will be assessed and the effective date of registration will be the date the group of photographs was originally submitted in conformity with then current regulations. With respect to any applications including more than 50 continuation sheets that are received by the Office on or after the effective date of this amendment, the applicant will be given the option of obtaining a registration certificate that does not include the continuation sheets, with the continuation sheets being included with the deposit to identify the dates of publication of the photographic images as permitted under §202.3(b)(9)(iv).

This amendment is therefore issued as a final rule effective on the date it is published in the Federal Register.

Regulatory Flexibility Act

The Copyright Office, though located in the Library of Congress and part of the legislative branch, is not an “agency” subject to the Regulatory Flexibility Act, 5 U.S.C. 601–612. Nevertheless, the Register of Copyrights has considered the effect of a proposed amendment on small businesses. This amendment continues to offer photographers, who usually constitute small businesses, the ability to register their copyrights in large groups for a modest fee while it ensures that the Copyright Office can process those registrations in an efficient manner and at a reasonable cost.

DEPARTMENT OF VETERANS AFFAIRS
38 CFR Part 3
RIN 2900–AM14
Exclusions From Income and Net Worth Computations

AGENCY: Department of Veterans Affairs.

ACTION: Final rule.

SUMMARY: This document amends the Department of Veterans Affairs (VA) adjudication regulations to exclude from income and net worth computations in the pension and parents’ dependency and indemnity compensation programs benefits or payments received pursuant to the Medicare Prescription Drug Discount Card and Transitional Assistance Program in the Medicare Prescription Drug, Improvement, and Modernization Act of 2003. This amendment is necessary to conform the regulations to statutory provisions.

DATES: Effective date: March 28, 2005.

SUPPLEMENTARY INFORMATION: All income is countable when VA determines entitlement to income-based benefits unless specifically excluded by law. Section 101 of the Medicare Prescription Drug, Improvement, and Modernization Act of 2003 (MMA), Public Law 108–173, added section 1860D–31 to the Social Security Act (42 U.S.C. 1395w–141), creating a Medicare prescription drug discount card and transitional assistance program. This program allows Medicare beneficiaries to pool their purchasing power to secure substantial discounts on their medicines. Medicare beneficiaries at or below 135 percent of the federal poverty level can qualify for $600 in additional assistance for the remainder of 2004 and another $600 in 2005. The drug discounts and $600 in transitional assistance became available on June 1, 2004.

A provision of the MMA clarifies the potential interaction between the drug discount card and transitional assistance and VA’s pension and parents’ dependency and indemnity compensation benefits by stating that, “[t]he availability of negotiated prices or transitional assistance under this section shall not be treated as benefits or otherwise taken into account in determining an individual’s eligibility for, or the amount of benefits under, any other Federal program.” Section 1860D–31(g)(6) of the Social Security Act. Therefore, the transitional assistance program and any savings associated with the prescription drug discount card are not income or net worth for VA purposes. This document amends 38 CFR 3.261, 3.262, 3.263, 3.272, and 3.275 to reflect this statutory change.

This final rule merely restates statutory provisions. Accordingly, there is a basis for dispensing with prior notice and comment and the delayed effective date provisions of 5 U.S.C. 552 and 553.

Paperwork Reduction Act

This document contains no provisions constituting a collection of information under the Paperwork Reduction Act (44 U.S.C. 3501–3521).
Regulatory Flexibility Act

Because no notice of proposed rulemaking was required in connection with the adoption of this final rule, no regulatory flexibility analysis is required under the Regulatory Flexibility Act (5 U.S.C. 601–612). Even so, the Secretary hereby certifies that this regulatory amendment will not have a significant economic impact on a substantial number of small entities as they are defined in the Regulatory Flexibility Act.

Unfunded Mandates

The Unfunded Mandates Reform Act of 1995 requires, at 2 U.S.C. 1532, that agencies prepare an assessment of anticipated costs and benefits before developing any rule that may result in an expenditure by State, local, or tribal governments, in the aggregate, or by the private sector, of $100 million or more (adjusted annually for inflation) in any given year. This rule would have no such effect on State, local, or tribal governments, or the private sector.

EPA is approving a State Implementation Plan (SIP) revision for the State of Texas. This revision includes the Post 1996 Rate-of-Progress (ROP) plan, adjustments to the 1990 base year emissions inventory, and ROP Motor Vehicle Emissions Budgets for the Dallas/Fort Worth Ozone Nonattainment Area.

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule.

SUMMARY: EPA is approving a State Implementation Plan (SIP) revision for the State of Texas. This revision includes the Post 1996 Rate-of-Progress (ROP) plan, adjustments to the 1990 base year emissions inventory, and ROP Motor Vehicle Emissions Budgets for the Dallas/Fort Worth (DFW) ozone nonattainment area. This plan shows planned emission reductions required by the Clean Air Act (Act) from 1996 to 1999 to improve air quality in the Dallas/Fort Worth Area. The reductions are from the 1990 base year emissions inventory. The adjustments to the 1990 base year emissions inventory improve that inventory. The Motor Vehicle Emissions Budgets are used for determining conformity of transportation projects to the SIP. This action satisfies the Act’s requirements for a serious ozone nonattainment area’s Post 1996 Rate-of-Progress requirements and approves the Motor Vehicle Emissions Budgets under the Rate-of-Progress Plan.

DATES: This rule is effective on April 27, 2005.

I. What Action Is EPA Taking?

EPA is approving the Post 1996 Rate of Progress (ROP) plan, the adjustments to the 1990 base year emissions inventory, and the Motor Vehicle Emissions Budgets (MVEB) for the DFW ozone nonattainment area, submitted by Texas on October 25, 1999, for the DFW ozone nonattainment area. The VOC MVEB for the ROP plan is 147.22 tons per day and the NOX MVEB is 284.14 tons per day.

II. What Is the Background for This Action?

We proposed approval of these SIP elements on January 28, 2001. We waited to take final action until the issue on the appropriate use of the MOBILE5 on-road mobile emission model was determined in Sierra Club v. EPA, 356 F.3d 296 (DC Cir. 2004). The Court found that the use of MOBILE5 was acceptable even if a more recent version was available because MOBILE5 was the best available version at the time the plan was prepared.

The Post 1996 ROP plan (9% plan) was designed to reduce ozone forming emissions from the baseline emissions by 9% in the DFW nonattainment area for the years 1997–1999. We received no new information that would change the approvability of the ROP target calculations and none of the credits relied upon for meeting the ROP targets have changed since our proposal date. Therefore, this plan meets the Reasonable Further Progress requirements of the Act (section 182(c)(2)). The MVEBs associated with the 9% plan have been found to meet the adequacy criteria, effective January 27, 2000, and are consistent with the ROP plan. Therefore, they too are approvable. The adjustments to the 1990 base year emissions inventory improved the inventory through improvements in methodology implemented subsequent to the submission of the original inventory.

Please refer to 66 FR 4764, January 18, 2001, and its technical support document for details on the 9% Plan, the adjusted 1990 emissions inventory, and the MVEBs.

III. What Comments Were Received During the Public Comment Period, January 18, 2001, to March 19, 2001?

We did not receive any comments on the 9% Plan, the MVEBs, or the adjustments to the 1990 base year emissions inventory.

IV. Final Action

EPA is approving the Post 1996 Rate of Progress plan, the adjustments to the 1990 base year emissions inventory, and the Motor Vehicle Emissions Budgets submitted by Texas on October 25, 1999, for the DFW ozone nonattainment area. The VOC MVEB for the ROP plan is 147.22 tons per day and the NOX MVEB is 284.14 tons per day.

V. Statutory and Executive Order Reviews

Under Executive Order 12866 (58 FR 51735, October 4, 1993), this action is not a “significant regulatory action” and therefore is not subject to review by the Office of Management and Budget. For this reason, this action is also not subject to Executive Order 13211, “Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use” (66 FR 28355, May 22, 2001). This action merely approves state law as meeting Federal requirements and imposes no additional requirements beyond those imposed by state law. Accordingly, the Administrator certifies that this rule will not have a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 et seq.). Because this rule approves pre-existing requirements
