**INSTALL EXAMPLE ..... 7**  
**POST INSTALLATION ..... 11**

## Introduction

---

This update contains the following:

1. The Toxic Exposure Screening reminder dialog template was updated with branching logic using USER CLASS.
  - a. If a person with the user class PHYSICIAN, PHYSICIAN ASSISTANT, NURSE PRACTITIONER or RN TES NAVIGATOR opens the toxic exposure screening reminder, they will see a comprehensive version that includes the screening and the follow up eliminating the need to complete the separate Toxic Exposure Screening Follow-Up reminder if applicable to the patient.
  - b. Other users will see the screen only and if the screen indicates a follow up is needed, they should notify a MD/DO/APRN/PA with clinical privileges or RN TES Navigators with required scope of practice of need for completion of Toxic Exposure Screening Follow-Up reminder.
2. The Toxic Exposure Screening Follow-Up reminder was updated to add two new options
  - a. **Veteran declines further assistance at this time** – this will resolve the reminder
  - b. **Unable to contact Veteran/caregiver for follow-up of toxic exposure concerns.** – this option will not resolve the reminder but the patient will fall off the national report after 2 documented contact attempts
3. The Toxic Exposure Screening Follow-Up reminder will stay due for one year, if it has not been completed in one year, it will no longer be applicable, and the Toxic Exposure Screening reminder will be due again.
4. Additional guidance was added in the Toxic Exposure Screening Follow-Up reminder dialog.
5. A new hyperlink was added for the PACT ACT Benefit Flyer to the hyperlink sections throughout the dialog. [PACT Act Benefits flyer 9 508 \(va.gov\)](#)
6. There are minor wording and spacing changes throughout both dialogs.

UPDATE\_2\_0\_307B contains 1 Reminder Exchange entry:  
UPDATE\_2\_0\_307B TOXIC EXPOSURE SCREEN REMINDER UPDATE

**The exchange file contains the following components:**

**Install Details**

---

This update is being distributed as a web host file. The address for the host file is:  
[https://REDACTED /UPDATE\\_2\\_0\\_307B.PRD](https://REDACTED /UPDATE_2_0_307B.PRD)

The file will be installed using Reminder Exchange, programmer access is not required.

Installation:

=====

This update can be loaded with users on the system. Installation will take less than 10 minutes.

## Pre-Install

---

1. Any local modifications to template fields or to the dialog will be overwritten. Please make note of your local modifications prior to re-entering them in the post-install.

Inquire/print the following reminder dialog elements to identify if you have any orders added as an additional finding and/or if you have changed the reminder dialog text:

VAL-TOXIC EXPOSURE SCREENING LOCAL CONTACT INFO  
VAL-TOXIC EXPOSURE SCREENING REGISTRY EXAM CONSULT  
VAL-TOXIC EXPOSURE SCREENING REGISTRY EXAM TES NAV  
VAL-TOXIC EXPOSURE SCREENING REGISTRY EXAM SOCIAL  
WORK

You will add these orders back and update the dialog text in the post install.

### 2. Create a NEW User Class in VistA:

In the toxic exposure screening reminder, branching logic is used to show a comprehensive screening option based on user class. The comprehensive screening includes the follow up and should be completed by MD/DO/APRN/PA with clinical privileges or RN TES Navigators with required scope of practice and training.

To facilitate this, sites need to create a new user class called **RN TES NAVIGATOR** to assign to the appropriate RNs if needed.

After creating the user class RN TES NAVIGATOR, assign this to any RNs at your site who are considered RN TES Navigators for the purpose of processing the clinical reminders (they should have clinical privileges, the required scope of practice and have completed the appropriate training). ***This is optional.*** Not all sites will use RNs in this role, so check first with your leadership to see who should have this user class assigned.

After you create the new user class, you will add this new user class as a subcategory to the NURSE user class.

#### Steps to Create User Class:

From User Class Management Menu:

--- User Class Management Menu ---

- 1 User Class Definition
- 2 List Membership by User
- 3 List Membership by Class
- 5 Manage Business Rules

Select User Class Management Option: **1** User Class Definition  
 Select User Class Status: ACTIVE// **<enter>** Active  
 Start With Class: FIRST// **<enter>**  
 Go To Class: LAST// **<enter>**  
 Searching for the User Classes.....  
 Select Action: Next Screen// **CR** Create a Class  
 Select CLASS: **RN TES NAVIGATOR**  
 Are you adding "RN TES NAVIGATOR" as a new USR CLASS (the 126TH)?  
 No// **Y**  
 NAME: **RN TES NAVIGATOR** Replace **<enter>**  
 DISPLAY NAME: **RN TES NAVIGATOR** Replace **<enter>**  
 ABBREVIATION: **TESNAV****<enter>**  
 ACTIVE: **1** Active  
 Select SUBCLASS: **<enter>** .....

After it is created, you will add it as a subclass to your NURSE entry.

Use the FIND option and locate your entry for Nurse – it should display as +NURSE

ACTIVE USER CLASSES		125 Classes
Class Name	Abbrev	
56 MEDICAL TECHNOLOGIST	MTECH	
57 +NURSE	NURSE	
58 NURSE ANESTHETIST	NRSANES	
59 NURSE CLINICAL SPECIALIST	NRSSPEC	
60 NURSE LICENSED PRACTICAL	LPN	
61 NURSE PRACTITIONER	NRSPRAC	
62 NURSE STUDENT		
63 NURSING ASSISTANT	NA	
64 NURSING SUPERVISOR	NRSSUP	
65 OCCUPATIONAL THERAPIST	OT	
66 OCCUPATIONAL THERAPY ASSISTANT	OTA	
67 OCCUPATIONAL THERAPY STUDENT	OTS	
68 OPERATING ROOM TECHNICIAN	ORTECH	
69 OPHTHALMOLOGIST	OPTH	
70 OPTOMETRIST	OPTOM	
+ Next Screen - Prev Screen ?? More Actions		

Select Action: Next Screen// **ed** Edit User Class  
 Select Class(s): (56-70): **57**

Select Action: Next Screen// **ED** Edit User Class  
 Select Class(s): (56-70): **57** (this number will vary by site)  
 Editing #57  
 NAME: NURSE//**<enter>**  
 DISPLAY NAME: Nurse// **<enter>**  
 ABBREVIATION: NURSE// **<enter>**  
 ACTIVE: Active// **<enter>**  
 Select SUBCLASS: NURSE LICENSED PRACTICAL// **RN TES NAVIGATOR**  
 Are you adding 'RN TES NAVIGATOR' as a new SUBCLASS?  
 No// **Y** (Yes)  
 Select SUBCLASS: **<enter>**

**\*\* You will need to assign this newly created User Class as an additional user class to any RNs who are considered RN TES Navigators with required scope of practice and authorized to complete the TES Follow up . Not every site will have RNs in this role, if your site does not have anyone in that role, you will not need to assign to any users\*\***

# Install Example

To Load the exchange file, use LWH. The URL is https://REDACTED /UPDATE\_2\_0\_307B.PRD

```
+      + Next Screen  - Prev Screen  ?? More Actions  >>>
CFE  Create Exchange File Entry      LHF  Load Host File
CHF  Create Host File                 LMM  Load MailMan Message
CMM  Create MailMan Message           LR   List Reminder Definitions
DFE  Delete Exchange File Entry       LWH  Load Web Host File
IFE  Install Exchange File Entry      RI   Reminder Definition Inquiry
IH   Installation History             RP   Repack
Select Action: Next Screen// LWH  Load Web Host File
Input the URL for the .prd file: https://[REDACTED]/UPDATE_2_0_307B.PRD
```

You should see a message that the file was loaded successfully.

Search and locate an entry titled UPDATE\_2\_0\_307B TOXIC EXPOSURE SCREEN REMINDER UPDATE in reminder exchange.

```
+Item  Entry                                     Source                                     Date Packed

You will then be returned to this screen. At the **Select Action** prompt, type **Q**.

Install complete.

## Post Installation

---

1. Open the reminder Toxic Exposure Screening and confirm the version displays as 2.2
2. Open the reminder Toxic Exposure Screening Follow-up and confirm the version displays as 2.2.
3. **Using your pre-install inquiry, update the dialog text and findings:**
  - a. In Vista, using the menu, Reminder Dialog Management, Reminder Dialogs, change your view to Element view. Search for and find the element VAL-TOXIC EXPOSURE SCREENING LOCAL CONTACT INFO. Edit the DIALOG/PROGRESS NOTE TEXT and replace the lines with "xxxxxxx" with the text for local contacts you identified in the pre-install.
  - b. Add consult/referrals to follow up reminder. Review your pre-install inquiry and edit the additional findings and dialog text to match.
    - VAL-TOXIC EXPOSURE SCREENING REGISTRY EXAM CONSULT – represents a Consult/Referral to Registry Program
    - VAL-TOXIC EXPOSURE SCREENING REGISTRY EXAM TES NAV – represents a Consult/Referral to TES Navigator
    - VAL-TOXIC EXPOSURE SCREENING REGISTRY EXAM SOCIAL WORK – represents a Consult/Referral to Social Work

To add a quick order, in Vista, using the menu, Reminder Dialog Management, Reminder Dialogs, change your view to Element view. Search for and find the appropriate element and add your quick order as an Additional Finding – DO NOT CHANGE OR REMOVE THE HEALTH FACTOR IN THE FINDING FIELD.
