Introduction

The Mental Health Residential Rehabilitation Treatment Program (MH RRTP) Screening, Status Update, and Discharge Templates were developed by the Veterans Health Administration Office of Mental Health and Suicide Prevention in collaboration with MH RRTP managers from several VISNs, VISN and facility mental health leadership, and other subject-matter-experts. The dialogs were first released in July 2018 in Update_2_0_44 and updated in November 2020 in Update 2_0_104. This update includes several revisions to each of the three dialogs.

The templates were designed to address the need for critical information at the time of screening, while waiting for admission (Status Update), and at the time of discharge. The purpose of the three templates is to use national health factors to capture local data to improve the ability of programs to more accurately track wait times and provide local outcome data.

The three templates are brief and designed to be integrated into existing, local processes for documentation. The templates do not reflect the full scope of typical documentation for screening, discharge and clinical encounters with the hope that this will maximize flexibility in local implementation.

Programs are not required to use a standard note template. Programs are strongly encouraged to integrate the templates into existing documentation processes so accurate and reliable data will be available to the programs.

This update will update the following reminder content:

Post-Install

1. Setup of Note Titles

(If the dialogs are already linked to shared templates and note titles, then these steps can be skipped.)

If you do not have RRTP note titles, you can create new note titles to connect to the reminder dialogs included in this update. These note titles are not required.

You will need to create 3 new note titles – one for each reminder dialog.
The VHA Enterprise Standard Title for all is: **MENTAL HEALTH NOTE**

Note Title #1: MHR RTP SCREENING

Note Title #2: MHR RTP STATUS UPDATE

Note Title #3: MHR RTP DISCHARGE

Comprehensive information on Creating Document Definitions can be found beginning on page 47 of the [TIU/ASU Implementation Guide](#)

Note: Please review the content of these new dialogs, if you have existing notes and reminder dialogs that you use in the RRTP setting, you can incorporate the contents of these templates into your existing local dialog by adding the main groups. Please work with your RRTP staff to decide the best way to incorporate these components into your local processes.

2. Link dialogs to Shared Templates and/or link to Note Title. (If the dialogs are already linked to shared templates and note titles, then these steps can be skipped.)

3. Compare the reminder term VA-HOMELESSNESS - ALREADY RECEIVING SERVICES to the pre-install inquiry

*if you skipped this reminder term during installation, it should not be changed.

Using the menu, Reminder Manager, Reminder Term Management, Add/Edit Reminder Term, edit the reminder term VA-HOMELESSNESS - ALREADY RECEIVING SERVICES to align with your pre-install inquiry.

If your site did not have the mapped finding(s) CF.VA-PROGRESS NOTE pre-installation, you can delete those finding items from the term.

If your site DID have the mapped finding(s) CF.VA-PROGRESS NOTE, then update the computer finding parameter field of those finding items and replace the *** with your pre-install mapped item.

4. Add the orderable items within the dialog:

Using the menu, Reminder Dialog Management, Reminder Dialogs, Change the view to element. Search for the following elements and edit to align with your pre-install inquiry.

VA-OI HOMELESS REFERRAL

VA-OI SOCIAL WORK REFERRAL

VAL-OI SOCIAL WORK REFERRAL

VAL-OI DIETARY REFERRAL
