To receive credit, an offeror must be registered and verified in the [Vendor Information Pages \(VIP\) database](#).

(c) Non-Veteran offerors proposing to use SDVOSBs or VOSBs as subcontractors will receive some consideration under this evaluation factor. Offerors must state in their proposals the names of the SDVOSBs and VOSBs with whom they intend to subcontract and provide a brief description of the proposed subcontracts and the approximate dollar values of the proposed subcontracts. In addition, the proposed subcontractors must be registered and verified in the [VIP database](#).

(d) Pursuant to 38 U.S.C. 8127(g), any business concern that is determined by VA to have willfully and intentionally misrepresented a company's SDVOSB/VOSB status is subject to debarment for a period of not less than five years. This includes the debarment of all principals in the business.

(End of clause)

852.215-71 Evaluation Factor Commitments.

As prescribed in [815.304-71\(b\)](#), insert the following clause:

EVALUATION FACTOR COMMITMENTS (OCT 2019)

(a) The offeror agrees, if awarded a contract, to use the service-disabled veteran-owned small businesses (SDVOSBs) or veteran-owned small businesses (VOSBs) proposed as subcontractors in accordance with [852.215-70](#), Service-Disabled Veteran-Owned and Veteran-Owned Small Business Evaluation Factors, or to substitute one or more SDVOSBs or VOSBs for subcontract work of the same or similar value.

(b) Pursuant to 38 USC 8127(g), any business concern that is determined by VA to have willfully and intentionally misrepresented a company's SDVOSB/VOSB

status is subject to debarment for a period of not less than five years. This includes the debarment of all principals in the business.

(End of clause)

852.215-72 Notice of Intent to Re-Solicit.

As prescribed at [815.370-5](#), use the following provision:

NOTICE OF INTENT TO RE-SOLICIT (OCT 2019)

This solicitation provides offerors fewer than 30 days to submit proposals. In the event that only one offer is received in response to this solicitation, the Contracting Officer may cancel the solicitation and re-solicit for an additional period of at least 30 days in accordance with [815.370-2](#).

(End of provision)

852.216-70 [Reserved]

852.216-71 Economic Price Adjustment of Contract Price(s) Based on a Price Index.

As prescribed in [816.203-4\(e\)\(1\)](#), insert the following clause:

ECONOMIC PRICE ADJUSTMENT OF CONTRACT PRICE(S) BASED ON A PRICE INDEX (MAR 2018)

(a) To the extent that contract cost increases are provided for by this economic price adjustment clause, the Contractor warrants that the prices in this contract for the base period and any option periods do not include any amount to protect against such contingent cost increases.

(b) The Base and Adjusting Indexes, for the purpose of price adjustment under this clause, shall be _____,¹ as contained in _____,² as

Notes:

¹ The contracting officer shall conduct market research to determine a suitable Consumer Price Index or other independent broad-based index to use for the solicitation. For example, for medical services, an appropriate index may be the Consumer Price Index that tracks medical services.

² Specify where the Index can be found, such as in a solicitation for laboratory services, the Contracting Officer might enter "Table 1, CPI-U: U.S. City Average, by expenditure category and commodity and service group, found at <http://www.bls.gov/news.release/cpi.t01.htm>".

Part 852—Solicitation Provisions and Contract Clauses

published by_____.³ All adjustments authorized under this clause shall be made by using the Base Index and Adjusting Indexes, which are published _____.⁴

(1) The Base Index, for the purposes of price adjustment under this clause, shall be the most recent Index published prior to the date for receipt of offers, or the due date for receipt of best and final offers if discussions were held whichever is later. The Base Index shall remain constant for the entire term of the contract, including all option periods.

(2) The Adjusting Index shall be the most recent Index published prior to the date of contract adjustment, as specified in paragraph (d) of this clause.

(c) The percentage difference between the Base Index and the Adjusting Index, rounded to the nearest .01 percent (e.g., 4.57%), will be used in calculating all adjustments to the following line items: _____.⁵ The prices for these line items will be multiplied by the percentage increase or decrease and the resulting amount will be added to or deducted from the original line item price for that contract period (e.g., Base Year) to arrive at the new contract price for those line items from the effective date of the adjustment to the beginning of the next contract adjustment period, rounded to the same number of decimal points as the prices originally bid. Calculations for option year contract terms will be based on the prices in the schedule for those option years.

(d) The dates of contract adjustment shall be _____⁶ and the starting dates of each option year, if not already included in these dates. The Contracting Officer shall retain a copy of the Base Index in the contract file and, on each date of adjustment specified in this paragraph (d), shall obtain a copy of the Adjusting Index. The Contracting Officer shall calculate the adjustment due and shall, within 5 business days, issue a modification to the contract adjusting

³ Provide the information on who publishes the applicable Index used e.g., in the example for laboratory services, "the U.S. Department of Labor".

⁴ State how often the Index is published, such as "monthly, around the middle of the month". Note that some Consumer Price Indexes are not published monthly. Ensure that the correct information is provided for the specific Index used.

⁵ Enter the line items that will be subject to adjustment or revise this paragraph to otherwise state what prices are subject to adjustment under this clause.

⁶ Establish time periods for when the Contracting Officer will process adjustments. This could be "the first day of every quarter, January, April, July, and October" or "Annually on October 1st". or some other similar time periods. Since the Contracting Officer is responsible for initiating the change, the Contracting Officer must establish a reminder mechanism to ensure that the adjustments are accomplished within the time period specified.

Part 852—Solicitation Provisions and Contract Clauses

the unit or contract prices, as specified in paragraph (c). The adjusted unit or contract prices shall be effective for all orders placed or services provided after the date of contract adjustment as specified in this paragraph (d) until the beginning of the next contract adjustment period. If the Contracting Officer fails to act, the Contractor shall request in writing a contract adjustment and any subsequent adjustment shall be retroactive to the applicable date of contract adjustment specified in this paragraph (d). The Contractor's entitlement to price increases for a prior contract period (base year or option year) is waived unless the Contractor's written request for an adjustment under this clause is received by the Contracting Officer no later than 30 days following the end of the base year for changes applicable to the base year, or 30 days following the end of each option year for changes applicable to that option year. The Government's right to contract decreases for prior contract periods (base year or option year) is waived unless the Contracting Officer processes a contract modification no later than 30 days following the end of the base year for changes applicable to the base year, or 30 days following the end of each option year for changes applicable to that option year.

(e) An example of an adjustment calculation is provided herein for informational purposes only.

(1) The original contract price or line item prices for that contract term (e.g., base year) shall be used for all calculations during that particular contract term and new calculations shall be made for each and every contract adjustment period specified in paragraph (d) during that contract term.

(2) For purposes of this example, the contract prices for the line items as specified in paragraph (c) will be adjusted by the percentage calculated as follows:

Adjusting Index for the current period	196.6
Minus the Base Index	-188.0
Equals the Index Point Change	8.6
Index Point Change Divided by the Base Index	$8.6 / 188.0 = .0457^*$
Result Multiplied by 100 Equals the Percentage Change (The Index Point Change Percentage)	4.57%

*This figure shall be rounded to the fourth decimal place. When the fifth decimal is 1 to 4, the figure shall be rounded down, 5 to 9, rounded up.

Part 852—Solicitation Provisions and Contract Clauses

(3) For a line item with an original bid price of \$25.00 and a 4.57 percent Index Point Change increase as of the first contract adjustment period, as shown above, the calculations for a new contract price for the first contract adjustment period would be as follows: $\$25.00 \times .0457 = \1.14 , $\$25 + \$1.14 = \$26.14^{**}$. The new contract price for this line item from the beginning of that first contract adjustment period until the start of the next contract adjustment period would be \$26.14 and the contracting officer would issue a contract modification reflecting this price change.

******The unit price adjustment shall be rounded up or down, as in paragraph (e)(1) above, to match the number of decimal places in the original bid.

(4) If the Adjusting Index went down for the second adjustment period, reflecting only a 3 percent Index Point Change increase over the Base Index, the new price for this sample line item would be reduced for the second contract adjustment period from \$26.14 to \$25.75 as follows: $\$25 \times .03 = \0.75 , $\$25 + \$0.75 = \$25.75$. Note that the calculations for the second contract adjustment period are based on the original contract price for that contract term of \$25.00. The contract price for this line item is modified to reflect this new price for the second contract adjustment period.

(5) At the start of the first option year and each subsequent option year period (as well as for each contract adjustment period specified in paragraph (d) during that option year, if different), the Contracting Officer shall recalculate the contract or unit prices for that first option year based on any changes between the Adjusting Index and the Base Index, from the original contract award date to the start of the first option period, and based on the Contractor's new option year prices. Assume the Contractor's bid price for the first option year for the above sample line item was \$25.50 and the calculations shown in paragraph (e)(1) of this clause at the start of the first option period reflected a 6 percent Index Point Change. The new contract price for this sample line item at the start of the first option period would be calculated as follows: $\$25.50 \times .06 = \1.53 , $\$25.50 + \$1.53 = \$27.03$. The Contracting Officer would process a contract modification reflecting a revised contract price of \$27.03 for the first contract adjustment period in the first option year.

(f) Price adjustments pursuant to this clause, shall be documented by a contract modification issued by the Contracting Officer, show the Base Index (see paragraph (b)(1)), the Adjusting Index, the adjusted contract prices (see paragraph (c)), the mathematical calculations used to arrive at the adjusted contract prices, and the effective date of the adjustment (see paragraph (d)).

(g) At the start of each option year, the Contracting Officer shall, within 5 days of the start of the option year period, process a contract modification adjusting the option year prices by the then current Index Point Change percentage, if any,

Part 852—Solicitation Provisions and Contract Clauses

reflecting the new adjusted prices for that first contract adjustment period in that option year.

(h) In the event that _____⁷ discontinues, or alters substantially, its method of calculating the Index cited herein, the parties shall mutually agree upon an appropriate substitute for determining the price adjustment described herein. If the Contracting Officer determines that the Index consistently and substantially fails to reflect market conditions, the Contracting Officer may modify the contract to specify the use of an appropriate substitute index, effective on the date the Index specified herein begins to consistently and substantially fail to reflect market conditions.

(i) Any dispute arising under this clause shall be resolved subject to the "Disputes" clause of the contract.

(End of clause)

Notes:

⁷ Enter in the name of the entity whose index is used in the clause. In most cases when using this clause format, the index used would be a CPI-U Index and the Contracting Officer would enter "the U.S. Department of Labor".

852.216-72 Proportional Economic Price Adjustment of Contract Price(s) Based on a Price Index.

As prescribed in [816.203-4\(e\)\(2\)](#), insert the following clause:

**PROPORTIONAL ECONOMIC PRICE ADJUSTMENT OF CONTRACT PRICE(S)
BASED ON A PRICE INDEX (MAR 2018)**

(a) To the extent that contract cost increases are provided for by this economic price adjustment clause, the Contractor warrants that the prices in this contract for any option periods do not include any amount to protect against such contingent cost increases.

(b) The cost index, for the purpose of price adjustment under this clause, shall be _____⁸ as contained in _____⁹ as published by _____¹⁰. All adjustments authorized under this clause shall be made by using the Base Index and Adjusting Indexes, which are published _____¹¹.

(1) The Base Index, for the purposes of price adjustment under this clause, shall be the most recent Index published prior to the closing date for receipt of offers, or the due date for receipt of best and final offers if discussions are held. This Base Index shall remain constant throughout the life of the contract, including all options.

(2) The Adjusting Index shall be the most recent Index published prior to the date of contract adjustment, as specified in paragraph (f)

Notes:

⁸ The Contracting Officer shall conduct market research to determine a suitable cost index for use in the solicitation. The index used is directly related to the type of commodity or service most likely to impact the Contractor and must approximately track the economic changes affecting the Contractor's costs. For transportation services, an appropriate index might be one that tracks the price of gasoline or diesel fuel. For example, in a solicitation for ambulance services, the Contracting Officer might enter into this block "the "Weekly U.S. Retail Gasoline Prices, Regular Grade" Index for New England" (or California or whichever index is the most appropriate).

⁹ Specify where the index can be found, such as in an example for gasoline, "the Energy Information Administration Web site (see [VAAM M816.203-70](#)).

¹⁰ Provide the information on who publishes the index, such as, in an example for gasoline, "the U.S. Department of Energy."

¹¹ State how often the index used is published, such as, in an example for an index for gasoline, "weekly each Monday at 5:00 p.m. (Eastern time)," or "Tuesday if Monday is a holiday."

Part 852—Solicitation Provisions and Contract Clauses

(c) For purposes of this clause, it will be conclusively presumed that _____¹³ percent (%)¹² of the price of _____¹³ represents the Base Cost of _____¹⁴ and the resulting Base Cost will be the basis upon which adjustment will be made under this clause. This Base Cost will be used in calculating all adjustments to the following line items: _____.¹⁵ A new Base Cost will be calculated for each option year period based on the new option year prices.

(d) The percentage of the price of the indexed commodity (see paragraph (c)) remains fixed throughout the life of the contract and is not subject to modification under this clause. Any pricing actions pursuant to the "Changes" clause or other clause or provision of the contract, except for this clause, will be priced as though there were no provisions for economic price adjustment.

(e) All price adjustments shall be applicable only to the specific contract adjustment period to which the calculations are made. For every contract adjustment period, new calculations shall be made and new prices determined. Every adjustment during the Base Year shall be based on the original contract prices for that contract year and every adjustment during an option year shall be based on the original contract prices for that option year. The Contracting Officer must make new calculations for each and every contract adjustment period specified in paragraph (f) and at the beginning of each new option year, if different.

(f) The dates of contract adjustment shall be _____¹⁶ and the starting dates of each option year, if not already included in these dates. The Contracting

Notes:

¹² Prior to issuing the solicitation, the Contracting Officer must conduct market research to determine an appropriate percentage to include in this paragraph. The percentage should reflect that portion of the unit price for the services or supplies being acquired that is applicable to the indexed commodity. For instance, in the case of an ambulance contract, research might indicate that, at the time the solicitation is being drafted and based on prior per-mile bid prices, the cost of gasoline accounts for 10% of the per mile cost of operating an ambulance. For example, if the prior bid price had been \$1.60 per mile, ambulances average 10 miles per gallon, and the cost of gasoline had been \$1.559 per gallon, 1 mile's worth of gasoline (\$.16) would be approximately ten (10) percent of the prior per mile bid price of \$1.60 per mile. This percent must be stated in the solicitation so that the same figure applies to all bidders. This figure remains constant throughout the life of the contract.

¹³ Enter in this block the portion of the contract that will be subject to price adjustment, e.g., "each one-way mile of ambulance services," or the line items that will be subject to price adjustment.

¹⁴ Enter in this block the commodity applicable to the index being used, as in an example for an ambulance contract, "regular grade gasoline".

¹⁵ Enter the line items that will be subject to adjustment, as in an example for an ambulance contract, the line items that reflect the one-way cost per mile for ambulance services for the base year and for each option year.

¹⁶ Establish time periods for when the Contracting Officer will process adjustments. This could be "the January 2008 Edition

Part 852—Solicitation Provisions and Contract Clauses

Officer shall retain a copy of the Base Index in the contract file and, on each date of adjustment specified herein, obtain a copy of the Adjusting Index. The Contracting Officer shall calculate the adjustment due and shall, within 5 business days, issue a modification to the contract adjusting the contract or unit price(s). The adjusted contract or unit price(s) shall be effective for all orders placed or services provided after the date of contract adjustment, as specified in this paragraph (f), until the date of the next contract adjustment. If the Contracting Officer fails to act, the Contractor shall request a contract adjustment in writing and any subsequent adjustment shall be retroactive to the applicable date of contract adjustment. The Contractor's entitlement to price increases for a prior contract period (base year or option year) shall be waived unless the Contractor's written request for an adjustment under this clause is received by the Contracting Officer no later than 30 days following the end of the base year for changes applicable to the base year, or 30 days following the end of each option year for changes applicable to that option year. The Government's right to contract decreases for prior contract periods (base year or option year) shall be waived unless the Contracting Officer processes a contract modification no later than 30 days following the end of the base year for changes applicable to the base year, or 30 days following the end of each option year for changes applicable to that option year.

(g) An example of an adjustment calculation is provided herein for informational purposes only.

(1) For purposes of this example, assume that a contract is for ambulance services, that the contract price is \$2.10 per mile one way, that price adjustments will be made on the basis of the cost of gasoline, that the cost of gasoline represents 10% of the total cost per mile (the Base Cost is 10% of \$2.10 (the per mile one way price in Line Item X), or \$0.21), and that contract adjustments will be made quarterly. If the Base Index (the price of gasoline the week prior to receipt of bids) is \$1.559 per gallon and the price of gasoline at the first date of contract adjustment is \$2.129 per gallon, the calculations for contract price adjustment would be as follows:

Adjusting Index (most recent Index cost of gasoline as of the date of the first adjustment period)	\$2.129 per gallon
Minus the Base Index (Index cost of gasoline as of the date of receipt of offers)	-\$1.559 per gallon

first day of each month" or "the first day of every quarter, January, April, July, and October" or "annually on October 1st" or some other similar time periods. Since the Contracting Officer is responsible for initiating the change, the Contracting Officer must establish a reminder mechanism to ensure that the adjustments are accomplished on time.

Equals increase (or decrease) to the Base Index	\$0.570
--	---------

Divide increase (or decrease) to the Base Index by the Base Index	$\$0.570 \div \$1.559 = .3656^*$ (36.56% increase)
--	---

Base Cost of \$0.21 (10% of \$2.10) multiplied by .3656 = \$0.0768 unit price increase.

New Unit price following the adjustment is \$2.10 plus \$0.0768 = \$2.1768 per mile (rounded to \$2.18)**

*This figure shall be rounded to the fourth decimal place. When the fifth decimal is 1 to 4, the figure shall be rounded down, 5 to 9, rounded up.

**The unit price adjustment shall be rounded up or down, as above, to match the number of decimal places in the original bid.

(2) For the second contract adjustment period, all calculations would be based on the original contract bid price for that contract year, \$2.10 per mile in this example. If the price of gasoline goes down during the second adjustment period to the original Base Index price of \$1.559 per gallon, the adjusted contract price for that second period would return to \$2.10 per mile (there would be a zero percent increase or decrease to the Base Cost and thus no change to the original bid price for that contract adjustment period). The Contracting Officer would then issue a contract modification returning the contract price from \$2.18 to \$2.10 per mile for that contract adjustment period. If, on the other hand, the price of gasoline actually went below the Base Index price, say to \$1.449 per gallon, the calculations for the second economic price adjustment period would be as follows:

Adjusting Index (most recent Index cost of gasoline as of the date of the second adjustment period)	\$1.449 per gallon
Minus the Base Index (Index cost of gasoline as of the date of receipt of offers)	-\$1.559 per gallon
Equals increase (or decrease) to Base Index	(\$0.110) (a negative \$.11)

Part 852—Solicitation Provisions and Contract Clauses

Divide increase (or decrease) to the Base Index by the Base Index	$(\$0.11) + \$1.559 = (.0706)$ (7.06% decrease)
--	--

Base Cost of \$0.21 (10% of \$2.10) multiplied by (.0706) = (\$0.0148) unit price decrease.

New Unit price following the second economic price adjustment is \$2.10 minus \$0.0148 = \$2.0852 per mile (rounded to \$2.09).

(3) At the start of the first option year, the Contracting Officer shall recalculate the price per mile based on any changes in the price of gasoline from the original contract award date and based on the Contractor's new first option year price per mile. Assuming the Contractor's bid price per mile for the first option year was \$2.25 per mile, the new Base Cost for gasoline would be 10% of \$2.25, or \$0.225 (note that the original percent figure from paragraph (c) (10% in this sample) stays constant throughout the life of the contract), but the Base Cost would change if the option year contract price changes. If the Adjusting Index for gasoline at the start of the first option year was now up to \$1.899 per gallon, the new first option year price for the first contract adjustment period would be calculated as follows:

Adjusting Index (most recent Index cost of gasoline as of the first day of the first option period)	\$1.899 per gallon
---	--------------------

Minus the Base Index (Index cost of gasoline as of the date of receipt of offers)	\$1.559 per gallon
---	--------------------

Equals increase (or decrease) to the Base Index	\$0.340
---	---------

Divide the increase (or decrease) to the Base Index by the Base Index	$\$0.34 + \$1.559 = .2181$ (21.81% increase)
---	---

Base Cost of \$0.225 (10%* of \$2.25) multiplied by .2181 = \$0.0491 unit price increase.

New Unit price for the first contract adjustment period in the first option year is \$2.25 plus \$0.0491 = \$2.2991 per mile (rounded to \$2.30 per mile).

*Note that the percentage remains constant (10%) but that the Base Cost has been increased for the first contract adjustment period in the first option year, since the Base Cost is a percentage of the first option year unit cost per mile (in this sample),

Part 852—Solicitation Provisions and Contract Clauses

and the unit cost per mile has increased in this sample for the first option year from \$2.10 to \$2.25.

Although the new unit price for the first contract adjustment period of the first option year following application of the economic price adjustment in this sample would be \$2.30 per mile, all economic price adjustment calculations made during that first option year would be based on the original first option year bid price (\$2.25 in this sample). If in the second contract adjustment period of the first option year, the calculations resulted in a unit price increase for gasoline of \$0.0332, the adjusted price for that period would be $\$2.25 + \$0.0332 = \$2.2832$, rounded to \$2.28 per mile.

(h) Price adjustments pursuant to this clause, which shall be made by contract modification issued by the Contracting Officer, shall show the Base Index (see paragraph (b)(1)), the Adjusting Index, the Base Cost (see paragraph (c)), the mathematical calculations used to arrive at the adjusted contract unit price, and the effective date of the adjustment.

(i) In the event that _____¹⁷ discontinues, or alters substantially, its method of calculating the Index cited herein, the parties shall mutually agree upon an appropriate substitute for determining the price adjustment described herein. If the Contracting Officer determines that the Index consistently and substantially fails to reflect market conditions, the Contracting Officer may modify the contract to specify use of an appropriate substitute index, effective on the date the Index specified herein begins to consistently and substantially fail to reflect market conditions.

(j) Any dispute arising under this clause shall subject to the "Disputes" clause of the contract.

(End of clause)

Notes:

¹⁷ Enter in the name of the entity whose index is used in the clause. In the example for ambulance services using the "Weekly U.S. Retail Gasoline Prices, Regular Grade" index; the Contracting Officer would enter the "Energy Information Administration, Department of Energy".

852.216-73 Economic Price Adjustment—State Nursing Home Care for Veterans.

As prescribed in [816.203-4\(e\)\(3\)](#), insert the following clause:

**ECONOMIC PRICE ADJUSTMENT—STATE NURSING HOME CARE
FOR VETERANS (MAR 2018)**

This clause does not apply to rates for non-Medicaid nursing homes.

(a) *Rate Determination.* The per diem rate is established by the current Medicaid rate for Medicaid approved nursing home care plus a fair market amount (percentage) to cover the costs of supplies, services, and equipment above that provided under Medicaid established by the local State Medicaid Agency (SMA). Rates established after the effective date of this contract will require a modification to the contract by the Contracting Officer.

(1) The Medicaid rate covers room, board, and routine nursing care services.

(2) For all levels of nursing care a percentage is added for routine ancillary services/supplies, such as drugs, nursing supplies, oxygen (occasional use), x-ray, laboratory, physician visits, and rental equipment.

(3) Special equipment, e.g. Clinitron bed, is not considered routine ancillary services (and may not be provided by the VA).

(4) Drug costs which comprise more than eight and one-half percent (8.5%) of the per diem rate are generally not considered routine ancillary supplies (and may not be provided by the VA).

(5) Rehabilitation therapies will be provided as distinct levels of care, *i.e.*, skilled, intermediate, and custodial care. Hospice Care and Dialysis are not included in the rate. Payment for Hospices and Dialysis services is provided by the VA or other payers as determined by the Veteran with the VA's Approval.

(b) *Economic Price Adjustment.* This clause does not apply to ancillary services that may be added or deleted from the agreement.

(1) The per diem rate(s) will apply throughout the term of this contract, including extension period(s). The rate(s) may be adjusted only to reflect a change in a Medicaid rate as authorized by the SMA. Normally, this will be on an annual basis. The negotiated percentage above the Medicaid rate, to cover the all-inclusive nature of the contract, will not be renegotiated; but will be applied and added to the new Medicaid rate for the adjusted per diem rate for each level of care item. In this regard, new rates will be negotiated requiring a modification to the contract. Each per diem price adjustment under this clause is subject to the following limitations:

(2) Any adjustment shall be limited to the effect of increases or decreases in the approved SMA's patient care components within the affected Medicaid groups.

(3) Adjustments will occur no more frequently than those issued by the SMA.

(4) No adjustments are made until the Contracting Officer receives from the SMA an authenticated copy of the new rates signed and dated at the top right of the document by the authorized nursing home official. Within ten days after this occurs, the Contracting Officer will execute an approval signature and date at the approximate locations of the nursing home official's signature, the action of which will serve as the effective date of the adjusted rate. A copy of the fully executed document will be sent to the nursing home official for record keeping purposes.

(End of clause)

852.216-74 Economic Price Adjustment—Medicaid Labor Rates.

As prescribed in [816.203-4\(e\)\(4\)](#), insert the following clause:

ECONOMIC PRICE ADJUSTMENT—MEDICAID LABOR RATES (MAR 2018)

This clause does not apply to rates for non-Medicaid nursing homes.

(a) The Contractor shall notify the Contracting Officer if, at any time during contract performance, the Medicaid rate set by the State Medical Agency (SMA) for contract line item increases or decreases in the Schedule. The Contractor shall furnish this notice within 60 days after the increase or decrease, or within any additional period that the Contracting Officer may approve in writing, but not later than the date of final payment under this contract. The notice shall include the Contractor's proposal for an adjustment in the contract unit prices to be negotiated under paragraph (b) of this clause, and shall include, in the form required by the Contracting Officer, supporting data explaining the cause, effective date, and the amount of the increase or decrease and the amount of the Contractor's adjustment proposal.

(b) The Contracting Officer and the Contractor shall negotiate a price adjustment to the contract's unit prices and its effective date upon receipt of the notice and data under paragraph (a) of this clause. However, the Contracting Officer may postpone the negotiations until an accumulation of increases and decreases of the Medicaid labor rates (including fringe benefits) shown in the Schedule results in an adjustment allowable under paragraph (c)(3) of this clause. The Contracting Officer shall modify this contract as follows:

(1) Include the price adjustment and its effective date;

(2) Revise the Medicaid labor rates (including fringe benefits) as shown in the Schedule to reflect the increases or decreases resulting from the SMA adjustment. The Contractor shall continue performance pending agreement on, or determination of, any adjustment and its effective date.

(c) Any price adjustment under this clause is subject to the following limitations:

(1) Adjustment shall be limited to the effect on unit prices of the increases or decreases of the Medicaid rates of pay for labor (including fringe benefits) shown in the Schedule. There shall be no adjustment for changes in rates or unit prices other than those shown in the Schedule.

(2) No upward adjustment shall apply to supplies or services that are required to be delivered or performed before the effective date of the adjustment, unless the Contractor's failure to deliver or perform according to the delivery schedule results from causes beyond the Contractor's control and without its fault or negligence, within the meaning of the Default clause.

(3) There shall be no adjustment for any change in rates of pay for labor (including fringe benefits) or unit prices for material which would not result in a net change of at least three percent of the then-current total contract price. This limitation shall not apply, however, if, after final delivery of all contract line items, either party requests an adjustment under paragraph (b) of this clause.

(4) The aggregate of the increases in any contract unit price made under this clause shall not exceed 10 percent of the original unit price. There is no percentage limitation on the amount of decreases made under this clause.

(d) The Contracting Officer, precluding certified cost and pricing data may examine the Contractor's books, records, and other supporting data relevant to the cost of labor (including fringe benefits) and material during all reasonable times until the end of 3 years after the date of final payment under this contract or the time periods specified in [Subpart 4.7](#) of the [Federal Acquisition Regulation \(FAR\)](#), whichever is earlier.

(End of clause)

852.216-75 Economic Price Adjustment Clause—Fuel Surcharge.

As prescribed in [816.203-4\(e\)\(5\)](#), insert the following clause:

ECONOMIC PRICE ADJUSTMENT CLAUSE—FUEL SURCHARGE (NOV 2021)

(a) To the extent that contract fuel cost increases are provided for by this economic price adjustment clause, the Contractor warrants that the prices in this

Part 852—Solicitation Provisions and Contract Clauses

contract for any option periods do not include any amount to protect against such contingent fuel cost increases.

(b) The fuel cost index, for the purpose of price adjustment under this clause, shall be the "Weekly Retail On-Highway Diesel Prices Index." The Base Fuel Cost, for the purpose of price adjustments under this clause, shall be the most recent Index Weekly Average Diesel Fuel Price per gallon published prior to the closing date for receipt of offers, or the due date for receipt of final proposal revisions if discussions are held.

(c) For purposes of this clause, it will be conclusively presumed that x% increase or decrease of the Base Fuel Cost represents a reasonable fluctuation of diesel fuel prices. The Base Fuel Cost (+ / -) x% price range will be determined for the base contract year and will remain constant throughout the life of the contract, including option years. Base Fuel Cost price range is documented at time of contract award.

(d) Increases (or decreases) in the diesel fuel costs (Base Fuel Cost x%) as listed on the Index two weeks prior to the end of each calendar quarter can trigger a request from the Contractor to the Government (or from the Government to the Contractor) for cost adjustments. Notice must be in writing to the Subsistence Prime Vendor (SPV) Contracting Officer (or Contracting Officer's Representative) no less than ten days prior to the beginning of the next quarter.

(e) Since fuel cost is only a part of the SPV Contracted distribution cost, the adjustment will be made as a penny per delivered case for every ten cent fuel price per gallon increase or decrease to the Base Fuel Cost x%. The difference is rounded down to the nearest whole cent and will be added to last line of each invoice noted as "Fuel Adjustment".

Example calculation of fuel price change:	Price \$2.50 Base (+ or -) 15% Average National Diesel Fuel \$2.88 - \$2.13
3rd QTR (3rd week June) first year	\$3.05 - 2.88 = \$.17 (rounded down to 10 cents) Add one cent per delivered case to each invoice,
Fuel Price \$3.05 Calculation:	starting first Monday of July.
3rd QTR Diesel Fuel Price decrease	\$2.13 - 1.80 = \$.33 (rounded down to \$.30 cents) Credit each invoice
\$1.80 Calculation:	\$.03 cents per delivered case.

(f) Once approved, the date for contract fuel price adjustment will be the first Monday of the first month of each quarter unless otherwise designated at time of contract award.

(g) The Contracting Officer shall retain a copy of the Base Fuel Index establishing the Base Fuel Cost and the calculation of the price range incorporating the (+/-) x% adjustment in the contract file. All subsequent changes will be documented within the contract file and communicated to the Contractor and VA SPV customers via email one week prior to the fuel price adjustment implementation.

(h) Any adjustments for fuel price changes will only be implemented if requested in writing, reviewed by both parties, and provided within the designated time frames. No retroactive cost adjustments will be made. A contract modification will be issued at inception of first increase or decrease detailing Base Fuel Cost, price range, and calculation of first fuel adjustment charge. Adjustment will remain in effect with quarterly calculation changes as needed until price falls within Base Fuel Cost price range. A contract modification will be issued to terminate the adjustment when price returns to Base Fuel Cost (+/-) % price range.

(i) In the event that "the Energy Information Administration, Department of Energy" discontinues, or substantially alters its method of calculating the national average diesel fuel prices cited herein, the parties shall mutually agree upon an appropriate substitute for determining the price adjustment described herein. If the Contracting Officer determines the Index consistently and substantially fails to reflect market conditions, the Contracting Officer may modify the contract to specify use of an appropriate substitute Index, effective on the date the Index specified herein begins to consistently and substantially fail to reflect market conditions.

(j) Any dispute arising under this clause shall be determined in accordance with and subject to the "Disputes" clause of the contract.

Part 852—Solicitation Provisions and Contract Clauses

(iii) The business meets Federal small business size standards for the applicable North American Industry Classification System (NAICS) code identified in the solicitation document;

(iv) The business has been verified for ownership and control pursuant to 38 CFR part 74 and is listed in [VA's Vendor Information Pages \(VIP\) database](#); and

(v) The business will comply with [VAAR subpart 819.70](#) and Small Business Administration (SBA) regulations regarding small business size and government contracting programs at 13 CFR part 121 and 125, provided that any reference therein to a service-disabled veteran-owned small business concern (SDVO SBC), is to be construed to apply to a VA verified and VIP-listed SDVOSB unless otherwise stated in this clause.

(2) "Service-disabled Veteran" means a Veteran, as defined in 38 U.S.C. 101(2), with a disability that is service-connected, as defined in 38 U.S.C. 101(16).

(3) The term "small business concern" has the meaning given that term under section 3 of the Small Business Act (15 U.S.C. 632).

(4) The term "small business concern owned and controlled by Veterans with service-connected disabilities" has the meaning given the term "small business concern owned and controlled by service-disabled Veterans" under section 3(q)(2) of the Small Business Act (15 U.S.C. 632(q)(2)), except that for a VA contract the firm must be listed in the VIP database (see paragraph (a)(1)(iv) above).

(b) *General.*

(1) Offers are solicited only from VIP-listed SDVOSBs. Offers received from entities that are not VIP-listed SDVOSBs at the time of offer shall not be considered.

(2) Any award resulting from this solicitation shall be made to a VIP-listed SDVOSB who is eligible at the time of submission of offer(s) and at the time of award.

(3) The requirements in this clause apply to any contract, order or subcontract where the firm receives a benefit or preference from its designation as an SDVOSB, including set-asides, sole source awards, and evaluation preferences.

(c) *Representation.* Pursuant to 38 U.S.C. 8127(e), only VIP-listed SDVOSBs are considered eligible to receive award of a resulting contract. By submitting an offer, the prospective contractor represents that it is an eligible SDVOSB as defined

in this clause, 38 CFR part 74, and [VAAR subpart 819.70](#).

(d) *Agreement*. When awarded a contract action, including orders under multiple- award contracts, an SDVOSB agrees that in the performance of the contract, the SDVOSB shall comply with requirements in [VAAR subpart 819.70](#) and SBA regulations on small business size and government contracting programs at 13 CFR part 121 and part 125, including the non-manufacturer rule and limitations on subcontracting requirements in 13 CFR 121.406(b) and 125.6. Unless otherwise stated in this clause, a requirement in 13 CFR part 121 and 125 that applies to an SDVO SBC, is to be construed to also apply to a VIP-listed SDVOSB. For the purpose of limitations on subcontracting, only VIP-listed SDVOSBs (including independent contractors) shall be considered eligible and/or “similarly situated” (*i.e.*, a firm that has the same small business program status as the prime contractor). An otherwise eligible firm further agrees to the following:

(1) *Services*. In the case of a contract for services (except construction), it will not pay more than 50% of the amount paid by the government to it to firms that are not VIP- listed SDVOSBs.

(2) *Supplies or products*.

(i) In the case of a contract for supplies or products (other than from a non- manufacturer of such supplies), it will not pay more than 50% of the amount paid by the government to it to firms that are not VIP-listed SDVOSBs.

(ii) In the case of a contract for supplies from a non-manufacturer, it will supply the product of a domestic small business manufacturer or processor, unless a waiver as described in 13 CFR 121.406(b)(5) has been granted.

(3) *General construction*. In the case of a contract for general construction, it will not pay more than 85% of the amount paid by the government to it to firms that are not VIP-listed SDVOSBs.

(4) *Special trade construction contractors*. In the case of a contract for special trade contractors, no more than 75% of the amount paid by the government to the prime may be paid to firms that are not VIP-listed SDVOSBs.

(5) *Subcontracting*. An SDVOSB must meet the NAICS size standard assigned by the prime contractor and be listed in VIP to count as similarly situated. Any work that a first tier VIP-listed SDVOSB subcontractor further subcontracts will count towards the percent of subcontract amount that cannot be exceeded. For contracts referenced in (d)(2), (3), and (4) the cost of materials is excluded and are not considered to be subcontracted. When a contract includes both services and supplies, the 50 percent limitation shall apply only to the service portion of the contract. Other direct costs may be excluded to the extent they are not the principal

purpose of the acquisition and small businesses do not provide them. For additional information and more specific requirements on the limitations on subcontracting, refer to 13 CFR 125.6.

(e) *Required limitations on subcontracting compliance measurement period.* An SDVOSB shall comply with the limitations on subcontracting as follows:

[Contracting Officer check as appropriate.]

_____ By the end of the base term of the contract or order, and then by the end of each subsequent option period; or

_____ By the end of the performance period for each order issued under the contract.

(f) *Joint ventures.* A joint venture may be considered eligible as an SDVOSB if the joint venture is listed in VIP and complies with the requirements in 13 CFR 125.18(b), provided that any requirement therein that applies to an SDVO SBC is to be construed to apply to a VIP-listed SDVOSB. A joint venture agrees that, in the performance of the contract, the applicable percentage specified in paragraph (d) of this clause will be performed by the aggregate of the joint venture participants.

(g) *Precedence.* Any inconsistencies between the requirements of the SBA Program for SDVO SBCs, and the VA Veterans First Contracting Program, as defined in [VAAR subpart 819.70](#) and this clause, the VA Veterans First Contracting Program takes precedence.

(h) *Misrepresentation.* Pursuant to 38 USC 8127(g), any business concern, including all its principals, that is determined by VA to have willfully and intentionally misrepresented a company's SDVOSB status is subject to debarment from contracting with the Department for a period of not less than five years (see [VAAR 809.406](#), Debarment).

(3) Any level of retention shall not exceed 10 percent either where there is determined to be unsatisfactory performance, or when the retainage is to ensure satisfactory completion. Retained amounts shall be paid promptly upon completion of all contract requirements, but nothing contained in this paragraph (a)(3) shall be construed as limiting the Contracting Officer's right to withhold funds under other provisions of the contract or in accordance with the general law and regulations regarding the administration of Government contracts.

(b) The Contractor shall submit a schedule of cost to the Contracting Officer for approval within 30 calendar days after date of receipt of notice to proceed. Such schedule will be signed and submitted in triplicate. The approved cost schedule will

Part 852—Solicitation Provisions and Contract Clauses

be one of the bases for determining progress payments to the Contractor for work completed. This schedule shall show cost by the work activity/event for each building or unit of the contract, as instructed by the resident engineer.

(1) The work activities/events shall be subdivided into as many sub-activities/events as are necessary to cover all component parts of the contract work.

(2) Costs as shown on this schedule must be true costs and the resident engineer may require the Contractor to submit the original estimate sheets or other information to substantiate the detailed makeup of the schedule.

(3) The sums of the sub-activities/events, as applied to each work activity/event, shall equal the total cost of such work activity/event. The total cost of all work activities/events shall equal the contract price.

(4) Insurance and similar items shall be prorated and included in the cost of each branch of the work.

(5) The cost schedule shall include separate cost information for the systems listed in the table in this paragraph (b)(5). The percentages listed in the following table are proportions of the cost listed in the Contractor's cost schedule and identify, for payment purposes, the value of the work to adjust, correct and test systems after the material has been installed. Payment of the listed percentages will be made only after the Contractor has demonstrated that each of the systems is substantially complete and operates as required by the contract.

(ii) The cost of the guarantee period service shall be prorated on an annual basis and paid in equal monthly payments by VA during the period of guarantee. In the event the installer does not perform satisfactorily during this period, all payments may be withheld and the Contracting Officer shall inform the Contractor of the unsatisfactory performance, allowing the Contractor 10 days to correct deficiencies and comply with the contract. The guarantee period service is subject to those provisions as set forth in the Payments and Default clauses.

(b) The Contractor shall submit, simultaneously with the schedule of costs required by the Payments under Fixed-Price Construction Contracts clause of the contract, a statement designating the portions of contract work to be performed with the Contractor's own forces. The approved schedule of costs will be used in determining the value of a work activity/event, or portions thereof, of the work for the purpose of this article.

(c) Changes to established activity/event identifiers or responsibility codes for

852.236-80 Subcontracts and Work Coordination.

As prescribed in [836.574](#), insert the following clause:

SUBCONTRACTS AND WORK COORDINATION (APR 2019)

(a) Nothing contained in this contract shall be construed as creating any contractual relationship between any subcontractor and the Government. Divisions or sections of specifications are not intended to control the Contractor in dividing work among subcontractors, or to limit work performed by any trade.

(b) The Contractor shall be responsible to the Government for acts and omissions of his/her own employees, and of the subcontractors and their employees. The Contractor shall also be responsible for coordination of the work of the trades, subcontractors, and material suppliers.

(c) The Government or its representatives will not undertake to settle any differences between the Contractor and subcontractors or between subcontractors.

(b) The Contractor shall be responsible to the Government for acts and omissions of his/her own employees, and subcontractors and their employees. The Contractor shall also be responsible for coordination of the work of the trades, subcontractors, and material suppliers. The Contractor shall, in advance of the work, prepare coordination drawings showing the location of openings through slabs, the pipe sleeves and hanger inserts, as well as the location and elevation of utility lines, including, but not limited to, conveyor systems, pneumatic tubes, ducts, and conduits and pipes two inches and larger in diameter. These drawings, including plans, elevations, and sections as appropriate, shall clearly show the manner in which the utilities fit into the available space and relate to each other and to existing building

elements. Drawings shall be of appropriate scale to satisfy the previously stated purposes, but not smaller than 3/8-inch scale. Drawings may be composite (with distinctive colors for the various trades) or may be separate but fully coordinated drawings (such as sepias or photographic paper reproducibles) of the same scale. Separate drawings shall depict identical building areas or sections and shall be capable of being overlaid in any combination. The submitted drawings for a given area of the project shall show the work of all trades that will be involved in that particular area. Six complete composite drawings or six complete sets of separate reproducible drawings shall be received by the Government not less than 20 days prior to the scheduled start of the work in the area illustrated by the drawings, for the purpose of showing the Contractor's planned methods of installation. The objectives of such drawings are to promote carefully planned work sequence and proper trade coordination, in order to assure the expeditious solutions of problems and the installation of lines and equipment as contemplated by the contract documents while avoiding or minimizing additional costs to the Contractor and to the Government. In the event the Contractor, in coordinating the various installations and in planning the method of installation, finds a conflict in location or elevation of any of the utilities with themselves, with structural items or with other construction items, he/she shall bring this conflict to the attention of the Contracting Officer immediately. In doing so, the Contractor shall explain the proposed method of solving the problem or shall request instructions as to how to proceed if adjustments beyond those of usual trades' coordination are necessary. Utilities installation work will not proceed in any area prior to the submission and completion of the Government review of the coordinated drawings for that area, nor in any area in which conflicts are disclosed by the coordination drawings, until the conflicts have been corrected to the satisfaction of the Contracting Officer. It is the responsibility of the Contractor to submit the required drawings in a timely manner consistent with the requirements to complete the work covered by this contract within the prescribed contract time.

**RESTRICTION ON SUBMISSION AND USE OF EQUAL PRODUCTS

This clause applies to the following items: (*Contracting Officer fill-in*)

852.236-91 [Reserved]**852.236-92 Notice to Bidders—Additive or Deductive Bid Line Items.**

As prescribed in [836.580](#), insert the following provision:

**NOTICE TO BIDDERS—ADDITIVE OR DEDUCTIVE BID LINE ITEMS
(APR 2019)**

(a) Additive or deductive line items in the bid schedule shall be evaluated to determine the low offeror and the items to be awarded. The evaluation shall be made as follows—

(1) Prior to the opening of bids, the Government will determine the amount of funds available for the project.

(2) The low bid shall be the Bidder that—

(i) Is otherwise eligible for award; and

(ii) Offers the lowest aggregate amount for the first or base line item, plus or minus (in the order stated in the list of priorities in the bid schedule) those additive or deductive line items that provide the most features within the funds determined available.

(3) All bids shall be evaluated on the basis of the same additive or deductive line items.

(i) If adding another item from the bid schedule list of priorities would make the award exceed the available funds for all offerors, the Contracting Officer will skip that item and go to the next item from the bid schedule of priorities; and

(ii) Add that next item if an award may be made that includes that line item and is within the available funds.

(b) The Contracting Officer will use the list of priorities in the bid schedule only to determine the low offeror. After determining the low offeror, an award may be made on any combination of items if—

(1) It is in the best interest of the Government;

(2) Funds are available at the time of award; and

(3) The low offeror's price for the combination to be awarded is less than the price offered by any other responsive, responsible offeror.

(c) Example: "The amount available is \$100,000. Offeror A's base bid and four additives (in the order stated in the list of priorities in the bid Schedule) are \$85,000, \$10,000, \$8,000, \$6,000, and \$4,000. Offeror B's base bid and four additives are \$80,000, \$16,000, \$9,000, \$7,000, and \$4,000. Offeror A is the low offeror. The aggregate amount of offeror A's bid for purposes of award would be \$99,000, which includes a base bid plus the first and fourth additives. The second and third additives were skipped because each of them would cause the aggregate bid to exceed \$100,000."

(End of provision)

852.237-70 Indemnification and Medical Liability Insurance.

As prescribed in [837.403-70\(a\)](#), insert the following clause:

INDEMNIFICATION AND MEDICAL LIABILITY INSURANCE (OCT 2019)

(a) It is expressly agreed and understood that this is a non-personal services contract, as defined in Federal Acquisition Regulation (FAR) [37.101](#), under which the professional services rendered by the Contractor or its health-care providers are rendered in its capacity as an independent contractor. The Government may evaluate the quality of professional and administrative services provided but retains no control over professional aspects of the services rendered, including by example, the Contractor's or its health-care providers' professional medical judgment, diagnosis, or specific medical treatments. The Contractor and its health-care

providers shall be liable for their liability-producing acts or omissions. The Contractor shall maintain or require all health-care providers performing under this contract to maintain, during the term of this contract, professional liability insurance issued by a responsible insurance carrier of not less than the following amount(s) per specialty per occurrence: [Contracting Officer's Note: Insert the dollar amount value(s) of standard coverage(s) prevailing within the local community as to the specific medical specialty, or specialties, concerned, or such higher amount as the Contracting Officer deems necessary to protect the Government's interests.] However, if the Contractor is an entity or a subdivision of a State that either provides for self-insurance or limits the liability or the amount of insurance purchased by State entities, then the insurance requirement of this contract shall be fulfilled by incorporating the provisions of the applicable State law.

(b) An apparently successful offeror, upon request of the Contracting Officer, shall, prior to contract award, furnish evidence of the insurability of the offeror and/or of all health-care providers who will perform under this contract. The submission shall provide evidence of insurability concerning the medical liability insurance required by paragraph (a) of this clause or the provisions of State law as to self-insurance, or limitations on liability or insurance.

(c) The Contractor shall, prior to commencement of services under the contract, provide to the Contracting Officer Certificates of Insurance or insurance policies evidencing the required insurance coverage and an endorsement stating that any cancellation or material change adversely affecting the Government's interest shall not be effective until 30 days after the insurer or the Contractor gives written notice to the Contracting Officer. Certificates or policies shall be provided for the Contractor and/or each health-care provider who will perform under this contract.

(d) The Contractor shall notify the Contracting Officer within 5 days of becoming aware of a change in insurance providers during the performance period of this contract for all health-care providers performing under this contract. The notification shall provide evidence that the Contractor and/or health-care providers will meet all the requirements of this clause, including those concerning liability insurance and endorsements. These requirements may be met either under the new policy, or a combination of old and new policies, if applicable.

(e) The Contractor shall insert the substance of this clause, including this paragraph (e), in all subcontracts for health-care services under this contract. The Contractor shall be responsible for compliance by any subcontractor or lower-tier subcontractor with the provisions set forth in paragraph (a) of this clause. At least 5 days before the commencement of work by any subcontractor, the Contractor shall furnish to the Contracting Officer evidence of such insurance.

(End of clause)

852.237–71 Nonsmoking Policy for Children’s Services.

As prescribed in [837.403-70\(b\)](#), insert the following clause:

NONSMOKING POLICY FOR CHILDREN’S SERVICES (OCT 2019)

(a) Smoking in facilities where certain federally funded children’s services are provided shall be prohibited. The Pro-children Act of 2001 (20 USC 7181-7183) prohibits smoking within any indoor facility (or portion thereof), whether owned, leased, or contracted for, that is used for the routine or regular provision of health or day care services that are provided to children under the age of 18. The statutory prohibition also applies to indoor facilities that are constructed, operated, or maintained with Federal funds.

(2) The itemized breakdown shall include materials, quantities, unit prices, labor costs (separated into trades), construction equipment, etc. Labor costs shall be identified with specific material placed or operation performed.

(3) Proposals shall be submitted to the Contracting Officer or ACO as expeditiously as possible, but not later than [fill-in] calendar days, after receipt of a written change order by the Contracting Officer.

(4) Proposals shall be signed by each subcontractor participating in the change.

(5) The Contracting Officer will consider issuing a settlement by determination to the contract if the Contractor's proposal required by paragraph (a)(3) of this clause is not received within the time period specified in paragraph (a)(3), or if agreement has not been reached.

(b) Paragraphs (a)(1) through (5) of this clause and the following paragraphs (b)(1) and (2) apply to proposals for changes in the work costing \$500,000 or less:

(1) As a basis for negotiation, allowances not to exceed 10 percent each for overhead and profit for the party performing the work will be based on the value of labor, material, and equipment required to accomplish the change. As the value of the change increases, a declining scale will be used in negotiating the percentage of overhead and profit. This declining scale will also be used to negotiate the prime Contractor's or upper-tier subcontractor's fee when work is performed by lower-tier subcontractors and will be based on the net increased cost to the prime or upper-tier subcontractor, as applicable. Profit (fee) shall be computed by multiplying the profit percentage by the sum of the direct costs and computed overhead costs. Allowable percentages on changes will not exceed the following;

- (i) 10 percent overhead and/or 10 percent profit (fee) on the first \$20,000;
- (ii) 7-1/2 percent overhead and/or 7-1/2 percent profit (fee) on the next \$30,000;

(c)(1) Overhead and Contractor's fee percentages shall be considered to include insurance other than mentioned herein, field and office supervisors and assistants, security policy, use of small tools, incidental job burdens, and general home office expenses and no separate allowance will be made. Assistants to office supervisors include all clerical, stenographic and general office help. Incidental job burdens include, but are not necessarily limited to, office equipment and supplies, temporary toilets, telephone and conformance to OSHA requirements. Items such as, but not necessarily limited to, review and coordination, estimating and expediting relative to contract changes are associated with field and office supervision and are considered to be included in the Contractor's overhead and/or fee percentage.

(2) Where the Contractor's or subcontractor's portion of a change involves credit items, such items must be deducted prior to adding overhead and profit for the party performing the work. The Contractor's fee is limited to the net increase to Contractor or subcontractors' portions of cost computed in accordance with this clause.

(3) Where a change involves credit items only, a proper measure of the amount of downward adjustment in the contract price is the reasonable cost to the Contractor if it had performed the deleted work. A reasonable allowance for overhead and profit are properly includable as part of the downward adjustment for a deductive change. The amount of such allowance is subject to negotiation.

The Contracting Officer may elect to use the alternative negotiation techniques described in [873.111\(d\)](#) in conducting this procurement. If used, Offerors may respond by maintaining offers as originally submitted, revising offers, or submitting an alternative offer. The Government may consider initial offers unless revised or withdrawn, revised offers, and alternative offers in making the award. Revising an offer does not guarantee an offeror an award.

(End of provision)

852.273-72 Alternative Evaluation.

As prescribed in [873.110\(c\)](#), insert the following provision:

ALTERNATIVE EVALUATION (NOV 2021)

(a) The Government will award a contract resulting from this solicitation to the responsible Offeror submitting the lowest priced offer that conforms to the solicitation. During the specified period for receipt of offers, the amount of the lowest offer will be

posted and may be viewed by *[Contracting Officer insert description of how the information may be viewed electronically or otherwise]*. Offerors may revise offers anytime during the specified period. At the end of the specified time period for receipt of offers, the responsible Offeror submitting the lowest priced offer will be in line for award.

(b) Except when it is determined not to be in the Government's best interest, the Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are materially unbalanced. Evaluation of options shall not obligate the Government to exercise the option(s).

(End of provision)

852.273-73 Evaluation—Health-Care Resources.

As prescribed in [873.110\(d\)](#), in lieu of FAR provision [52.212-2](#), the Contracting Officer may insert a provision substantially as follows:

EVALUATION—HEALTH-CARE RESOURCES (NOV 2021)

(a) The Government will award a contract resulting from this solicitation to the responsible Offeror whose proposal, conforming to the solicitation, will be most advantageous to the Government, price and other factors considered. The following information or factors shall be used to evaluate offers: *[Contracting Officer insert evaluation information or factors, such as technical capability to meet the Government's requirements, past performance, or such other evaluation information or factors as the Contracting Officer deems necessary to evaluate offers. Price must be evaluated in every acquisition. The Contracting Officer may include the evaluation information or factors in their relative order of importance, such as in descending order of importance. The relative importance of any evaluation information must be stated in the solicitation.]*

(b) Except when it is determined not to be in the Government's best interest, the Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are materially unbalanced. Evaluation of options shall not obligate the Government to exercise the option(s). The Government may reject any or all proposals if such action is in the Government's interest. Additionally, the Government may waive informalities and minor irregularities in proposals received.

(c) If this solicitation is a request for proposals (RFP), a written notice of award or acceptance of a proposal, mailed or otherwise furnished to the successful Offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the

Part 852—Solicitation Provisions and Contract Clauses

Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received by the Contracting Officer before award.

(End of provision)

852.273-74 Award Without Exchanges.

As prescribed in [873.110\(e\)](#), insert the following provision:

AWARD WITHOUT EXCHANGES (NOV 2021)

The Government intends to evaluate proposals and award a contract without exchanges with Offerors. Therefore, each initial proposal should contain the Offeror's best terms from a cost or price and technical standpoint. However, the Government reserves the right to conduct exchanges if later determined by the Contracting Officer to be necessary.

Subpart 871.1 - (RESERVED)**Subpart 871.2 - Vocational Rehabilitation and Employment Service****871.200 Scope of subpart.**

This subpart establishes policy and procedures for the vocational rehabilitation and employment services as it pertains to the following:

- (a) Contracts for training and rehabilitation services.
- (b) Approval of institutions (including rehabilitation facilities), training establishments, and employers under 38 U.S.C. Chapter 31.
- (c) Contracts for counseling services under 38 U.S.C. Chapters 30, 31, 32, 35, and 36.

871.201 General.**871.201-1 Requirements for the use of contracts.**

The costs for tuition, fees, books, supplies, and other expenses are allowable under a contract with an institution, training establishment, or employer for the training and rehabilitation of eligible Veterans under 38 U.S.C. chapter 31, provided the services meet the conditions in the following definitions:

(a) *Courses of instruction by correspondence* means a course of education or training conducted by mail consisting of regular lessons or reading assignments, the preparation of required written work that involves the application of principles studied in each lesson, the correction of assigned work with such suggestions or recommendation as may be necessary to instruct the student, the keeping of student achievement records, and issuance of a diploma, certificate, or other evidence to the student upon satisfactorily completing the requirements of the course.

(b) *Special services or special courses* means those services or courses that VA requests that are supplementary to those the institution customarily provides for similarly circumstanced non-Veteran students and that the contracting officer considers to be necessary for the rehabilitation of the trainee.

871.205 Proration of charges.

A contract must include the exact formula agreed on for the proration of charges in the event that the Veteran's program is interrupted or discontinued before the end of the term, semester, quarter, or other period, or the program is completed in less time than stated in the contract.

871.206 Other fees and charges.

VA may pay fees and other charges that are not prescribed by law but are required by nongovernmental organizations, such as initiation fees required to become a member of a labor union and the dues necessary to maintain membership incidental to training on the job or to obtaining employment during a period in which the veteran is a chapter 31 participant, provided there are no facilities feasibly available where the necessary training can be feasibly accomplished or employment obtained without paying such charges. Payment for such fees must be made in accordance with [Part 813](#).

871.207 Payment of tuition or fees.

(a) Contracts, agreements, or arrangements requiring the payment of tuition or fees must provide either of the following:

(1) Payment for tuition or fees must be made in arrears and must be prorated in installments over the school year or the length of the course.

(2) An institution may be paid in accordance with paragraph (b) of this section, if the institution operates on a regular term, quarter, or semester basis and normally accepts students only at the beginning of the term, quarter, or semester and if the institution is one of the following:

(i) An institution of higher learning that uses a standard unit of credit recognized by accrediting associations. Such institutions include those that are members of recognized national or regional educational accrediting associations, and those that, although not members of such accrediting associations, grant standard units of credit acceptable at full value without examination by collegiate institutions that are members of national or regional accrediting associations.

(ii) A public tax-supported institution.

(iii) An institution operated and controlled by a State, county, or local board of education.

(b) An institution that meets the exceptions of paragraph (a)(2) of this section and that has a refund policy providing for a graduated scale of charges for purposes of determining refunds may be paid part or all such tuitions or fees for a term, quarter, or other period of enrollment immediately following the date on which the refund expires.

(c) Proration of charges does not apply to a fee for noncontinuing service, such as a registration fee, etc.

Part 871—Vocational Rehabilitation and Employment Programs

(d) The period for which payment of charges may be made is the period of actual enrollment and is subject to the following:

(1) The effective date is the date of the trainee's entrance into training status, except that payment may be made for an entire semester, quarter, or term in institutions operating on that basis if the trainee enters no later than the final date set by the institution for enrolling for full credit.

(2) In those cases where the institution has not set a final date for enrolling for full credit or does not set a date acceptable to VA, payment may be prorated on the basis of attendance, regardless of the refund policy.

(3) If an institution customarily charges for the amount of credit or number of hours of attendance for which a trainee enrolls, payment may be made on that basis when a trainee enrolls after the final date permitted for carrying full credit for the semester or term.

871.208 Rehabilitation facilities.

Charges by rehabilitation facilities for the rehabilitation services provided under 38 U.S.C. Chapter 31 are paid in the same manner as charges for educational and vocational services through contract, agreement, or other arrangement.

Chapter 31 and must not be directed or pointed specifically to Veterans.

871.211 Contract clauses.

PART 873—SIMPLIFIED PROCEDURES FOR HEALTH-CARE RESOURCES**873.101 Policy.**

(a) *General.* In accordance with 38 U.S.C. 8153, to secure health-care resources which otherwise might not be feasibly available, or to effectively utilize certain other health-care resources, the Department of Veterans Affairs (VA) may make arrangements by contract for the mutual use, or exchange of use, of health-care resources between VA health-care facilities and any health-care provider, or other entity or individual. This part prescribes simplified procedures for contracts with entities not affiliated with VA under 38 U.S.C. 7302 to secure health-care resources that are a commercial service, or the use of medical equipment or space. VA may enter into such a contract if such resources are not, or would not be, used to their maximum effective capacity. (38 U.S.C. 8153)

(b) *Precedence.* The procedures in this part shall be used in conjunction with the Federal Acquisition Regulation ([FAR](#)) and other parts of the VA Acquisition Regulation ([VAAR](#)). However, when a policy or procedure in the FAR or another part of the VAAR is inconsistent with the procedures contained in this part, this part shall take precedence. (38 U.S.C. 8153)

873.102 Definitions.

Commercial service means a service that is offered and sold competitively in the commercial marketplace, is performed under standard commercial terms and conditions, and is procured using firm-fixed price contracts. (38 U.S.C. 8153)

Health-care providers include health-care plans and insurers and any organizations, institutions, or other entities or individuals who furnish health-care resources. (38 U.S.C. 8153)

Health-care resource includes hospital care and medical services (as those terms are defined in 38 U.S.C. 1701 and services under 38 U.S.C. 1782 and 1783) any other health-care service, and any health-care support or administrative resource. (38 U.S.C. 8153)

873.103 Priority sources.

Except for the acquisition of covered services available from the Committee for Purchase From People Who Are Blind or Severely Disabled and the AbilityOne Program (see [FAR subpart 8.7](#)), there are no priority sources for the acquisition of health-care resources consisting of commercial services or the use of medical equipment or space in accordance with [808.002\(a\)\(2\)](#) and [873.107](#). (38 U.S.C. 8153)

873.104 Competition requirements.

(a) *Affiliated institutions.* (1) A health-care resource may be acquired on a sole source basis if a commercial service, the use of medical equipment or space, or research, and is to be acquired from an institution affiliated with the VA in accordance with 38 U.S.C. 7302, including medical practice groups and other entities associated with affiliated institutions, blood banks, organ banks, or research centers. (38 U.S.C. 8153(a)(3)(A))

(2) Acquisitions of health-care resources identified in paragraph (a)(1) of this section are not required to be publicized as otherwise required by [873.108](#) or [FAR 5.101](#).

(b) *Non-affiliated entities.* (1) If the health-care resource required is a commercial service or the use of medical equipment or space, and is to be acquired from an entity not described in paragraph (a)(1) of this section, contracting officers shall permit all responsible sources, as appropriate, to submit a bid, proposal, or quotation for the resource to be procured, and provide for the consideration by VA of bids, proposals, or quotations so submitted. (38 U.S.C. 8153(a)(3)(B))

(2) Acquisition of health-care resources identified in paragraph (b)(1) of this section shall be publicized as otherwise required by [873.108](#). Moreover, for any such acquisition described in paragraph (b)(1) of this section to be conducted on a sole source basis, the contracting officer must prepare a justification that includes the information and is approved at the levels prescribed in [FAR 6.303](#). (38 U.S.C. 8153(a)(3)(D))

873.105 Acquisition planning.

(a) For the acquisition of health-care resources consisting of commercial services or the use of medical equipment or space where the acquisition is expected to exceed the simplified acquisition threshold (SAT), an acquisition team must be assembled. The team shall be tailored by the contracting officer for each particular acquisition expected to exceed the SAT. The team should consist of a mix of staff, appropriate to the complexity of the acquisition, and may include fiscal, legal, administrative, and technical personnel, and such other expertise as necessary to assure a comprehensive acquisition plan. The team should include the small business advocate representing the contracting activity or a higher-level designee. At a minimum, the team must include the contracting officer and a representative of the Office of General Counsel and the requesting service. (38 U.S.C. 8153)

(b) The contracting officer or the acquisition team, as appropriate, must conduct market research, including satisfying the requirements of [808.002\(a\)\(2\)](#) and [873.107](#), Socioeconomic programs, and a VA Rule of Two determination ([819.502-2](#)). It is the responsibility of the contracting officer to ensure the requirement is appropriately publicized and information about the procurement opportunity is adequately

disseminated as set forth in [873.107](#). (38 U.S.C. 8153)

(c) In lieu of the requirements of [FAR part 7](#) addressing documentation of the acquisition plan, the contracting officer may conduct an acquisition strategy meeting with cognizant offices to seek approval for the proposed acquisition approach. If a meeting is conducted, briefing materials shall be presented to address the acquisition plan topics and structure in [FAR 7.105](#). Formal written minutes—summarizing decisions, actions, and conclusions—shall be prepared and included in the contract file, along with a copy of the briefing materials. (38 U.S.C. 8153)

873.106 Exchanges with industry before receipt of proposals.

(a) Exchange of information among all interested parties involved in an acquisition described in [873.104\(b\)](#), from the earliest identification of a requirement through release of the solicitation, is encouraged. Any exchange of information must be consistent with procurement integrity requirements in [FAR 3.104](#). The nature and extent of exchanges between the Government and industry shall be a matter of the contracting officer's discretion (for acquisitions not exceeding the simplified acquisition threshold) or the acquisition team's discretion, as coordinated by the contracting officer. (38 U.S.C. 8153)

(b) Techniques to promote early exchange of information include—

- (1) Industry or small business conferences;
- (2) Public hearings;
- (3) Market research in accordance with [FAR 10.002\(b\)](#), which shall be followed to the extent that the provisions therein would provide relevant information;
- (4) One-on-one meetings with potential offerors;
- (5) Presolicitation notices;
- (6) Draft requests for proposals (RFPs);
- (7) Requests for information (RFIs);
- (8) Presolicitation or preproposal conferences;
- (9) Site visits;
- (10) Electronic notices (e.g., Internet);
- (11) Use of the System for Award Management (SAM) (see <http://www.sam.gov/>); and

(12) Researching VA's Vendor Information Pages (VIP) database at <https://www.vip.vetbiz.va.gov/>.

873.107 Socioeconomic programs.

(a) The Veterans First Contracting Program in VAAR subpart [819.70](#) takes precedence over other small business programs. (38 U.S.C. 8127-8128)

(b)(1) Except for contract actions subject to [808.002\(a\)\(2\)](#), competitive contract actions not otherwise excluded under this part shall be set-aside for VIP-listed service-disabled veteran-owned small business (SDVOSB) concerns or veteran-owned small business (VOSB) concerns if the contracting officer has a reasonable expectation that two or more eligible small business concerns owned and controlled by Veterans will submit offers and that the award can be made at a fair and reasonable price that offers best value to the United States. (38 U.S.C. 8127-8128)

(2) The contracting officer shall proceed with the acquisition under the simplified procedures of this part considering priority sources (see [808.002\(a\)\(2\)](#) and [873.103](#)) and preferences for other small businesses in accordance with [819.203-70](#) and [819.7004](#). (38 U.S.C. 8153)

(c) Without regard to [FAR 13.003\(b\)\(1\)](#), [19.203](#), [19.502](#), the head of the contracting activity (HCA) may approve a waiver from the requirement for any set-aside for small business participation when a waiver is determined to be in the best interest of the Government. (38 U.S.C. 8153)

(d) The contracting officer shall ensure priorities for veteran-owned small businesses are implemented within the VA hierarchy of small business program preferences, established by 38 U.S.C. 8127 and 8128, as implemented in VAAR subpart [819.70](#), the Veterans First Contracting Program. Specifically, the contracting officer shall consider preferences for verified service-disabled veteran-owned small businesses (SDVOSBs) first, then preferences for verified veteran-owned small businesses (VOSBs). These priorities will be followed by preferences for other small business concerns in accordance with FAR [19.203](#), [819.203-70](#) and [819.7004](#). (38 U.S.C. 8153)

873.108 Publicizing contract actions.

(a) All competitive acquisitions under this part, except as provided in paragraph (b) of this section, for dollar amounts in excess of the SAT, shall be publicly announced utilizing a medium designed to permit all responsible sources, as appropriate under the provisions of this part, to submit a bid, proposal, or quotation (as appropriate).

(1) The publication medium may include the Internet, including the

Governmentwide point of entry (GPE), and local, regional or national publications or journals, as appropriate, at the discretion of the contracting officer, depending on the complexity of the acquisition.

(2) Notice shall be published for a reasonable time prior to issuance of a solicitation, depending on the complexity or urgency of the acquisition, in order to afford potential offerors a reasonable opportunity to respond. If the notice includes a complete copy of the request for quotation (RFQ) or solicitation, a prior notice is not required, and the RFQ or solicitation shall be considered to be announced and issued at the same time.

(3) The notice may include contractor qualification parameters, such as time for delivery of service, credentialing or medical certification requirements, small business or other socio-economic preferences, the appropriate small business size standard, and such other qualifications as the contracting officer deems necessary to meet the needs of the Government. (38 U.S.C. 8153)

(b) The requirement for public announcement does not apply to sole source acquisitions described in [873.104\(a\)](#). However, as required by 38 U.S.C. 8153(a)(3)(D), acquisitions from an institution not affiliated with the VA in accordance with 38 U.S.C. 7302, if conducted on a sole source basis, must still be justified and publicized (see [873.104\(b\)\(2\)](#)). (38 U.S.C. 8153)

(c) For acquisitions below the SAT, a public announcement is optional. (38 U.S.C. 8153)

(d) Each solicitation issued under the procedures in this part must prominently identify that the requirement is being solicited under the authority of 38 U.S.C. 8153 and this part. (38 U.S.C. 8153)

873.109 General requirements for acquisition of health-care resources.

(a) *Source selection authority.* Unless the head of the contracting activity (HCA) appoints another individual to serve as the Source Selection Authority (SSA), the contracting officer shall be the SSA for acquisitions of health-care resources, consisting of commercial services, or the use of medical equipment or space, utilizing the guidance contained in this part. (38 U.S.C. 8153)

(b) *Performance work statement/statement of work.* The performance work statement (PWS) or statement of work (SOW) must define the requirement and should, in most instances, include qualifications or limitations such as time limits for delivery of service, medical certification or credentialing restrictions, and small business or other socio-economic preferences. The contracting officer may include any other such terms as the contracting officer deems appropriate for each specific acquisition. (38 U.S.C. 8153)

(c) *Documentation*. Without regard to FAR [13.106-3\(b\)](#), [13.501\(b\)](#), or [15.406-3](#), the contract file must include—

- (1) A brief written description of the procedures used in awarding the contract;
- (2) A written determination that the health-care resources being procured are not otherwise feasibly available or that utilization of such health-care resources is necessary to meet mission requirements;
- (3) Documentation of market research and the results of such research;
- (4) The number of offers received; and
- (5) An explanation, tailored to the size and complexity of the acquisition, of the basis for the contract award decision. (38 U.S.C. 8153)

(d) *Time for receipt of quotations or offers*. (1) Without regard to [FAR 5.203](#), contracting officers shall set a reasonable time for receipt of quotations or proposals in the solicitations.

(2) Without regard to FAR [15.208](#) or [52.212-1\(f\)](#), quotations or proposals received after the time set forth in an RFQ or request for proposals (RFP) may be considered at the discretion of the contracting officer if determined to be in the best interest of the Government. Contracting officers must document the rationale for accepting quotations or proposals received after the time specified in the RFQ or RFP. This paragraph (d)(2) shall not apply to RFQs or RFPs if alternative evaluation techniques described in [873.111\(d\)\(1\)\(ii\)](#) are used. This paragraph (d)(2) does not apply to invitations for bid (IFBs). (38 U.S.C. 8153)

(e) *Cancellation of procurements*. Any acquisition may be canceled by the contracting officer at any time during the acquisition process if cancellation is determined to be in the best interest of the Government and a memorandum for the record is included in the solicitation file explaining the reasons for the cancellation. (38 U.S.C. 8153)

873.110 Solicitation provisions.

(a) As required in [873.109\(d\)](#), contracting officers shall set a reasonable time for receipt of quotations or proposals and shall insert the provision at [852.273-70](#), Late Offers, in all RFQs and RFPs exceeding the micro-purchase threshold. However, this provision shall not be used if the provision [852.273-71](#), Alternative Negotiation Techniques, is to be used. (38 U.S.C. 8153)

(b) The contracting officer shall insert a provision in RFQs and solicitations, substantially the same as the provision at [852.273-71](#), Alternative Negotiation

Techniques, when either of the alternative negotiation techniques described in [873.111\(d\)\(1\)](#) will be used. (38 U.S.C. 8153)

(c) The contracting officer shall insert the provision at [852.273-72](#), Alternative Evaluation, in lieu of FAR provision [52.212-2](#), Evaluation—Commercial Items, when the alternative negotiation technique described in [873.111\(d\)\(1\)\(ii\)](#) will be used. (38 U.S.C. 8153)

(d) When evaluation information, as described in [873.112](#), is to be used to select a contractor under a RFQ or RFP for health-care resources consisting of commercial services or the use of medical equipment or space, the contracting officer may insert the provision at [852.273-73](#), Evaluation—Health-Care Resources, in the RFQ or RFP in lieu of FAR provision [52.212-2](#). (38 U.S.C. 8153)

(e) As provided at [873.113\(f\)](#), if award may be made without exchange with offerors, the contracting officer shall include the provision at [852.273-74](#), Award Without Exchanges, in the RFQ or RFP. (38 U.S.C. 8153)

(f) The contracting officer shall insert the FAR clause at [52.207-3](#), Right of First Refusal of Employment, in all RFQs, solicitations, and contracts issued under the authority of 38 U.S.C. 8151-8153 which may result in a conversion, from in-house performance to contract performance, of work currently being performed by Department of Veterans Affairs employees. (38 U.S.C. 8153)

873.111 Acquisition strategies for health-care resources.

The following acquisition processes and techniques may be used, singly or in combination with others, as appropriate, to design acquisition strategies suitable for the complexity of the requirement and the amount of resources available to conduct the acquisition. These strategies should be considered during acquisition planning. The contracting officer shall select the process most appropriate to the particular acquisition. There is no preference for sealed bid acquisitions. (38 U.S.C. 8153)

(a) *Request for quotations (RFQ).* (1) Without regard to FAR subparts [6.1](#) or [6.2](#), contracting officers must solicit a sufficient number of sources to promote competition to the maximum extent practicable and to ensure that the purchase is advantageous to the Government, based, as appropriate, on either price alone or price and other factors (e.g., past performance and quality). RFQs must notify vendors of the basis upon which the award is to be made. (see [FAR 13.004](#))

(2) For acquisitions in excess of the SAT, the procedures set forth in [FAR part 13](#) concerning RFQs may be utilized without regard to the dollar thresholds contained therein. (38 U.S.C. 8153)

(b) *Sealed bidding.* [FAR part 14](#) provides procedures for sealed bidding.

(c) *Multiphase acquisition technique*--(1) *General*. Without regard to [FAR 15.202](#), multiphase acquisitions may be appropriate when the submission of full proposals at the beginning of an acquisition would be burdensome for offerors to prepare and for Government personnel to evaluate. Using multiphase techniques, the Government may seek limited information initially, make one or more down-selects, and request a full proposal from an individual offeror or limited number of offerors. Provided that the notice notifies offerors, the contracting officer may limit the number of proposals during any phase to the number that will permit an efficient competition among proposals offering the greatest likelihood of award. The contracting officer may indicate in the notice an estimate of the greatest number of proposals that will be included in the down-select phase. The contracting officer may down-select to a single offeror. (38 U.S.C. 8153)

(2) *First phase notice*. In the first phase, the Government shall publish a notice (see [873.108](#)) that solicits responses and that may provide, as appropriate, a general description of the scope or purpose of the acquisition and the criteria that will be used to make the initial down-select decision. The notice may also inform offerors of the evaluation criteria or process that will be used in subsequent down-select decisions. The notice must contain sufficient information to allow potential offerors to make an informed decision about whether to participate in the acquisition. The notice must advise offerors that failure to participate in the first phase will make them ineligible to participate in subsequent phases. The notice may be in the form of a synopsis in the Governmentwide point of entry (GPE) or a narrative letter or other appropriate method that contains the information required by this paragraph. (38 U.S.C. 8153)

(3) *First phase responses*. Offerors shall submit the information requested in the notice described in paragraph (d)(2) of this section. Information sought in the first phase may be limited to a statement of qualifications and other appropriate information (e.g., proposed technical concept, past performance information, limited pricing information). (38 U.S.C. 8153)

(4) *First phase evaluation and down-select*. The Government shall evaluate all offerors' submissions in accordance with the notice and make a down-select decision. (38 U.S.C. 8153)

(5) *Subsequent phases*. Additional information shall be sought in the second phase so that a down-select can be performed or an award made without exchanges, if necessary. The contracting officer may conduct exchanges with remaining offeror(s), request proposal revisions, or request best and final offers, as determined necessary by the contracting officer, in order to make an award decision. (38 U.S.C. 8153)

(6) *Debriefing*. Without regard to [FAR 15.505](#), contracting officers must debrief offerors whose proposals are not accepted under a competitive request for proposals (RFP) as required by [873.118](#). (38 U.S.C. 8153)

(d) *Alternative negotiation techniques.* (1) Contracting officers may utilize alternative negotiation techniques for the acquisition of health-care resources. Alternative negotiation techniques may be used when award will be based on either price or price and other factors. Alternative negotiation techniques include but are not limited to:

(i) Indicating to offerors a price, contract term or condition, commercially available feature, and/or requirement (beyond any requirement or target specified in the solicitation) that offerors will have to improve upon or meet, as appropriate, in order to remain competitive.

(ii) Posting offered prices electronically or otherwise (without disclosing the identity of the offerors) and permitting revisions of offers based on this information.

(2) Except as otherwise permitted by law, contracting officers shall not conduct acquisitions under this section in a manner that reveals the identities of offerors, releases proprietary information, or otherwise gives any offeror a competitive advantage (see [FAR 3.104](#)). (38 U.S.C. 8153)

873.112 Evaluation information.

(a) Without regard to [FAR 15.304](#), Evaluation factors and significant subfactors (except for [15.304\(c\)\(1\)](#) and [\(c\)\(3\)](#), which do apply to acquisitions under this authority), the criteria, factors, or other evaluation information that apply to an acquisition, and their relative importance, are within the broad discretion of agency acquisition officials as long as the evaluation information is determined to be in the best interest of the Government. (38 U.S.C. 8153)

(b) Price or cost to the Government must be evaluated in every source selection. Past performance shall be evaluated in source selections for competitive acquisitions exceeding the SAT unless the contracting officer documents that past performance is not an appropriate evaluation factor for the acquisition. (38 U.S.C. 8153)

(c) The quality of the product or service may be addressed in source selection through consideration of information such as past compliance with solicitation requirements, technical excellence, management capability, personnel qualifications, and prior experience. The information required from quoters, bidders, or offerors shall be included in notices or solicitations, as appropriate. (38 U.S.C. 8153)

(d) The relative importance of any evaluation information included in a solicitation must be set forth therein. (38 U.S.C. 8153)

873.113 Exchanges with offerors.

(a) Without regard to FAR [15.201](#) or [15.306](#), acquisitions generally involve exchanges between the Government and competing offerors. Open exchanges support the goal of efficiency in Government by providing the Government with relevant information (in addition to that submitted in the offeror's initial proposal) needed to understand and evaluate the offeror's proposal. The nature and extent of exchanges between the Government and offerors is a matter of contracting officer judgment. Clarifications, communications, and discussions are not applicable to acquisitions under this part. (38 U.S.C. 8153)

(b) Exchanges with potential offerors may take place throughout the source selection process. Exchanges may start in the planning stages and continue through contract award. Exchanges should occur most often with offerors determined to be in the best value pool (see [873.114](#)). The purpose of exchanges is to ensure there is mutual understanding between the Government and the offerors on all aspects of the acquisition, including offerors' submittals/proposals. Information disclosed as a result of oral or written exchanges with an offeror may be considered in the evaluation of an offeror's proposal. (38 U.S.C. 8153)

(c) Exchanges may be conducted, in part, to obtain information that explains or resolves ambiguities or other concerns (e.g., perceived errors, omissions, or deficiencies) in an Offeror's proposal. (38 U.S.C. 8153)

(d) Exchanges shall only be initiated if authorized by the contracting officer and need not be conducted with all offerors. (38 U.S.C. 8153)

(e) Except for acquisitions based on alternative negotiation techniques contained in [873.111\(d\)\(1\)](#), the contracting officer and other Government personnel involved in the acquisition shall not disclose information regarding one offeror's proposal to other offerors without consent of the offeror in accordance with FAR parts [3](#) and [24](#). (38 U.S.C. 8153)

(f) Award may be made on initial proposals without exchanges if the solicitation states that the Government intends to evaluate proposals and make award without exchanges, unless the contracting officer determines that exchanges are considered necessary. (38 U.S.C. 8153)

873.114 Best value pool.

(a) Without regard to [FAR 15.306\(c\)](#), the contracting officer may determine the most highly rated proposals having the greatest likelihood of award based on the information or factors and subfactors in the solicitation. These vendors constitute the best value pool. This determination is within the sole discretion of the contracting officer. Competitive range determinations are not applicable to acquisitions under this

part 873. (38 U.S.C. 8153)

(b) In planning an acquisition, the contracting officer may determine that the number of proposals that would otherwise be included in the best value pool is expected to exceed the number at which an efficient, timely, and economical competition can be conducted. In reaching such a conclusion, the contracting officer may consider such factors as the results of market research, historical data from previous acquisitions for similar services, and the resources available to conduct the source selection. Provided the solicitation notifies offerors that the best value pool can be limited for purposes of making an efficient, timely, and economical award, the contracting officer may limit the number of proposals in the best value pool to the greatest number that will permit an efficient competition among the proposals offering the greatest likelihood of award. The contracting officer may indicate in the solicitation the estimate of the greatest number of proposals that will be included in the best value pool. The contracting officer may limit the best value pool to a single offeror. (38 U.S.C. 8153)

(c) If the contracting officer determines that an offeror's proposal is no longer in the best value pool, the proposal shall no longer be considered for award. Written notice of this decision must be provided to unsuccessful offerors at the earliest practicable time. (38 U.S.C. 8153)

873.115 Proposal revisions.

(a) The contracting officer may request proposal revisions as often as needed during the proposal evaluation process at any time prior to award from vendors remaining in the best value pool. Proposal revisions shall be submitted in writing. The contracting officer may establish a common cutoff date for receipt of proposal revisions. Contracting officers may request best and final offers. In any case, contracting officers and acquisition team members must safeguard all proposals and revisions to avoid unfair dissemination of an offeror's proposal. (38 U.S.C. 8153)

(b) If an offeror initially included in the best value pool is no longer considered to be among those most likely to receive award after submission of proposal revisions and subsequent evaluation thereof, the offeror may be eliminated from the best value pool without being afforded an opportunity to submit further proposal revisions. (38 U.S.C. 8153)

(c) Requesting and/or receiving proposal revisions does not necessarily conclude exchanges. However, requests for proposal revisions should advise offerors that the Government may make award without obtaining further revisions. (38 U.S.C. 8153)

873.116 Source selection decision.

(a) An integrated comparative assessment of proposals should be performed

before source selection is made. The SSA shall independently determine which proposal(s) represents the best value, consistent with the evaluation information or factors and subfactors in the solicitation, and that the prices are fair and reasonable. The SSA may determine that all proposals should be rejected if it is in the best interest of the Government. (38 U.S.C. 8153)

(b) The source selection team, or advisory boards or panels, may conduct comparative analysis(es) of proposals and make award recommendations, if the SSA requests such assistance. (38 U.S.C. 8153)

(c) The source selection decision must be documented in accordance with [FAR 15.308](#). (38 U.S.C. 8153)

873.117 Award to successful offeror.

(a) The contracting officer shall award a contract to the successful offeror by furnishing the contract or other notice of the award to that offeror. (38 U.S.C. 8153)

(b) If a request for proposal (RFP) process was used for the solicitation and if award is to be made without exchanges, the contracting officer may award a contract without obtaining the offeror's signature a second time. The offeror's signature on the offer constitutes the offeror's agreement to be bound by the offer. If a request for quotation (RFQ) process was used for the solicitation, and if the contracting officer determines there is a need to establish a binding contract prior to commencement of work, the contracting officer should obtain the offeror's acceptance signature on the contract to ensure formation of a binding contract. (38 U.S.C. 8153)

(c) If the award document includes information that is different than the latest signed offer, both the offeror and the contracting officer must sign the contract award. (38 U.S.C. 8153)

(d) When an award is made to an offeror for less than all of the items that may be awarded and additional items are being withheld for subsequent award, each notice shall state that the Government may make subsequent awards on those additional items within the offer acceptance period. (38 U.S.C. 8153)

873.118 Debriefings.

Offerors whose proposals are not accepted under a competitive request for proposals (RFP) may submit a written request for a debriefing to the contracting officer. Without regard to [FAR 15.505](#), preaward debriefings may be conducted by the contracting officer when determined to be in the best interest of the Government. Post-award debriefings shall be conducted in accordance with [FAR 15.506](#). (38 U.S.C. 8153)
