Because of the need to provide immediate guidance for the valuation and payment of benefits in plans with valuation dates during August 2008, the PBGC finds that good cause exists for making the assumptions set forth in this amendment effective less than 30 days after publication.

The PBGC has determined that this action is not a “significant regulatory action” under the criteria set forth in Executive Order 12866.

Because no general notice of proposed rulemaking is required for this amendment, the Regulatory Flexibility Act of 1980 does not apply. See 5 U.S.C. 601(2).

38 CFR Part 3
RIN 2900–AM89

Eligibility Reporting Requirements

AGENCY: Department of Veterans Affairs.

ACTION: Final rule.

SUMMARY: This document amends the adjudication regulations regarding eligibility verification reports for certain parents receiving dependency and indemnity compensation. This amendment is necessary to conform the regulation to statutory provisions.

EFFECTIVE DATE: This amendment is effective July 15, 2008.

FOR FURTHER INFORMATION CONTACT: Maya Ferrandino, Regulations Staff (211D), Compensation and Pension Service, Veterans Benefits
The Office of Management and Budget (OMB) assigns a control number for each collection of information it approves. VA may not sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. Control number 2900–0101 has been assigned for the collection of information under § 3.256.

The amendments to § 3.256 in this final rule remain within the scope of the approved collections of information. This document will not increase the information burden, nor is it a complete discontinuance because VA will continue to request EVRs from individuals who do not meet the exception requirements under section 1315(e). The amendments are a slight modification that applies to the narrow group of people who meet the exception. Any reduction in the burdens imposed by this approved collection will be identified and addressed in the extension request that VA must submit to OMB before July 31, 2008.

Regulatory Flexibility Act
The Secretary hereby certifies that this final rule will not have a significant economic impact on a substantial number of small entities as they are defined in the Regulatory Flexibility Act, 5 U.S.C. 601–612. This final rule would not affect any small entities. Only VA beneficiaries could be directly affected. Therefore, pursuant to 5 U.S.C. 605(b), this final rule is exempt from the initial and final regulatory flexibility analysis requirements of sections 603 and 604.

Executive Order 12866
Executive Order 12866 directs agencies to assess all costs and benefits of available regulatory alternatives and, when regulation is necessary, to select regulatory approaches that maximize net benefits (including potential economic, environmental, public health and safety, and other advantages; distributive impacts; and equity). The Executive Order classifies a “significant regulatory action,” requiring review by OMB unless OMB waives such review, as any regulatory action that is likely to result in a rule that may: (1) Have an annual effect on the economy of $100 million or more or adversely affect in a material way the economy, the productivity of competition, jobs, the environment, public health or safety, or State, local, or tribal governments or communities; (2) create a serious inconsistency or otherwise interfere with an action taken or planned by another agency; (3) materially alter the budgetary impact of entitlements, grants, user fees, or loan programs or the rights and obligations of recipients thereof; or (4) raise novel legal or policy issues arising out of legal mandates, the President’s priorities, or the principles set forth in the Executive Order.

The economic, interagency, budgetary, legal, and policy implications of this final rule have been examined and it has been determined not to be a significant regulatory action under Executive Order 12866.

Unfunded Mandates
The Unfunded Mandates Reform Act of 1995 requires, at 2 U.S.C. 1532, that agencies prepare an assessment of anticipated costs and benefits before issuing any rule that may result in the expenditure by State, local, and tribal governments, in the aggregate, or by the private sector, of $100 million or more (adjusted annually for inflation) in any year. This final rule would have no such effect on State, local, and tribal governments, or on the private sector.

Catalog of Federal Domestic Assistance Numbers and Titles
The Catalog of Federal Domestic Assistance program numbers and titles for this proposal are 64.102, Compensation for Service-Connected Deaths for Veterans’ Dependents and 64.110, Veterans Dependency and Indemnity Compensation for Service-Connected Death.
