## **VA awards \$418 million in grants to help Veterans and families at risk of homelessness**

**WASHINGTON** — The Department of Veterans Affairs awarded \$418 million in grants to more than [260 non-profit organizations](#) in June, allowing low-income Veteran families around the nation to access services under the Supportive Services for Veteran Families program.

SSVF grantees are authorized to use the funds to rapidly re-house Veterans who become homeless or to prevent Veterans from becoming homeless.

“As a result of VA’s Supportive Services for Veteran Families program and other housing assistance efforts, Veteran homelessness has been cut in half since the launch of 2010’s [Federal Strategic Plan to Prevent and End Homelessness](#),” said VA Secretary Denis McDonough. “Since then, hundreds of thousands of Veterans and their families have been placed into permanent housing or prevented from falling into homelessness by VA’s homelessness programs and targeted housing vouchers provided by the Department of Housing and Urban Development.”

SSVF grantees are in all 50 states, the District of Columbia, Guam, Puerto Rico and the U.S. Virgin Islands. Through partnerships with VA and community programs, SSVF provides eligible Veteran families with outreach, case management and assistance obtaining VA and other benefits, which can include health care, financial planning, childcare, legal and fiduciary payee assistance, transportation, housing counseling and other services.

Helping Veterans in need of permanent housing remains a critical [priority](#) for VA. In fiscal year 2020, VA served 112,070 participants, including 77,590 Veterans and 19,919 children through the SSVF program.

This year’s grant recipients successfully competed under a Notice of Fund Availability published November 19, 2020. The funding will support SSVF services from October 1, 2021 through September 30, 2022.
