Eligibility

How can I confirm if I am eligible for the Choice Program?

To be eligible for the Choice Program, you must have been enrolled in VA health care on or before August 1, 2014, or be qualified to enroll as a recently discharged combat Veteran. Additionally, you must also meet at least one of the following criteria:

- You are told by your local VA medical facility that you will need to wait more than 30 days for an appointment from the date clinically determined by your physician, or, if not such date is provided, our preferred date.
- Your residence is more than 40 miles driving distance from the closest VA health care facility.
- You need to travel by plane or boat to the VA medical facility closest to your home.
- You face an unusual or excessive burden in traveling to the closest VA medical facility based on geographic challenges, environmental factors, or a medical condition. Staff at your local VA medical facility will work with you to determine you are eligible for any of these reasons.
- You reside in a State or a United States Territory without a full-service VA medical facility that provides hospital care, emergency services, and surgical care having a surgical complexity of standard, and reside more than 20 miles from such a VA medical facility. NOTE: This criterion applies to Veterans residing in Alaska, Hawaii, New Hampshire, Guam, American Samoa, Commonwealth of the Northern Mariana Islands, and the U.S. Virgin Islands. Also note that some Veterans in New Hampshire reside within 20 miles of White River Junction VAMC.

What happens once I have been determined as eligible?

If a staff member at your local VA facility determines you are eligible, or you believe you are eligible, and you are interested in using the Program, you should call the Choice Program Call Center at 866-606-8198 to set up an appointment.

One of the eligibility factors is the inability to get an appointment within 30 days. Can you expand on what this means?

If the VA facility is not able to schedule your appointment to occur up to 30 days from your clinically indicated date, you will be eligible to participate in the Choice Program for that particular appointment. If no such clinically indicated date can be been determined, you will qualify for the Veterans Choice Program if the VA facility is not able to schedule your appointment to occur up to 30 days from the date you prefer to be seen.

What does clinically indicated date mean?

The clinically indicated date is the date you and your medical provider agree should be the next date you are seen for care. If the VA medical facility is unable to schedule an appointment up to 30 days from that date you may be eligible for the Veterans Choice Program.
Questions & Answers by Topic

Is the 40 mile calculation based on the distance from a Community-Based Outpatient Clinic or the main VA where I am enrolled?

This calculation is based on the driving distance from your permanent residence, or an active temporary address, to the closest VA facility which includes Community-Based Outpatient Clinics and VA Medical Centers.

I have to commute to the nearest VA Medical Center by boat; can you explain the Air, Boat and Ferry eligibility requirements?

If your local VA medical facility eligibility staff determines that you must travel from your residence to the nearest VA medical facility by air, boat, or ferry, they will inform you that you are eligible for the Veterans Choice Program. Once you are informed of your eligibility, call the Choice Program Call Center at 866-606-8198 to make an appointment.

I didn’t get my Choice Card, what do I do?

You do not need your Choice Card to access the Choice Program. If you didn’t receive a Choice Card, call 866-606-8198 to find out if you are eligible and to make an appointment.

If I do not qualify for the Veterans Choice Program, are there other options I can use to access non-VA health care?

Yes, there are other non-VA care programs you may be able to use. Each program has its own eligibility requirements. Talk to your VA medical provider or visit http://www.va.gov/purchasedcare/ for more information about these programs.

Procedures

Can I call my non-VA doctor to make an appointment?

No, please call the Choice Program call center at **866-606-8198** to verify eligibility and make your appointment.

If my appointment is over 30 days or I live more than 40 miles away, can I see my doctor at the VA?

Yes, the Choice Program is an opportunity for Veterans to choose how they would like to receive care. Even if you are eligible for the Program, you may see your doctor at the VA.

My doctor doesn’t currently participate in the Choice Program, can he/she join?

Yes. VA is actively seeking to expand its network of community providers. Your doctor can call **866-606-8198** to learn more about the Veterans Choice Program and to become an approved Choice provider. If your preferred provider is not available under the Program, we will recommend other providers in your area. Your doctor can find more information here:

How do I get my prescription filled if I use the Choice Program?

The Choice Program non-VA Provider will issue a prescription to the Veteran with up to a 14 day supply of an urgently or emergently needed National Formulary drug. The Veteran may have the 14 day supply prescription filled at any non-VA pharmacy of his/her choosing and may submit a request for reimbursement to VA. For prescriptions that are not urgent or emergent, please follow standard procedures to fill a prescription at the VA pharmacy.

Can I use the Choice Program and see my doctor at my local VA medical facility?

Yes. The Choice Program is not an “either/or” situation. If you use the Choice Program to receive one type care, you can still continue to receive care at the VA for other types of care. For example, if you qualify for the Choice Program to see a urologist under the 30 day eligibility requirement, you can go see your VA physician for any other type of care.

Yes, primary care is covered under the Choice Program.

Is Emergency care covered by the Choice Program?

The Choice Program mileage eligibility is based on the distance between your place of residence and the nearest VA health care facility regardless of the type of care available. Insurance Information

Do I submit my personal insurance information if I qualify for the Choice Program?
Yes, the Veterans Choice Program requires Veterans with other health insurance to provide that information.

Are there any other health insurance plans that are excluded from Choice Program billing?
The only other health insurance excluded from the Choice Program billing process are government health benefits plans, such as Medicaid, Medicare, and TRICARE.

Will copays be collected by the community provider?
VA copays will not be collected at the time of the appointment but will be billed by VA after the appointment, in the same way as receiving care at your local facility. If you are subject to copayments now, you will be subject to the same copayment requirements under the Choice Program. Your copay amount will be determined after the service is received.

Am I responsible for my private insurance deductible if I get care through the Choice Program?
Yes, if you are receiving non-service connected care. If you are receiving service connected care, you will not be responsible for your deductible as VA is primarily responsible for service connected care received through the Choice Program.
