#### **REMINDER DIALOG**

VA-GP MISC UPDATE 30

## Pre-Installation

1. From the **Reminder Dialog Management** menu, Inquire/Print (INQ) and capture/save the following ELEMENT:

ELEMENT: VA-ONC RADIATION ONCOLOGY CONSULT

*(Post-install, you will re-map a quick order that is mapped as an additional finding)*

2. From the **Reminder Dialog Management** menu, Inquire/Print (INQ) and capture/save the following Reminder Dialog:

DIALOG: VA-REMOTE TEMPERATURE MONITORING

*(In the Post-Install steps, Elements that have quick orders mapped will need to be 'enabled', and the quick orders re-mapped as additional findings. Also, there may be Elements or Groups showing 'disabled' pre-install that may need to be 'disabled' again post-install)*

## Installation

This update can be loaded with users on the system. Installation will take less than 30 minutes.

This update is being distributed as a web host file. The address for the host file is:

[https://REDACTED/UPDATE\\_2\\_0\\_465.PRD](https://REDACTED/UPDATE_2_0_465.PRD)

The file will be installed using Reminder Exchange, programmer access is not required.

## Install Example

Go to Reminder exchange in Vista.

To Load the exchange file, use LWH. The URL is: [https://REDACTED/UPDATE\\_2\\_0\\_465.PRD](https://REDACTED/UPDATE_2_0_465.PRD)

```
+      + Next Screen  - Prev Screen  ?? More Actions  >>>
CFE  Create Exchange File Entry      LHF  Load Host File
CHF  Create Host File                 LMM  Load MailMan Message
CMM  Create MailMan Message           LR   List Reminder Definitions
DFE  Delete Exchange File Entry       LWH  Load Web Host File
IFE  Install Exchange File Entry      RI   Reminder Definition Inquiry
IH   Installation History              RP   Repack
Select Action: Next Screen// LWH  Load Web Host File ←
```

You should receive a message that the file was successfully loaded into your reminder exchange file.

Search and locate exchange file name:

+ Enter ?? for more actions >>>		
IA	Install all Components	IS Install Selected Component
Select Action: Next Screen// IA		

At the **Select Action** prompt, type **IA** for Install all Components and hit enter.

**You will see several prompts for components. The individual components for which you may (or may not) be prompted are listed below, along with the response you should provide.**

*(The components outlined above are also listed out individually starting on the next page.)*

**If you are prompted for any component NOT listed, you should select **SKIP**.**

**TIU TEMPLATE FIELD** entry named **VA-AAA PROVIDER FACT SHEET** already exists but the packed component is different, what do you want to do?

Select one of the following:

- C Create a new entry by copying to a new name
- O Overwrite the current entry
- U Update
- Q Quit the install
- S Skip, do not install this entry

Enter response: O// **Overwrite** the current entry  
 Are you sure you want to overwrite? N// Y

**TIU TEMPLATE FIELD** entry named **VA-NEPH VACCINE GUIDELINES** already exists but the packed component is different, what do you want to do?

Select one of the following:

- C Create a new entry by copying to a new name
- O Overwrite the current entry
- U Update
- Q Quit the install
- S Skip, do not install this entry

Enter response: O// **Overwrite** the current entry  
 Are you sure you want to overwrite? N// Y

**TIU TEMPLATE FIELD** entry named **VA-SP SUICIDE RISK LINK** already exists but the packed component is different, what do you want to do?

Select one of the following:

- C Create a new entry by copying to a new name
- I Install
- Q Quit the install
- S Skip, do not install this entry

Enter response: O// **Overwrite** the current entry  
 Are you sure you want to overwrite? N// Y

**HEALTH FACTORS** entry **VA-UPDATE\_2\_0\_465** is NEW,  
 what do you want to do?

Select one of the following:

- C Create a new entry by copying to a new name
- I Install
- Q Quit the install
- S Skip, do not install this entry

Enter response: I// **Install**

**HEALTH FACTORS** entry named **VA-NEPHROLOGY CONSULT RESULT [C]** already  
 exists but the packed component is different, what do you want to do?

Select one of the following:

- C Create a new entry by copying to a new name
- O Overwrite the current entry
- U Update
- Q Quit the install
- S Skip, do not install this entry

Enter response: O// **Overwrite** the current entry  
 Are you sure you want to overwrite? N// Y

**REMINDER TAXONOMY** entry **VA-CONGESTIVE HEART FAILURE** is NEW,  
 what do you want to do?

Select one of the following:

- C Create a new entry by copying to a new name
- I Install
- Q Quit the install
- S Skip, do not install this entry

Enter response: I// **Install**

**REMINDER TERM** entry **VA-REMINDER UPDATE\_2\_0\_465** is NEW,  
 what do you want to do?

Select one of the following:

```

C      Create a new entry by copying to a new name
I      Install
Q      Quit the install
S      Skip, do not install this entry

```

Enter response: I// **Install**

**REMINDER DEFINITION** entry **VA-CHF DIAGNOSIS** is NEW,  
what do you want to do?

Select one of the following:

```

C      Create a new entry by copying to a new name
I      Install
Q      Quit the install
S      Skip, do not install this entry

```

Enter response: I// **Install**

You will then be prompted to install the dialog component.

```

```

Select Q for quit to exit the install

## **Post Installation**

1. Refer to the Inquire/Print (INQ) you saved during the Pre-Installation steps for the following ELEMENT:

Element: **VA-ONC RADIATION ONCOLOGY CONSULT**

FINDING ITEM:

Additional findings:

Select ADDITIONAL FINDING: Enter "Q.", then name of local consult quick order

*(Map the quick order identified in the pre-installation step to the additional finding)*

2. Refer to the Inquire/Print (INQ) you saved during the Pre-Installation steps for the following DIALOG:

Dialog: **VA-REMOTE TEMPERATURE MONITORING**

Change the display to Detailed Display (DD), and add quick orders to the additional findings field to any group or element you identify from your saved inquiry.

Select ADDITIONAL FINDING: Enter "Q.", then name of local quick order

*(Map the quick orders identified in the pre-installation step to the additional findings)*

Take Note: After installation, you will want to ensure the elements and/or groups that were 'disabled' pre-install are also 'disabled' post-install. For any element and/or group that had a quick order previously mapped, you will need to ensure those same elements and/or groups are 'enabled' and are re-mapped with the same quick order.

**NOTE:** *If you require further technical assistance, if there are any questions or problems during the installation, please notify your local IT support to log a national help desk ticket or contact the VA Service Desk and have them submit a national ticket to:*
