The Government Procurement Conference is a national conference fostering business partnerships between the Federal Government, its prime contractors, and small, minority, service-disabled veteran-owned, veteran-owned, HUBZone, and women-owned businesses. Now in its 31st year, the Government Procurement Conference has become the premier event for small businesses throughout the United States.

Participating firms have the benefit of marketing their products/services to procurement representatives and small business specialists from government agencies. Companies may choose to set up an exhibit table to showcase their capabilities or simply come as an attendee.

The conference also includes educational conference sessions, procurement matchmaking and a dynamic exhibit showcase.
