

## **James J. Wood Bio**

Associate Executive Director  
Office of Facilities Acquisition

Office of Construction and Facilities Management

James Wood is the Associate Executive Director, Office of Facilities Acquisition within the Office of Construction and Facilities Management (CFM.) He received appointment to the position in December 2018 overseeing Major Construction, Architect and Engineering (A/E) contracting as well as Procurement Policy. He serves as the principle advisor to the Executive Director, Office of Construction and Facilities Management providing procurement policy oversight, Federal Acquisition Certification (FAC-C) program management, and ensures creative, comprehensive, and effective facilities acquisition processes and procedures nationwide. Mr. Wood oversees construction and A/E policy and procedure development, contract negotiations, and serves as the Head of Contracting Activity (HCA) responsible for approving all VA Major construction contracts. Prior to his current appointment, Mr. Wood served as the CFM Director of National Acquisition Support and Director of Construction and A/E Policy. He also served as the Division Chief for Construction, Services, Medical Sharing, and Leasing for the Veterans Health Administration (VHA) Network Contracting Office (NCO) 6 in Hampton VA.

Mr. Wood is a 20-year Veteran of the U.S. Air Force. He has over 40 years of commercial and residential construction experience, 35 years of organizational management experience, and holds a Master of Arts from the University of Maryland in Management and Business, a Master of Divinity from Lutheran Theological Southern Seminary in Theology, and a Bachelor of Science in Management from the University of Maryland. Mr. Wood is a highly experienced Level III Senior Contracting Officer with a VA Unlimited Warrant.
