, Veteran-owned small business (SDVOSB) status; or

(2) Any deliberate violation of the limitation on subcontracting clause requirements for acquisitions under subpart 819.70.

(b) The SDO shall debar for a period of not less than five years, pursuant to 38 U.S.C. 8127(g), Enforcement Penalties for Misrepresentation, any business concern that has willfully and intentionally misrepresented the status of that concern as a small business concern owned and controlled by Veterans or as a small business concern owned and controlled by service-disabled Veterans pursuant to this subsection.

(1) “Willful and intentional” misrepresentations, for the purpose of debarment actions taken pursuant to subsection (b), are defined as
misrepresentations concerning the status of the concern as a small business concern owned and controlled by Veterans or as a small business concern owned and controlled by service-disabled Veterans resulting in an admission, criminal conviction, civil judgment, or administrative decision related to fraud or other criminal acts.

(2) Debarment of a business concern pursuant to subsection (b) shall include the debarment of all principals in the business concern. Debarment shall be for a period of not less than five years.

809.406-3 Procedures.

(a) Any individual may submit a referral to debar an individual or contractor to the SDO or to the S&D Committee. The referral for debarment shall be supported with evidence of a cause for debarment listed in FAR 9.406-2, or VAAR 809.406-2. The SDO shall forward referrals for debarment to the S&D Committee. If the referring individual is a VA employee and the referral for debarment is based on possible criminal or fraudulent activities, the VA employee shall also refer the matter to the VA Office of Inspector General.

(b) When the S&D Committee finds preponderance of the evidence for a cause for debarment, as listed in FAR 9.406-2 or VAAR 809.406-2, it shall prepare a recommendation and draft notice of proposed debarment for the SDO’s consideration.

(c) VA shall send the notice of proposed debarment to the last known address of the individual or contractor, the individual or contractor's counsel, or agent for service of process, by certified mail, return receipt requested, or any other means that allows for confirmation of delivery. In the case of a contractor, VA may send the notice of proposed debarment to any partner, principal, officer, director, owner or co-owner, or joint venture. The S&D Committee concurrently shall list the appropriate parties as excluded in the System for Award Management (SAM) in accordance with FAR 9.404.

(d) If VA does not receive a reply from the contractor within 30 days after sending the notice of proposed debarment, the S&D Committee shall prepare a recommendation and refer the case to the SDO for a decision on whether or not to debar based on the information available.

(e) If VA receives a reply from the contractor within 30 days after sending the notice of proposed debarment, the S&D Committee shall consider the information in the reply before the S&D Committee makes its recommendation to the SDO.

(f) The S&D Committee, upon the request of the contractor proposed for debarment, shall, as soon as practicable, allow the contractor an opportunity to appear before the S&D Committee to present information or argument in person.
or through a representative. The contractor may supplement the oral presentation with written information and argument. VA shall conduct the proceeding in an informal manner and without requirement for a transcript.

(g) If the S&D Committee finds the contractor’s or individual’s submission in opposition to the proposed debarment raises a genuine dispute over facts material to the proposed debarment and the debarment action is not based on a conviction or civil judgment, the S&D Committee shall submit to the SDO the information establishing the dispute of material facts. If the SDO agrees there is a genuine dispute of material facts, the SDO shall refer the dispute to a designee for resolution pursuant to 809.470, Fact-finding procedures. The S&D Committee shall provide the contractor or individual the disputed material fact(s). Decisions and determinations of VA’s CVE or OSDBU, such as status protest decisions, and size determinations of the SBA shall not be subject to dispute or fact-finding in proposed debarment actions. The S&D Committee and SDO shall accept these decisions and determinations as resolved facts.

(h) If the proposed debarment action is based on a conviction or civil judgment, or if there are no disputes over material facts, or if any disputes over material facts have been resolved pursuant to 809.470, Fact-finding procedures, the SDO shall make a decision on the basis of all information available including any written findings of fact submitted by the designated fact finder, and oral or written arguments presented or submitted to the S&D Committee by the contractor.

(i) In actions processed under FAR 9.406 where no suspension is in place and where fact finding is not required, VA shall make the final decision on the proposed debarment within 30 working days after receipt of any information and argument submitted by the contractor, unless the SDO extends this period for good cause.

(j) In actions processed under VAAR 809.406-2(b), the SDO notifies the individuals and/or contractors of the determination of willful and intentional misrepresentation in the notice of proposed debarment. VA shall issue the final decision, removing or upholding the determination, within 90 days after the SDO’s determination of willful and intentional misrepresentation.

809.406-4 Period of debarment.

(a) The SDO will base the period of debarment on the circumstances surrounding the cause(s) for debarment.

(b) The SDO may remove a debarment imposed under FAR 9.406, amend its scope, or reduce the period of debarment based on a S&D Committee recommendation if:

(1) VA has debarred the contractor;
(2) The action is indicated after the SDO reviews documentary evidence submitted by or on behalf of the contractor setting forth the appropriate grounds for granting relief. Appropriate grounds include newly discovered material evidence, reversal of a conviction, bona fide change of ownership or management, elimination of the cause for which debarment was imposed, or any other appropriate grounds.

(c) The period of debarment for willful and intentional misrepresentations of SDVOSB or VOSB status pursuant to VAAR 809.406-2(b) shall not be less than 5 years.

809.407 Suspension.

809.407-1 General.

(a) As provided in FAR 9.407-1(d), the authority to determine whether to continue business dealings between VA and a suspended contractor is delegated to the HCAs. Compelling reasons include, but are not limited to, urgency of the need for new or continued work, lengthy time period to acquire the new work from other sources, and meeting estimated quantities for requirements contracts.

(b) For the purposes of FAR 9.407-1, the SDO is the suspending official under the Federal Management Regulation at 41 CFR 102-117.295.

809.407-3 Procedures.

(a) Any individual may submit a referral to suspend an individual or contractor to the SDO or to the S&D Committee. Referrals shall include supporting evidence of a cause for suspension listed in FAR 9.407-2. The SDO shall forward the referral to the S&D Committee. If the referring individual is a VA employee and the referral for suspension is based on possible criminal or fraudulent activities, the VA employee shall also refer the matter to the VA Office of Inspector General.

(b) When the S&D Committee finds adequate evidence of a cause for suspension, as listed in FAR 9.407-2, it shall prepare a recommendation and draft notice of suspension for the SDO’s consideration.

(c) VA shall send the notice of suspension to the last known address of the individual or contractor, the individual or contractor’s counsel, or agent for service of process, by certified mail, return receipt requested, or any other means that allows for confirmation of delivery. In the case of a contractor, VA may send the notice of suspension to any partner, principal, officer, director, owner or co-owner, or joint venture. The S&D Committee concurrently shall list the appropriate parties as excluded in the System for Award Management (SAM) in
Part 809—Contractor Qualifications

accordance with FAR 9.404.

(d) If VA receives a reply from the contractor within 30 days after sending the notice of suspension, the S&D Committee shall consider the information in the reply before the Committee makes further recommendations to the SDO. The S&D Committee, upon the request of a suspended contractor, shall, as soon as practicable, allow the contractor an opportunity to appear before the S&D Committee to present information or argument in person or through a representative. The contractor may supplement the oral presentation with written information and argument. The proceeding will be conducted in an informal manner and without requirement for a transcript.

(e) For the purposes of FAR 9.407-3(b)(2), Decision making process, in actions not based on an indictment, if the S&D Committee finds that the contractor’s submission in opposition to the suspension raises a genuine dispute over facts material to the suspension, the S&D Committee shall submit to the SDO the information establishing the dispute of material facts. However, the S&D Committee may first coordinate any further proceeding regarding the material facts in dispute with the Department of Justice or with a State prosecuting authority in a case involving a State jurisdiction. VA shall take no further action to determine disputed material facts pursuant to this section or 809.470 if the Department of Justice or a State prosecuting authority advises VA in writing that additional proceedings to make such a determination would prejudice Federal or State legal proceedings.

(f) If the SDO agrees that there is a genuine dispute of material facts, the SDO shall refer the dispute to the designee for resolution pursuant to 809.470.

809.470 Fact-finding procedures.

The provisions of this section constitute the procedures to be used to resolve genuine disputes of material fact pursuant to 809.406-3 and 809.407-3 of this chapter. The SDO shall appoint a designee to conduct the fact-finding. OGC shall represent VA at any fact-finding hearing and may present witnesses for VA and question any witnesses presented by the contractor. The proceedings before the fact-finder will be limited to a finding of the material facts in dispute, as determined by the SDO. The fact-finder shall establish the date for the fact-finding hearing, normally to be held within 30 days after the S&D Committee notifies the contractor or individual that the SDO has established a genuine dispute of material fact(s) exists.

(a) The Government’s representative and the contractor will have an opportunity to present evidence relevant to the material fact(s) identified by the SDO. The contractor or individual may appear in person or through a representative at the fact-finding hearing. The contractor or individual may submit documentary evidence, present witnesses, and confront any person the
(b) Witnesses may testify in person. Witnesses will be reminded of the official nature of the proceedings and that any false testimony given is subject to criminal prosecution. Witnesses are subject to cross-examination. Hearsay evidence may be presented and will be given appropriate weight by the fact-finder.

(c) The proceedings shall be transcribed and a copy of the transcript shall be made available at cost to the contractor upon request, unless the contractor and the fact-finder, by mutual agreement, waive the requirement for a transcript.

(d) The fact-finder shall determine the disputed fact(s) by a preponderance of the evidence for proposed debarments, and by adequate evidence for suspensions. Written findings of fact shall be prepared by the fact-finder. A copy of the findings of fact shall be provided to the SDO, the Government’s representative, and the contractor or individual. The SDO will consider the written findings of fact in the decision regarding the suspension or proposed debarment.

**SUBPART 809.5 – ORGANIZATIONAL AND CONSULTANT CONFLICTS OF INTEREST**

**809.503 Waiver.**

The HCA is delegated authority to waive any general rule or procedure of FAR subpart 9.5. As provided at FAR 9.503, this authority may not be redelegated.

**809.504 Contracting officer responsibilities.**

(a) A contracting officer must determine whether awarding a contract will result in an actual or potential conflict of interest for the contractor.

(1) The contracting officer will make a conflict of interest determination after reviewing information submitted by offerors, evaluating information gathered under FAR 9.506, and exercising his or her own judgment.

(2) In evaluating possible organizational conflicts of interest, the contracting officer may obtain the advice of legal counsel and the assistance of technical specialists.

(b) If the contracting officer determines that there is no way to avoid or mitigate an organizational conflict of interest arising from a contract award, the contracting officer may disqualify the offeror from award under FAR 9.504(e).
(c) Even if awarding a contract will result in an organizational conflict of interest, the contracting officer may request a waiver from his or her HCA if awarding the contract is in the best interests of the Government.

(1) Before granting a waiver request under this paragraph, the HCA must obtain the concurrence of OGC.

(2) If the HCA grants a waiver request, the contracting officer may set contract terms and conditions to reduce any organizational conflict of interest to the greatest extent possible.

(d) In any solicitation for the services addressed at FAR 9.502, the contracting officer must require that each offeror submits a statement with its offer disclosing all facts relevant to an existing or potential organizational conflict of interest involving the contractor or any subcontractor during the life of the contract (see 809.507-1(b) and 852.209-70).

809.507 Solicitation provisions and contract clause.

809.507-1 Solicitation provisions.

(a) While conflicts of interest may not presently exist, award of certain types of contracts may create potential future organizational conflicts of interest (see FAR 9.508 for examples). If a solicitation may create a potential future organizational conflict of interest, the contracting officer shall insert a provision in the solicitation imposing an appropriate restraint on the contractor's eligibility for award of contracts in the future. Under FAR 9.507-1, the restraint must be appropriate to the nature of the conflict and may exclude the contractor from award of one or more contracts in the future.

(b) The clause at 852.209-70, Organizational conflicts of interest, must be included in any solicitation for the services addressed in FAR 9.502.

SUBPART 813.1 – PROCEDURES

[Deviation per Class Deviation—Veterans First Contracting Program (VFCP 2016), dated July 25, 2016, changes VAAR part 813 by adding VAAR 813.003-70. The deviations are necessary to reflect the Veterans First Contracting Program in subpart 819.70 as it applies to VA contract actions under VAAR part 813. VAAR subpart 819.70 has precedence over other small business programs in FAR part 19. This deviation is effective until incorporated in the VAAR or the VAAM or is otherwise rescinded.]

813.003-70 Policy.

(a) General. The Veterans First Contracting Program in subpart 819.70 applies to VA contracts (see FAR 2.101, Definitions) under this part and has precedence over other small business programs referenced in FAR part 19.

(b) Notwithstanding FAR 13.003(b)(2), the contracting officer shall make an award utilizing the priorities for veteran-owned small businesses as implemented within the VA hierarchy of small business program preferences, the Veterans First Contracting Program in subpart 819.70. Specifically, the contracting officer shall consider preferences for verified service-disabled veteran-owned small businesses (SDVOSBs) first, then preferences for verified veteran-owned small businesses (VOSBs). These priorities will be followed by preferences for other small businesses in accordance with FAR 19.203, 819.203-70 and 819.7004.

(c) When using competitive procedures, the preference for restricting competition to verified SDVOSBs or VOSBs is mandatory whenever market research provides a reasonable expectation of receiving two or more offers/quotes from eligible, capable and verified SDVOSBs or VOSBs at fair and reasonable prices that offer best value to the Government.

(1) Pursuant to 38 U.S.C. 8127, contracts under this part shall be set-aside for SDVOSBs or VOSBs, when supported by market research. Contracting officers shall use the applicable set-aside clause prescribed at 819.7009.

(2) Pursuant to 38 U.S.C. 8128 and to the extent that market research does not support an SDVOSB or VOSB set-aside, the contracting officer shall include evaluation factors as prescribed at 815.304 and the evaluation criteria clause prescribed at 815.304-71(a).
(d) The SDVOSB and VOSB eligibility requirements in part 819.7003 apply, including verification of the SDVOSB and VOSB status of an offeror or awardee at the time of submission of offer/quote and prior to award. The offeror must also represent that it meets the small business size standard for the assigned North American Industry Classification Code System (NAICS) code and other small business requirements in FAR part 19 (e.g. subcontracting limitations and non-manufacturer rule).

813.102 Source list.

(a) Pursuant to 819.7002, contracting officers shall use the Vendor Information Pages (VIP) database to verify SDVOSB/VOSB status.

813.106 Soliciting competition, evaluation of quotations or offers, award and documentation.

(a) Contracting officers may use other than competitive procedures to enter into a contract with a SDVOSB or VOSB when the amount exceeds the micropurchase threshold up to $5 million.

(b) Requirements exceeding $25,000 must be synopsized in accordance with FAR Part 5.

813.106-3 Award and documentation.

The contracting officer may record a quotation on an Abstract of Offers (SF 1409 or 1419), the purchase request if space permits, or other supplemental sheet or form, such as VA Form 10-2237b, Request for Dietetic Supplies.

813.106-70 Soliciting competition, evaluation of quotations or offers, award and documentation – the Veterans First Contracting Program

(a) General. When using competitive procedures under this part, the contracting officer shall use the Veterans First Contracting Program in subpart 819.70 and the guidance set forth in 813.003-70.

(b) Pursuant to 38 U.S.C 8127(b), contracting officers may use other than competitive procedures to enter into a contract with a verified SDVOSB or VOSB for procurements under the simplified acquisition threshold.

(c) Under 38 U.S.C. 8127(c), contracting officers may also award a contract under this part to a firm verified under the Veterans First Contracting Program at subpart 819.70, using procedures other than competitive procedures if—
(1) Such concern is determined to be a responsible source with respect to performance of such contract opportunity;

(2) The anticipated award price of the contract (including options) will exceed the simplified acquisition threshold, but will not exceed $5,000,000; and

(3) In the estimation of the contracting officer, the contract award can be made at a fair and reasonable price that offers overall best value to the government.

SUBPART 813.2 – ACTIONS AT OR BELOW THE MICRO-PURCHASE THRESHOLD

[Deviation per Class Deviation—Veterans First Contracting Program (VFCP 2016), dated July 25, 2016, changes VAAR part 813 by adding VAAR 813.203. The deviations are necessary to reflect the Veterans First Contracting Program in subpart 819.70 as it applies to VA contract actions under VAAR part 813. VAAR subpart 819.70 has precedence over other small business programs in FAR part 19. This deviation is effective until incorporated in the VAAR or the VAAM or is otherwise rescinded.]

813.203 Purchase guidelines.

(a)(1) Open market micro-purchases shall be equitably distributed among all verified SDVOSBs or VOSBs to the maximum extent practicable in keeping with the flexibilities inherent in purchases under the micro-purchase threshold.

SUBPART 813.3 – SIMPLIFIED ACQUISITION METHODS

[Deviation per Class Deviation to add VA Acquisition Regulation (VAAR) 813.303-5, Purchases Under Blanket Purchase Agreements(BPAs), dated August 7, 2018, changes VAAR part 813 by adding VAAR 813.303-5. The deviation is needed to allow the heads of the contracting activities to establish a higher threshold for individual purchases under specified BPAs. This deviation is effective until incorporated in the VAAR or the VAAM, or is otherwise rescinded.]

813.302 Purchase orders.

813.302-5 Clauses.

When using the VA Form 90-2138 or 90-2138-ADP for maintenance contracts
involving services performed on Government property that have the potential for property damage and liability claims, the contracting officer shall insert in the purchase order the Contractor’s Responsibilities clause found at 852.237-70. Applicable maintenance contracts include, but are not limited to, window washing, pest control, and elevator maintenance.

813.303-5 Purchases under BPAs.

(b)(2) In accordance with FAR 13.303-5(b)(2), Heads of Contracting Activities (HCAs), within their respective contracting activities, may increase the limit for individual purchases under BPAs to $7 million. This higher threshold should only be used when acquisition planning supports the strategy, and it is documented in the contract file.

813.307 Forms.

(a) The following forms provide a purchase or delivery order, vendor’s invoice, and receiving report:

(1) VA Form 90-2138, Order for Supplies or Services.

(2) VA Form 90-2139, Order for Supplies or Services (Continuation).

(3) VA Form 90-2138-ADP, Purchase Order for Supplies or Services.

(4) VA Form 2139-ADP, Order for Supplies and Services (Continuation).

(b) The contracting officer may use the forms specified in paragraphs (a)(1) through (a)(4) of this section instead of OF 347, Order for Supplies or Services, OF 348, Order for Supplies or Services Schedule—Continuation, and SF 1449, Solicitation/Contract/Order for Commercial Items.

(c) The contracting officer or other properly delegated official (see 801.670-3) may use the following order forms when ordering the indicated medical, dental, and ancillary services totaling up to $10,000 per authorization when such services are not available under existing contracts:

(1) VA Form 10-7078, Authorization and Invoice for Medical and Hospital Services.

(2) VA Form 10-7079, Request for Outpatient Medical Services.

(3) VA Form 10-2570d, Dental Record Authorization and Invoice for
Outpatient Service.

(d) In authorizing patient travel as set forth in VA manual MP-1, Part II, Chapter 3, the contracting officer or other properly delegated official (see 801.670-3) may use VA Form 10-2511, Authority and Invoice for Travel by Ambulance or Other Hired Vehicle, as provided by that manual.

(e) The contracting officer must use SF 182, Request, Authorization, Agreement, and Certification of Training, for procurement of training.

[Deviation per Class Deviation—VAAR 813.307, Forms, and VAAR 853.213, Simplified acquisition procedures (SF’s 18, 30, 44, 1165, 1449, and OF’s 336, 347, and 348, dated March 31, 2017, as amended March 31, 2018 and July 27, 2018, increases the dollar threshold not to exceed the Simplified Acquisition Threshold for use of VA Form 10-2421, Prosthetics Authorization for Items or Services. This deviation expires July 31, 2019, unless otherwise rescinded.]

(f) The contracting officer may use VA Form 10-2421, Prosthetics Authorization for Items or Services, for prosthetic implants not in excess of the Simplified Acquisition Threshold (SAT). Applicable FAR and VAAR clauses will be added to the form as required. Patient information will not be stored in the Electronic Contract Management System (eCMS). Supporting documentation and Federal Procurement Data System (FPDS) reports will be accomplished in accordance with VA policies.

PART 814—USE OF SEALED BIDDING

Subpart 814.1—[Reserved]

Subpart 814.2—Solicitation of Bids
(Revised 5/16/2018)

814.201 Preparation of invitations for bids.

814.201-2 Part I—The Schedule.

(b) Section B, Supplies or services and prices.

(1) When the contracting officer determines that it will be to the Government’s advantage to make an award on the basis of a summary bid, the IFB shall include the following statement in Part I—The Schedule, Section B:

The award will be made on either the bid price for individual items or the summary bid price for all items, whichever results in the lowest price to the Government. Therefore, to assure proper evaluation of all bids, a bidder quoting a summary bid price must also quote a price on each individual item included in the summary bid price.

(2) When a contracting officer determines that it will be to the Government’s advantage to make an award by group or groups of items, the IFB shall include the following statement in Part I—The Schedule, Section B:

Award shall be made on the basis of the bid price for each identified group of items. The individual price of each line item in the group does not have to be the lowest bid received for that item.

This may apply when the items in the group or groups are readily available from sources to be solicited; and one of the following applies—

(i) Furniture or fixtures are required for a single project and uniformity of design is desirable.

(ii) The articles required will be assembled and used as a unit.

814.201-6 Solicitation provisions.

(a) In an invitation for bid for supplies, equipment, or services (other than construction), the contracting officer shall define the extent to which VA will authorize and consider alternate bids.
(1) The contracting officer shall include the provision at 852.214-71, Restrictions on Alternate Item(s), in the invitation when VA will consider an alternate item only where acceptable bids on a desired item are not received or the bids do not satisfy the total requirement. (For construction projects, VA will consider for acceptance an alternate specified only as a part of the basic item.)

(2) The contracting officer shall include the provision at 852.214-72, Alternate Item(s), in the invitation when VA will consider an alternate item on an equal basis with the item specified. (For construction projects, VA will consider for acceptance an alternate specified only as a part of the basic item.)

(3) In addition to either of the provisions referenced in paragraphs (b)(1) or (2) of this section, the contracting officer shall include the provision at 852.214-73, Alternate Packaging and Packing, in the invitation when bids will be allowed based on different packaging, unit designation, etc.

(b) The contracting officer shall include the provision at 852.214-74, Marking of Bid Samples, in the invitation, along with the provision at FAR 52.214-20, Bid Samples, when the contracting officer determines that samples are necessary to the proper awarding of a contract.

814.202-4 Bid samples.

(a) Policy. When bid samples are required, the contracting officer shall include a notice in the contract Schedule that requires bidders to submit samples produced by the manufacturer whose products will be supplied under the contract.

(g) Handling bid samples.

(1) Samples from successful bids shall be retained for the period of contract performance.

(2) If the contracting officer anticipates a claim regarding the contract, the contracting officer shall require that the bid samples be retained until the claim is resolved. If there are no outstanding claims regarding the contract, the contracting officer may authorize disposal of the samples at the end of the contract term in accordance with the bidder's instructions.

(3) The contracting officer shall require that samples from unsuccessful bids be retained until award. After award, these samples may be disposed of in accordance with the bidder’s instructions.
Subpart 814.3—Submission of Bids
(Revised 5/16/2018)

814.304 Submission, modification, and withdrawal of bids.

(f) A notification to late bidders shall specify the final date by which VA must receive evidence of timeliness. This date shall be within five calendar days of the date an electronic notice is sent to the bidder, or within ten calendar days of receipt by the bidder of a notice sent by other than electronic means.

Subpart 814.4—[Reserved]
815.303 Responsibilities.

The authority of the Secretary to appoint an individual other than the contracting officer to serve as the SSA (Source Selection Authority) for a particular acquisition or group of acquisitions is hereby delegated to the Head of the Contracting Activities (HCAs). If an individual requests someone other than the delegated contracting officer as the source selection authority for a particular acquisition or group of acquisitions, the requester shall prepare a request and justification and shall submit the request through channels to the appropriate HCA for approval.

815.304 Evaluation factors and significant subfactors.

(a) In an effort to assist SDVOSBs and VOSBs, contracting officers shall include evaluation factors providing additional consideration to such offerors in competitively negotiated solicitations that are not set aside for SDVOSBs or VOSBs.

(b) Additional consideration shall also be given to any offeror, regardless of size status, that proposes to subcontract with SDVOSBs or VOSBs.

815.304-70 Evaluation factor commitments.

(a) VA contracting officers shall:

(1) Include provisions in negotiated solicitations giving preference to offers received from VOSBs and additional preference to offers received from SDVOSBs;

(2) Use past performance in meeting SDVOSB subcontracting goals as a nonprice evaluation factor in selecting offers for award;

(3) Use the proposed inclusion of SDVOSBs or VOSBs as subcontractors as an evaluation factor when competitively negotiating the award of contracts or task or delivery orders; and

(4) Use participation in VA’s Mentor-Protégé Program as an evaluation factor when competitively negotiating the award of contracts or
task or delivery orders.

(b) If an offeror proposes to use an SDVOSB or VOSB subcontractor in accordance with 852.215–70, Service-Disabled Veteran-Owned and Veteran-Owned Small Business Evaluation Factors, the contracting officer shall ensure that the offeror, if awarded the contract, actually does use the proposed subcontractor or another SDVOSB or VOSB subcontractor for that subcontract or for work of similar value.

815.304-71 Solicitation provision and clause.

(a) The contracting officer shall insert the provision at 852.215–70, Service-Disabled Veteran-Owned and Veteran-Owned Small Business Evaluation Factors, in competitively negotiated solicitations that are not set aside for SDVOSBs or VOSBs.

(b) The contracting officer shall insert the clause at 852.215–71, Evaluation Factor Commitments, in solicitations and contracts that include VAAR clause 852.215–70, Service-Disabled Veteran-Owned and Veteran-Owned Small Business Evaluation Factors.

SUBPART 815.4 – CONTRACT PRICING

815.404 Proposal analysis.

815.404-1 Proposal analysis techniques.

(a) Contracting officers are responsible for the technical and administrative sufficiency of the contracts they enter into. Contracting officers must ensure that contracts undergo all applicable legal and technical reviews. (See 801.602-70.)

(b) Contracting officers determine the level of technical analyses necessary for initial and revised pricing of all negotiated prime contracts, including subcontract pricing under them, and contract modifications. Contracting officers must request technical analyses of the proposals from the appropriate technical personnel. The technical analyses must address, as a minimum, the items set forth in FAR 15.404-1(e)(2).

(c) The contracting officer must document the results of such analyses in the contract file and make the results available to the auditor performing the pre-award audit.
815.404-2 Information to support proposal analysis.

In evaluating start-up and other non-recurring costs, the contracting officer must determine the extent to which these costs are included in the proposed price and the intent to absorb or recover the costs in any future noncompetitive procurement or other pricing action. The contracting officer must ensure, with the assistance of the Assistant Inspector General for Policy, Planning, and Resources, as required or considered necessary, that VA will not pay the costs twice. For example, the cost of equipment that the Government pays for through a setup or connection agreement must not be included in depreciation cost of a subsequently negotiated agreement.

SUBPART 815.6 – UNSOLICITED PROPOSALS

815.604 Department points of contact.

A VA employee who receives an unsolicited proposal or inquiries from a potential offeror of an unsolicited proposal must refer the proposal or inquiries to the following:

(a) Facility level unsolicited proposals must be referred to the HCA for the field facility.

(b) Proposals to the VA National Acquisition Center must be referred to the Executive Director and Chief Operating Officer, VA National Acquisition Center.

(c) Proposals to VA Central Office must be referred to the Director, Acquisition Operations Service (049A3).

815.606 Department procedures.

(a) The VA contact point will do the following:

(1) Determine the nature of the potential proposal and which technical/professional disciplines within VA to consult to determine the need for the proposal and the likelihood that a formal proposal would earn favorable review.

(2) In consultation with such technical/professional offices, the VA contact point will furnish the potential offeror the information specified in FAR 15.604 and any other information that might be of assistance to the potential offeror.

(b) The contact point will maintain a record of advance guidance provided and the disposition/recommendation regarding the potential offer.
(c) The contact point will review the unsolicited proposal and ensure that it is complete as prescribed in FAR 15.605. If required information is not submitted, the contact point will:

1. Determine if FAR 15.604 requires advance guidance;

2. Determine whether a comprehensive evaluation prescribed by FAR 15.606-2 is appropriate and, if so, request that the offeror provide the necessary information; and,

3. Establish an estimated due date for completion of the review process.

815.606-1 Receipt and initial review.

(a) When the VA contact point determines a proposal warrants a comprehensive evaluation (i.e., the proposal complies with the requirements in FAR 15.606-1(a) and is related to VA’s mission), the contact point must contact the offeror to ensure that all data that should be restricted in accordance with FAR 15.609 has been identified.

(b) The contact point must maintain a log of all unsolicited proposals to be evaluated. The log must indicate the following:

1. The date the proposal was received.

2. The date that the unsolicited proposal was determined to warrant a comprehensive evaluation.

3. A description of the proposal.

4. The offices requested to evaluate the proposal and the date the offices are requested to return their evaluations.

5. The date the reviewing offices finalize their respective evaluations.

6. The final disposition of the proposal.

(c) The contact point must advise each office assigned responsibility for reviewing an unsolicited proposal of the need to evaluate the proposal against the criteria set forth in FAR 15.607(a)(1) through (4). If the reviewers determine that the proposal fails to meet any of the criteria, the contact point must be advised. The contact point must return the proposal to the offeror, citing the reasons therefore.
(d) The contact point must obtain approval of the DSPE (049A5) before the contact point, if warranted as a contracting officer, or an appropriate contracting officer begins negotiation on proposals. The contact point must provide the DSPE (049A5) all necessary documentation supporting the noncompetitive negotiation, including any justification and approval required by FAR Subpart 6.3 and the results of any synopsis required by FAR Subpart 5.2. The DSPE (049A5) will consult the appropriate VA Central Office program official(s) and return the final decision to the contact point.

The clause is modifiable by increasing the 10-percent maximum limit on aggregate increases specified in paragraph (c)(4) of this section, upon the approval by the Head of the Contracting Activity (HCA) or designee.

(5) The contracting officer shall insert the clause at 852.216-75, “Economic Price Adjustment—Fuel Surcharge,” in solicitations and firm fixed price contracts when contracting by negotiation is subject to changes in the cost of fuel increases. The clause is subject to the conditions at FAR 16.203-4(d)(1).

(f) The contracting officer shall follow procedures as prescribed in FAR 16.203-4(c) and 38 CFR 51.41(b)(1) for EPA fixed price contracts based on Medicaid rates. These procedures shall be used when contracting by negotiation between the VA and the State Veteran Home for making payments under contracts for nursing home care for Veterans.

Subpart 816.5—Indefinite-Delivery Contracts

(Revised 3/23/2018)

816.505 Ordering.

(b)(8) Task-order and delivery-order ombudsman. The task-order contract and delivery-order ombudsman for VA is the Associate Deputy Assistant Secretary (ADAS) for Procurement Policy, Systems and Oversight. The VA Ombudsman shall review and resolve complaints from contractors concerning all task and delivery order actions. If any corrective action is needed after reviewing complaints from contractors, the VA Ombudsman shall provide a written determination of such action to the contracting officer. Contracting officers shall be notified of any complaints submitted to the VA Ombudsman.
816.770 Consignment agreements.

Consignment Agreements shall only be established under a contract and by a contracting officer. A consignment agreement is defined as a delivery method for a specified period of time in which the contractor provides an item/s for Government use and the contractor receives reimbursement only if and when the item is used by the Government. Consignment agreements are allowable and shall be considered in those instances when the requirement for an item is immediate and on-going and when it is impossible to predetermine the type or model of a particular item until the need is established, and it is determined to be in the best interest of the VA.

**Authority:** 38 U.S.C. 8127.
817.105 Policy.

817.105-1 Uses.

(a) Under 38 U.S.C. 114, VA contracting officers may enter into multi-year contracts for supplies and services not to exceed 5 years (unless otherwise authorized by statute), provided the Secretary or designee makes the following determinations:

(1) Appropriations are available for obligation to pay for the total payments for the fiscal year in which the contract is awarded plus the estimated amount of any cancellation charges.

(2) The contract serves the best interest of the Government by:

   (i) Reducing cost;

   (ii) Achieving contract administration and other efficiencies;

   (iii) Increasing quality contract performance; and

   (iv) Encouraging effective competition.

(3) That, during the contract period:

   (i) Demand for the supplies or services will continue;

   (ii) Substantial changes in demand for supplies and services in terms of quantity or rate of delivery are unlikely; and

   (iii) Specifications for the supplies or services will remain reasonably stable.

(4) The risk of the contractor's inability to perform under the terms and conditions of the contract is low.

(5) A multi-year contract will not inhibit competition from small businesses.

(6) For a pharmaceutical item for which a patent has expired less than 4 years before the solicitation issue date, that there is no substantial likelihood that increased competition among potential contractors would occur during the term of the contract as the result of the availability of generic equivalents increasing during the term of the contract.
Part 817—Special Contracting Methods and Contract Types

(b) The Secretary has delegated authority to make the determinations specified in 817.105-1(a) as follows:

(1) HCAs may make the above determinations and approve contracts that do not require legal/technical reviews under 801.602-70 and that do not contain a first year cancellation ceiling exceeding 20 percent of the contract value over the full multi-year term.

(2) Authority to make the above determinations and to approve all other proposed multi-year contracts is delegated to the SPE and is further delegated to the DSPE. For approval purposes, the HCA will justify and document the use of a multi-year contract against each of the criteria specified in paragraphs (a)(1) through (a)(6) of this section and forward to the DSPE for approval. The justification must explain the cancellation ceiling and the method used to calculate that ceiling. The justification also must explain the advantages of multi-year contracts over other alternative methods, e.g., option year contracts.

(c) The contracting officer must develop the cancellation ceilings in accordance with FAR 17.106-1. (38 U.S.C. 114)

SUBPART 817.2 – OPTIONS

817.202 Use of options.

All solicitations developed under Office of Management and Budget Circular A-76 (Revised) cost comparisons will provide for four one-year renewal options as prescribed in FAR Subpart 17.2. The contracting officer must forward requests to use less or more than the prescribed contract period for Circular A-76 (Revised) cost comparisons to the DSPE for approval.

[Deviation per Class Deviation 817.204, Contracts Regarding Option Year Contracts and Terms Exceeding 5 Years (VAIQ 7640793), dated December 2, 2015, to delegate authority to approve periods of service beyond 5 years from the DSPE to the HCAs or designee. This deviation is effective until incorporated in the VAAR or the VAAM or is otherwise rescinded]

817.204 Contracts.

(a) The contracting officer must obtain the approval of the HCA or designee before awarding a contract that includes options exceeding the 5-year limitation specified in FAR 17.204(e). This requirement does not apply to contracts to be awarded by or on behalf of the VA Office of the Inspector General. The request for approval must include the following:
(1) Supporting documentation, rationale, and justifications for the use of options (see FAR 17.205) and for exceeding the 5-year limitation.

(2) Documentation that the contracting officer has considered and addressed the limitations specified in FAR 17.202(b) and (c).

(b) Solicitations that require technical review in accordance with 801.602-71 through 801.602-73 shall be submitted for review concurrently as provided therein.

(c) HCAs shall report, no later than December 31st of each calendar year, to the Senior Procurement Executive (SPE) and the DSPE, on the number of contracts containing options exceeding 5 years. The report shall include—

(1) Contract number;
(2) Contractor name;
(3) Contracting activity;
(4) Total amount of contract;
(5) Total number of years of contract or period of performance;
(6) Total number of options;
(7) Value (amount) of base year of contract;
(8) Value (amount) of option year exercised and number of options;
(9) Remaining value (amount) and number of options remaining;
(10) Identification of the type of procurement (supplies, services, construction); and
(11) Identify the item(s) or service(s) procured.

SUBPART 817.4 – LEADER COMPANY CONTRACTING

817.402 Limitations.

(a) Except as provided in paragraph (b) of this section, the Government shall not initiate or execute leader company contracts.

(b) The DSPE may designate a contracting officer to enter into a leader company contract for the benefit of VA and the Government. The DSPE must designate a contracting officer by name for a specific contract. The named contracting officer will submit the proposed contract, with a determination and finding, for legal review in accordance with 801.602-75.
SUBPART 817.5 – INTERAGENCY ACQUISITIONS UNDER THE ECONOMY ACT

[Deviation per Class Deviation—Veterans First Contracting Program (VFCP 2016), dated July 25, 2016, replaces the language in VAAR 817.502 in its entirety and renumbers the section as 817.501. The deviation applies the Veterans First Contracting Program to any agreement or arrangement with any governmental entity to acquire goods and services on behalf of VA by contract. This deviation is effective until incorporated in the VAAR or the VAAM or is otherwise rescinded.]

817.501 General.

(d) All contracts, agreements, or other arrangements with any governmental entity to acquire goods and services, including construction, that permits the governmental entity to award contracts on behalf of the Department of Veterans Affairs shall include a requirement that the entity will comply with the provisions of 38 U.S.C. 8127 and 8128 and the Veterans First Contracting Program as implemented at subpart 819.70. The governmental entity shall award contracts (see FAR 2.101 for the definition of contracts) to capable service-disabled veteran-owned small businesses (SDVOSBs) and veteran-owned small businesses (VOSBs) listed as verified in the Vendor Information Pages (VIP) database.

(5) Where the SBA has issued a class waiver to the Nonmanufacturer Rule, a contracting officer must receive approval from the HCA prior to utilizing other than competitive procedures or restricted competition as defined in 38 U.S.C. § 8127, for procurements where SBA has issued a class waiver to the Nonmanufacturer Rule. This authority cannot be redelegated.

SUBPART 819.2—POLICIES

819.201 General policy.

(a) It is the Department of Veteran Affairs (VA) policy that small business concerns owned and controlled by veterans shall have maximum practicable opportunity to participate in VA acquisitions, consistent with efficient contract performance and the priorities and preferences established under 38 U.S.C. 8127 and 8128.
(1) To carry out this policy the Secretary establishes annual goals for service-disabled veteran-owned small business (SDVOSB) and veteran-owned small business (VOSB) participation in VA contracting. The VA SDVOSB goal shall be no less than the government-wide goal for SDVOSBs.

(2) In support of these goals, each administration and staff office shall in turn establish annual goals for each subordinate contracting activity that present, for that activity, the maximum practicable opportunity for small business concerns, and particularly SDVOSBs/VOSBs, to participate in the performance of the activity’s contracts and subcontracts.

(3) The attainment of these goals or the use of interagency acquisition vehicles does not limit the applicability of the Veterans First Contracting Program and priorities in subpart 819.70.

(b) Each Head of the Contracting Activity (HCA) shall develop, in coordination with the Office of Small and Disadvantaged Business Utilization (OSDBU), an annual small business operating plan to increase the share of contracts and purchase orders awarded under the small business programs prescribed in FAR part 19 and this part. The HCA shall also ensure that an annual procurement forecast of contracting opportunity is developed pursuant to Section 501 of Public Law 100-656.

(c) In addition to the duties and responsibilities in FAR 19.201(c), the OSDBU Director is also responsible for the implementation of the Veterans First Contracting Program in subpart 819.70.

(d) Each organization with contracting authority shall designate small business specialists/technical advisors in coordination with the OSDBU Director.

819.202 Specific policies.

OSDBU is responsible for reviewing procurement strategies and making recommendations to assist contracting officers in the implementation of this part. These responsibilities shall be conducted within the VA hierarchy of small business program preferences established by 38 U.S.C. 8127(i) (see subpart 819.70), which requires VA to consider preferences for verified SDVOSBs first, then preferences for verified VOSBs. The attainment of contracting goals or the use of Government-wide or multi-agency contract vehicles does not preclude the applicability of these preferences. Contracting officers shall use VA Form 2268, Small Business Program and Contract Bundling Review to document actions and recommendations. Searches and results of the Vendor Information Pages (VIP) database shall be saved and attached to the VA Form 2268 along with accompanying market research report or information.
819.202-1 Encouraging small business participation in acquisitions.

Contracting officers may negotiate payment terms of less than 30 calendar days to encourage small business participation. A period of less than 7 days may not be prescribed (see FAR 32.908(c)(2)). The contracting officer and the local fiscal officer must be in agreement on the negotiated payment terms before awarding the contract.

819.202-5 Data collection and reporting requirements.

(d) Administration heads, staff office directors, and HCAs must, in addition to the responsibilities designated in FAR 19.202-5, cooperate with OSDBU in formulating specific small business program goals and providing other data necessary for goal assessment.

(e) Each VA acquisition activity shall establish goals for the expenditure of funds with preferred businesses with their projected annual budget. OSDBU is responsible for Department-wide goals and accomplishments and will approve or adjust each acquisition activity’s goals.

(c) A Procurement Preference Program Goals Report (Report Control Symbol 00-00427) shall be submitted annually by each acquisition activity to reach OSDBU by November 1. Each Report shall contain total expenditure estimates and goals for the current fiscal year and explanations of the methods utilized to arrive at each proposed goal. Anticipated problems in the attainment of the proposed goal in any category shall also be identified. This information will be used in negotiating the Department goals with the Small Business Administration.

819.202-70 HCA responsibilities.

An HCA must perform the following functions in support of the small business program. These functions cannot be delegated without written approval of the Director, OSBDU:

(a) Develop, on an annual basis, a plan of operation to increase the share of contracts and purchase orders awarded to the small business programs prescribed in FAR Part 19. This plan must also include veteran-owned and service-disabled veteran-owned small business concerns.

(b) Promote goals for the small business programs set forth in FAR Part 19. This must also include veteran-owned and service-disabled veteran-owned small business concerns.

(c) Review the types and classes of items and services to be purchased to determine the applicability of individual small business set-asides.
Part 819—Small Business Programs

(d) Review class set-asides, established in accordance with criteria in FAR 19.503, at least annually to determine whether items or services procured under a unilateral or joint set-aside should be modified or withdrawn.

(e) Maintain updated lists of acquisitions reserved for small business on a class basis.

(f) If the acquisition activity is assigned to an SBA Procurement Center Representative, assure that the representative is provided logistical support, cooperation, and access to all reasonably obtainable contract information directly pertinent to the SBA Procurement Center Representative’s official duties.

(g) Encourage technical personnel and end-users to participate in discussions with veteran-owned and service-disabled veteran-owned small business concerns.

(h) Attend conferences and meetings publicizing small business programs. This responsibility may be delegated without the written approval of the Director, OSBDU.

819.202-71 Additional contracting officer responsibilities.

In addition to the duties designated in FAR 19.202 through 19.202-6, contracting officers must perform the following functions in support of the small business program:

(a) Make maximum use of small business source lists.

(b) Assure that small business firms are identified on solicitation mailing lists and bid abstracts.

(c) Assure that specifications are not unduly restrictive, thereby enabling small business participation to the maximum extent possible.

(d) Assist and counsel small business firms with individual problems.

(e) Provide for counseling non-responsive or non-responsible small business bidders to help qualify them for future awards.

(f) Submit informational copies of all small business protests and appeals to the Director, OSBDU, at the same time they are submitted to the SBA.

819.202-72 [Reserved]
819.203-70 Priority for service-disabled veteran-owned small business/veteran-owned small business contracting preferences.

(a) 38 U.S.C. 8127 and 8128 require the VA to provide priority and establish special acquisition methods to increase contracting opportunities for SDVOSBs and VOSBs. These priorities and special acquisition methods are set forth in subpart 819.70 and shall be applied by VA contracting officers before other priorities and preferences in FAR 19.203.

(b) When using a contracting preference under FAR part 19 (for example, a women-owned small business set-aside), contracting officers shall give priority to small business concerns verified as owned and controlled by veterans pursuant to subpart 819.70, if such business concern(s) also meet the requirements of that contracting preference. Contracting officers shall include the provision and clause prescribed at 815.304-71 in solicitations.

(c) The attainment of goals or the use of interagency vehicles or Government-wide contract vehicles (i.e., Federal Supply Schedules (FSS)) does not relieve the contracting officer from using SDVOSB/VOSB set-asides and other preferences as required by subpart 819.70. 38 U.S.C. 8127(j) requires that if the VA enters into a contract, agreement, or other arrangement with any governmental entity to acquire goods or services, the entity acting on behalf of the VA through such an interagency acquisition or other agreement will comply, to the maximum extent feasible, with the provisions of the program of preferences and priorities for verified SDVOSBs and VOSBs.
(b) A contracting officer or an interested party may protest the apparently successful offeror’s SDVOSB or VOSB status. “Interested party” for the purpose of filing a status protest is an actual offeror whose direct economic interest would be affected by the award of a contract or by the failure to award a contract.

(c) All status protests shall be in writing and shall state all specific grounds for the protest. Assertions that a protested concern, without setting forth specific facts or allegations, are insufficient. An interested party must submit its status protest to the contracting officer by close of business on the fifth business day after bid opening (in sealed bid acquisitions) or by close of business on the fifth business day after notification by the contracting officer of the apparently successful offeror (in negotiated acquisitions). An interested party must deliver their protest in person, by electronic mail, by facsimile, by express delivery service, or by the U.S. Postal Service within the applicable time period to the contracting officer. Any status protest received after these time limits is untimely. Any status protest received prior to bid opening or notification of intended award, whichever applies, is premature and shall be returned to the protestor. Except for premature status protests, the contracting officer must forward to the Director, Center for Verification and Evaluation (CVD), any status protest received.

(d) The Director, CVE, will notify the protester and the contracting officer of the date the status protest was received by CVE and whether the status protest will be processed or dismissed for lack of timeliness or specificity.

(e) The Director, CVE, will determine the SDVOSB or VOSB status of the protested concern based upon the totality of circumstances within 21 business days after receipt of the status protest. If the Director, CVE, does not contact the contracting officer within 21 business days, the contracting officer may award the contract to the apparently successful offeror, unless the contracting officer has granted the Director, CVE, an extension. The contracting officer may award the contract after receipt of a status protest if the contracting officer determines in writing that an award must be made to protect the public interest. The contracting officer shall document this determination for the contract file.

(f) A denial decision by the Director, CVE, that is based on the failure to meet any service-disabled Veteran or Veteran criterion as defined in 38 CFR 74.1 is not subject to an appeal to the Executive Director, Office of Small and Disadvantaged Business Utilization (OSDBU), and is a final decision.

(g) The Director, CVE, will notify the contracting officer, the protestor, and the protested concern of its determination. The determination is effective immediately and is final unless overturned on appeal by the Executive Director, OSDBU. The determination may be sent by mail, commercial carrier, facsimile transmission, or other electronic means.

(h) If the Director, CVE, sustains an SDVOSB or VOSB status protest and
the contract has already been awarded, then the awarded contract shall be deemed void ad initio and the contracting officer shall rescind the contract and award the contract to the next SDVOSB or VOSB in line for the award. The ineligible SDVOSB or VOSB concern shall not be permitted to submit another offer as a SDVOSB or VOSB on a future SDVOSB or VOSB procurement under this part, unless it successfully appeals the determination of the Director, CVE, to the Executive Director, OSDBU, or unless it applies for and receives verified SDVOSB or VOSB status in accordance with 38 CFR part 74.

(i) Except as provided in subsection (f), the protestor or the protested SDVOSB or VOSB concern may file an appeal of the status protest determination with the Executive Director, OSDBU. The Executive Director must receive the appeal no later than 5 business days after the date of receipt of the status protest determination. The Executive Director will dismiss any appeal received after the 5-day period. “Filing” means a document is received by the Executive Director by 5:30 p.m., Eastern Standard Time, on that day. Documents may be filed by hand delivery, mail, commercial carrier, or facsimile transmission. Hand delivery and other means of delivery may not be practicable during certain periods due to, for example, security concerns or equipment failures. The filing party bears the risk that the delivery method chosen will not result in timely receipt by the Executive Director, OSDBU. Submit appeals to: Executive Director, OSDBU (00VE), U.S. Department of Veterans Affairs, 810 Vermont Avenue, NW, Washington, DC 20420.

(j) The appeal must be in writing. The appeal must identify the status protest determination being appealed and must set forth a full and specific statement as to why the decision was based on clear error of fact or law.

(k) The party appealing the determination must provide notice of the appeal to the contracting officer. The Executive Director will decide all appeals under this subpart solely on a review of the evidence in the written protest file, arguments made in the appeal petition and response(s) filed thereto.

(l) The Executive Director will make a decision within 10 business days of the receipt of the appeal, if practicable, and will base the decision only on the information and documentation in the protest record as supplemented by the appeal. The Executive Director will provide a copy of the decision to the contracting officer and the protested SDVOSB or VOSB concern. The Executive Director’s decision, if received before the award, will apply to the pending acquisition. If the Executive Director decides in favor of the appealing party and the decision is received after the award, the contracting officer may terminate the contract or not exercise the next option. The Executive Director’s decision is the final decision. The decision may be sent by mail, commercial carrier, facsimile transmission, or other electronic means.

[78 FR 59865, Sept. 30, 2013]
SUBPART 819.5 – SET-ASIDES FOR SMALL BUSINESS

[Deviation per Class Deviation—Veterans First Contracting Program (VFCP 2016), dated July 25, 2016, amends implementation of the Veterans First Contracting Program by adding 819.501-70 and 819.502-4, to include general principles for setting aside VA acquisitions and that the principles apply, as well as emphasizing attainment of the Secretary’s annual goals for SDVOSBs/VOSBs does not limit the applicability of the Veterans First Contracting Program. VAAR 819.502-4 emphasizes that subpart 819.70 applies to VA orders and BPAs under Federal Supply Schedule (FSS) and other vehicles. This deviation is effective until incorporated into the VAAR or the VAAM or is otherwise rescinded.]

819.501-70 General principles for setting aside VA acquisitions.

(a) The following principles apply to VA acquisitions under this subpart:

(1) Before setting aside or reserving an acquisition for small businesses under FAR subpart 19.5, contracting officers shall refer to 819.203-70 and subpart 819.70 for VA SDVOSB/VOSB priorities and preferences.

(2) Set-asides under the Veterans First Contracting Program in subpart 819.70 (see 819.7005 and 819.7006) have precedence over other small business set-asides referenced in FAR part 19, both above and below the simplified acquisition threshold (SAT). SDVOSB and VOSB set-asides also satisfy the requirement to reserve actions below the SAT for small business.

(3) Set-asides for verified SDVOSB and VOSB are mandatory whenever a contracting officer has a reasonable expectation of receiving two or more competitive offers/quotes at a fair and reasonable price that offers best value to the Government. Because only verified SDVOSBs and VOSBs can participate on such set-asides, the contracting officer should start by identifying firms listed as verified in the VIP database and then determine what acquisition strategy and priorities in 808.004(a), including FSS, is most appropriate.

(4) When a procurement requirement will not be set aside or otherwise awarded to verified SDVOSBs or VOSBs pursuant to subpart 819.70, the contracting officer shall document the file in accordance with OSDBU guidance and include SDVOSB/VOSB evaluation preferences in the solicitation as set forth in 815.304.

(b) These principles apply even when a procuring activity is meeting its goals or is planning the use of an interagency or Government-wide contract vehicle.

(c) Any reference to small business preferences/set-asides in FAR subpart 19.5 is to be construed to include verified SDVOSBs and VOSBs,
819.502 Setting aside acquisitions.

819.502-2 Total small business set asides.

(a) When a total small business set-aside is made, one of the following statements, as applicable, will be included in the solicitation for bids:

(1) Notice of total small business set-aside, page______, applies to all items in this solicitation.

(2) Notice of total small business set-aside, page______, applies to items______ through__________ in this solicitation.

(b) Contracting officers must ensure that the appropriate product or service classification and the related size standard are included in each solicitation.

819.502-3 Partial set-asides.

When, in accordance with the provisions of FAR 19.502-3, the contracting officer determines that a particular procurement will be partially set aside for small business participation, the solicitation for bids shall include the appropriate product or service classification and appropriate size standard, and the following statement shall be placed on the face page:

Notice of partial set-aside, page______, applies to item_____ through item _______ in this solicitation.

[Deviation per Class Deviation—Veterans First Contracting Program (VFCP 2016), dated July 25, 2016, amends implementation of the Veterans First Contracting Program in 819.502-4 to include direction regarding orders on other agency multiple awards that emphasizes attainment of the Secretary’s annual goals for SDVOSBs/VOSBs does not limit the applicability of the Veterans First Contracting Program. This deviation is effective until incorporated into the VAAR or the VAAM or is otherwise rescinded.]

819.502-4 Multiple-award contracts and small business set-asides.

819.800 General.

(a) No contract will be entered into with SBA under section 8(a) of the Small Business Act (15 U.S.C. 637(a)) unless a certification is made by the Administrator of that agency, or designee, that SBA is competent to perform the contract.

(b) When it is determined that the requirements of VA are appropriate for inclusion in this program, the contracting officer will make this fact known to proper officials of the SBA regional office servicing his/her area. (c) 38 U.S.C. 8127 (b), (c) and (d) provide the authority for VA contracting officers to make awards to verified SDVOSBs/VOSBs using set-asides, as well as other than full and open competition (sole source), when certain conditions are met.

(d) Contracting officers shall award contracts on the basis of competition restricted to small business concerns owned and controlled by veterans (see 819.7005 and 819.7006), to the maximum extent practicable. (2) Each other concern is small under the size standard corresponding to the NAICS code assigned to the procurement;

(3) The joint venture meets the requirements of paragraph 7 of the size standard explanation of affiliates in FAR 19.101; and

This debarment includes all principals in the business. See 809.406, Debarment.
819.7004 Contracting order of priority.

In determining the acquisition strategy applicable to a procurement requirement the contracting officer shall consider, in the following order of priority, contracting preferences prescribed in this part for awarding VA contracts to:

(a) Eligible small business concerns owned and controlled by service-disabled veterans;

(b) Eligible small business concerns owned and controlled by veterans that are not covered by paragraph (a);

(c) Small business concerns using priorities and preferences in 819.203-70 and this subpart.

Except as authorized by 813.106, 819.7007 and 819.7008, the contracting officer shall set-aside an acquisition for competition restricted to verified SDVOSB concerns upon a reasonable expectation based on market research that:

(1) Offers/quotes will be received from two or more eligible SDVOSB; and

(2) Award can be made at a fair and reasonable price that offers the best value to the government.

(b) When conducting SDVOSB set-asides, the contracting officer shall ensure that:

contracting officer receives no acceptable offers/quotes from verified SDVOSBs, the set-aside shall be withdrawn and the requirement, if still valid, set aside for VOSB competition, or otherwise procured using the most appropriate strategy based on the results of market research.

819.7006 VA veteran-owned small business set-aside procedures.

(a) The contracting officer shall consider SDVOSB set-asides before considering VOSB set-asides. Except as authorized by 813.106, 819.7007 and 819.7008, the contracting officer shall set aside an acquisition for competition restricted to SDVOSBs or VOSBs upon a reasonable expectation, based on market research, that:

(c) If the contracting officer receives only one acceptable offer at a fair and reasonable price from a verified SDVOSB/VOSB in response to a SDVOSB or VOSB set-aside, the contracting officer should make an award to that SDVOSB or VOSB. If the contracting officer receives no acceptable offers/quotes from verified SDVOSBs or VOSBs, the SDVOSB or VOSB set-aside shall be withdrawn and the requirement, if still valid, set aside for other small business programs or otherwise procured using the most appropriate strategy based on the results of market research.

To ensure that opportunities are available to the broadest number of verified SDVOSBs, this authority is to be used judiciously and only when in the best interest of the Government.

(c) A determination that only one SDVOSB can meet the requirement is not required. However, in accordance with FAR 6.302-5(c)(2)(ii), contracts awarded using this authority shall be supported by a written justification and approval described in FAR 6.303 and 6.304, as applicable.

(d) When conducting a SDVOSB sole source acquisition, the contracting officer shall ensure the business meets eligibility requirements 819.7003.

To ensure that opportunities are available to the broadest number of verified SDVOSB/VOSBs, this authority is to be used judiciously and only when in the best interest of the government.

(c) A determination that only one VOSB can meet the requirement is not required. However, in accordance with FAR 6.302-5(c)(2)(ii), contracts awarded using this authority shall be supported by a written justification and approval described in FAR 6.303 and 6.304, as applicable.

(d) When conducting a VOSB sole source acquisition, the contracting officer shall ensure the business meets eligibility requirements 819.7003.

(e) A procurement requirement estimated to exceed the legislative threshold of $5 million shall not be split or subdivided to permit the use of this VOSB sole source authority.

819.7009 Contract clauses.

The contracting officer shall insert clause 852.219-10, VA Notice of Total Service-Disabled Veteran-Owned Small Business Set-Aside or clause 852.219-11, VA Notice of Total Veteran-Owned Small Business Set-Aside as applicable, in open market solicitations and contracts for acquisitions set-aside under this subpart.

SUBPART 819.71 – VA MENTOR-PROTÉGÉ PROGRAM

819.7101 Purpose.

The VA Mentor-Protégé Program is designed to assist service-disabled veteran-owned small businesses (SDVOSBs) and veteran-owned small businesses (VOSBs) in enhancing their capabilities to perform contracts and subcontracts for VA. The Mentor-Protégé Program is also designed to improve the performance of VA contractors and subcontractors by providing developmental assistance to protégé entities, fostering the establishment of long-term business relationships between SDVOSBs, VOSBs and prime contractors, and increasing the overall number of SDVOSBs and VOSBs that receive VA contract and subcontract awards. A firm’s status as a protégé under a VA contract shall not have an effect on the firm’s eligibility to seek other prime contracts or subcontracts.

819.7102 Definitions.

(a) A Mentor is a contractor that elects to promote and develop SDVOSBs and/or VOSBs by providing developmental assistance designed to enhance the
business success of the protégé. A mentor may be a large or small business concern.

(b) OSDBU is the Office of Small and Disadvantaged Business Utilization. This is the VA office responsible for administering, implementing and coordinating the Department’s small business programs, including the Mentor-Protégé Program.

(c) Program refers to the VA Mentor-Protégé Program as described in this Subpart.

(d) Protégé means a SDVOSB or VOSB, as defined in 802.101, which meets federal small business size standards in its primary NAICS code and which is the recipient of developmental assistance pursuant to a Mentor-Protégé agreement.

819.7103 Non-affiliation.

A Protégé firm will not be considered an affiliate of a mentor firm solely on the basis that the protégé firm is receiving developmental assistance from the mentor firm under VA’s Mentor-Protégé Program. The determination of affiliation is a function of the SBA.

819.7104 General policy.

(a) To be eligible, mentors and protégés must not be listed on the Excluded Parties List System, located at http://www.epls.gov. Mentors will provide appropriate developmental assistance to enhance the capabilities of protégés to perform as prime contractors and/or subcontractors.

(b) VA reserves the right to limit the number of participants in the program in order to ensure its effective management of the Mentor-Protégé Program.

819.7105 Incentives for prime contractor participation.

(a) Under the Small Business Act, 15 U.S.C. 637(d)(4)(e), VA is authorized to provide appropriate incentives to encourage subcontracting opportunities for small business consistent with the efficient and economical performance of the contract. This authority is limited to negotiated procurements. FAR 19.202-1 provides additional guidance.

(b) Costs incurred by a mentor to provide developmental assistance, as described in 819.7110 to fulfill the terms of their agreement(s) with a protégé firm(s), are not reimbursable as a direct cost under a VA contract. If VA is the mentor’s responsible audit agency under FAR 42.703–1, VA will consider these costs in determining indirect cost rates. If VA is not the responsible audit agency, mentors are encouraged to enter into an advance agreement with their
responsible audit agency on the treatment of such costs when determining indirect cost rates.

(c) In addition to subparagraph (b) of this section, contracting officers shall give mentors evaluation credit under 852.219–52, Evaluation Factor for Participation in the VA Mentor-Protégé Program, considerations for subcontracts awarded pursuant to their Mentor-Protégé Agreements and their subcontracting plans. Therefore:

(1) Contracting officers may evaluate subcontracting plans containing mentor-protégé arrangements more favorably than subcontracting plans without Mentor-Protégé Agreements.

(2) Contracting officers may assess the prime contractor’s compliance with the subcontracting plans submitted in previous contracts as a factor in evaluating past performance under FAR 15.305(a)(2)(v) and determining contractor responsibility 19.705–5(a)(1).

(d) OSDBU Mentoring Award. A nonmonetary award will be presented annually to the mentoring firm providing the most effective developmental support to a protégé. The Mentor-Protégé Program Manager will recommend an award winner to the OSDBU Director.

(e) OSDBU Mentor-Protégé Annual Conference. At the conclusion of each year in the Mentor-Protégé Program, mentor firms will be invited to brief contracting officers, program leaders, office directors and other guests on program progress.

819.7106 Eligibility of Mentor and Protégé firms.

Eligible business entities approved as mentors may enter into agreements (hereafter referred to as “Mentor-Protégé Agreement” or “Agreement” and explained in 819.7108) with eligible protégés. Mentors provide appropriate developmental assistance to enhance the capabilities of protégés to perform as contractors and/or subcontractors. Eligible small business entities capable of providing developmental assistance may be approved as mentors. Protégés may participate in the program in pursuit of a prime contractor as subcontractors under the mentor’s prime contract with VA, but are not required to be a subcontractor to a VA prime contract or be a VA prime contractor.

(a) Eligibility. A Mentor:

(1) May be either a large or small business entity and either a prime contractor or subcontractor;

(2) Must be able to provide developmental assistance that will enhance the ability of Protégés to perform as prime contractors or
(3) Will be encouraged to enter into arrangements with entities with which it has established business relationships.

(b) Eligibility. A Protégé:

(1) Must be a SDVOSB or VOSB as defined in 802.101;

(2) Must meet the size standard corresponding to the NAICS code that the Mentor prime contractor believes best describes the product or service being acquired by the subcontract; and

(c) Protégés may have multiple mentors. Protégés participating in mentor-protégé programs in addition to VA’s Program should maintain a system for preparing separate reports of mentoring activity so that results of VA’s Program can be reported separately from any other agency program.

A protégé firm shall self-represent to a mentor firm that it meets the requirements set forth in paragraph (b) of this section. Mentors shall confirm eligibility by documenting the verified status of the protégé in the VetBiz.gov VIP database. Protégés must maintain verified status throughout the term of the Mentor-Protégé Agreement. Failure to do so shall result in cancellation of the Agreement.

819.7107 Selection of Protégé firms.

(a) Mentor firms will be solely responsible for selecting protégé firms. Mentors are encouraged to select from a broad base of SDVOSB or VOSB firms whose core competencies support VA’s mission; and choose SDVOSB and/or VOSB protégés in addition to firms with whom they have established business relationships.

(b) Mentors may have multiple protégés. However, to preserve the integrity of the Program and assure the quality of developmental assistance provided to protégés, VA reserves the right to limit the total number of protégés participating under each mentor firm for the Mentor-Protégé Program.

(c) The selection of protégé firms by mentor firms may not be protested, except that any protest regarding the size or eligibility status of an entity selected by a mentor shall be handled in accordance with the FAR and SBA regulations.

819.7108 Application process.

(a) Firms interested in becoming approved mentor-protégé participants must submit a joint written VA Mentor-Protégé Agreement to the VA OSDBU for...
review and approval. The proposed Mentor-Protégé Agreement will be evaluated on the extent to which the mentor plans to provide developmental assistance. Evaluations will consider the nature and extent of technical and managerial support as well as any proposed financial assistance in the form of equity investment, loans, joint-venture, and traditional subcontracting support.

(b) The Mentor-Protégé Agreement must contain:

(1) Names, addresses, phone numbers, and e-mail addresses (if available) of the mentor and protégé firm(s) and a point of contact for both mentor and protégé who will oversee the agreement;

(2) A statement from the protégé firm that the firm is currently eligible as a SDVOSB or VOSB to participate in VA’s Mentor-Protégé Program;

(3) A description of the mentor’s ability to provide developmental assistance to the protégé and the type of developmental assistance that will be provided, to include a description of the types and dollar amounts of subcontract work, if any, that may be awarded to the protégé firm;

(4) Duration of the Agreement, including rights and responsibilities of both parties (mentor and protégé), with bi-annual reviews;

(5) Termination procedures, including procedures for the parties’ voluntary withdrawal from the Program. The Agreement shall require the mentor or the protégé to notify the other firm and VA OSDBU in writing at least 30 days in advance of its intent to voluntarily terminate the Agreement;

(6) A schedule with milestones for providing assistance;

(7) Criteria for evaluation of the protégé’s developmental success;

(8) A plan addressing how the mentor will increase the quality of the protégé firm’s technical capabilities and contracting and subcontracting opportunities;

(9) An estimate of the total cost of the planned mentoring assistance to be provided to the Protégé;

(10) An agreement by both parties to comply with the reporting requirements of 819.7113;

(11) A plan for accomplishing unfinished work should the Agreement be voluntarily cancelled;

(12) Other terms and conditions, as appropriate; and
(13) Signatures and date(s).

(c) The Agreement defines the relationship between the mentor and the protégé firms only. The Agreement does not create any privity of contract between the mentor and VA or the protégé and VA.

**819.7109 VA review of application.**

(a) VA OSDBU will review the information to establish the mentor and protégé eligibility and to ensure that the information that is in VAAR 819.7108 is included. If the application relates to a specific contract, then OSDBU will consult with the responsible contracting officer on the adequacy of the proposed Agreement, as appropriate. OSDBU will complete its review no later than 30 calendar days after receipt of the application or after consultation with the contracting officer, whichever is later. There is no charge to apply for the Mentor-Protégé Program.

(b) After OSDBU completes its review and provides written approval, the mentor may execute the Agreement and implement the developmental assistance as provided under the Agreement. OSDBU will post a copy of the Mentor-Protégé Agreements to a VA Web site to be accessible to VA contracting officers for review for any VA contracts affected by the Agreement.

(c) If the application is disapproved, the mentor may provide additional information for reconsideration. OSDBU will complete review of any supplemental material no later than 30 days after its receipt. Upon finding deficiencies that VA considers correctable, OSDBU will notify the mentor and protégé and request correction of deficiencies to be provided within 15 days.

**819.7110 Developmental assistance.**

The forms of developmental assistance a mentor can provide to a protégé include, but are not limited to, the following:

(a) Guidance relating to—

(1) Financial management;

(2) Organizational management;

(3) Overall business management/planning;

(4) Business development; and

(5) Technical assistance.
(b) Loans.

(c) Rent-free use of facilities and/or equipment.

(d) Property.

(e) Temporary assignment of personnel to a Protégé for training.

(f) Any other types of permissible, mutually beneficial assistance.

819.7111 Obligations under the Mentor-Protégé Program.

(a) A mentor or protégé may voluntarily withdraw from the Program. However, in no event shall such withdrawal impact the contractual requirements under any prime contract with VA.

(b) Mentors and protégés shall submit reports to VA OSDBU in accordance with 819.7113.

819.7112 Internal Control.

(a) OSDBU will oversee the Program and will work cooperatively with relevant contracting officers to achieve Program objectives. OSDBU will establish internal controls as checks and balances applicable to the Program. These controls will include:

1. Reviewing and evaluating mentor applications for validity of the provided information;

2. Reviewing bi-annual progress reports submitted by mentors and protégés on protégé development to measure protégé progress against the plan submitted in the approved Agreement;

3. Reviewing and evaluating financial reports and invoices submitted by the mentor to verify that VA is not charged by the mentor for providing developmental assistance to the protégé; and

4. Limiting the number of participants in the Mentor-Protégé Program within a reporting period, in order to insure the effective management of the Program.

(b) VA may rescind approval of an existing Mentor-Protégé Agreement if it determines that such action is in VA’s best interest. The rescission shall be in writing and sent to the mentor and protégé after approval by the OSDBU Director. Rescission of an Agreement does not change the terms of any subcontract between the mentor and the protégé.
819.7113 Reports.

(a) Mentor and protégé entities shall submit to VA's OSDBU bi-annual reports on progress under the Mentor-Protégé Agreement. VA will evaluate reports by considering the following:

(1) Specific actions taken by the mentor during the evaluation period to increase the participation of their protégé(s) as suppliers to VA, other government agencies and to commercial entities;

(2) Specific actions taken by the mentor during the evaluation period to develop technical and administrative expertise of a protégé as defined in the Agreement;

(3) The extent to which the protégé has met the developmental objectives in the Agreement;

(4) The extent to which the mentor’s participation in the Mentor-Protégé Program impacted the protégé’s ability to receive contract(s) and subcontract(s) from private firms and federal agencies other than VA; and, if deemed necessary;

(5) Input from the protégé on the nature of the developmental assistance provided by the mentor.

(b) OSDBU will submit annual reports to the relevant contracting officer regarding participating prime contractor(s)’ performance in the Program.

(c) In addition to the written progress report in paragraph (a) of this section, at the mid-term point in the Mentor-Protégé Agreement, the mentor and the protégé shall formally brief the VA OSDBU regarding program accomplishments as pertains to the approved agreement.

(d) Mentor and protégé firms shall submit an evaluation to OSDBU at the conclusion of the mutually agreed upon Program period, the conclusion of the contract, or the voluntary withdrawal by either party from the Program, whichever comes first.

819.7114 Measurement of program success.

The overall success of the VA Mentor-Protégé Program encompassing all participating mentors and protégés will be measured by the extent to which it results in:
(a) An increase in the quality of the technical capabilities of the protégé firm.

(b) An increase in the number and dollar value of contract and subcontract awards to protégé firms since the time of their entry into the program attributable to the mentor-protégé relationship (under VA contracts, contracts awarded by other Federal agencies and under commercial contracts.)

**819.7115 Solicitation provisions.**

(a) Insert 852.219-71, VA Mentor-Protégé Program, in solicitations that include FAR clause 52.219-9, Small Business Subcontracting Plan.

(b) Insert 852.219-72, Evaluation Factor for Participation in the VA Mentor-Protégé Program, in solicitations that include an evaluation factor for participation in VA’s Mentor-Protégé Program in accordance with 819.7105 and that also include FAR clause 52.219-9, Small Business Subcontracting Plan.

**Subpart 819.72—VA Subcontracting Compliance Review Program**

**819.7200 General.**

(a) The Department of Veterans Affairs (VA) is required by Pub. L. 109-461, Executive Order 13360, and the Small Business Act, to establish special acquisition methods to increase contracting and subcontracting opportunities for small businesses, and, in particular, SDVOSBs and VOSBs, while protecting access to the programs by their intended beneficiaries.

(b) In an effort to maintain integrity of these programs, the VA has developed a Subcontracting Compliance Review Program (SCRP), which assesses contractor compliance with limitations on subcontracting requirements, subcontracting commitments, and subcontracting goals included in a VA prime contract.

(c) These reviews will be conducted by either VA or a third party contractor on behalf of the VA as set forth in this subpart and the VA Subcontracting Compliance
Part 819—Small Business Programs

Review Program manual. The SCRP manual sets forth guidelines and procedures for conducting compliance reviews under the program.

(d) Contracting officers shall notify prospective contractors that Risk Management and Compliance Service, and/or a third party (support contractor) will require access to VA contractor records, as needed, to assess contractor compliance as provided in paragraph (b) of this section, by incorporating the clauses at 819.7203 as applicable.

819.7201 Scope of subcontracting compliance reviews.

(a) Any small business concern receiving a VA contract on a sole source or set aside basis or under a small business evaluation preference, will be subject to a review to ensure they are in compliance with the limitations on subcontracting requirement or percentage of work performance requirement provided in the appropriate set-aside/preference clause.

(b) Moreover, VA will assess contractors for compliance, regardless of their size status, to ensure they are adhering to any subcontracting commitments included in VA contracts by virtue of VAAR clause 852.215-71.

(c) Prime contractors that are other than small business concerns will also be assessed for compliance with their subcontracting plans and small business commitments. In addition, as required by 38 USC 8127(a)(4), OSDBU will review prime contractor’s subcontracting plan reports to ensure only verified SDVOSB and VOSB firms are counted toward those plan goals.

819.7202 Types of subcontracting compliance reviews.

(a) There are three (3) types of subcontracting compliance reviews that will be conducted under the Subcontracting Compliance Review Program:

(1) Limitations on Subcontracting Compliance Review (LSCR) for small business set-aside sole source or evaluated contracts.

(2) Subcontracting Commitments Compliance Review (SCCR) contracts awarded on the basis of an evaluation preference.

(3) Subcontracting Plan Compliance Review (SPCR) for prime contractors subject to subcontracting plan submissions.

(b) Follow-up reviews will be conducted as required in the SCRP manual.

(c) Compliance reviews may be conducted on-site or off-site, as appropriate. For purposes of this program, on-site compliance reviews mean reviews conducted at VA contractors’ sites or facilities. Off-site compliance reviews are conducted at
either a Government location or another facility (e.g., at the support contractor’s facility conducting the reviews on behalf of VA).

819.7203 Contract clauses.

In addition to other applicable clauses, contracting officers shall:

(a) Include clause 852.219-74 Limitations on Subcontracting—Monitoring and Compliance, in VA solicitations and contracts which are—

(1) Sole-source or set-aside for service-disabled veteran-owned small businesses or veteran-owned small businesses under subpart 819.70;

(2) Sole source or set-aside for other types of small business pursuant to FAR part 19 and/or which contain the clause at 52.219-14, Limitations on Subcontracting; or

(3) Awarded based on an evaluation preference for being a small business (e.g., FAR 52.219-4, Notice of Price Evaluation Preference for HUBZone Small Business Concerns).

(b) Include clause 852.219-75, Subcontracting Commitments Monitoring and Compliance, in VA solicitations and contracts which will be issued on a competitively negotiated basis, including RFQs for task/delivery orders or BPAs, which:

(1) Require a statement of work,

(2) Are not set-aside for SDVOSB/VOSB; and

(3) Include any evaluation criteria in addition to price, such as 852.215-70, SDVOSB/VOSB Evaluation Factors.

(c) Include clause 852.219-76, Subcontracting Plans Monitoring and Compliance, in VA solicitations and contracts where FAR clause 52.219-9 and/or VAAR 852.219-9 are applicable.

AUTHORITY: 38 U.S.C. chapter 31; 40 U.S.C. 121(c); 41 U.S.C. 1121(c)(3); 41 U.S.C 1702; and 48 CFR 1.301-1.304.
831.7000 Scope of subpart.

This subpart contains general cost principles and procedures for the determination and allowance of costs or negotiation of prices under cost reimbursement or fixed-price contracts for providing vocational rehabilitation, education, and training to eligible Veterans under 38 U.S.C. chapter 31, (referred to as a “chapter 31 program”). This subpart applies to contracts with educational institutions as well as to contracts with commercial and non-profit organizations.

831.7000-1 Definitions.

Chapter 31 refers to the vocational rehabilitation and employment (VR&E) program that provides training and rehabilitation for Veterans with service-connected disabilities under chapter 31 of Title 38 U.S.C.

Consumable instructional supplies means those supplies which are required for instruction in the classroom, shop school, and laboratory of an educational institution, which are consumed, destroyed, or expended by either the student, instructor or both in the process of use and which have to be replaced at frequent intervals without adding to the value of the institution’s physical property.

Similarly circumstanced non-Veteran student means a student in equal or like situations as a person who is neither receiving educational or training benefits under chapter 31 or chapter 33 of Title 38 U.S.C. or the savings provisions of section 12(a) of Public Law 85-857, nor having all or any part of tuition fees or other charges paid by the educational institution.

Work adjustment training means a specialized structure program that is facility or community based and designated to assist an individual in acquiring or improving work skills, work behaviors, work tolerance, interpersonal skills or work ethics.
831.7001 Allowable costs and negotiated prices under vocational rehabilitation and education contracts. [No Text.]

831.7001-1 Tuition.

(a) Tuition and enrollment fees shall be paid at the institution’s customary amount that—

(1) Does not exceed the tuition charged to similarly circumstanced non-Veteran students; and

(2) Is equal to the lowest price offered or published for the entire course, semester, quarter, or term.

(b) The cost of the Veteran student’s tuition and fees under a contract shall be offset by—

(1) Any amount of tuition and fees that are waived by a State or other government authority; or

(2) Any amounts the Veteran student receives from a fellowship, scholarship, grant-in-aid, assistantship, or similar award, that limits its use to payment of tuition, fees, or other charges that VA normally pays as part of a chapter 31 program.

(c) VA will not pay tuition or incidental fees to institutions or establishments furnishing apprentice or on-the-job training. VA may elect to pay charges or expenses that fall into either of the following categories:

(1) Charges customarily made by a nonprofit workshop or similar establishment for providing work adjustment training to similarly circumstanced non-Veteran students even if the trainee receives an incentive wage as part of the training.

(2) Training expenses incurred by an employer who provides on-the-job training following rehabilitation to the point of employability when VA determines that the additional training is necessary.

831.7001-2 Special services or courses.

Special services or courses are those services or courses that VA requests that are supplementary to those the institution customarily provides for similarly circumstanced non-Veteran students and that the contracting officer considers them to be necessary for the rehabilitation of the trainee. VA will negotiate the costs/prices of special services or courses prior to ordering them.
831.7001-3 Books, supplies, and equipment required to be personally owned.

(a) Reimbursement for books, supplies, and equipment. VA will provide reimbursement for books, equipment, or other supplies of the same variety, quality, or amount that all students taking the same course or courses are customarily required to own personally. VA will provide reimbursement for items that the institution does not specifically require for pursuit of the course if VA determines that such items are needed because of the demands of the course, general possession by other students, and the disadvantage imposed on a Veteran student by not having the item.

(b) Partial payment agreements. Agreements in which VA would pay the institution a partial payment with the remainder to be paid by the Veteran student are not authorized.

(c) Thesis expenses. The institution’s costs in connection with a Veteran student’s thesis are considered supplies and are therefore authorized for reimbursement if the Veteran student’s committee chairman, major professor, department head, or appropriate dean certifies that the thesis is a course requirement and the expenses are required to complete the thesis. These expenses may include research expenses, typing, printing, microfilming, or otherwise reproducing the required number of copies.

(d) Reimbursement for books, supplies, and equipment. Books, supplies, and equipment that the institution purchases specifically for trainees will be reimbursed at the net cost to the institution. The VA shall reimburse the institution for books, supplies, and equipment when these items are—

(1) Issued to students from its own bookstore or supply store;

(2) Issued to students from retail stores or other non-institutionally owned establishments not owned by the contractor/institution but arranged or designated by them in cooperation with VA; or

(3) Rented or leased books, supplies and equipment and are issued to students for survey classes when it is customary that students are not required to own the books.

(e) Handling charges. VA shall reimburse the institution for any handling charges not to exceed more than 10 percent of the allowable charge for the books, equipment or other supplies unless—

(1) The tuition covers the charges for supplies or rentals or a stipulated fee is assessed to all students; or

(2) The handling charge is for Government-owned books that the
831.7001-4 Medical services and hospital care.

(a) VA may pay the customary student health fee when payment of the fee is required for similarly circumstanced non-Veteran students. If payment of the fee is not required for similarly circumstanced non-Veteran students, payment may be made if VA determines that payment is in the best interest of the Veteran student and the Government.

(b) When the customary Veteran student’s health fee does not cover medical services or hospital care, but these medical services are available in an institution-operated facility or with doctors and hospitals in the immediate area through a prior arrangement, VA may provide reimbursement for these services in a contract for the services if—

(1) An arrangement is necessary to provide timely medical services for Veteran-students attending the facility under provisions of chapter 31; and

(2) The general rates established for medical services do not exceed the rates established by VA.

(c) VA may reimburse a rehabilitation facility for incidental medical services provided during a Veteran student’s program at the facility.

831.7001-5 Consumable instructional supplies.

(a) VA will provide reimbursement for consumable instructional supplies that the institution requires for the instruction of all students, Veteran or non-Veteran students, pursuing the same or comparable course or courses when—

(1) The supplies are entirely consumed in the fabrication of a required project; or

(2) The supplies are not consumed but are of such a nature that they cannot be salvaged from the end product for reuse by disassembling or dismantling the end product.

(b) VA will not provide reimbursement for consumable instructional supplies if any of the following apply:

(1) The supplies can be salvaged for reuse.

(2) The supplies are used in a project that the student has elected as an alternate class project to produce an end product of greater value than that normally required to learn the skills of the occupation, and the end product will become the Veteran’s property upon completion.
(3) The supplies are used in a project that the institution has selected to provide the student with a more elaborate end product than is required to provide adequate instruction as an inducement to the Veteran student to elect a particular course of study.

(4) The sale value of the end product is equal to or greater than the cost of supplies plus assembly, and the supplies have not been reasonably used so that the supplies are not readily salvaged from the end product to be reused for instructional purposes.

(5) The end product is of permanent value and retained by the institution.

(6) A third party loans the articles or equipment for repair or improvement and the third party would otherwise pay a commercial price for the repair or improvement.

832.006 Reduction or suspension of contract payments upon finding of fraud.

832.006-1 General.

(b) The Senior Procurement Executive (SPE) is authorized to make determinations that there is substantial evidence that contractors' requests for advance, partial, or progress payments are based on fraud and may direct that further payments to the contractors be reduced or suspended, as provided in FAR 32.006.

832.006-4 Procedures.

(b) The Remedy Coordination Official (RCO) for VA is the Deputy Senior Procurement Executive (DSPE) who shall carry out the responsibilities of the agency head in FAR 32.006-4(b).

(e) The RCO shall carry out the responsibilities of the agency head in FAR 32.006-4(e) to notify the contractor of the reasons for the recommended action and of its right to submit information within a reasonable period of time in response to the proposed action under FAR 32.006.

(1) The notice of proposed action will be sent to the last known address of the contractor, the contractor's counsel, or agent for service of process, by certified mail, return receipt requested, or any other method that provides signed evidence of receipt. In the case of a business, the notice of proposed action may be sent to any partner, principal, officer, director, owner or co-owner, or joint venture. The
contractor will be afforded an opportunity to appear before the RCO to present information or argument in person or through a representative and may supplement the oral presentation with written information and argument.

Any recommendation of the RCO under FAR 31.006-4(a) and paragraph (b) of this section, must address the results of this notification and the information, if any, provided by the contractor. After reviewing all the information, the RCO shall make a recommendation to the SPE whether or not substantial evidence of fraud exists.

(g) In addition to following the procedures in FAR 32.006-4, the SPE shall provide a copy of each final determination and the supporting documentation to the contractor, the RCO, the contracting officer, and the Office of the Inspector General (OIG). The contracting officer will place a copy of the determination and the supporting documentation in the contract file.

Subpart 832.5—[RESERVED]

Subpart 832.8—[RESERVED]

Subpart 832.9—Prompt Payment

832.904-70 Determining payment due dates for small businesses.

Pursuant to Office of Management and Budget Memorandum M-11-32, Accelerating Payments to Small Business for Goods and Services, contracting officers shall, to the full extent permitted by law, make payments to small business

Subpart 832.11—[RESERVED]

Subpart 832.70—Electronic Invoicing Requirements

832.7000 General.

This subpart prescribes policy requirements for submitting and processing payment requests in electronic form.

832.7001 Electronic payment requests.

(a) The contractor shall submit payment requests in electronic form unless directed by the contracting officer to submit payment requests by mail. Purchases paid with a Government-wide commercial purchase card are considered to be an electronic transaction for purposes of this rule, and therefore no additional electronic invoice submission is required.

(b) The contracting officer may direct the contractor to submit payment requests by mail, through the United States Postal Service, to the designated agency office for—

(1) Awards made to foreign vendors for work performed outside the United States;

(2) Classified contracts or purchases when electronic submission and processing of payment requests could compromise the safeguarding of classified or privacy information;

(3) Contracts awarded by contracting officers in the conduct of emergency operations, such as responses to national emergencies;

(4) Solicitations or contracts in which the designated agency office is a VA entity other than the VA Financial Services Center in Austin, Texas; or

(5) Solicitations or contracts in which the VA designated agency office does not have electronic invoicing capability as described above.

832.7001-1 Data transmission.

The contractor shall submit electronic payment requests through—

(a) VA’s Electronic Invoice Presentment and Payment System at the current website address provided in the contract; or
(b) A system that conforms to the X12 electronic data interchange (EDI) formats established by the Accredited Standards Center (ASC) chartered by the American National Standards Institute (ANSI).

Subpart 833.1—Protests
(Revised 10/15/18)

833.103-70  Protests to VA.

(a) Agency protests. Pursuant to FAR 33.103(d)(4), an interested party may protest to the contracting officer or, as an alternative, may request an independent review at a level above the contracting officer as provided in this section. An interested party may also appeal to VA a contracting officer’s decision on a protest.

(1) Protests to the contracting officer. Protests to the contracting officer shall be in writing and shall be addressed where the offer/bid is to be submitted or as indicated in the solicitation.

(2) Independent review or appeal of a contracting officer decision—protest filed directly with the agency.

(i) Protests requesting an independent review at a level above the contracting officer, and appeals within VA above the level of the contracting officer, shall be addressed to:

Executive Director, Office of Acquisition and Logistics, Risk Management and Compliance Service (RMCS), Department of Veterans Affairs, 810 Vermont Avenue, NW., Washington, DC 20420.

(ii) The protest and pertinent documents shall be mailed to the address in paragraph (a)(2)(i) of this section or sent electronically to: EDProtests@va.gov.

(3) An independent review of a protest filed pursuant to paragraph (a)(2) of this section will not be considered if the interested party has a protest on the same or similar issues pending with the contracting officer.

(b) Agency actions on specific types of protests. The following types of protests may be dismissed by VA without consideration of the merits or may be forwarded to another agency for appropriate action:

(1) Contract administration. Disputes between a contractor and VA are resolved under the disputes clause—see the Dispute statute, 41 U.S.C. chapter 71.

(2) Small business size standards and standard industrial classification. Challenges of established size standards, ownership and control or the size status of particular firm, and challenges of the selected standard industrial classification are for review solely by the Small Business Administration (SBA) (see 15 U.S.C. 637(b)(6); 13 CFR 121.1002). Pursuant to Public Law 114-328, SBA will also hear cases related to size, status, and ownership and control challenges under the VA Veterans First Contracting Program (see 38 U.S.C. 8127(f)(8)).
(3) **Small business certificate of competency program.** A protest made under section 8(b)(7) of the Small Business Act, or in regard to any issuance of a certificate of competency or refusal to issue a certificate under that section, is not reviewed in accordance with bid protest procedures unless there is a showing of possible fraud or bad faith on the part of Government officials.

(4) **Protests under section 8(a) of the Small Business Act.** The decision to place or not to place a procurement under the 8(a) program is not subject to review unless there is a showing of possible fraud or bad faith on the part of Government officials or that regulations may have been violated (see 15 U.S.C. 637(a)).

(5) **Affirmative determination of responsibility by the contracting officer.** An affirmative determination of responsibility will not be reviewed unless there is a showing that such determination was made fraudulently or in bad faith or that definitive responsibility criteria in the solicitation were not met.

(6) **Contracts for materials, supplies, articles, and equipment exceeding $15,000.** Challenges concerning the legal status of a firm as a regular dealer or manufacturer within the meaning of 41 U.S.C. chapter 65 are determined solely by the procuring agency, the SBA (if a small business is involved), and the Secretary of Labor (see FAR subpart 22.6).

(7) **Subcontractor protests.** The contracting agency will not consider subcontractor protests except where VA determines it is in the interest of the Government.

(8) **Judicial proceedings.** The contracting agency will not consider protests where the matter involved is the subject of litigation before a court of competent jurisdiction.

(c) **Alternative dispute resolution.** Bidders/offerors and VA contracting officers are encouraged to use alternative dispute resolution (ADR) procedures to resolve protests at any stage in the protest process. If ADR is used, VA will not furnish any documentation in an ADR proceeding beyond what is allowed by the FAR.

(d) **Appeal of contracting officer’s protest decision—agency appellate review.** An interested party may request an independent review of a contracting officer’s protest decision by filing an appeal in accordance with paragraph (a)(2) of this section.

(1) To be considered timely, the appeal must be received by the cognizant official in paragraph (a)(2) of this section within 10 calendar days of the date the interested party knew, or should have known, whichever is earlier, of the basis for the appeal.

(2) Appeals do not extend the Government Accountability Office’s (GAO) timeliness requirements for protests to GAO. By filing an appeal as provided in this
paragraph (d), an interested party may waive its rights to further protest to the Comptroller General at a later date.

(3) Agency responses to appeals submitted to the agency shall be reviewed and concurred in by the Office of the General Counsel (OGC).

833.106-70 Solicitation provisions.

(a) The contracting officer shall insert the provision at 852.233-70, Protest Content/Alternative Dispute Resolution, in solicitations expected to exceed the simplified acquisition threshold, including those for commercial items.

(b) The contracting officer shall insert the provision at 852.233-71, Alternate Protest Procedure, in solicitations expected to exceed the simplified acquisition threshold, including those for commercial items.

Subpart 833.2—Disputes and Appeals
(Revised 10/15/18)

833.209 Suspected fraudulent claims.

The contracting officer must refer matters relating to suspected fraudulent claims to the Office of Inspector General for investigation and potential referral to the Department of Justice. The contracting officer may not initiate any collection, recovery, or other settlement action while the matter is in the hands of the Department of Justice without first obtaining the concurrence of the U.S. Attorney concerned, through the Office of the Inspector General.

833.211 Contracting officer's decision.

(a) For purposes of appealing a VA contracting officer's final decision, the Board of Contract Appeals referenced in FAR 33.211(a) and elsewhere in this subpart is the Civilian Board of Contract Appeals (CBCA), 1800 F Street, N.W., Washington, DC 20405.

833.213 Obligation to continue performance.

(a) As provided in FAR 33.213, contracting officers shall use FAR clause 52.233-1, Disputes, or with its Alternate I. FAR clause 52.233-1 requires the contractor to continue performance in accordance with the contracting officer's decision in the event of a claim arising under a contract. Alternate I expands this authority, adding a requirement for the contractor to continue performance in the event of a claim relating to the contract.

(b) In the event of a dispute not arising under, but relating to, the contract, as permitted by FAR 33.213(b), if the contracting officer directs continued performance
and considers providing financing for such continued performance, the contracting officer shall contact OGC for advice prior to requesting higher level approval for or authorizing such financing. The contracting officer shall document in the contract file any required approvals and how the Government’s interest was properly secured with respect to such financing (see FAR 32.202-4 and VAAR subpart 832.2).

833.214 Alternative dispute resolution (ADR).

Contracting officers and contractors are encouraged to use alternative dispute resolution (ADR) procedures. Guidance on ADR may be obtained at the U.S. Civilian Board of Contract Appeals website: https://www.cbca.gov.

833.215 Contract clauses.

The contracting officer shall use the clause at 52.233-1, Disputes, or with its Alternate I (see 833.213).

836.202 Specifications.

Upon approval of the justification documentation required by FAR 11.105, Items peculiar to one manufacturer, the contracting officer shall include the clause found at 852.236-90, Restriction on Submission and Use of Equal Products, in solicitations and contracts. The contracting officer shall complete the clause by inserting the items which have been approved for restriction to a brand name. This clause also places offerors or bidders on notice that the “brand name” provisions of any clause or provision that may authorize the submission of an “equal” product, shall not apply to the specific items listed in clause 852.236-90.

836.203 Government estimate of construction costs.

836.203-70 Protection of the independent government estimate—sealed bid.

For sealed bid acquisitions the contracting officer or bid custodian is not authorized to release the basis for calculating the estimate at any time. The person preparing the independent government estimate (IGE) shall—

(a) Designate the IGE as “For Official Use Only (FOUO)”;

(b) The contracting officer or bid custodian shall file a sealed copy of the IGE with the bids. (In the case of two-step acquisitions, the contracting officer or bid custodian accomplishes this during the second step);

(c) After the bids are read and recorded during a Public Bid Opening, remove the “For Official Use Only (FOUO)” designation then read and record the estimate as if it were a bid, in the same detail as the bids; and

(d) In instances where only one bid has been received, the government estimate shall not be read by the contracting officer as it may be needed to conduct negotiations with the offeror.
836.204 Disclosure of the magnitude of construction projects.

The contracting officer shall utilize the estimated price ranges defined in FAR 36.204 (a) through (e) as further supplemented below when identifying the magnitude of a VA project in advance notices and solicitations:

(f) For estimated price ranges between $1,000,000 and $5,000,000, the contracting officer shall identify the magnitude of a VA project in advance notices and solicitations in terms of the following price ranges:

1. Between $1,000,000 and $2,000,000.
2. Between $2,000,000 and $5,000,000.

(g) Between $5,000,000 and $10,000,000.

(h) For estimated price ranges greater than $10,000,000, the contracting officer shall identify the magnitude of a VA project in advance notices and solicitations in terms of one of the following price ranges:

1. Between $10,000,000 and $20,000,000.
2. Between $20,000,000 and $50,000,000.
3. Between $50,000,000 and $100,000,000.
4. Between $100,000,000 and $150,000,000.
5. Between $150,000,000 and $200,000,000.
6. Between $200,000,000 and $250,000,000.
7. More than $250,000,000.

Subpart 836.5—Contract Clauses

836.500 Scope of subpart.

The clauses and provisions prescribed in this subpart are set forth for use in fixed-price construction contracts in addition to those prescribed in FAR subpart 36.5.
836.501 Performance of work by the contractor.

The contracting officer shall insert the clause at 852.236-72, Performance of Work by the Contractor, in solicitations and contracts for construction that contain the FAR clause at 52.236-1, Performance of Work by the Contractor, except those awarded pursuant to subpart 819.70. When the solicitations or contracts include a section entitled “Network Analysis System (NAS),” the contracting officer shall use the clause with its Alternate I.

836.521 Specifications and drawings for construction.

The contracting officer shall insert the clause at 852.236-71, Specifications and Drawings for Construction, in solicitations and contracts for construction that include the FAR clause at 52.236-21, Specifications and Drawings for Construction.

836.573 Contractor production report.

The contracting officer shall insert the clause at 852.236-79, Contractor Production Report, in solicitations and contracts for construction expected to exceed the simplified acquisition threshold. The contracting officer may, when in the best interest of the Government, insert the clause in solicitations and contracts for construction when the contract amount is expected to be at or below the simplified acquisition threshold.

836.574 Subcontracts and work coordination.

The contracting officer shall insert the clause at 852.236-80, Subcontracts and Work Coordination, in invitations for bids and contracts for construction expected to exceed the micro-purchase threshold for construction. When the solicitations or contracts are for new construction work with complex mechanical-electrical work, the contracting officer may use the clause with its Alternate I.

836.578 Changes—supplement.

(a) The contracting officer shall insert the clause at 852.236-88, Contract Changes—Supplement, in solicitations and contracts for construction that are expected to exceed the micro-purchase threshold for construction. (This section has been promulgated as a deviation from the FAR as provided in 801.4.)

(b) When negotiated changes exceed $500,000, paragraph (a) of the clause at 852.236-88 will apply. As paragraph (a) does not provide ceiling rates for indirect expenses, the contractor must furnish cost breakdowns and other supporting data on its rates for indirect expenses as part of its price proposal. The contracting officer shall negotiate the rates for indirect expenses with the contractor and may request an audit in accordance with FAR 15.404-2.
(c) When the negotiated change will be $500,000 or less, paragraph (b) of the clause at 852.236-88 will apply. Because the indirect cost rates in paragraph (b) of the clause at 852.236-88 are ceiling rates, the contracting officer must negotiate indirect expense rates within the ceiling limitations.

836.580 Notice to bidders—additive or deductive bid line items.

The contracting officer may include the provision 852.236-92, Notice to Bidders—Additive or Deductive Bid Line Items, in invitations for bids when the contracting officer determines that funds may not be available for all the desired construction features at contract award.

Subpart 836.6—Architect-Engineer Services

836.603 Collecting data on and appraising firms’ qualifications.

The Associate Executive Director, Office of Facilities Engineering, for Central Office; the Director, Office of Construction Management, for National Cemetery Administration; the Senior Executive Service (SES) official for Administration and Facilities for Veterans Benefits Administration; and the Chief, Engineering Service, for field facilities, are responsible for collecting Standard Forms 330 and maintaining a data file on architect-engineer qualifications.

836.606 Negotiations.

836.606-70 Architect-engineer firms’ proposal.

(a) When the contract price is estimated to be $50,000 or more, the contracting officer shall use VA Form 6298, Architect-Engineer Fee Proposal, to obtain the proposal and supporting cost data from the proposed contractor and subcontractor in the negotiation of an A-E contract for design services.

(b) In obtaining A-E services for research study, seismic study, master planning study, construction management and other related services contracts, the contracting officer shall use VA Form 6298, supplemented or modified as needed for the particular project type.

836.606-71 Application of 6 percent architect-engineer fee limitation.

(a) The production and delivery of designs, plans, drawings, and specifications shall not exceed 6 percent of the estimated cost of construction. Other A-E fees are not included in this 6 percent. Such fees are delineated in reference (c) below.

(b) The 6 percent limit also applies to contract modifications, including modifications involving:
(1) Work not initially included in the contract. Apply the 6 percent limit to the revised total estimated construction cost.

(2) Redesign. Apply the 6 percent limit as follows—

   (i) Add the estimated construction cost of the redesign features to the original estimated construction cost;

   (ii) Add the contract cost for the original design to the contract cost for redesign; and

   (iii) Divide the total contract design cost by the total estimated construction cost. The resulting percentage may not exceed the 6 percent statutory limitation.

(c) The 6 percent fee limitation does not apply to the following architect or engineer services:

   (1) Investigative services including but not limited to—

      (i) Determination of program requirements, including schematic or preliminary plans and estimates;

      (ii) Determination of feasibility of proposed project;

      (iii) Preparation of measured drawings of existing facility;

      (iv) Subsurface investigation;

      (v) Structural, electrical, and mechanical investigation of existing facility;

      (vi) Surveys: topographic, boundary, utilities, etc.;

The contracting officer shall ensure that all the proper certificates of insurance are submitted to perform on the contract, as outlined in the solicitation, and subsequently included in the contract file. In accordance with 828.306, the contracting officer shall insert the provision at 852.228-71, Indemnification and Insurance, in solicitations when utilizing term contracts or contracts of a continuing nature for ambulance, automobile and aircraft service. When contracting for these services, consider using requirements language such as the following:

(1) Written proof of insurance coverage as required and outlined in the solicitation is required prior to award of any contract. Coverage must be maintained continually through the life of the contract.

(2) Within 10 days of notification of acceptance and pending award of contract, the contractor shall furnish to the contracting officer a certificate of insurance which shall contain an endorsement to the effect that cancellation of, or any material change in, the policies which adversely affect the interests of the Government in such insurance shall not be effective unless a 30-day advance written notice of cancellation or change is furnished to the contracting officer.

(3) Within 10 days of notification of acceptance and pending award of contract, and prior to award of a contract, the contractor shall furnish to the contracting officer a copy of the contractor's current and valid Worker's Compensation certificate.

(b) Contractor personnel. The contracting officer shall ensure that contractor personnel have the appropriate level of training, experience, licensure, and
pertinent qualifications to ensure patient safety. When contracting for these services, consider using requirements language such as the following:

(1) All contractor personnel performing contract services shall meet the qualifications as specified in the contract, as well as any qualifications required by Federal, State, County, and local Government entities from the place in which they operate. Contractor personnel shall meet these qualifications at all times while performing contract services.

(2) During the contract period of performance, if the contractor proposes to add-on, or replace personnel to perform contract services, the contractor shall submit required evidence of training, certifications, licensing, background, and security clearances, and any other applicable qualifications to the designated contracting officer's representative (COR). At no time shall the contractor utilize add-on or replacement personnel to perform contract services who do not meet the qualifications under the terms and conditions of the contract.

(3) Records of contractor personnel qualifications and eligibility to perform on the contract must be current and maintained throughout the life of the contract, and be made available for inspection upon request. The contractor shall forward to the contracting officer, on an annual basis, a list of contractor employees listing the employee’s name, position(s), and licenses and/or certifications and their current certification number. This annual statement of driver competency must include any advanced certifications, such as Advanced Cardiac Life Support or specialized training to assist and secure patients by stretcher or wheelchair, as applicable.

(4) Within seven (7) days after receipt of award notification, the contractor shall provide evidence of required training, certifications, licensing and any other qualifications of any personnel who will be performing services under the contract. The initial documentation shall be provided to the contracting officer and COR.

(c) Contracts must include requirements to report vehicle accidents and incidents to the contracting officer with a formal accident report.

(d) Contracts for ambulance services must require that the contractor meet the current specifications of Federal Specification KKK-A-1822E, "Star of Life Ambulance" standard.

(e) Contracts must include requirements to ensure patient safety is maintained through the consistent practice of securing patient care equipment, other cargo, and vehicles, and ensure that security of patients in vehicles is established and observed when transportation needs are either primary or secondary in the actual performance of the contract. When contracting for these services, consider using requirements language to ensure that patient transportation meets industry standards for transporting patients based on the patient’s condition/needs, (e.g., wheelchair, ambulatory, on stretcher, etc.).
Subpart 847.3—Transportation in Supply Contracts

847.302 Place of delivery—f.o.b. point.

The contracting officer shall insert clause 852.247-71, Delivery Location, or a clause substantially the same as the clause at 852.247-71, Delivery Location, in supply contracts when it is necessary to specify delivery locations. If appropriate, the clause may reference an attachment which lists various delivery locations and other delivery details (e.g., quantities to be delivered to each location, etc.).

847.305 Solicitation provisions, contract clauses, and transportation factors.

847.305-10 Packing, marking, and consignment instructions.

(a) The contracting officer shall insert clause 852.247-72, Marking Deliverables, or a clause substantially the same as the clause at 852.247-72 in solicitations and contracts if special marking on deliverables are required.

(b) The contracting officer shall insert the clause at 852.247-73, Packing for Domestic Shipment, in contracts when item(s) will be delivered for immediate use to a destination in the continental United States; when the material specification or purchase description does not provide preservation, packaging, packing, and/or marking requirements; and/or when the requiring activity has not cited a specific specification for packaging.

847.305-70 Potential destinations known but quantities unknown.

When the contracting officer contracts with multiple bidders to provide items directly to VA field installations, on an f.o.b. origin basis, the evaluation of bids must follow specific procedures. In these instances, the contracting officer shall insert clause 852.247-70, Determining Transportation Costs for Evaluation of Offers, or a clause substantially the same as clause 852.247-70. By inserting this clause, each bid is placed on an equal basis, even though specific quantities required by each facility cannot be predetermined. The contracting officer must use an anticipated demand factor in proportion to the number of hospital beds or patient workload.

847.305-71 VA contract clauses.

(a) The contracting officer shall insert clause 852.247-74, Advance Notice of Shipment, or a clause substantially the same as clause 852.247-74, in solicitations and contracts when the f.o.b. point is destination, and special Government assistance is required in the delivery or receipt of the items.
Part 847—Transportation

(b) The contracting officer shall insert clause 852.247-75, Bills of Lading, or a clause substantially the same as clause at 852.247-75, in f.o.b. origin solicitations and contracts.

847.306 Transportation factors in the evaluation of offers.

847.306-70 Records of claims.

When contracting for transportation, and consistent with FAR 15.304, contracting officers should consider using offerors' record of claims involving loss or damage as an evaluation factor or subfactor.

SUBPART 849.1 – GENERAL PRINCIPLES

849.101 Authorities and responsibilities.

(a) While legal review and concurrence of the General Counsel is required prior to a default termination, in some cases where a quick response is necessary, this review can be expedited by express mailing or faxing the default letter and related documents which are required to make an evaluation directly to General Counsel (025). The default termination letter should contain, at a minimum, the following:

(1) The proposed termination (FAR 49.102);

(2) An explanation of what necessitated the default, including the reasons why the contracting officer considers the contractor to be in default;

(3) A statement that the factors set forth in FAR 49.402-3(f) have been fully considered; and

(4) Final decision language and appeal rights.

(b) Contracts containing a mutual termination clause may be terminated without reference to the General Counsel.

849.106 Fraud or other criminal conduct.

(a) If the contracting officer suspects fraud or other criminal conduct related to the settlement of a terminated contract, the contracting officer must do the following:

(1) Immediately discontinue all negotiations.

(2) Submit all of the pertinent facts necessary to support the suspicions to either of the following:

(i) The DSPE.

(ii) The Director, Office of Construction and Facilities Management, in the case of contracting officers from the Office of Construction and Facilities Management.

(3) Follow procedures as provided in 809.406-3 and 809.407-3.

(b) The DSPE or the Director, Office of Construction and Facilities Management, must review the submission and fully develop the facts.
(c) If the evidence indicates fraud or other criminal conduct, the DSPE or the Director, Office of Construction and Facilities Management, must forward the submission with recommendations through channels (to include OGC, if appropriate), to the Office of the Inspector General (OIG) for referral to the Department of Justice.

(d) The DSPE or the Director, Office of Construction and Facilities Management, will advise the contracting officer as to any further action to be taken. Pending receipt of this advice, no VA employee may discuss the matter with the contractor.

(e) VA will not initiate a collection, recovery or other settlement action while the matter is in the hands of the Department of Justice without first obtaining the concurrence of the U.S. Attorney concerned, through OIG.

(f) If the contractor makes an inquiry, the contracting officer will advise only that the proposal has been forwarded to higher authority.

849.111 Review of proposed settlements.

849.111-70 Required review.

(a) FAR 49.111 requires each agency to establish procedures, when necessary, for the administrative review of proposed termination settlements. Contracting officers shall submit proposed termination settlements or determinations of amounts due the contractor under a terminated contract that involve the expenditure of $100,000 or more of Government funds to the Director, Acquisition Program Management Division, or the Director, Acquisition Assistance Team, as appropriate, for technical and legal review (see 801.602-72(i)). Contracting officers shall not execute the settlement agreement or determination prior to receipt of the technical and legal review. The legal review of contracts awarded by or on behalf of the VA OIG will be conducted by the Counselor to the Inspector General.

(b) If the contracting officer declines to implement one or more of the recommendations or comments contained in the review memorandum, the contracting officer shall submit a written response to the Director, Acquisition Program Management Division, or the Director, Acquisition Assistance Team, as appropriate, explaining why the recommendations or comments were not followed. For contracts awarded by or on behalf of the VA OIG, the response shall be submitted to the Counselor to the Inspector General.
849.111-71 Submission of information.

(a) The contracting officer shall submit to the appropriate Acquisition Program Management Division or Acquisition Assistance Team office a copy of the proposed settlement agreement or determination, supported by such detailed information as is required for an adequate review. This information should normally include copies of:

(1) The contractor's or subcontractor's settlement proposal.

(2) The audit report.

(3) The property disposed report and any required approvals in connection therewith,

(4) The contracting officer's memorandum explaining the settlement, and

(5) Any other relevant material that will assist the procurement analyst in the review. The procurement analyst may, at his or her discretion, require the submission of additional information.

(b) The Director, Acquisition Program Management Division, or the Director, Acquisition Assistance Team, will obtain the concurrence or comments of OGC prior to forwarding the review to the contracting officer, except that the concurrence or comments will be obtained from the Counselor to the Inspector General for contracts awarded by or on behalf of the VA Office of Inspector General.

(b) For any FAR or 48 CFR Chapter 8 (VAAR) provision or clause that requires completion by the contracting officer, the contracting officer shall, as a minimum, insert the title of the provision or clause and the paragraph that requires completion in full text in the quotation, solicitation, or contract. (Revised 4/18/2019)

**852.203-70 Commercial Advertising.**

As prescribed in 803.570-2, insert the following clause:

**COMMERCIAL ADVERTISING (May 2018)**

The Contractor shall not make reference in its commercial advertising to Department of Veterans Affairs contracts in a manner that states or implies the Department of Veterans Affairs approves or endorses the Contractor’s products or services or considers the Contractor’s products or services superior to other products or services.

(End of clause)

**852.203-71 [RESERVED]**

**852.207-70 Report of employment under commercial activities.**

As prescribed in 807.304-77 and 873.110, the following clause will be included in A-76 cost comparison solicitations and solicitations issued under the authority of 38 U.S.C. 8151-8153 that may result in conversion from in-house to contract performance of work:

**REPORT OF EMPLOYMENT UNDER COMMERCIAL ACTIVITIES (JAN 2008)**

(a) Consistent with the Government post-employment conflict of interest regulations, the contractor shall give adversely affected Federal personnel the right of first refusal for all employment openings under this contract for which they are qualified.

(b) Definitions.

(1) *Adversely affected Federal personnel* means:

   (i) Permanent Federal personnel who are assigned to the government commercial activity, or
(ii) Federal personnel who are identified for release from their competitive levels or separated as a result of the contract.

(2) Employment openings means position vacancies created by this contract that the contractor is unable to fill with personnel in the contractor’s employ at the time of the contract award. The term includes positions within a 50-mile radius of the commercial activity that indirectly arise in the contractor’s organization as a result of the contractor’s reassignment of employees due to the award of this contract.

(3) Contract start date means the first day of contractor performance.

c) Filling employment openings.

(1) For a period beginning with contract award and ending 90 calendar days after the contract start date, no person other than adversely affected Federal personnel on the current listing provided by the contracting officer shall be offered an employment opening until all adversely affected and qualified Federal personnel identified by the contracting officer have been offered the job and refused it.

(2) The contractor may select any person for an employment opening when there are no qualified adversely affected Federal personnel on the latest current listing provided by the contracting officer.

d) Contracting reporting requirements.

(1) No later than 5 working days after contract award, the contractor shall furnish the contracting officer with the following:

   (i) A list of employment openings including salaries and benefits, and

   (ii) Sufficient job application forms for adversely affected Federal personnel.

(2) By the contract start date, the contractor shall provide the contracting officer with the following:

   (i) The names of adversely affected Federal personnel offered an employment opening;

   (ii) The date the offer was made;

   (iii) A brief description of the position;

   (iv) The date of acceptance of the offer and the effective date of employment;
(v) The date of rejection of the offer, if applicable, and the salary and benefits contained in the rejected offer; and

(vi) The names of any adversely affected Federal personnel who applied but were not offered employment and the reason(s) for withholding an offer.

(3) For the first 90 calendar days after the contract start date, the contractor shall provide the contracting officer with the names of all persons hired or terminated under the contract within 5 working days of such hiring or termination.

(e) Information provided to the contractor.

(1) No later than 10 calendar days after the contract award, the contracting officer shall furnish the contractor a current list of adversely affected Federal personnel exercising the right of first refusal, along with their completed job application forms.

(2) Between the contract award and start dates, the contracting officer shall inform the contractor of any reassignment or transfer of adversely affected Federal personnel to other Federal positions.

(3) For a period of up to 90 calendar days after the contract start date, the contracting officer will periodically provide the contractor with an updated listing of adversely affected Federal personnel reflecting personnel who were recently released from their competitive levels or separated as a result of the contract award.

(f) Qualifications determination. The contractor has a right under this clause to determine adequacy of the qualifications of adversely affected Federal personnel for any employment openings. However, adversely affected Federal personnel who held jobs in the Government commercial activity that directly correspond to an employment opening shall be considered qualified for the job. Questions concerning the qualifications of adversely affected Federal personnel for specific employment openings shall be referred to the contracting officer for determination. The contracting officer's determination shall be final and binding on all parties.

(g) Relating to other statutes, regulations and employment policies. The requirements of this clause shall not modify or alter the contractor's responsibilities under statutes, regulations or other contract clauses pertaining to the hiring of veterans, minorities, or persons with disabilities.
(h) **Penalty for noncompliance.** Failure of the contractor to comply with any provision of the clause may be grounds for termination for default.

(End of clause)

**852.209-70 Organizational conflicts of interest.**

As prescribed in 809.507-1(b), insert the following provision:

**ORGANIZATIONAL CONFLICTS OF INTEREST (JAN 2008)**

(a) It is in the best interest of the Government to avoid situations which might create an organizational conflict of interest or where the offeror’s performance of work under the contract may provide the contractor with an unfair competitive advantage. The term “organizational conflict of interest” means that because of other activities or relationships with other persons, a person is unable to render impartial assistance or advice to the Government, or the person’s objectivity in performing the contract work is or might be otherwise impaired, or the person has an unfair competitive advantage.

(b) The offeror shall provide a statement with its offer which describes, in a concise manner, all relevant facts concerning any past, present, or currently planned interest (financial, contractual, organizational, or otherwise) or actual or potential organizational conflicts of interest relating to the services to be provided under this solicitation. The offeror shall also provide statements with its offer containing the same information for any consultants and subcontractors identified in its proposal and which will provide services under the solicitation. The offeror may also provide relevant facts that show how its organizational and/or management system or other actions would avoid or mitigate any actual or potential organizational conflicts of interest.

(c) Based on this information and any other information solicited or obtained by the contracting officer, the contracting officer may determine that an organizational conflict of interest exists which would warrant disqualifying the contractor for award of the contract unless the organizational conflict of interest can be mitigated to the contracting officer’s satisfaction by negotiating terms and conditions of the contract to that effect. If the conflict of interest cannot be mitigated and if the contracting officer finds that it is in the best interest of the United States to award the contract, the contracting officer shall request a waiver in accordance with FAR 9.503 and 48 CFR 809.503.
(d) Nondisclosure or misrepresentation of actual or potential organizational conflicts of interest at the time of the offer, or arising as a result of a modification to the contract, may result in the termination of the contract at no expense to the Government.

(End of provision)

This deviation is effective until incorporated into the VAAR or the VAAM or is otherwise rescinded.]
852.215-70 Service-disabled veteran-owned and veteran-owned small business evaluation factors.

As prescribed in 815.304-71(a), insert the following provision:

SERVICE-DISABLED VETERAN-OWNED AND VETERAN-OWNED SMALL BUSINESS EVALUATION FACTORS (JUL 2016) (DEVIATION)

(a) In an effort to achieve socioeconomic small business goals, depending on the evaluation factors included in the solicitation, VA shall evaluate offerors based on their service-disabled veteran-owned or veteran-owned small business status and their proposed use of eligible service-disabled veteran-owned small businesses and veteran-owned small businesses as subcontractors.

(b) Eligible service-disabled veteran-owned offerors will receive full credit, and offerors qualifying as veteran-owned small businesses will receive partial credit for the Service-Disabled Veteran-Owned and Veteran-owned Small Business Status evaluation factor. To receive credit, an offeror must be registered and verified in Vendor Information Pages (VIP) database (https://www.vip.vetbiz.gov).

(c) Non-veteran offerors proposing to use service-disabled veteran-owned small businesses or veteran-owned small businesses as subcontractors will receive some consideration under this evaluation factor. Offerors must state in their proposals the names of the SDVOSBs and VOSBs with whom they intend to subcontract and provide a brief description of the proposed subcontracts and the approximate dollar values of the proposed subcontracts. In addition, the proposed subcontractors must be registered and verified in the VetBiz.gov VIP database (https://www.vip.vetbiz.gov).

852.215-71 Evaluation Factor Commitments.

As prescribed in 815.304-71(b), insert the following clause:

EVALUATION FACTOR COMMITMENTS (DEC 2009)

The offeror agrees, if awarded a contract, to use the service-disabled veteran-owned small businesses or veteran-owned small businesses proposed as subcontractors in accordance with 852.215–70, Service-Disabled Veteran-Owned and Veteran-Owned Small Business Evaluation Factors, or to substitute one or more service-disabled veteran-owned small businesses or veteran-owned small businesses for subcontract work of the same or similar value.

852.216-70 [Reserved]

852.216-71 Economic Price Adjustment of Contract Price(s) Based on a Price Index.

As prescribed in 816.203-4(e)(1), insert the following clause:

ECONOMIC PRICE ADJUSTMENT OF CONTRACT PRICE(S) BASED ON A PRICE INDEX (MAR 2018)

(a) To the extent that contract cost increases are provided for by this economic price adjustment clause, the Contractor warrants that the prices in this contract for the base period and any option periods do not include any amount to protect against such contingent cost increases.

(b) The Base and Adjusting Indexes, for the purpose of price adjustment under this clause, shall be ______________,1 as contained in ______________,2 as published by ______________.3 All adjustments authorized under this clause shall be made by using the Base Index and Adjusting Indexes, which are published ______________.

(1) The Base Index, for the purposes of price adjustment under this clause, shall be the most recent Index published prior to the date for receipt of offers, or the due date for receipt of best and final offers if discussions were held whichever is later. The Base Index shall remain constant for the entire term of the contract, including all option periods.

(2) The Adjusting Index shall be the most recent Index published prior to the date of contract adjustment, as specified in paragraph (d) of this clause.

Notes:

1 The contracting officer shall conduct market research to determine a suitable Consumer Price Index or other independent broad-based index to use for the solicitation. For example, for medical services, an appropriate index may be the Consumer Price Index that tracks medical services.

2 Specify where the Index can be found, such as in a solicitation for laboratory services, the Contracting Officer might enter "Table 1, CPI-U: U.S. City Average, by expenditure category and commodity and service group, found at http://www.bls.gov/news.release/cpi.t01.htm".

3 Provide the information on who publishes the applicable Index used e.g., in the example for laboratory services, "the U.S. Department of Labor".

4 State how often the Index is published, such as "monthly, around the middle of the month". Note that some Consumer Price Indexes are not published monthly. Ensure that the correct information is provided for the specific Index used.
(c) The percentage difference between the Base Index and the Adjusting Index, rounded to the nearest .01 percent (e.g., 4.57%), will be used in calculating all adjustments to the following line items: ____________ 5. The prices for these line items will be multiplied by the percentage increase or decrease and the resulting amount will be added to or deducted from the original line item price for that contract period (e.g., Base Year) to arrive at the new contract price for those line items from the effective date of the adjustment to the beginning of the next contract adjustment period, rounded to the same number of decimal points as the prices originally bid. Calculations for option year contract terms will be based on the prices in the schedule for those option years.

(d) The dates of contract adjustment shall be______________ 6 and the starting dates of each option year, if not already included in these dates. The Contracting Officer shall retain a copy of the Base Index in the contract file and, on each date of adjustment specified in this paragraph (d), shall obtain a copy of the Adjusting Index. The Contracting Officer shall calculate the adjustment due and shall, within 5 business days, issue a modification to the contract adjusting the unit or contract prices, as specified in paragraph (c). The adjusted unit or contract prices shall be effective for all orders placed or services provided after the date of contract adjustment as specified in this paragraph (d) until the beginning of the next contract adjustment period. If the Contracting Officer fails to act, the Contractor shall request in writing a contract adjustment and any subsequent adjustment shall be retroactive to the applicable date of contract adjustment specified in this paragraph (d). The Contractor's entitlement to price

5 Enter the line items that will be subject to adjustment or revise this paragraph to otherwise state what prices are subject to adjustment under this clause.

6 Establish time periods for when the Contracting Officer will process adjustments. This could be "the first day of every quarter, January, April, July, and October" or "Annually on October 1st" or some other similar time periods. Since the Contracting Officer is responsible for initiating the change, the Contracting Officer must establish a reminder mechanism to ensure that the adjustments are accomplished within the time period specified.
increases for a prior contract period (base year or option year) is waived unless the Contractor's written request for an adjustment under this clause is received by the Contracting Officer no later than 30 days following the end of the base year for changes applicable to the base year, or 30 days following the end of each option year for changes applicable to that option year. The Government's right to contract decreases for prior contract periods (base year or option year) is waived unless the Contracting Officer processes a contract modification no later than 30 days following the end of the base year for changes applicable to the base year, or 30 days following the end of each option year for changes applicable to that option year.

(e) An example of an adjustment calculation is provided herein for informational purposes only.

(1) The original contract price or line item prices for that contract term (e.g., base year) shall be used for all calculations during that particular contract term and new calculations shall be made for each and every contract adjustment period specified in paragraph (d) during that contract term.

(2) For purposes of this example, the contract prices for the line items as specified in paragraph (c) will be adjusted by the percentage calculated as follows:

Adjusting Index for the current period 196.6
Minus the Base Index -188.0
Equals the Index Point Change 8.6
Index Point Change Divided by the Base Index 8.6/188.0 = .0457*
Result Multiplied by 100 Equals the Percentage Change 4.57% (The Index Point Change Percentage)

*This figure shall be rounded to the fourth decimal place. When the fifth decimal is 1 to 4, the figure shall be rounded down, 5 to 9, rounded up.

(3) For a line item with an original bid price of $25.00 and a 4.57 percent Index Point Change increase as of the first contract adjustment period, as shown above, the calculations for a new contract price for the first contract adjustment period would be as follows: $25.00 X .0457 = $1.14, $25 + $1.14 = $26.14**. The new contract price for this line item from the beginning of that first contract adjustment period until the start of the next contract adjustment
period would be $26.14 and the contracting officer would issue a contract modification reflecting this price change.

**The unit price adjustment shall be rounded up or down, as in paragraph (e)(1) above, to match the number of decimal places in the original bid.

(4) If the Adjusting Index went down for the second adjustment period, reflecting only a 3 percent Index Point Change increase over the Base Index, the new price for this sample line item would be reduced for the second contract adjustment period from $26.14 to $25.75 as follows: $25 X .03 = $0.75, $25 + $0.75 = $25.75. Note that the calculations for the second contract adjustment period are based on the original contract price for that contract term of $25.00. The contract price for this line item is modified to reflect this new price for the second contract adjustment period.

(5) At the start of the first option year and each subsequent option year period (as well as for each contract adjustment period specified in paragraph (d) during that option year, if different), the Contracting Officer shall recalculate the contract or unit prices for that first option year based on any changes between the Adjusting Index and the Base Index, from the original contract award date to the start of the first option period, and based on the Contractor's new option year prices. Assume the Contractor's bid price for the first option year for the above sample line item was $25.50 and the calculations shown in paragraph (e)(1) of this clause at the start of the first option period reflected a 6 percent Index Point Change. The new contract price for this sample line item at the start of the first option period would be calculated as follows: $25.50 X .06 = $1.53, $25.50 + $1.53 = $27.03. The Contracting Officer would process a contract modification reflecting a revised contract price of $27.03 for the first contract adjustment period in the first option year.

(f) Price adjustments pursuant to this clause, shall be documented by a contract modification issued by the Contracting Officer, show the Base Index (see paragraph (b)(1)), the Adjusting Index, the adjusted contract prices (see paragraph (c)), the mathematical calculations used to arrive at the adjusted contract prices, and the effective date of the adjustment (see paragraph (d)).

(g) At the start of each option year, the Contracting Officer shall, within 5 days of the start of the option year period, process a contract modification adjusting the option year prices by the then current Index Point Change percentage, if any, reflecting the new adjusted prices for that first contract adjustment period in that option year.
(h) In the event that ________________\(^7\) discontinues, or alters substantially, its method of calculating the Index cited herein, the parties shall mutually agree upon an appropriate substitute for determining the price adjustment described herein. If the Contracting Officer determines that the Index consistently and substantially fails to reflect market conditions, the Contracting Officer may modify the contract to specify the use of an appropriate substitute index, effective on the date the Index specified herein begins to consistently and substantially fail to reflect market conditions.

(i) Any dispute arising under this clause shall be resolved subject to the "Disputes" clause of the contract.

(End of clause)

Notes:
\(^7\) Enter in the name of the entity whose index is used in the clause. In most cases when using this clause format, the index used would be a CPI-U Index and the Contracting Officer would enter "the U.S. Department of Labor".
852.216-72 Proportional Economic Price Adjustment of Contract Price(s) Based on a Price Index.

As prescribed in 816.203-4(e)(2), insert the following clause:

PROPORTIONAL ECONOMIC PRICE ADJUSTMENT OF CONTRACT PRICE(S) BASED ON A PRICE INDEX (MAR 2018)

(a) To the extent that contract cost increases are provided for by this economic price adjustment clause, the Contractor warrants that the prices in this contract for any option periods do not include any amount to protect against such contingent cost increases.

(b) The cost index, for the purpose of price adjustment under this clause, shall be ______ as contained in ______ as published by ______. All adjustments authorized under this clause shall be made by using the Base Index and Adjusting Indexes, which are published ______.

(1) The Base Index, for the purposes of price adjustment under this clause, shall be the most recent Index published prior to the closing date for receipt of offers, or the due date for receipt of best and final offers if discussions are held. This Base Index shall remain constant throughout the life of the contract, including all options.

(2) The Adjusting Index shall be the most recent Index published prior to the date of contract adjustment, as specified in paragraph (f).

Notes:

8 The Contracting Officer shall conduct market research to determine a suitable cost index for use in the solicitation. The index used is directly related to the type of commodity or service most likely to impact the Contractor and must approximately track the economic changes affecting the Contractor's costs. For transportation services, an appropriate index might be one that tracks the price of gasoline or diesel fuel. For example, in a solicitation for ambulance services, the Contracting Officer might enter into this block "the Weekly U.S. Retail Gasoline Prices, Regular Grade" Index for New England" (or California or whichever index is the most appropriate).

9 Specify where the index can be found, such as in an example for gasoline, "the Energy Information Administration Web site (see VAAM M816.203-70)."

10 Provide the information on who publishes the index, such as, in an example for gasoline, "the U.S. Department of Energy."

11 State how often the index used is published, such as, in an example for an index for gasoline, "weekly each Monday at 5:00 p.m. (Eastern time)," or "Tuesday if Monday is a holiday."
(c) For purposes of this clause, it will be conclusively presumed that _______ percent (%) \(^\text{12}\) of the price of _______ \(^\text{13}\) represents the Base Cost of _______ \(^\text{14}\) and the resulting Base Cost will be the basis upon which adjustment will be made under this clause. This Base Cost will be used in calculating all adjustments to the following line items: _______. \(^\text{15}\) A new Base Cost will be calculated for each option year period based on the new option year prices.

(d) The percentage of the price of the indexed commodity (see paragraph (c)) remains fixed throughout the life of the contract and is not subject to modification under this clause. Any pricing actions pursuant to the "Changes" clause or other clause or provision of the contract, except for this clause, will be priced as though there were no provisions for economic price adjustment.

(e) All price adjustments shall be applicable only to the specific contract adjustment period to which the calculations are made. For every contract adjustment period, new calculations shall be made and new prices determined. Every adjustment during the Base Year shall be based on the original contract prices for that contract year and every adjustment during an option year shall be based on the original contract prices for that option year. The Contracting Officer must make new calculations for each and every contract adjustment period specified in paragraph (f) and at the beginning of each new option year, if different.

(f) The dates of contract adjustment shall be _________ \(^\text{16}\) and the starting dates of each option year, if not already included in these dates. The Contracting

Notes:

\(^{12}\) Prior to issuing the solicitation, the Contracting Officer must conduct market research to determine an appropriate percentage to include in this paragraph. The percentage should reflect that portion of the unit price for the services or supplies being acquired that is applicable to the indexed commodity. For instance, in the case of an ambulance contract, research might indicate that, at the time the solicitation is being drafted and based on prior per-mile bid prices, the cost of gasoline accounts for 10% of the per mile cost of operating an ambulance. For example, if the prior bid price had been $1.60 per mile, ambulances average 10 miles per gallon, and the cost of gasoline had been $1.559 per gallon, 1 mile’s worth of gasoline ($0.16) would be approximately ten (10) percent of the prior per mile bid price of $1.60 per mile. This percent must be stated in the solicitation so that the same figure applies to all bidders. This figure remains constant throughout the life of the contract.

\(^{13}\) Enter in this block the portion of the contract that will be subject to price adjustment, e.g., "each one-way mile of ambulance services," or the line items that will be subject to price adjustment.

\(^{14}\) Enter in this block the commodity applicable to the index being used, as in an example for an ambulance contract, "regular grade gasoline".

\(^{15}\) Enter the line items that will be subject to adjustment, as in an example for an ambulance contract, the line items that reflect the one-way cost per mile for ambulance services for the base year and for each option year.

\(^{16}\) Establish time periods for when the Contracting Officer will process adjustments. This could be "the
Officer shall retain a copy of the Base Index in the contract file and, on each date of adjustment specified herein, obtain a copy of the Adjusting Index. The Contracting Officer shall calculate the adjustment due and shall, within 5 business days, issue a modification to the contract adjusting the contract or unit price(s). The adjusted contract or unit price(s) shall be effective for all orders placed or services provided after the date of contract adjustment, as specified in this paragraph (f), until the date of the next contract adjustment. If the Contracting Officer fails to act, the Contractor shall request a contract adjustment in writing and any subsequent adjustment shall be retroactive to the applicable date of contract adjustment. The Contractor's entitlement to price increases for a prior contract period (base year or option year) shall be waived unless the Contractor's written request for an adjustment under this clause is received by the Contracting Officer no later than 30 days following the end of the base year for changes applicable to the base year, or 30 days following the end of each option year for changes applicable to that option year. The Government's right to contract decreases for prior contract periods (base year or option year) shall be waived unless the Contracting Officer processes a contract modification no later than 30 days following the end of the base year for changes applicable to the base year, or 30 days following the end of each option year for changes applicable to that option year.

(g) An example of an adjustment calculation is provided herein for informational purposes only.

(1) For purposes of this example, assume that a contract is for ambulance services, that the contract price is $2.10 per mile one way, that price adjustments will be made on the basis of the cost of gasoline, that the cost of gasoline represents 10% of the total cost per mile (the Base Cost is 10% of $2.10 (the per mile one way price in Line Item X), or $0.21), and that contract adjustments will be made quarterly. If the Base Index (the price of gasoline the week prior to receipt of bids) is $1.559 per gallon and the price of gasoline at the first date of contract adjustment is $2.129 per gallon, the calculations for contract price adjustment would be as follows:

\[
\begin{align*}
\text{Adjusting Index (most recent Index cost of gasoline as of the date of the first adjustment period)} & \quad \text{\$2.129 per gallon} \\
\text{Minus the Base Index (Index cost of gasoline as of the date of receipt of offers)} & \quad \text{\$-1.559 per gallon}
\end{align*}
\]

first day of each month” or “the first day of every quarter, January, April, July, and October” or “annually on October 1st” or some other similar time periods. Since the Contracting Officer is responsible for initiating the change, the Contracting Officer must establish a reminder mechanism to ensure that the adjustments are accomplished on time.
Equals increase (or decrease) to the Base Index $0.570

Divide increase (or decrease) to the Base Index by the Base Index $0.570 + $1.559 = .3656*

(36.56% increase)

Base Cost of $0.21 (10% of $2.10) multiplied by .3656 = $0.0768 unit price increase.

New Unit price following the adjustment is $2.10 plus $0.0768 = $2.1768 per mile (rounded to $2.18)**

*This figure shall be rounded to the fourth decimal place. When the fifth decimal is 1 to 4, the figure shall be rounded down, 5 to 9, rounded up.

**The unit price adjustment shall be rounded up or down, as above, to match the number of decimal places in the original bid.

(2) For the second contract adjustment period, all calculations would be based on the original contract bid price for that contract year, $2.10 per mile in this example. If the price of gasoline goes down during the second adjustment period to the original Base Index price of $1.559 per gallon, the adjusted contract price for that second period would return to $2.10 per mile (there would be a zero percent increase or decrease to the Base Cost and thus no change to the original bid price for that contract adjustment period). The Contracting Officer would then issue a contract modification returning the contract price from $2.18 to $2.10 per mile for that contract adjustment period. If, on the other hand, the price of gasoline actually went below the Base Index price, say to $1.449 per gallon, the calculations for the second economic price adjustment period would be as follows:

Adjusting Index (most recent Index cost of gasoline as of the date of the second adjustment period) $1.449 per gallon

Minus the Base Index (Index cost of gasoline as of the date of receipt of offers) -$1.559 per gallon

Equals increase (or decrease) to Base Index ($0.110) (a negative $.11)

Divide increase (or decrease) to the Base Index by the Base Index ($0.11) + $1.559 = (.0706)
Base Cost of $0.21 (10% of $2.10) multiplied by (.0706) = ($0.0148) unit price decrease.

New Unit price following the second economic price adjustment is $2.10 minus $0.0148 = $2.0852 per mile (rounded to $2.09).

(3) At the start of the first option year, the Contracting Officer shall recalculate the price per mile based on any changes in the price of gasoline from the original contract award date and based on the Contractor's new first option year price per mile. Assuming the Contractor's bid price per mile for the first option year was $2.25 per mile, the new Base Cost for gasoline would be 10% of $2.25, or $0.225 (note that the original percent figure from paragraph (c) (10% in this sample) stays constant throughout the life of the contract), but the Base Cost would change if the option year contract price changes. If the Adjusting Index for gasoline at the start of the first option year was now up to $1.899 per gallon, the new first option year price for the first contract adjustment period would be calculated as follows:

\[
\text{Adjusting Index (most recent Index cost of gasoline as of the first day of the first option period) } = \$1.899 \text{ per gallon}
\]

\[
\text{Minus the Base Index (Index cost of gasoline as of the date of receipt of offers) } = \$1.559 \text{ per gallon}
\]

\[
\text{Equals increase (or decrease) to the Base Index } = \$0.340
\]

\[
\text{Divide the increase (or decrease) to the Base Index by the Base Index } = \frac{0.34 + 1.559}{1.559} = 0.2181
\]

\[(21.81\% \text{ increase)}\]

Base Cost of $0.225 (10%* of $2.25) multiplied by .2181 = $0.0491 unit price increase.

New Unit price for the first contract adjustment period in the first option year is $2.25 plus $0.0491 = $2.2991 per mile (rounded to $2.30 per mile).

*Note that the percentage remains constant (10%) but that the Base Cost has been increased for the first contract adjustment period in the first option year, since the Base Cost is a percentage of the first option year unit cost per mile (in this sample), and the unit cost per mile has increased in this sample for the first option year from $2.10 to $2.25.
Although the new unit price for the first contract adjustment period of the first option year following application of the economic price adjustment in this sample would be $2.30 per mile, all economic price adjustment calculations made during that first option year would be based on the original first option year bid price ($2.25 in this sample). If in the second contract adjustment period of the first option year, the calculations resulted in a unit price increase for gasoline of $0.0332, the adjusted price for that period would be $2.25 + $0.0332 = $2.2832, rounded to $2.28 per mile.

(h) Price adjustments pursuant to this clause, which shall be made by contract modification issued by the Contracting Officer, shall show the Base Index (see paragraph (b)(1)), the Adjusting Index, the Base Cost (see paragraph (c)), the mathematical calculations used to arrive at the adjusted contract unit price, and the effective date of the adjustment.

(i) In the event that _______________ 17 discontinues, or alters substantially, its method of calculating the Index cited herein, the parties shall mutually agree upon an appropriate substitute for determining the price adjustment described herein. If the Contracting Officer determines that the Index consistently and substantially fails to reflect market conditions, the Contracting Officer may modify the contract to specify use of an appropriate substitute index, effective on the date the Index specified herein begins to consistently and substantially fail to reflect market conditions.

(j) Any dispute arising under this clause shall subject to the "Disputes" clause of the contract.

(End of clause)

Notes:

17 Enter in the name of the entity whose index is used in the clause. In the example for ambulance services using the "Weekly U.S. Retail Gasoline Prices, Regular Grade" index; the Contracting Officer would enter the "Energy Information Administration, Department of Energy".

As prescribed in 816.203-4(e)(3), insert the following clause:

ECONOMIC PRICE ADJUSTMENT—STATE NURSING HOME CARE FOR VETERANS (MAR 2018)

This clause does not apply to rates for non-Medicaid nursing homes.

(a) Rate Determination. The per diem rate is established by the current Medicaid rate for Medicaid approved nursing home care plus a fair market amount (percentage) to cover the costs of supplies, services, and equipment above that provided under Medicaid established by the local State Medicaid Agency (SMA). Rates established after the effective date of this contract will require a modification to the contract by the Contracting Officer.

(1) The Medicaid rate covers room, board, and routine nursing care services.

(2) For all levels of nursing care a percentage is added for routine ancillary services/supplies, such as drugs, nursing supplies, oxygen (occasional use), x-ray, laboratory, physician visits, and rental equipment.

(3) Special equipment, e.g., Clinitron bed, is not considered routine ancillary services (and may not be provided by the VA).

(4) Drug costs which comprise more than eight and one-half percent (8.5%) of the per diem rate are generally not considered routine ancillary supplies (and may not be provided by the VA).

(5) Rehabilitation therapies will be provided as distinct levels of care, i.e., skilled, intermediate, and custodial care. Hospice Care and Dialysis are not included in the rate. Payment for Hospices and Dialysis services is provided by the VA or other payers as determined by the Veteran with the VA’s Approval.

(b) Economic Price Adjustment. This clause does not apply to ancillary services that may be added or deleted from the agreement.

(1) The per diem rate(s) will apply throughout the term of this contract, including extension period(s). The rate(s) may be adjusted only to reflect a change in a Medicaid rate as authorized by the SMA. Normally, this will be on an annual basis. The negotiated percentage above the Medicaid rate, to cover the all-inclusive nature of the contract, will not be renegotiated; but will be applied and added to the new Medicaid rate for the adjusted per diem rate for each level of care item. In this
regard, new rates will be negotiated requiring a modification to the contract. Each per
diem price adjustment under this clause is subject to the following limitations:

(2) Any adjustment shall be limited to the effect of increases or decreases in
the approved SMA's patient care components within the affected Medicaid groups.

(3) Adjustments will occur no more frequently than those issued by the SMA.

(4) No adjustments are made until the Contracting Officer receives from the
SMA an authenticated copy of the new rates signed and dated at the top right of the
document by the authorized nursing home official. Within ten days after this occurs,
the Contracting Officer will execute an approval signature and date at the
approximate locations of the nursing home official’s signature, the action of which will
serve as the effective date of the adjusted rate. A copy of the fully executed
document will be sent to the nursing home official for record keeping purposes.

(End of clause)

As prescribed in 816.203-4(e)(4), insert the following clause:

ECONOMIC PRICE ADJUSTMENT—MEDICAID LABOR RATES
(MAR 2018)

This clause does not apply to rates for non-Medicaid nursing homes.

(a) The Contractor shall notify the Contracting Officer if, at any time during
contract performance, the Medicaid rate set by the State Medical Agency (SMA) for
contract line item increases or decreases in the Schedule. The Contractor shall
furnish this notice within 60 days after the increase or decrease, or within any
additional period that the Contracting Officer may approve in writing, but not later
than the date of final payment under this contract. The notice shall include the
Contractor’s proposal for an adjustment in the contract unit prices to be negotiated
under paragraph (b) of this clause, and shall include, in the form required by the
Contracting Officer, supporting data explaining the cause, effective date, and the
amount of the increase or decrease and the amount of the Contractor’s adjustment
proposal.

(b) The Contracting Officer and the Contractor shall negotiate a price
adjustment to the contract’s unit prices and its effective date upon receipt of the
notice and data under paragraph (a) of this clause. However, the Contracting Officer
may postpone the negotiations until an accumulation of increases and decreases of
the Medicaid labor rates (including fringe benefits) shown in the Schedule results in
an adjustment allowable under paragraph (c)(3) of this clause. The Contracting
Officer shall modify this contract as follows:
(1) Include the price adjustment and its effective date;

(2) Revise the Medicaid labor rates (including fringe benefits) as shown in the Schedule to reflect the increases or decreases resulting from the SMA adjustment. The Contractor shall continue performance pending agreement on, or determination of, any adjustment and its effective date.

(c) Any price adjustment under this clause is subject to the following limitations:

(1) Adjustment shall be limited to the effect on unit prices of the increases or decreases of the Medicaid rates of pay for labor (including fringe benefits) shown in the Schedule. There shall be no adjustment for changes in rates or unit prices other than those shown in the Schedule.

(2) No upward adjustment shall apply to supplies or services that are required to be delivered or performed before the effective date of the adjustment, unless the Contractor’s failure to deliver or perform according to the delivery schedule results from causes beyond the Contractor’s control and without its fault or negligence, within the meaning of the Default clause.

(3) There shall be no adjustment for any change in rates of pay for labor (including fringe benefits) or unit prices for material which would not result in a net change of at least three percent of the then-current total contract price. This limitation shall not apply, however, if, after final delivery of all contract line items, either party requests an adjustment under paragraph (b) of this clause.

(4) The aggregate of the increases in any contract unit price made under this clause shall not exceed 10 percent of the original unit price. There is no percentage limitation on the amount of decreases made under this clause.

(d) The Contracting Officer, precluding certified cost and pricing data may examine the Contractor’s books, records, and other supporting data relevant to the cost of labor (including fringe benefits) and material during all reasonable times until the end of 3 years after the date of final payment under this contract or the time periods specified in Subpart 4.7 of the Federal Acquisition Regulation (FAR), whichever is earlier.

(End of clause)

As prescribed in 816.203-4(e)(5), insert the following clause:
ECONOMIC PRICE ADJUSTMENT CLAUSE—FUEL SURCHARGE
(MAR 2018)

(a) To the extent that contract fuel cost increases are provided for by this economic price adjustment clause, the Contractor warrants that the prices in this contract for any option periods do not include any amount to protect against such contingent fuel cost increases.

(b) The fuel cost index, for the purpose of price adjustment under this clause, shall be the "Weekly Retail On-Highway Diesel Prices Index." The Base Fuel Cost, for the purpose of price adjustments under this clause, shall be the most recent Index Weekly Average Diesel Fuel Price per gallon published prior to the closing date for receipt of offers, or the due date for receipt of final proposal revisions if discussions are held.

(c) For purposes of this clause, it will be conclusively presumed that x% increase or decrease of the Base Fuel Cost represents a reasonable fluctuation of diesel fuel prices. The Base Fuel Cost (+ / -) x% price range will be determined for the base contract year and will remain constant throughout the life of the contract, including option years. Base Fuel Cost price range is documented at time of contract award.

(d) Increases (or decreases) in the diesel fuel costs (Base Fuel Cost x%) as listed on the Index two weeks prior to the end of each calendar quarter can trigger a request from the Contractor to the Government (or from the Government to the Contractor) for cost adjustments. Notice must be in writing to the Subsistence Prime Vendor (SPV) Contracting Officer (or Contracting Officer’s Representative) no less than ten days prior to the beginning of the next quarter.

(e) Since fuel cost is only a part of the SPV Contracted distribution cost, the adjustment will be made as a penny per delivered case for every ten cent fuel price per gallon increase or decrease to the Base Fuel Cost x%. The difference is rounded down to the nearest whole cent and will be added to last line of each invoice noted as "Fuel Adjustment".

Example calculation of fuel price change: Price $2.50 Base (+ or -) 15%
Average National Diesel Fuel
$2.88 - $2.13

3rd QTR (3rd week June) first year $3.05 - 2.88 = $ .17 (rounded down to 10 cents) Add one cent per delivered case to each invoice, starting first Monday of July.

Fuel Price $3.05 Calculation:
3rd QTR Diesel Fuel Price decrease $2.13 - 1.80 = $ .33 (rounded down to $.30 cents) Credit each invoice
$1.80 Calculation: $.03 cents per delivered case.

(f) Once approved, the date for contract fuel price adjustment will be the first Monday of the first month of each quarter unless otherwise designated at time of contract award.

(g) The Contracting Officer shall retain a copy of the Base Fuel Index establishing the Base Fuel Cost and the calculation of the price range incorporating the (+/-) x% adjustment in the contract file. All subsequent changes will be documented within the contract file and communicated to the Contractor and VA SPV customers via email one week prior to the fuel price adjustment implementation.

(h) Any adjustments for fuel price changes will only be implemented if requested in writing, reviewed by both parties, and provided within the designated time frames. No retroactive cost adjustments will be made. A contract modification will be issued at inception of first increase or decrease detailing Base Fuel Cost, price range, and calculation of first fuel adjustment charge. Adjustment will remain in effect with quarterly calculation changes as needed until price falls within Base Fuel Cost price range. A contract modification will be issued to terminate the adjustment when price returns to Base Fuel Cost (+/-) % price range.

(i) In the event that "the Energy Information Administration, Department of Energy" discontinues, or substantially alters its method of calculating the national average diesel fuel prices cited herein, the parties shall mutually agree upon an appropriate substitute for determining the price adjustment described herein. If the Contracting Officer determines the Index consistently and substantially fails to reflect market conditions, the Contracting Officer may modify the contract to specify use of an appropriate substitute Index, effective on the date the Index specified herein begins to consistently and substantially fail to reflect market conditions.

(j) Any dispute arising under this clause shall be determined in accordance with and subject to the "Disputes" clause of the contract.

(End of clause)

(c) In addition to this cost schedule, the Contractor shall submit such unit costs as may be specifically requested. The unit costs shall be those used by the Contractor in preparing its bid and will not be binding as pertaining to any contract changes.

(d) The Contracting Officer will consider for monthly progress payments material and/or equipment procured by the Contractor and stored on the construction site, as space is available, or at a local approved location off the site, under such terms and conditions as the Contracting Officer approves, including but not limited to the following—

(1) The materials or equipment are in accordance with the contract requirements and/or approved samples and shop drawings;
(2) The materials and/or equipment are approved by the resident engineer;

(3) The materials and/or equipment are stored separately and are readily available for inspection and inventory by the resident engineer;

(4) The materials and/or equipment are protected against weather, theft and other hazards and are not subjected to deterioration; and

(5) The Contractor obtains the concurrence of its surety for off-site storage.

(e) The Government reserves the right to withhold payment until samples, shop drawings, engineer’s certificates, additional bonds, payrolls, weekly statements of compliance, proof of title, nondiscrimination compliance reports, or any other requirements of this contract, have been submitted to the satisfaction of the Contracting Officer.

(f) The Contracting Officer will notify the Contractor in writing within 10 calendar-days of exercising retainage against any payment in accordance with FAR clause 52.232-5(e). The notice shall disclose the amount of the retainage in value and percent retained from the payment, and provide explanation for the retainage.

(End of clause)

Alternate I (NOV 2018). If the specifications include guarantee period services, the Contracting Officer shall include the following paragraphs as additions to paragraph (b) of the basic clause:

(6)(i) The Contractor shall at the time of contract award furnish the total cost of the guarantee period services in accordance with specification section(s) covering guarantee period services. The Contractor shall submit, within 15 calendar days of receipt of the notice to proceed, a guarantee period performance program that shall include an itemized accounting of the number of work-hours required to perform the guarantee period service on each piece of equipment. The Contractor shall also submit the established salary costs, including employee fringe benefits, and what the Contractor reasonably expects to pay over the guarantee period, all of which will be subject to the Contracting Officer’s approval.

(ii) The cost of the guarantee period service shall be prorated on an annual basis and paid in equal monthly payments by VA during the period of guarantee. In the event the installer does not perform satisfactorily during this period, all payments may be withheld and the Contracting Officer shall inform the Contractor of the unsatisfactory performance, allowing the Contractor 10 days to correct deficiencies and comply with the contract. The guarantee period service is subject to those provisions as set forth in the Payments and Default clauses.

As prescribed in 832.111-70, insert the following clause in contracts that contain a section entitled "Network Analysis System—Critical Path Method (NAS-CPM)"

PAYMENTS UNDER FIXED-PRICE CONSTRUCTION CONTRACTS (INCLUDING NAS-CPM) (NOV 2018)

The clause FAR 52.232-5, Payments Under Fixed-Price Construction Contracts, is implemented as follows:

(a) Retainage.

(1) The Contracting Officer may retain funds—

(i) Where performance under the contract has been determined to be deficient or the Contractor has performed in an unsatisfactory manner in the past; or

(ii) As the contract nears completion, to ensure that deficiencies will be corrected and that completion is timely.

(2) Examples of deficient performance justifying a retention of funds include, but are not restricted to, the following—

(i) Unsatisfactory progress as determined by the Contracting Officer;

(ii) Failure to meet schedule in Schedule of Work Progress;

(iii) Failure to present submittals in a timely manner; or

(iv) Failure to comply in good faith with approved subcontracting plans, certifications, or contract requirements.

(3) Any level of retention shall not exceed 10 percent either where there is determined to be unsatisfactory performance, or when the retainage is to ensure satisfactory completion. Retained amounts shall be paid promptly upon completion of all contract requirements, but nothing contained in this paragraph (a)(3) shall be construed as limiting the Contracting Officer’s right to withhold funds under other provisions of the contract or in accordance with the general law and regulations regarding the administration of Government contracts.

(b) The Contractor shall submit a schedule of cost in accordance with the requirements of section “Network Analysis System—Critical Path Method (NAS—CPM)” to the Contracting Officer for approval within 90 calendar days after date of receipt of notice to proceed. The approved cost schedule will be one of the bases for
determining progress payments to the Contractor for work completed.

(1) Costs as shown on this schedule must be true costs and the resident engineer may require the Contractor to submit its original estimate sheets or other information to substantiate the detailed makeup of the cost schedule.

(2) The total cost of all work activities/events shall equal the contract price.

(3) Insurance and similar items shall be prorated and included in the cost of each work activity/event cost of the critical path method (CPM).

(4) The CPM shall include a separate cost loaded activity for adjusting and testing of the systems listed in the table in paragraph (b)(5) of this clause. The percentages listed in paragraph (b)(5) will be used to determine the cost of adjust and test work activities/events and identify, for payment purposes, the value of the work to adjust correct, and test systems after the material has been installed.

(5) Payment for adjust and test activities will be made only after the Contractor has demonstrated that each of the systems is substantially complete and operates as required by the contract.

The notice shall disclose the amount of the retainage in value and percent retained from the payment, and provide explanation for the retainage.

(End of clause)

Alternate I (NOV 2018). If the specifications include guarantee period services, the Contracting Officer shall include the following paragraphs as additions to paragraph (b) of the basic clause:

(6)(i) The Contractor shall show on the critical path method (CPM) the total cost of the guarantee period services in accordance with the guarantee period service
section(s) of the specifications. This cost shall be priced out when submitting the CPM cost loaded network. The cost submitted shall be subject to the approval of the Contracting Officer. The activity on the CPM shall have money only and not activity time.

(ii) The Contractor shall submit with the CPM a guarantee period performance program which shall include an itemized accounting of the number of work-hours required to perform the guarantee period service on each piece of equipment. The Contractor shall also submit the established salary costs, including employee fringe benefits, and what the Contractor reasonably expects to pay over the guarantee period, all of which will be subject to the Contracting Officer’s approval.

(iii) The cost of the guarantee period service shall be prorated on an annual basis and paid in equal monthly payments by VA during the period of guarantee. The guarantee period service is subject to those provisions as set forth in the Payments and Default clauses.

852.232-72 Electronic Submission of Payment Requests.

As prescribed in 832.7001-2, insert the following clause:

**ELECTRONIC SUBMISSION OF PAYMENT REQUESTS (NOV 2018)**

(a) *Definitions.* As used in this clause—

(1) *Contract financing payment* has the meaning given in FAR 32.001;

(2) *Designated agency office* means the office designated by the purchase order, agreement, or contract to first receive and review invoices. This office can be contractually designated as the receiving entity. This office may be different from the office issuing the payment;

(5) *Payment request* means any request for contract financing payment or invoice payment submitted by the Contractor under this contract.

(b) *Electronic payment requests.* Except as provided in paragraph (e) of this
clause, the Contractor shall submit payment requests in electronic form. Purchases paid with a Government-wide commercial purchase card are considered to be an electronic transaction for purposes of this rule, and therefore no additional electronic invoice submission is required.

(c) Data transmission. A Contractor must ensure that the data transmission method and format are through one of the following:

(1) VA’s Electronic Invoice Presentment and Payment System at the current website address provided in the contract.

(d) Invoice requirements. Invoices shall comply with FAR 32.905.

(e) Exceptions. If, based on one of the circumstances in this paragraph (e), the Contracting Officer directs that payment requests be made by mail, the Contractor shall submit payment requests by mail through the United States Postal Service to the designated agency office. Submission of payment requests by mail may be required for—

(1) Awards made to foreign vendors for work performed outside the United States;

(5) Solicitations or contracts in which the VA designated agency office does not have electronic invoicing capability as described above.

(End of clause)

852.233-70 Protest Content/Alternative Dispute Resolution.

As prescribed in 833.106-70(a), insert the following provision:

(7) Provide all information establishing the timeliness of the protest.

(b) Failure to comply with the above may result in dismissal of the protest without further consideration.

(c) Bidders/offerors and Contracting Officers are encouraged to use alternative dispute resolution (ADR) procedures to resolve protests at any stage in the protest process. If ADR is used, the Department of Veterans Affairs will not furnish any documentation in an ADR proceeding beyond what is allowed by the Federal Acquisition Regulation.

(End of provision)

852.236-71 Specifications and Drawings for Construction.

As prescribed in 836.521, insert the following clause:

SPECIFICATIONS AND DRAWINGS FOR CONSTRUCTION
(APR 2019)

The clause entitled "Specifications and Drawings for Construction" in FAR 52.236-21 is supplemented as follows:

(2) Figures and numerical quantities noted on drawings govern over scale measurements.

(d) Omissions from the drawings or specifications or the misdescription of details work that are manifestly necessary to carry out the intent of the drawings and specifications, or that are customarily performed, shall not relieve the Contractor from performing such omitted or misdescribed details of the work. 852.236-72 Performance of Work by the Contractor.

As prescribed in 836.501, insert the following clause:

(a) In accordance with FAR 52.236-1, the contract work accomplished on the site by laborers, mechanics, and foreman/superintendent on the Contractor’s payroll and under their direct supervision shall be used in establishing the percent of work to be performed by the Contractor. Cost of material and equipment installed by such labor may be included. The work by the Contractor’s executive, administrative and clerical forces shall be excluded in establishing compliance with the requirements of this clause.

(b) The Contractor shall submit, simultaneously with the schedule of costs required by the Payments under Fixed-Price Construction Contracts clause of the contract, a statement designating the portions of contract work to be performed with the Contractor’s own forces. The approved schedule of costs will be used in determining the value of a work activity/event, or portions thereof, of the work for the purpose of this article.

(c) Changes to established activity/event identifiers or responsibility codes for Contractor activities shall not be made without approval from the Contracting Officer.

(d) In the event the Contractor fails to comply with FAR 52.236-1, Performance of Work by the Contractor, the Contracting Officer will withhold retention in the amount of 15% of the value of any work activity/element being invoiced that was not authorized by the Contracting Officer to be performed by someone other than the prime Contractor’s own workforce.

(End of clause)

(b) Each report shall include and specifically identify at least one safety topic germane to the jobsite that day.

(End of clause)

852.236-80 Subcontracts and Work Coordination.

As prescribed in 836.574, insert the following clause:

SUBCONTRACTS AND WORK COORDINATION (APR 2019)

(a) Nothing contained in this contract shall be construed as creating any contractual relationship between any subcontractor and the Government. Divisions or

(b) The Contractor shall be responsible to the Government for acts and omissions of his/her own employees, and of the subcontractors and their employees. The Contractor shall also be responsible for coordination of the work of the trades, subcontractors, and material suppliers.

(c) The Government or its representatives will not undertake to settle any differences between the Contractor and subcontractors or between subcontractors.

(End of clause)

Alternate I (APR 2019). For new construction work with complex mechanical-electrical work, the following paragraph relating to work coordination may be substituted for paragraph (b) of the basic clause:

(b) The Contractor shall be responsible to the Government for acts and omissions of his/her own employees, and subcontractors and their employees. The Contractor shall also be responsible for coordination of the work of the trades, subcontractors, and material suppliers. The Contractor shall, in advance of the work, prepare coordination drawings showing the location of openings through slabs, the pipe sleeves and hanger inserts, as well as the location and elevation of utility lines, including, but not limited to, conveyor systems, pneumatic tubes, ducts, and conduits and pipes two inches and larger in diameter. These drawings, including plans, elevations, and sections as appropriate, shall clearly show the manner in which the utilities fit into the available space and relate to each other and to existing building elements. Drawings shall be of appropriate scale to satisfy the previously stated purposes, but not smaller than 3/8-inch scale. Drawings may be composite (with distinctive colors for the various trades) or may be separate but fully coordinated drawings (such as sepias or photographic paper reproducibles) of the same scale. Separate drawings shall depict identical building areas or sections and shall be capable of being overlaid in any combination. The submitted drawings for a given area of the project shall show the work of all trades that will be involved in that particular area. Six complete composite drawings or six complete sets of separate reproducible drawings shall be received by the Government not less than 20 days prior to the scheduled start of the work in the area illustrated by the drawings, for the purpose of showing the Contractor’s planned methods of installation. The objectives of such drawings are to promote carefully planned work sequence and proper trade coordination, in order to assure the expeditious solutions of problems and the
installation of lines and equipment as contemplated by the contract documents while avoiding or minimizing additional costs to the Contractor and to the Government. In the event the Contractor, in coordinating the various installations and in planning the method of installation, finds a conflict in location or elevation of any of the utilities with themselves, with structural items or with other construction items, he/she shall bring this conflict to the attention of the Contracting Officer immediately. In doing so, the Contractor shall explain the proposed method of solving the problem or shall request instructions as to how to proceed if adjustments beyond those of usual trades’ coordination are necessary. Utilities installation work will not proceed in any area prior to the submission and completion of the Government review of the coordinated drawings for that area, nor in any area in which conflicts are disclosed by the coordination drawings, until the conflicts have been corrected to the satisfaction of the Contracting Officer. It is the responsibility of the Contractor to submit the required drawings in a timely manner consistent with the requirements to complete the work covered by this contract within the prescribed contract time.

852.236-88 Contract changes—supplement.

As prescribed in 836.578, insert the following clause:

**CONTRACT CHANGES—SUPPLEMENT (JUL 2002)**

The clauses entitled "Changes" in FAR 52.243-4 and "Differing Site Conditions" in FAR 52.236-2 are supplemented as follows:

(a) Paragraphs (a)(1) through (a)(4) apply to proposed contract changes costing over $500,000.

(1) When requested by the contracting officer, the contractor shall submit proposals for changes in work to the resident engineer. Proposals, to be submitted as expeditiously as possible but within 30 calendar days after receipt of request, shall be in legible form, original and two copies, with an itemized breakdown that will include material, quantities, unit prices, labor costs (separated into trades), construction equipment, etc. (Labor costs are to be identified with specific material placed or
The contractor must obtain and furnish with a proposal an itemized breakdown as described above, signed by each subcontractor participating in the change regardless of tier. When certified cost or pricing data are required under FAR Subpart 15.403, the cost or pricing data shall be submitted in accordance with FAR 15.403-5.

(2) When the necessity to proceed with a change does not allow sufficient time to negotiate a modification or because of failure to reach an agreement, the contracting officer may issue a change order instructing the contractor to proceed on the basis of a tentative price based on the best estimate available at the time, with the firm price to be determined later. Furthermore, when the change order is issued, the contractor shall submit a proposal, which includes the information required by paragraph (a)(1), for cost of changes in work within 30 calendar days.

(3) The contracting officer will consider issuing a settlement by determination to the contract if the contractor's proposal required by paragraphs (a)(1) or (a)(2) of this clause is not received within 30 calendar days or if agreement has not been reached.

(4) Bond premium adjustment, consequent upon changes ordered, will be made as elsewhere specified at the time of final settlement under the contract and will not be included in the individual change.

(b) Paragraphs (b)(1) through (b)(11) apply to proposed contract changes costing $500,000 or less:

(1) When requested by the contracting officer, the contractor shall submit proposals for changes in work to the resident engineer. Proposals, to be submitted as expeditiously as possible but within 30 calendar days after receipt of request, shall be in legible form, original and two copies, with an itemized breakdown that will include material, quantities, unit prices, labor costs (separated into trades), construction equipment, etc. (Labor costs are to be identified with specific material placed or operation performed.) The contractor must obtain and furnish with a proposal an itemized breakdown as described above, signed by each subcontractor participating in the change regardless of tier. When certified cost or pricing data or information other than cost or pricing data are required under FAR 15.403, the data shall be submitted in accordance with FAR 15.403-5. No itemized breakdown will be required for proposals amounting to less than $1,000.

(2) When the necessity to proceed with a change does not allow sufficient time to negotiate a modification or because of failure to reach an agreement, the contracting officer may issue a change order instructing the contractor to proceed on the basis of a tentative price based on the best estimate available at the time, with the firm price to be determined later. Furthermore, when the change order is issued, the contractor shall submit within 30 calendar days, a proposal that includes the information required by paragraph (b)(1) for the cost of the changes in work.
(3) The contracting officer will consider issuing a settlement by determination to the contract if the contractor’s proposal required by paragraphs (b)(1) or (b)(2) of this clause is not received within 30 calendar days, or if agreement has not been reached.

(4) Allowances not to exceed 10 percent each for overhead and profit for the party performing the work will be based on the value of labor, material, and use of construction equipment required to accomplish the change. As the value of the change increases, a declining scale will be used in negotiating the percentage of overhead and profit. Allowable percentages on changes will not exceed the following: 10 percent overhead and 10 percent profit on the first $20,000; 7-1/2 percent overhead and 7-1/2 percent profit on the next $30,000; 5 percent overhead and 5 percent profit on balance over $50,000. Profit shall be computed by multiplying the profit percentage by the sum of the direct costs and computed overhead costs.

(5) The prime contractor’s or upper-tier subcontractor’s fee on work performed by lower-tier subcontractors will be based on the net increased cost to the prime contractor or upper-tier subcontractor, as applicable. Allowable fee on changes will not exceed the following: 10 percent fee on the first $20,000; 7-1/2 percent fee on the next $30,000; and 5 percent fee on balance over $50,000.

(6) Not more than four percentages, none of which exceed the percentages shown above, will be allowed regardless of the number of tiers of subcontractors.

(7) Where the contractor’s or subcontractor’s portion of a change involves credit items, such items must be deducted prior to adding overhead and profit for the party performing the work. The contractor’s fee is limited to the net increase to contractor of subcontractors’ portions cost computed in accordance herewith.

(8) Where a change involves credit items only, a proper measure of the amount of downward adjustment in the contract price is the reasonable cost to the contractor if he/she had performed the deleted work. A reasonable allowance for overhead and profit are properly includable as part of the downward adjustment for a deductive change. The amount of such allowance is subject to negotiation.

(9) Cost of Federal Old Age Benefit (Social Security) tax and of Worker’s Compensation and Public Liability insurance appertaining to changes are allowable. While no percentage will be allowed thereon for overhead or profit, prime contractor’s fee will be allowed on such items in subcontractors’ proposals.

(10) Overhead and contractor’s fee percentages shall be considered to include insurance other than mentioned herein, field and office supervisors and assistants, security police, use of small tools, incidental job burdens, and general home office expenses and no separate allowance will be made therefore. Assistants
to office supervisors include all clerical, stenographic and general office help. Incidental job burdens include, but are not necessarily limited to, office equipment and supplies, temporary toilets, telephone and conformance to OSHA requirements. Items such as, but not necessarily limited to, review and coordination, estimating and expediting relative to contract changes are associated with field and office supervision and are considered to be included in the contractor’s overhead and/or fee percentage.

(11) Bond premium adjustment, consequent upon changes ordered, will be made as elsewhere specified at the time of final settlement under the contract and will not be included in the individual change.

852.236-90 Restriction on Submission and Use of Equal Products.

As prescribed in 836.580, insert the following provision:

NOTICE TO BIDDERS—ADDITIVE OR DEDUCTIVE BID LINE ITEMS
(APR 2019)

(a) Additive or deductive line items in the bid schedule shall be evaluated to
determine the low offeror and the items to be awarded. The evaluation shall be made as follows—

(1) Prior to the opening of bids, the Government will determine the amount of funds available for the project.

(2) The low bid shall be the Bidder that—

   (i) is otherwise eligible for award; and

   (ii) offers the lowest aggregate amount for the first or base line item, plus or minus (in the order stated in the list of priorities in the bid schedule) those additive or deductive line items that provide the most features within the funds determined available.

(3) All bids shall be evaluated on the basis of the same additive or deductive line items.
   
   (i) If adding another item from the bid schedule list of priorities would make the award exceed the available funds for all offerors, the Contracting Officer will skip that item and go to the next item from the bid schedule of priorities; and

   (ii) Add that next item if an award may be made that includes that line item and is within the available funds.

(b) The Contracting Officer will use the list of priorities in the bid schedule only to determine the low offeror. After determining the low offeror, an award may be made on any combination of items if—

(1) It is in the best interest of the Government;

(2) Funds are available at the time of award; and

(3) The low offeror's price for the combination to be awarded is less than the price offered by any other responsive, responsible offeror.

(c) Example: “The amount available is $100,000. Offeror A's base bid and four additives (in the order stated in the list of priorities in the bid Schedule) are $85,000, $10,000, $8,000, $6,000, and $4,000. Offeror B’s base bid and four additives are $80,000, $16,000, $9,000, $7,000, and $4,000. Offeror A is the low offeror. The aggregate amount of offeror A's bid for purposes of award would be $99,000, which includes a base bid plus the first and fourth additives. The second and third additives were skipped because each of them would cause the aggregate bid to exceed $100,000.”

Certificates or policies shall be provided for the Contractor and/or each health-care provider who will perform under this contract.

(d) The Contractor shall notify the Contracting Officer if it, or any of the health-care providers performing under this contract, change insurance providers during the performance period of this contract. The notification shall provide evidence that the
Contractor and/or health-care providers will meet all the requirements of this clause, including those concerning liability insurance and endorsements. These requirements may be met either under the new policy, or a combination of old and new policies, if applicable.

SUBPART 871.1 – LOAN GUARANTY AND DIRECT LOAN PROGRAMS

871.100 Scope of subpart.

This subpart sets forth policy and procedures with respect to the loan guaranty and direct loan programs as they pertain to property management, including the acquisition, management, and disposition of property, real, personal, or mixed, that were secured by loans guaranteed, insured, or made under Title 38, U.S.C.

871.101 Policy.

All acquisitions for the repair and maintenance of VA property acquired under 38 U.S.C. Chapter 37 must be made in accordance with FAR Parts 14, 15, and 16, Parts 814, 815, and 816 of this chapter, and this subpart.

871.102 Authorization for repairs to properties.

(a) Except as provided in this subpart, Directors, Loan Guaranty Officers, and Assistant Loan Guaranty Officers, VA Regional Offices, are authorized to approve a repair program for any VA property acquired under Chapter 37, Title 38, U.S.C., if the cost does not exceed $25,000. A repair program means the aggregate amount of the proposed contracts that are contemplated in a property analysis by the Loan Guaranty activity.

(b) In cases where the expenditure is known or estimated to exceed $25,000, the Loan Guaranty Officer, or his or her designee, must forward the request, together with the loan guaranty folder, to the Under Secretary for Benefits for approval.

(c) During the period when VA has assumed custody of the property from a holder and before its conveyance to VA under 38 CFR 36.4320, repairs not in excess of $3,500 are authorized, when appropriate to make the property ready for sale at an earlier date than would otherwise be possible if the repair program was delayed until VA acquired absolute title. In cases where the expenditure is known or estimated to exceed $3,500, the Loan Guaranty Officer, or his or her designee, must forward the request, together with the loan guarantee folder, to the Under Secretary for Benefits for approval.

(d) The holder must not make repairs to a property when it has continued custody, except for emergency repairs not in excess of $500, unless the holder gives adequate notice to the Director, Regional Office. Emergency repairs means immediate action to preserve the property from serious damage or to correct a situation imminently dangerous to life or limb, including the initial cleanup of the property to prevent the risk of damage by fire or vandalism.
(e) An approved management broker may be authorized, when the property is assigned, to incur expenses for fuel and utilities or other recurring items that VA is required to furnish to its tenants or are required to maintain the property if the following conditions are met:

1. Advance blanket authorization to a management broker must be limited to repairs not in excess of $500 in any transaction.

2. The management broker must either submit receipts with an invoice or maintain receipts for inspection.

3. Expenditures in excess of $500 require prior approval of the Director, Regional Office, having jurisdiction of the property.

4. The management broker must aggregate the costs of repairs when determining whether prior approval is required.

871.104 Qualification of bidders.

(a) Bidders must be qualified in accordance with procedures outlined in FAR Subpart 9.1 and Subpart 809.1 of this chapter.

(b) Management brokers are not acceptable bidders for a repair contract due to their close association on a fee basis with VA. This restriction also applies to any contracting firm in which the management broker has an interest and in which it could be presumed that the firm would have an advantage over the other bidders. This does not preclude the management broker from performing routine recurring maintenance or minor repairs. When seeking payment for maintenance or repairs, the management broker must establish that any charges are not in excess of the prevailing fees for similar services in the area.

871.106 Lien waivers.

(a) In a contract for $2,500 or more, the contracting officer must include the following requirements:

1. The contractor must sign a formal release in full or a lien waiver before payment may be made.

2. The contractor must notify the Director, Regional Office, of any subcontracts for services or materials in excess of $2,500. Each subcontractor must sign the release or waiver jointly with the prime contractor or exercise a release or waiver in the subcontractor’s own name.
(b) The contracting officer must not pay the contractor unless the release or waiver accompanies the contractor’s invoice.

(c) Before any authorized partial payment, the contractor must execute a release or waiver.

(d) Due to the variations of local law, no standard release or waiver is prescribed. Each release or waiver must be prepared in accordance with local law and must be in form acceptable to the District Counsel.

871.107 Stipulations against liens.

(a) In a contract for an amount less than $2,500, when determined necessary by the Director, Regional Office, the contracting officer may include the following:

The contractor expressly waives any and all rights to file or maintain any mechanics lien or claim against the aforesaid premises.

(b) In a contract for $2,500 or more when there is doubt that the final responsibility of the contractor will provide maximum protection to the Government, the contracting officer must include any requirements that are available under local law. The contracting officer must obtain advice and approval of any contract stipulation or legal stipulations against liens from the District Counsel.

SUBPART 871.2—VOCAATIONAL REHABILITATION AND EMPLOYMENT SERVICE (Revised 10/15/18)

871.200 Scope of subpart.

This subpart establishes policy and procedures for the vocational rehabilitation and employment services as it pertains to the following:

(a) Contracts for training and rehabilitation services.

(b) Approval of institutions (including rehabilitation facilities), training establishments, and employers under 38 U.S.C. Chapter 31.

871.201 General.

871.201-1 Requirements for the use of contracts.

The costs for tuition, fees, books, supplies, and other expenses are allowable under a contract with an institution, training establishment, or employer for the training and rehabilitation of eligible Veterans under 38 U.S.C. chapter 31, provided the services meet the conditions in the following definitions:

(a) Courses of instruction by correspondence means a course of education or training conducted by mail consisting of regular lessons or reading assignments, the preparation of required written work that involves the application of principles studied in each lesson, the correction of assigned work with such suggestions or recommendation as may be necessary to instruct the student, the keeping of student achievement records, and issuance of a diploma, certificate, or other evidence to the student upon satisfactorily completing the requirements of the course.

(b) Special services or special courses. Special services or courses are those services or courses that VA requests that are supplementary to those the institution customarily provides for similarly circumstanced non-Veteran students and that the contracting officer considers to be necessary for the rehabilitation of the trainee.

871.201-2 Requirements when contracts are not required.

(a) For the purpose of this section a contract is not required when all tuition, fees, and charges for books, supplies, or services necessary to train or educate an eligible veteran under 38 U.S.C. Chapter 31 are published in the school catalog or other published document.

(b) When a contract is not required, the Vocational Rehabilitation and Employment Officer must obtain a signed statement of charges from the educational institution or training establishment for courses to be offered, including the rate of tuition, fees, and separate charges, if any, for books, supplies, and equipment handling charges, refund policy, and other provisions as are required to determine proper payment. The statement of charges may be in the form of a statement on VA Form 28-1905, Authorization and Certification of Entrance or Reentrance Into Rehabilitation and Certification Status, that charges will be in accordance with catalog or other published document (identify publication). The statement of charges may not exceed those charges nonveterans pay or that are published in the school catalog or other published document.
871.201-3 Medical services.

The medical services provided trainees under vocational rehabilitation and education contracts, agreements, or arrangements are separate and distinct from any other medical service under the jurisdiction of the Veterans Health Administration to which the veteran may be entitled. No certificate of eligibility is required from the Veterans Health Administration before the veteran may be provided such services.

871.201-4 Letter contracts.

Letter contracts are authorized for use in accordance with the provision of FAR 16.603 and in those cases in which it is not possible to complete a formal contract with an approved educational institution before the enrollment of eligible veterans for training.

871.202 Marking and release of supplies.

The educational institution or training establishment is not required to mark supplies to indicate ownership by the United States. Supplies are considered to be the property of the trainee at the time they are furnished.

871.203 Renewals or supplements to contracts.

Except for contracts for educational and vocational counseling, the contracting office may renew contracts from year to year by completing a renewal agreement no later than 30 days before the expiration of the contract. There must be no change in the schedule of provisions in the original contract.

(a) Supplements may be negotiated at any time during the contract period upon the completion of the supplemental agreement.

(b) Contracts for educational and vocational counseling may provide for automatic extension from year to year.

871.204 Guaranteed payment.

A contracting officer may not award a contract or agreement to any institution or training establishment that requires VA is to pay a minimum charge, or to enroll a minimum number of participants per quarter, semester, term, course, or other period.
Proration of charges.

A contract must include the exact formula agreed on for the proration of charges in the event that the veteran’s program is interrupted or discontinued before the end of the term, semester, quarter, or other period, or the program is completed in less time than stated in the contract.

Other fees and charges.

VA may pay fees and other charges that are not prescribed by law but are required by nongovernmental organizations, such as initiation fees required to become a member of a labor union and the dues necessary to maintain membership incidental to training on the job or to obtaining employment during a period in which the veteran is a chapter 31 participant, provided there are no facilities feasibly available where the necessary training can be feasibly accomplished or employment obtained without paying such charges. Payment for such fees must be made in accordance with Part 813.

Payment of tuition or fees.

(a) Contracts, agreements, or arrangements requiring the payment of tuition or fees must provide either of the following:

(1) Payment for tuition or fees must be made in arrears and must be prorated in installments over the school year or the length of the course.

(2) An institution may be paid in accordance with paragraph (b) of this section, if the institution operates on a regular term, quarter, or semester basis and normally accepts students only at the beginning of the term, quarter, or semester and if the institution is one of the following:

(i) An institution of higher learning that uses a standard unit of credit recognized by accrediting associations. Such institutions include those that are members of recognized national or regional educational accrediting associations, and those that, although not members of such accrediting associations, grant standard units of credit acceptable at full value without examination by collegiate institutions that are members of national or regional accrediting associations.

(ii) A public tax-supported institution.

(iii) An institution operated and controlled by a State, county, or local board of education.
(b) An institution that meets the exceptions of paragraph (a)(2) of this section and that has a refund policy providing for a graduated scale of charges for purposes of determining refunds may be paid part or all such tuitions or fees for a term, quarter, or other period of enrollment immediately following the date on which the refund expires.

(c) Proration of charges does not apply to a fee for noncontinuing service, such as a registration fee, etc.

(d) The period for which payment of charges may be made is the period of actual enrollment and is subject to the following:

   (1) The effective date is the date of the trainee’s entrance into training status, except that payment may be made for an entire semester, quarter, or term in institutions operating on that basis if the trainee enters no later than the final date set by the institution for enrolling for full credit.

   (2) In those cases where the institution has not set a final date for enrolling for full credit or does not set a date acceptable to VA, payment may be prorated on the basis of attendance, regardless of the refund policy.

   (3) If an institution customarily charges for the amount of credit or number of hours of attendance for which a trainee enrolls, payment may be made on that basis when a trainee enrolls after the final date permitted for carrying full credit for the semester or term.

871.208 Rehabilitation facilities.

Charges by rehabilitation facilities for the rehabilitation services provided under 38 U.S.C. Chapter 31 are paid in the same manner as charges for educational and vocational services through contract, agreement, or other arrangement.

871.209 Records and reports.

Contracts, agreements, or arrangements must provide for the number and frequency of reports, adequate financial records to support payment for each trainee, and maintenance of attendance and progress records. Such records must be preserved for a period of three years.

871.210 Correspondence courses.

Contracts with institutions for correspondence courses must provide for the following:
(a) Major changes in courses or course material are not binding on the VA until a supplemental agreement to the contract is negotiated.

(b) Minor changes in course or course material not affecting the length of the course or number of lessons and not lowering the educational value of the course or the quality of the course material, such as revision of text, the substitution of a newer lesson for an older one, or the substitution of equipment of equal or greater value, are permitted without supplemental agreements. The institution must place such minor changes and revisions on file with the contracting officer at the time of the change or revision.

(c) Trainees must be provided with prompt and adequate lessons service and, unless otherwise specified in the contract, must be furnished the same texts, lessons service, diplomas, and other services as are normally provided for regularly enrolled non-veteran students.

(d) All lessons must be adequately serviced on an individual basis. Grouping of lessons into units or partial servicing does not meet this requirement.

(e) Each lesson must have a separate examination that is adequate in terms of lesson content.

(f) The training of persons under a VA contract or the fact that the United States is using the facilities of the institution for training veterans must not be used in any way to advertise the institution. References in the advertising media or correspondence of the institution shall be limited to a list of courses under 38 U.S.C. Chapter 31 and must not be directed or pointed specifically to veterans.

(g) The rates, fees, and charges must not be in excess of those charged nonveterans.

(h) Payment must be made on a lesson-completed basis in areas for assignments sent in by trainees and serviced during a pay period as established by the contract.

(i) Payment must be made only once for each lesson even though it is necessary to service a lesson more than once.

**871.211 Information concerning correspondence courses.**

Specific questions on correspondence courses as to the content of courses, academic credit, and entrance requirements for courses included in VA contracts may be directed to the institutions offering the courses.
871.212 Contract clauses.

Contracting officers must use the following clauses, as appropriate, in solicitations and contracts for vocational rehabilitation and employment services as they pertain to training and rehabilitation services and contracts for counseling services:

(a) 852-271-70 Nondiscrimination in services provided to beneficiaries.
(b) 852.271-72 Time spent by counselee in counseling process.
(c) 852.271-73 Use and publication of counseling results.
(d) 852.271-74 Inspection.
(e) 852.271-75 Extension of contract period.

873.101 Policy.

The simplified acquisition procedures set forth in this part apply to the acquisition of health-care resources consisting of commercial services or the use of medical equipment or space. These procedures shall be used in conjunction with the FAR and other parts of the VAAR. When a policy in the FAR or parts of the VAAR is inconsistent with a policy in this part, the policy in part 873 takes precedence. These procedures contain more flexibility than provided in the FAR or elsewhere in the VAAR. (38 U.S.C. 8151-8153)

(a) General. To the extent not otherwise excluded by law, the Veterans First Contracting Program in subpart 819.70 applies to contracts under this part and has precedence over other small business programs.

(b) The contracting officer shall ensure priorities for veteran-owned small businesses are implemented within the VA hierarchy of small business program preferences, established by section 38 U.S.C. 8127 and 8128, the Veterans First Contracting Program, as implemented in subpart 819.70. Specifically, the contracting officer shall consider preferences for verified service-disabled veteran-owned small businesses (SDVOSBs) first, then preferences for verified veteran-owned small businesses (VOSBs). These priorities will be followed by preferences for other small businesses in accordance with FAR 19.203, 819.203-70 and 819.7004.

(c) When there is need for a waiver, pursuant to 873.107, the OSDBU Director will be notified.

873.102 Definitions.

Commercial service means a service, except construction exceeding $2,000 and architect-engineer services, that is offered and sold competitively in the commercial marketplace, is performed under standard commercial terms and conditions, and is procured using firm-fixed price contracts. (38 U.S.C. 8153)

Health-care providers include health-care plans and insurers and any organizations, institutions, or other entities or individuals who furnish health-care resources. (38 U.S.C. 8153)
Health-care resource includes hospital care and medical services (as those terms are defined in section 1701 of title 38 United States Code (U.S.C.)), any other health-care service, and any health-care support or administrative resource, including the use of medical equipment or space. (38 U.S.C. 8153)

[Deviation per Class Deviation—Veterans First Contracting Program (VFCP 2016) dated July 25, 2016, revises VAAR 873.101 and VAAR 873.102 to reflect that to the extent not otherwise excluded by law, the Veterans First Contracting Program in VAAR subpart 819.70 applies to VA contracts under VAAR part 873 and has precedence over the other small business programs. This deviation is effective until incorporated into the VAAR or the VAAM or is otherwise rescinded.]

873.103 Priority sources.

Without regard to FAR 8.002(a)(2), except for the acquisition of services available from the Committee for Purchase From People Who Are Blind or Severely Disabled (AbilityOne) (see FAR subpart 8.7), there are no priority sources for the acquisition of health-care resources consisting of commercial services or the use of medical equipment or space. (38 U.S.C. 8151-8153) See 873.101 (a) – (b) for applicability of 38 U.S.C. 8127 and 8128.

873.104 Competition requirements.

(a) Without regard to FAR Part 6, if the health-care resource required is a commercial service, the use of medical equipment or space, or research, and is to be acquired from an institution affiliated with the Department in accordance with section 7302 of title 38 U.S.C., including medical practice groups and other approved entities associated with affiliated institutions (entities will be approved if determined legally to be associated with affiliated institutions), or from blood banks, organ banks, or research centers, the resource may be acquired on a sole source basis. (38 U.S.C. 8153)

(b) Acquisition of health-care resources identified in paragraph (a) of this section are not required to be publicized as otherwise required by 873.108 or FAR 5.101. In addition, written justification, as otherwise set forth in section 303(f) of the Federal Property and Administration Services Act of 1949 (41 U.S.C. 253(f)) and FAR Part 6, is not required. (38 U.S.C. 8153)

(c) Without regard to FAR 6.101, if the health-care resource required is a commercial service or the use of medical equipment or space, and is to be acquired from an entity not described in paragraph (a) of this section, contracting officers must seek competition to the maximum extent practicable and must permit all responsible sources, as appropriate under the provisions of this part, to submit a bid, proposal or quotation (as appropriate) for the resources to be procured and provide for the consideration by the Department of bids, proposals, or quotations so submitted. (38 U.S.C. 8153)
(d) Without regard to FAR 5.101, acquisition of health-care resources identified in paragraph (c) of this section shall be publicized as otherwise required by 873.108. Moreover, for any such acquisition described in paragraph (c) of this section to be conducted on a sole source basis, the contracting officer must prepare a justification that includes the information and is approved at the levels prescribed in section 303(f) of the Federal Property and Administration Services Act of 1949 (41 U.S.C. 253(f)) and FAR Part 6. (38 U.S.C. 8153)

873.105 Acquisition planning.

(a) Acquisition planning is an indispensable component of the total acquisition process.

(b) For the acquisition of health-care resources consisting of commercial services or the use of medical equipment or space, where the acquisition is expected to exceed the simplified acquisition threshold (SAT), an acquisition team must be assembled. The team shall be tailored by the contracting officer for each particular acquisition expected to exceed the SAT. The team should consist of a mix of staff, appropriate to the complexity of the acquisition, and may include contracting, fiscal, legal, administrative, and technical personnel, and such other expertise as necessary to assure a comprehensive acquisition plan. The team should include the small business advocate representing the contracting activity or a higher level designee and the SBA Procurement Center Representative (PRC), if available. As a minimum, the team must include the contracting officer and a representative of the requesting service. (38 U.S.C. 8153)

(c) Prior to determining whether a requirement is suitable for acquisition using these simplified acquisition procedures, the contracting officer or the acquisition team, as appropriate, must conduct market research to identify interested businesses. It is the responsibility of the contracting officer to ensure the requirement is appropriately publicized and information about the procurement opportunity is adequately disseminated as set forth in 873.108. (38 U.S.C. 8153)

(d) In lieu of the requirements of FAR Part 7 addressing documentation of the acquisition plan, the contracting officer may conduct an acquisition strategy meeting with cognizant offices to seek approval for the proposed acquisition approach. If a meeting is conducted, briefing materials shall be presented to address the acquisition plan topics and structure in FAR 7.105. Formal written minutes – summarizing decisions, actions, and conclusions – shall be prepared and included in the contract file, along with a copy of the briefing materials.
873.106 Presolicitation exchanges with industry.

(a) This section shall be used in lieu of FAR Part 10, except as provided in paragraph (b)(3) of this section. In conducting market research, exchange of information by all interested parties involved in an acquisition, from the earliest identification of a requirement through release of the solicitation, is encouraged. Interested parties include potential offerors, end users, Government acquisition and support personnel, and others involved in the conduct or outcome of the acquisition. The nature and extent of presolicitation exchanges between the Government and industry shall be a matter of the contracting officer’s discretion (for acquisitions not exceeding the simplified acquisition threshold) or the acquisition team’s discretion, as coordinated by the contracting officer. (38 U.S.C. 8153)

(b) Techniques to promote early exchange of information include—

1. Industry or small business conferences;
2. Public hearings;
3. Market research in accordance with FAR 10.002(b), which shall be followed to the extent that the provisions therein would provide relevant information;
4. One-on-one meetings with potential offerors;
5. Presolicitation notices;
6. Draft requests for proposals (RFPs);
7. Requests for information (RFIs);
8. Presolicitation or preproposal conferences;
9. Site visits;
10. Electronic notices (e.g., Internet); and
873.107 Socioeconomic programs.

(a) Implementation. This section provides additional authority, over and above that found at FAR 19.502, to waive small business set-asides. For acquisitions above the micro-purchase threshold, if, through market research, the contracting officer determines that there is reasonable expectation that reasonably priced bids, proposals, or quotations will be received from two or more responsible small businesses, a requirement for health-care resources must be reserved for small business participation. Without regard to FAR 13.003(b)(1), 19.502-2, and 19.502-3, the head of the contracting activity (HCA) may approve a waiver from the requirement for any set-aside for small business participation when a waiver is determined to be in the best interest of the Government. (38 U.S.C. 8153)

(b) Rejecting Small Business Administration (SBA) recommendations.

(1) The contracting officer (or, if a waiver has been approved in accordance with paragraph (a) of this section, the HCA) must consider and respond to a recommendation from an SBA representative to set a procurement aside for small business within 5 working days. If the recommendation is rejected by the contracting officer (or, if a waiver has been approved, by the HCA) and if SBA intends to appeal that determination, SBA must, within 2 working days after receipt of the determination, notify the contracting officer involved of SBA's intention to appeal.

(2) Upon receipt of the notification of SBA's intention to appeal and pending issuance of a final Department appeal decision to SBA, the contracting officer involved must suspend action on the acquisition unless the contracting officer makes a determination in writing that proceeding to contract award and performance is in the public interest. The contracting officer must promptly notify SBA of the determination to proceed with the solicitation and/or contract award and must provide a copy of the written determination to SBA.

(3) SBA shall be allowed 10 working days after receiving the rejection notice from the contracting officer (or the HCA, if a waiver has been approved) for acquisitions not exceeding $5 million, or 15 working days after receiving the rejection notice for acquisitions exceeding $5 million, to file an appeal. SBA must notify the contracting officer within this 10 or 15 day period whether an appeal has, in fact, been taken. If notification is not received by the contracting officer within the applicable period, it shall be deemed that an appeal was not taken.

(4) SBA shall submit appeals to the Secretary. Decisions shall be made by the DSPE, whose decisions shall be final. (38 U.S.C. 8153)
Part 873—Simplified Acquisition Procedures for Health-Care Resources

(c) Contracting with the Small Business Administration (the 8(a) Program). The procedures of FAR 19.8 shall be followed where a responsible 8(a) contractor has been identified.

(d) Certificates of Competency and determinations of responsibility. The Director, Office of Small and Disadvantaged Business Utilization (OSDBU), Department of Veterans Affairs (VA), and the Assistant Administrator, Office of Industrial Assistance, Small Business Administration (SBA), shall serve as ombudsmen to assist VA contracting officers on any issues relating to Certificates of Competency (COC). Copies of all COC referrals to SBA shall be submitted to the Director, OSDBU (00SB).

873.108 Publicizing contract actions.

(a) Without regard to FAR 5.101, all acquisitions under this part 873, except as provided in paragraph (b) of this section, for dollar amounts in excess of the simplified acquisition threshold (SAT), as set forth in FAR Part 13, shall be publicly announced utilizing a medium designed to obtain competition to the maximum extent practicable and to permit all responsible sources, as appropriate under the provisions of this part, to submit a bid, proposal, or quotation (as appropriate).

(1) The publication medium may include the Internet, including the Government-wide point of entry (GPE), and local, regional or national publications or journals, as appropriate, at the discretion of the contracting officer, depending on the complexity of the acquisition.

(2) Without regard to FAR 5.203, notice shall be published for a reasonable time prior to issuance of a request for quotations (RFQ) or a solicitation, depending on the complexity or urgency of the acquisition, in order to afford potential offerors a reasonable opportunity to respond. If the notice includes a complete copy of the RFQ or solicitation, a prior notice is not required, and the RFQ or solicitation shall be considered to be announced and issued at the same time.

(3) The notice may include contractor qualification parameters, such as time for delivery of service, credentialing or medical certification requirements, small business or other socio-economic preferences, the appropriate small business size standard, and such other qualifications as the contracting officer deems necessary to meet the needs of the Government. (38 U.S.C. 8153)

(b) The requirement for public announcement does not apply to sole source acquisitions, described in 873.104(a), from institutions affiliated with the Department in accordance with section 7302 of title 38 U.S.C., including medical practice groups and other approved entities associated with affiliated institutions (entities will be approved if determined legally to be associated with
In addition, the requirement for public announcement does not apply to sole source acquisitions of hospital care and medical services (as those terms are defined in section 1701 of title 38 U.S.C.) or any other health-care services, including acquisitions for the mutual use or exchange of use of such services. However, as required by 38 U.S.C. 8153(a)(3)(D), acquisitions from non-affiliates, if conducted on a sole source basis, must still be justified and approved (see 873.104(d)). (38 U.S.C. 8153)

(c) For acquisitions below the SAT, a public announcement is optional. (38 U.S.C. 8153)

(d) Each solicitation issued under these procedures must prominently identify that the requirement is being solicited under the authority of 38 U.S.C. 8153 and part 873. (38 U.S.C. 8153)

873.109 General requirements for acquisition of health-care resources.

(a) Source selection authority. Contracting officers shall be the source selection authority for acquisitions of health-care resources, consisting of commercial services or the use of medical equipment or space, utilizing the guidance contained in this part 873. (38 U.S.C. 8153)

(b) Statement of work/Specifications. Statements of work or specifications must define the requirement and should, in most instances, include qualifications or limitations such as time limits for delivery of service, medical certification or credentialing restrictions, and small business or other socio-economic preferences. The contracting officer may include any other such terms as the contracting officer deems appropriate for each specific acquisition. (38 U.S.C. 8153)

(c) Documentation. Without regard to FAR 13.106-3(b), 13.501(b), or 15.406-3, the contract file must include:

1. A brief written description of the procedures used in awarding the contract;

2. The market research, including the determination that the acquisition involves health-care resources;

3. The number of offers received; and

4. An explanation, tailored to the size and complexity of the acquisition, of the basis for the contract award decision. (38 U.S.C. 8153)

(d) Time for receipt of quotations or offers. (1) Without regard to FAR
5.203, contracting officers shall set a reasonable time for receipt of quotations or proposals in requests for quotations (RFQs) and solicitations.

(2) Without regard to FAR 15.208 or 52.212-1(f), quotations or proposals received after the time set forth in an RFQ or request for proposals (RFP) may be considered at the discretion of the contracting officer if determined to be in the best interest of the Government. Contracting officers must document the rationale for accepting quotations or proposals received after the time specified in the RFQ or RFP. This paragraph (d)(2) shall not apply to RFQs or RFPs if alternative evaluation techniques described in 873.111(e)(1)(ii) are used. This paragraph (d)(2) does not apply to invitations for bid (IFBs). (38 U.S.C. 8153)

(e) Cancellation of procurements. Without regard to FAR 14.404-1, any acquisition may be canceled by the contracting officer at any time during the acquisition process if cancellation is determined to be in the best interest of the Government. (38 U.S.C. 8153)

873.110 Solicitation provisions.

(a) As provided in 873.109(d), contracting officers shall insert the provision at 852.273-70, Late offers, in all requests for quotations (RFQs) and requests for proposals (RFPs) exceeding the micro-purchase threshold. (38 U.S.C. 8153)

(b) The contracting officer shall insert a provision in RFQs and solicitations, substantially the same as the provision at 852.273-71, Alternative negotiation techniques, when either of the alternative negotiation techniques described in 873.111(e)(1) will be used. (38 U.S.C. 8153)

(c) The contracting officer shall insert the provision at 852.273-72, Alternative evaluation, in lieu of the provision at 52.212-2, Evaluation—Commercial Items, when the alternative negotiation technique described in 873.111(e)(1)(ii) will be used. (38 U.S.C. 8153)

(d) When evaluation information, as described in 873.112, is to be used to select a contractor under an RFQ or RFP for health-care resources consisting of commercial services or the use of medical equipment or space, the contracting officer may insert the provision at 852.273-73, Evaluation—health-care resources, in the RFQ or RFP in lieu of FAR provision 52.212-2. (38 U.S.C. 8153)

(e) As provided at 873.113(f), if award may be made without exchange with vendors, the contracting officer shall include the provision at 852.273-74, Award without exchanges, in the RFQ or RFP. (38 U.S.C. 8153)
(f) The contracting officer shall insert the FAR clause at 52.207-3, Right of First Refusal of Employment, and the clause at 852.207-70, Report of employment under commercial activities, in all RFQs, solicitations, and contracts issued under the authority of 38 U.S.C. 8151-8153 which may result in a conversion, from in-house performance to contract performance, of work currently being performed by Department of Veterans Affairs employees. (38 U.S.C. 8153)

873.111 Acquisition strategies for health-care resources.

Without regard to FAR 13.003 or 13.500(a), the following acquisition processes and techniques may be used, singly or in combination with others, as appropriate, to design acquisition strategies suitable for the complexity of the requirement and the amount of resources available to conduct the acquisition. These strategies should be considered during acquisition planning. The contracting officer shall select the process most appropriate to the particular acquisition. There is no preference for sealed bid acquisitions. (38 U.S.C. 8153)

(a) Request for quotations. (1) Without regard to FAR 6.1 or 6.2, contracting officers must solicit a sufficient number of sources to promote competition to the maximum extent practicable and to ensure that the purchase is advantageous to the Government, based, as appropriate, on either price alone or price and other factors (e.g., past performance and quality). RFQs must notify vendors of the basis upon which the award is to be made.

(2) For acquisitions in excess of the SAT, the procedures set forth in FAR Part 13 concerning RFQs may be utilized without regard to the dollar thresholds contained therein. (38 U.S.C. 8153)

(b) Sealed bidding. FAR Part 14 provides procedures for sealed bidding.

(c) Negotiated acquisitions. If the procedures of FAR Parts 12, 13, and 15 differ from the procedures of this Part, the procedures of this Part shall take precedence. (38 U.S.C. 8153)

(d) Multiphase acquisition technique. (1) General. Without regard to FAR 15.202, multiphase acquisitions may be appropriate when the submission of full proposals at the beginning of an acquisition would be burdensome for offerors to prepare and for Government personnel to evaluate. Using multiphase techniques, the Government may seek limited information initially, make one or more down-selects, and request a full proposal from an individual offeror or limited number of offerors. Provided that the notice notifies offerors, the contracting officer may limit the number of proposals during any phase to the number that will permit an efficient competition among proposals offering the greatest likelihood of award. The contracting officer may indicate in the notice an estimate of the greatest number of proposals that will be included in
the down-select phase. The contracting officer may down-select to a single offeror.

(2) First phase notice. In the first phase, the Government shall publish a notice (see 873.108) that solicits responses and that may provide, as appropriate, a general description of the scope or purpose of the acquisition and the criteria that will be used to make the initial down-select decision. The notice may also inform offerors of the evaluation criteria or process that will be used in subsequent down-select decisions. The notice must contain sufficient information to allow potential offerors to make an informed decision about whether to participate in the acquisition. The notice must advise offerors that failure to participate in the first phase will make them ineligible to participate in subsequent phases. The notice may be in the form of a synopsis in the Government-wide point of entry (GPE) or a narrative letter or other appropriate method that contains the information required by this paragraph.

(3) First phase responses. Offerors shall submit the information requested in the notice described in paragraph (d)(2) of this section. Information sought in the first phase may be limited to a statement of qualifications and other appropriate information (e.g., proposed technical concept, past performance information, limited pricing information).

(4) First phase evaluation and down-select. The Government shall evaluate all offerors' submissions in accordance with the notice and make a down-select decision.

(5) Subsequent phases. Additional information shall be sought in the second phase so that a down-select can be performed or an award made without exchanges, if necessary. The contracting officer may conduct exchanges with remaining offeror(s), request proposal revisions, or request best and final offers, as determined necessary by the contracting officer, in order to make an award decision.

(6) Debriefing. Without regard to FAR 15.505, contracting officers must debrief offerors as required by 873.118 when they have been excluded from the competition. (38 U.S.C. 8153)

(e) Alternative negotiation techniques. (1) Contracting officers may utilize alternative negotiation techniques for the acquisition of health-care resources. Alternative negotiation techniques may be used when award will be based on either price or price and other factors. Alternative negotiation techniques include but are not limited to:

   (i) Indicating to offerors a price, contract term or condition, commercially available feature, and/or requirement (beyond any requirement or target specified in the solicitation) that offerors will
have to improve upon or meet, as appropriate, in order to remain competitive.

(ii) Posting offered prices electronically or otherwise (without disclosing the identity of the offerors) and permitting revisions of offers based on this information.

(2) Except as otherwise permitted by law, contracting officers shall not conduct acquisitions under this section in a manner that reveals the identities of offerors, releases proprietary information, or otherwise gives any offeror a competitive advantage (see FAR 3.104). (38 U.S.C. 8153)

873.112 Evaluation information.

(a) Without regard to FAR 15.304 (except for 15.304(c)(1) and (c)(3), which do apply to acquisitions under this authority), the criteria, factors, or other evaluation information that apply to an acquisition, and their relative importance, are within the broad discretion of agency acquisition officials as long as the evaluation information is determined to be in the best interest of the Government. (38 U.S.C. 8153)

(b) Price or cost to the Government must be evaluated in every source selection. Past performance shall be evaluated in source selections for negotiated competitive acquisitions exceeding the SAT unless the contracting officer documents that past performance is not an appropriate evaluation factor for the acquisition. (38 U.S.C. 8153)

(c) The quality of the product or service may be addressed in source selection through consideration of information such as past compliance with solicitation requirements, technical excellence, management capability, personnel qualifications, and prior experience. The information required from quoters, bidders, or offerors shall be included in notices or solicitations, as appropriate. (38 U.S.C. 8153)

(d) The relative importance of any evaluation information included in a solicitation must be set forth therein. (38 U.S.C. 8153)

873.113 Exchanges with offerors.

(a) Without regard to FAR 15.201 or 15.306, negotiated acquisitions generally involve exchanges between the Government and competing offerors. Open exchanges support the goal of efficiency in Government by providing the Government with relevant information (in addition to that submitted in the offeror's initial proposal) needed to understand and evaluate the offeror's proposal. The nature and extent of exchanges between the Government and offerors is a matter of contracting officer judgment. Clarifications,
communications, and discussions, as provided for in the FAR, are concepts not applicable to acquisitions under this part 873. (38 U.S.C. 8153)

(b) Exchanges with potential offerors may take place throughout the source selection process. Exchanges may start in the planning stages and continue through contract award. Exchanges should occur most often with offerors determined to be in the best value pool (see 873.114). The purpose of exchanges is to ensure there is mutual understanding between the Government and the offerors on all aspects of the acquisition, including offerors' submittals/proposals. Information disclosed as a result of oral or written exchanges with an offeror may be considered in the evaluation of an offeror's proposal. (38 U.S.C. 8153)

(c) Exchanges may be conducted, in part, to obtain information that explains or resolves ambiguities or other concerns (e.g., perceived errors, perceived omissions, or perceived deficiencies) in an offeror's proposal. (38 U.S.C. 8153)

(d) Exchanges shall only be initiated if authorized by the contracting officer and need not be conducted with all offerors. (38 U.S.C. 8153)

(e) Except for acquisitions based on alternative negotiation techniques contained in 873.111(e)(1), the contracting officer and other Government personnel involved in the acquisition shall not disclose information regarding one offeror's proposal to other offerors without consent of the offeror in accordance with FAR Parts 3 and 24. (38 U.S.C. 8153)

(f) Award may be made on initial proposals without exchanges if the solicitation states that the Government intends to evaluate proposals and make award without exchanges, unless the contracting officer determines that exchanges are considered necessary. (38 U.S.C. 8153)

873.114 Best value pool.

(a) Without regard to FAR 15.306(c), the contracting officer may determine the most highly rated proposals having the greatest likelihood of award based on the information or factors and subfactors in the solicitation. These vendors constitute the best value pool. This determination is within the sole discretion of the contracting officer. Competitive range determinations, as provided for in the FAR, are not applicable to acquisitions under this part 873. (38 U.S.C. 8153)

(b) In planning an acquisition, the contracting officer may determine that the number of proposals that would otherwise be included in the best value pool is expected to exceed the number at which an efficient, timely, and economical competition can be conducted. In reaching such a conclusion, the
contracting officer may consider such factors as the results of market research, historical data from previous acquisitions for similar services, and the resources available to conduct the source selection. Provided the solicitation notifies offerors that the best value pool can be limited for purposes of making an efficient, timely, and economical award, the contracting officer may limit the number of proposals in the best value pool to the greatest number that will permit an efficient competition among the proposals offering the greatest likelihood of award. The contracting officer may indicate in the solicitation the estimate of the greatest number of proposals that will be included in the best value pool. The contracting officer may limit the best value pool to a single offeror. (38 U.S.C. 8153)

(c) If the contracting officer determines that an offeror's proposal is no longer in the best value pool, the proposal shall no longer be considered for award. Written notice of this decision must be provided to unsuccessful offerors at the earliest practicable time. (38 U.S.C. 8153)

873.115 Proposal revisions.

(a) Without regard to FAR 15.307, the contracting officer may request proposal revisions as often as needed during the proposal evaluation process at any time prior to award from vendors remaining in the best value pool. Proposal revisions shall be submitted in writing. The contracting officer may establish a common cutoff date for receipt of proposal revisions. Contracting officers may request best and final offers. In any case, contracting officers and acquisition team members must safeguard proposals, and revisions thereto, to avoid unfair dissemination of an offeror's proposal. (38 U.S.C. 8153)

(b) If an offeror initially included in the best value pool is no longer considered to be among those most likely to receive award after submission of proposal revisions and subsequent evaluation thereof, the offeror may be eliminated from the best value pool without being afforded an opportunity to submit further proposal revisions. (38 U.S.C. 8153)

(c) Requesting and/or receiving proposal revisions does not necessarily conclude exchanges. However, requests for proposal revisions should advise offerors that the Government may make award without obtaining further revisions. (38 U.S.C. 8153)

873.116 Source selection decision.

(a) An integrated comparative assessment of proposals should be performed before source selection is made. The contracting officer shall independently determine which proposal(s) represents the best value, consistent with the evaluation information or factors and subfactors in the solicitation, and that the prices are fair and reasonable. The contracting officer
may determine that all proposals should be rejected if it is in the best interest of the Government. (38 U.S.C. 8153)

(b) The source selection team, or advisory boards or panels, may conduct comparative analysis(es) of proposals and make award recommendations, if the contracting officer requests such assistance. (38 U.S.C. 8153)

(c) The source selection decision must be documented in accordance with FAR 15.308.

873.117 Award to successful offeror.

(a) The contracting officer shall award a contract to the successful offeror by furnishing the contract or other notice of the award to that offeror. (38 U.S.C. 8153)

(b) If a request for proposal (RFP) process was used for the solicitation and if award is to be made without exchanges, the contracting officer may award a contract without obtaining the offeror's signature a second time. The offeror's signature on the offer constitutes the offeror's agreement to be bound by the offer. If a request for quotation (RFQ) process was used for the solicitation, and if the contracting officer determines there is a need to establish a binding contract prior to commencement of work, the contracting officer should obtain the offeror's acceptance signature on the contract to ensure formation of a binding contract. (38 U.S.C. 8153)

(c) If the award document includes information that is different than the latest signed offer, both the offeror and the contracting officer must sign the contract award. (38 U.S.C. 8153)

(d) When an award is made to an offeror for less than all of the items that may be awarded and additional items are being withheld for subsequent award, each notice shall state that the Government may make subsequent awards on those additional items within the offer acceptance period. (38 U.S.C. 8153)

873.118 Debriefings.

Offerors excluded from a request for proposals (RFP) may submit a written request for a debriefing to the contracting officer. Without regard to FAR 15.505, preaward debriefings may be conducted by the contracting officer when determined to be in the best interest of the Government. Post-award debriefings shall be conducted in accordance with FAR 15.506. (38 U.S.C. 8153)
