Definitions

For the purpose of this document, we are giving meaning to certain words or initials as follows:

(i) The words or initials Act or CAA mean or refer to the Clean Air Act, unless the context indicates otherwise.

(ii) The words EPA, we, us or our mean or refer to the United States Environmental Protection Agency.

(iii) The initials SIP mean or refer to State Implementation Plan.

(iv) The word State means the State of Utah, unless the context indicates otherwise.

Section 553 of the Administrative Procedures Act, 5 U.S.C. 553(b)(B) and (d)(3), provides that, when an agency for good cause finds that notice and public procedures are impracticable, unnecessary or contrary to the public interest, the agency may issue a rule without providing notice and an opportunity for public comments.

ACTION: Final rule; technical corrections.

SUMMARY: When EPA approved Utah’s Rule Recodification on February 14, 2006, we inadvertently incorporated by reference rules into the State Implementation Plan (SIP). When EPA approved Utah’s Continuous Emission Monitoring Program on May 15, 2003, we inadvertently failed to remove the older version of the Continuous Emission Monitoring Program rule from the SIP. When EPA approved Revisions to the Utah Administrative Code on November 1, 2006, we inadvertently incorporated by reference incorrect state rules. Finally, when EPA approved Carbon Monoxide provisions for Provo, we inadvertently failed to remove the older version of Control Measures For Area and Point Sources—Carbon Monoxide—Provo. EPA is correcting these errors with this document.

DATES: This rule is effective on May 18, 2007.
