

NEW! COMMUNITY VIEWER

Community Viewer (CV) makes it easy for community providers to view a Veteran's VA electronic health record (EHR) using a web browser.

The screenshot displays the VA Community Viewer interface. At the top, there are navigation tabs for 'Provider Portal' and 'Patient Portal', along with system status and user information (CALANER, THOMAS). The main content area is divided into several sections:

- Left Panel:** Patient demographic information including SSN, Age, DOB, Race, Gender, and insurance details.
- Problem List (11):** A table listing medical conditions with columns for ICD code, Onset, Description, Updated, Status, and Site. Examples include 'Epileptic Dis...', 'EPILEPSY', 'ESOPHAGE...', 'Cocaine...', 'DENTAL CA...', 'NECROSIS...', 'LOSS OF TE...', 'HYPERLIPID...', and 'OTHER COO...'. The status for all listed is 'ACTIVE' and the site is 'DEN'.
- Lab Orders / Panel Results (23):** A table listing laboratory tests with columns for Collection Date, Order / Result, and Site. Examples include 'MBSA SURYA NARAYAGAR', 'HEMOGRAM (no diff)', 'AMYLASE (serum)', 'LIPASE', 'LIVER FUNCTION TESTS', 'CHEM 7,8', and 'CR(Creat) (diff)'. The site for all is 'DEN'.
- Allergies (1):** A section showing a single allergy: Codeine at the DEN site.
- Bottom Navigation:** A row of icons for various clinical functions: Admissions, Allergies, Appointments, Clinical Reminders, Community Health Summaries - VA, Consults, Discharge/Essentials Notes, Encounters, Immunizations, Lab Orders / Panel Results, Lab Results, and Inpatient Medications.

(https://www.va.gov/COMMUNITYCARE/providers/Community_Viewer.asp)

- Allows community providers to easily view existing VA consults, orders, progress reports, and other relevant health information when providing care to an assigned Veteran
- Improves Veteran experience and continuity of care through efficient sharing of health information between VA and community providers

Getting Started

1. [Review the CV User Guide](#) to understand how to use CV to view Veteran information.
2. Receive the username and password that allows you to log in to CV. VA staff will provide you with these credentials the first time a Veteran is assigned to you.
3. Log in and view the Veteran's electronic health record.
4. For assistance, call the CV Help Desk for Community Providers at 1-877-466-7124
