Introduction

Description:

Long COVID Clinic Consultation and Consultation Response: Currently in the pilot phase, these templates were developed to refer a Veteran with Long COVID symptoms to a Long COVID Clinic for further evaluation or treatment.

This release includes a txml template that can be used with your local consult to your long covid clinic in addition to the reminder dialog template.

The Long COVID Clinic Consultation txml template was developed to allow providers, from a variety of settings, to solicit input in the care of a Veteran with known or suspected Long COVID. The template can be used as a one-time consult or for continued care in a Long COVID Clinic. The referring provider indicates symptom(s) that are of concern and may require further evaluation or treatment. The Long COVID Clinic team will review the request and determine appropriate treatment plan.

The Long COVID Clinic Consultation Response reminder dialog template was developed to allowing the Long COVID Clinic team to respond to consultation request. Responding clinician will provide feedback for treatment outside of the Long COVID Clinic or develop a treatment plan within the Long COVID Clinic environment. Information collected using this template can be used as the baseline assessment of symptoms to track Veteran response to treatment plan.

This reminder dialog consultation response template can be attached to a consult note title to respond to/close the long-COVID-19 consult or your facility can add it to the shared template folder or other note title to work with your workflow.

UPDATE_2_0_365 contains 1 Reminder Exchange entry:

UPDATE_2_0_365 VA-LONG COVID-19 CONSULT RESPONSE

Install Details

This update is being distributed as a web host file. The address for the host file is:
https://Redacted /UPDATE_2_0_365.PRD

The file will be installed using Reminder Exchange, programmer access is not required.

Installation:

=====

This update can be loaded with users on the system. Installation will take less than 5 minutes.

Pre-Install

When you install in production, two elements will get overwritten, these elements contain local patient data objects for Address and Telephone and are used in multiple VVC templates.

Using the menu Reminder Dialog Management, Reminder Dialogs, change your view to Element. Inquire into the following elements and review the dialog text, this will assist you in identifying what objects to add back post-installation.

- VAL-TH VVC TELEPHONE TRIAGE PATIENT LOCATION HOME
- VAL-TH VVC TELEPHONE TRIAGE CONTACT PHONE OBJECT

Install Example

To Load the exchange file, use LWH. The URL is https://Redacted/UPDATE_2_0_365.PRD

```
+      + Next Screen      - Prev Screen      ?? More Actions      >>>
CFE  Create Exchange File Entry      LHF  Load Host File
CHF  Create Host File                LMM  Load MailMan Message
CMM  Create MailMan Message          LR   List Reminder Definitions
DFE  Delete Exchange File Entry      LWH  Load Web Host File
IFE  Install Exchange File Entry     RI   Reminder Definition Inquiry
IH   Installation History            RP   Repack
Select Action: Next Screen// LWH      Load Web Host File
Input the URL for the .prd file: https://          UPDATE_2_0_365.PRD
```

You should see a message that the file was loaded successfully.

Search and locate an entry titled UPDATE_2_0_365 VA-LONG COVID-19 CONSULT RESPONSE in reminder exchange.

```

You will then be returned to this screen. At the **Select Action** prompt, type **Q**.

Install complete.

Post Installation

These first two post install steps should be completed by every site after installation:

- 1. Add your local DATA OBJECT FOR PATIENT ADDRESS** to the following element: VAL-TH VVC TELEPHONE TRIAGE PATIENT LOCATION HOME
Using the menu Reminder Dialog Management, Reminder Dialogs, change your view to Element.
Search for and edit the following element: VAL-TH VVC TELEPHONE TRIAGE PATIENT LOCATION HOME
- 2. Add your local DATA OBJECT FOR PATIENT PHONE NUMBER** to the following element: VAL-TH VVC TELEPHONE TRIAGE CONTACT PHONE OBJECT
Using the menu Reminder Dialog Management, Reminder Dialogs, change your view to Element.
Search for and edit the following element: VAL-TH VVC TELEPHONE TRIAGE CONTACT PHONE OBJECT

Sites that do not have a long covid program do not need to complete any remaining post install setup.

3. Setup of Note Title.

The suggested note title to create to associate with this template is:

LONG COVID-19 CONSULT RESPONSE

****if your site has a specific consult note naming convention you can change this to align with your local practices, you can also decide to set up in the shared template folder only and not associate with a note title – consult with your local LONG-COVID-19 program on what their preference is ****

VHA Enterprise Standard Title: CONSULT

You can add this to your consult document class. (if this will be used to close a consult)

Note: Comprehensive information on Creating new Document Classes and Titles can be found beginning on page 54 of the TIU/ASU Implementation Guide at the following link: [http://www.va.gov/vdl/documents/Clinical/CPRS-Text_Integration_UTILITY_\(TIU\)/tiuim.pdf](http://www.va.gov/vdl/documents/Clinical/CPRS-Text_Integration_UTILITY_(TIU)/tiuim.pdf)

4. Make the Dialog templates available to be attached to a Personal or Shared templates or to be able to attach the dialog to a progress note title.

Select Reminder Managers Menu <TEST ACCOUNT> Option: **CP CPRS**

Reminder Configuration

- CA Add/Edit Reminder Categories
- CL CPRS Lookup Categories
- CS CPRS Cover Sheet Reminder List
- MH Mental Health Dialogs Active
- PN Progress Note Headers
- RA Reminder GUI Resolution Active
- TIU TIU Template Reminder Dialog Parameter**
- DEVL Evaluate Coversheet List on Dialog Finish
- DL Default Outside Location
- PT Position Reminder Text at Cursor
- LINK Link Reminder Dialog to Template
- TEST CPRS Coversheet Time Test
- NP New Reminder Parameters
- GEC GEC Status Check Active
- WH WH Print Now Active

Select CPRS Reminder Configuration <TEST ACCOUNT> Option: **TIU TIU**

Template Reminder Dialog Parameter

Reminder Dialogs allowed as Templates may be set for the following:

- 1 User USR [choose from NEW PERSON]
- 3 Service SRV [choose from SERVICE/SECTION]
- 4 Division DIV [SALT LAKE CITY]
- 5 System SYS [NATREM.FO-SLC.MED.VA.GOV]

Enter selection: **5** *Choose the appropriate number for your site. Your site may do this by System or other levels. The example below uses SYSTEM level.*

Setting Reminder Dialogs allowed as Templates for System: NATREM.FO-SLC.MED.VA.GOV

Select Display Sequence: **?**

388 VA-COVID-19 TELEPHONE FOLLOW-UP

389 VA-SRA-CONSULT RESPONSE (D)

*When you type a question mark above, you will see the list of #'s (with dialogs) that are already taken. Choose a number **NOT** on this list. For this example, 390 is not present so I will use 390.*

Select Display Sequence: **390**

Are you adding 390 as a new Display Sequence? Yes// **YES**

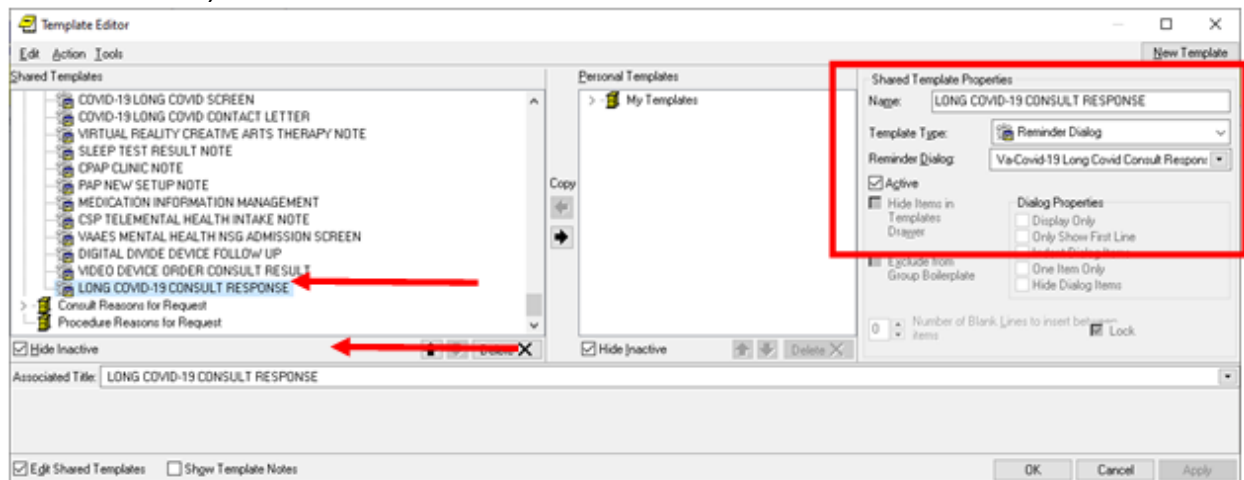

Display Sequence: 390// **<Enter>** 390

Clinical Reminder Dialog: **VA-COVID-19 LONG COVID CONSULT RESPONSE**

reminder dialog NATIONAL

...OK? Yes// **<Enter>** (Yes)

5. **Associate the reminder dialogs with the note title in CPRS**
 - a. In CPRS, open the Template Editor, expand Document Titles, select the appropriate folder (if applicable), then click New Template (top right-hand corner).

Type in the following information:

Name: **LONG COVID-19 CONSULT RESPONSE**

Template Type: **Reminder Dialog**

Reminder Dialog: **VA-COVID-19 LONG COVID CONSULT RESPONSE**

Next, type in the Associated Title name **LONG COVID-19 CONSULT RESPONSE** (or the note title you created in step 2)

— then click Apply.

You may also want to add to your shared template folder, consult with your local Long COVID-19 program for their preferences.

6. **Add local object that represents military history.**
Add your local objects that would represent military history to the reminder dialog element VAL-LONG COVID MILITARY HX. Replace the DIALOG/PROGRESS NOTE TEXT “<<insert local data object here>>” with any object(s) that you have that would represent a Veteran’s military history. This could include, branch of service, dates of service and service connection information.

7. **Add local object that represents most recent vital signs.**
Add your local object that would represent the most recent vital signs to the reminder dialog element VAL-LONG COVID FOCUSED EXAM CURRENT VITALS. Replace the DIALOG/PROGRESS NOTE TEXT “<<insert object here>>” with an object that displays the most recent vital signs.

8. **Add additional local items to the consult response section (optional).**
There are 2 disabled reminder dialog groups VAL-GP COVID-19 LONG COVID CONSULT RESPONSE LOCAL and VAL-GP COVID-19 LONG COVID CONSULT RESPONSE LOCAL 2 located below the option to document that well-being signs were reviewed. If your site would like to add additional items to the consult response template, you can edit these groups and add local content.
