## **Introduction**

**The first release of these templates supporting the Caregiver Support Program (CSP) occurred in Spring and Fall 2011.**

**In response to feedback from Caregiver Support Coordinators, providers and others in the field regarding the CSP's In-Home Assessment process, adjustments and modifications were made to improve the overall process, including these template changes.**

**We would like to thank the following sites for their participation in the testing of these templates:**

**New Mexico VA HCS (Albuquerque)  
Alexandria HCS  
Amarillo VA HCS  
Butler VAMC  
VA Eastern Kansas HCS  
Michael E. DeBakey VAMC (Houston)  
Clement J. Zablocki VAMC (Milwaukee)  
VA Pittsburgh HCS  
VA St Louis HCS  
Southern Arizona VA HCS (Tucson)**

After installation of this patch, you will find a total of eight reminder dialogs in your system.

**These dialogs are named as follows:**

VA-CSP INITIAL IN-HOME ASSESSMENT REV  
VA-CSP INITIAL IN-HOME ASSESSMENT CHILD NOTE  
VA-CSP INTERIM IN-HOME ASSESSMENT REV  
VA-CSP INTERIM IN-HOME ASSESSMENT CHILD NOTE  
VA-CSP ANNUAL IN-HOME ASSESSMENT REV  
VA-CSP ANNUAL IN-HOME ASSESSMENT CHILD NOTE  
VA-CSP 90 DAY MONITORING ASSESSMENT  
VA-CSP 90 DAY MONITORING ASSESSMENT CHILD NOTE

### **Making the Dialogs Viewable in CPRS**

From the Reminders Manager Menu:

Select Reminder Managers Menu Option: **CP** CPRS Reminder Configuration

CA Add/Edit Reminder Categories  
CL CPRS Lookup Categories  
CS CPRS Cover Sheet Reminder List  
MH Mental Health Dialogs Active  
PN Progress Note Headers  
RA Reminder GUI Resolution Active  
TIU TIU Template Reminder Dialog Parameter  
DL Default Outside Location  
PT Position Reminder Text at Cursor  
NP New Reminder Parameters  
GEC GEC Status Check Active  
WH WH Print Now Active

Select CPRS Reminder Configuration Option: **TIU** TIU Template Reminder Dialog Parameter

Reminder Dialogs allowed as Templates may be set for the following:

1	User	USR	[choose from NEW PERSON]
3	Service	SRV	[choose from SERVICE/SECTION]
4	Division	DIV	[choose from INSTITUTION]
5	System	SYS	[NORTH-FLORIDA.MED.VA.GOV]

Enter selection: **5** System NORTH-FLORIDA.MED.VA.GOV

Setting Reminder Dialogs allowed as Templates  
for System: NORTH-FLORIDA.MED.VA.GOV

Select Display Sequence: **?**

150	MEDICINE PROGRESS NOTE ATTENDING
170	PATIENT DISCHARGE INSTRUCTIONS
180	TIU512 NAD ADMISSION/VITALS
190	TIU512 NAD PAIN
200	TIU512 NAD FUNCTIONAL
210	TIU512 NAD NUTRITION
220	TIU512 NAD SLP

When you type a question mark above, you will see the list of #'s and dialogs that are already taken. Choose a number **NOT** on this list.

For this example, looking above I see the number 160 is not in the list, so I will use 160.

Select Display Sequence: **160**

Are you adding 160 as a new Display Sequence? Yes// **Y** YES

Display Sequence: 160// (hit enter) 160

Clinical Reminder Dialog: **VA-CSP INITIAL** IN-HOME ASSESSMENT REV

reminder dialog LOCAL

...OK? Yes// (hit enter) (Yes)

Select Display Sequence:

It takes you back to this prompt, at which point you can add the rest until you have sequenced all eight dialogs.

Next, you will be setting up the note titles, which includes the use of Interdisciplinary Notes.

## Background on Interdisciplinary Notes

### Interdisciplinary Notes

Interdisciplinary Notes are a feature of Text Integration Utilities (TIU) for expressing notes from different care givers as a single episode of care. They always start with a single note by the initial contact person (e.g., triage nurse, attending) and continue with separate notes created and signed by other providers and attached to the original note.

### The Parent Note

You start any interdisciplinary note with a parent note. A parent is a note title that includes an ASU (Authorization/Subscription Utility) rule allowing attachments. Your facility should have set up these titles with unique names that allow you to easily identify them.

Only certain members of your team should start Interdisciplinary Notes. To establish a parent note for a patient and a specific episode of care, all they do is create a note with the proper title, and sign it.

### The Child Note(s)

*Continue an interdisciplinary note by attaching one or more child notes to the parent note. The intention is for each child note to be by a different provider involved in this episode of care. Again your facility has established a number of notes with unique titles to act as child notes.*

Above information taken from page 55 of the [TIU Coordinator & User Manual](#)

### Side note about use of Interdisciplinary Notes:

While the parent notes will be entered by several disciplines, the child notes will be entered into CPRS only by the Caregiver Support Coordinators (CSCs). We understand this functionality may be unfamiliar for some sites. If this process is new to you and/or your facility, you will want to familiarize yourself with the process for attaching a child note to the parent note, in case end-users have questions related to this.

Information related to entering and maintaining Parent/Child Interdisciplinary Notes can be found on pages 42-48 of the [TIU Coordinator & User Manual](#).

We also are providing the CSCs detailed guidance for this.

## Note Titles

\* Comprehensive information on Creating Document Definitions and Moving Definitions from one Document Class to another can be found beginning on page 51 of the [TIU/ASU Implementation Guide](#)

With the eight dialogs, one note title is needed for each.

*All note titles are to be mapped to the following VHA Enterprise Standard Title:*

CAREGIVER CERTIFICATE

\*\*All of the templates are to be used as parent/child notes.

The following gives instructions for each of the note titles assuming the existence of a parent document class and a child document class. If your site utilizes a different process for setting up Interdisciplinary notes (i.e. business rules), please disregard these instructions and *follow your established guidelines for setting up Interdisciplinary documents*. In the end, you will have 4 parent notes and 4 child notes.

1) The following title should already exist and only needs to be modified to **parent** status:

CAREGIVER PROGRAM INITIAL IN-HOME ASSESSMENT

2) The three *\*new\** **parent** note titles that need to be created are:

CAREGIVER PROGRAM INTERIM IN-HOME MONITORING ASSESSMENT

CAREGIVER PROGRAM ANNUAL IN-HOME MONITORING ASSESSMENT

CAREGIVER PROGRAM 90 DAY MONITORING ASSESSMENT

3) The four *\*new\** **child** note titles that need to be created are:

CAREGIVER PROGRAM INITIAL IN-HOME ASSESSMENT CHILD NOTE

CAREGIVER PROGRAM INTERIM IN-HOME ASSESSMENT CHILD NOTE

CAREGIVER PROGRAM ANNUAL IN-HOME ASSESSMENT CHILD NOTE

CAREGIVER PROGRAM 90 DAY MONITORING ASSESSMENT CHILD NOTE

# 1) Moving the Initial In-Home Assessment Note to the Parent Document Class

**\*\*Please note: Moving note titles from one document class to another can be taxing on system resources. If this note title has been used frequently at your facility, we advise you wait until the end of the day or other NON-PEAK usage times to move it, as this process may significantly affect your system's performance.**

To move the existing note title to the parent document class, you will need to edit the Document Definition.

From the TIU CLINICAL COORDINATOR MENU:

```
USR  User Class Management ...
      Document Definitions (Manager) ...
      Progress Notes Print Options ...
      Progress Notes/Discharge Summary [TIU] ...

+	?Help >ScrollRight PS/PL PrintScrn/List +/-	>>>
	Jump to Document Def Status...	Delete
	Boilerplate Text Name/Owner/PrintName...	Copy/Move

Select Action: Next Screen// **COP** Copy/Move

Select Copy/Move Action: (MT/MD/C/U): MT// MOVE TITLE (hit enter)

WARNING: This action affects inheritance and can CHANGE DOCUMENT BEHAVIOR. It DISREGARDS ownership. It may take awhile if the Title has many documents. Please use caution and DON'T TOUCH entries you are not responsible for.

Press RETURN to continue or '^' or '^ ^' to exit:

Select Title to Move: (59-72): **59**

Selecting target Document Class. Enter '??' for a list of selectable ones. You may not select PRF Flag Document Classes or Document Classes outside the original Class.

Select TIU DOCUMENT CLASS NAME to Move Title to: **INTERDIS**

```

  1 INTERDIS CHILD DOCUMENT      DOCUMENT CLASS
  2 INTERDIS PARENT DOCUMENT    DOCUMENT CLASS

```

CHOOSE 1-2: **2** INTERDISC PARENT DOCUMENT DOCUMENT CLASS  
 (be careful to choose your facility's PARENT document class for this note, not the CHILD)

.....  
 ...Title Inactivated, Moved to INTERDISC PARENT DOCUMENT.

Processing documents that use this Title.....  
 Done. All documents updated for selected Title.

Press RETURN to continue or '^' or '^ ^' to exit:  
 Since the Title is in a new Document Class, it now inherits from a new parent wherever it lacks its own values, and its behavior may differ from before. It may also differ from its new siblings wherever it HAS its own values and siblings INHERIT them.

Please check Title thoroughly before reactivating. Check Business Rules, TIU Document Parameters, and Document Definition attributes including Basic, Technical, and Upload fields.

Notice above that moving the document to a different class also inactivates the title, so we need to re-activate the title. Shown below:

At the prompt above, you can create the next child note document definition.  
A total of four child notes need to be created:

CAREGIVER PROGRAM INITIAL IN-HOME ASSESSMENT CHILD NOTE  
CAREGIVER PROGRAM INTERIM IN-HOME ASSESSMENT CHILD NOTE  
CAREGIVER PROGRAM ANNUAL IN-HOME ASSESSMENT CHILD NOTE  
CAREGIVER PROGRAM 90 DAY MONITORING ASSESSMENT CHILD NOTE

## Changing Print Name to Follow Local Naming Convention

We understand many sites utilize existing naming conventions for document definitions, including Interdisciplinary notes. Facilities with these guidelines already in place are allowed to continue using local naming conventions.

Although **the NAME field for each title must remain as indicated in this document**, sites may modify the Print Name of each title to follow local policy. This is done by editing the note title after it has been created.

If your site wishes to modify the Print Name, instructions are below (using the Interim Child Note as the example).

First, the title must be in inactive status.

This can be done through the Edit Document Definitions option.

From the TIU CLINICAL COORDINATOR MENU: **DOC**ument Definitions (Manager)

--- Manager Document Definition Menu ---

- 1 Edit Document Definitions
- 2 Sort Document Definitions
- 3 Create Document Definitions
- 4 Create Objects
- 5 Create TIU/Health Summary Objects

```

Select Action: Next Screen// BAS  Basics
NAME: CAREGIVER PROGRAM INTERIM IN-HOME ASSESSMENT CHILD NOTE
Replace (hit enter)
ABBREVIATION: (hit enter)
PRINT NAME: CAREGIVER PROGRAM INTERIM IN-HOME ASSESSMENT CHILD NOTE
Replace ... With CAREGIVER PROGRAM INTERIM IN-HOME ASSESSMENT (C)
Replace (hit enter)
CAREGIVER PROGRAM INTERIM IN-HOME ASSESSMENT (C)

```

The Print Name above is the field where sites can alter the title to follow local nomenclature. In the example above, I chose to add (C) in place of the words CHILD NOTE. This will vary depending on local policy. After this, you can hit enter through the rest of the fields, re-activate the title, and return back to the Detailed Display.

EVERY Local Title must be mapped to a VHA Enterprise Standard Title.

Direct Mapping to Enterprise Standard Title...

Your LOCAL Title is: CAREGIVER PROGRAM INTERIM IN-HOME ASSESSMENT CHILD NOTE

NOTE: Only ACTIVE Titles may be selected...

The LOCAL Title: CAREGIVER PROGRAM INTERIM IN-HOME ASSESSMENT CHILD NOTE  
is already mapped to  
VHA Enterprise Title: CAREGIVER CERTIFICATE

Do you want to RE-MAP it? NO// (hit enter)

... OK, No Harm Done!

TYPE: (TL): TL// (hit enter) TITLE

CLASS OWNER: CLINICAL COORDINATOR// (hit enter) CLINICAL COORDINATOR

SUPPRESS VISIT SELECTION: NO// (hit enter)

STATUS: (A/I/T): INACTIVE// **A** ACTIVE Entry Activated.

You will now see the Print Name reflects the changes made:

## Associating the Reminder Dialogs with the Note Titles

First, in Template Editor (CPRS) you will need to switch out the revised Initial In-Home Assessment Reminder Dialog in its corresponding note title.

To do this, go into Template Editor, then to Document Titles, and find your current template that is linked to the note title.

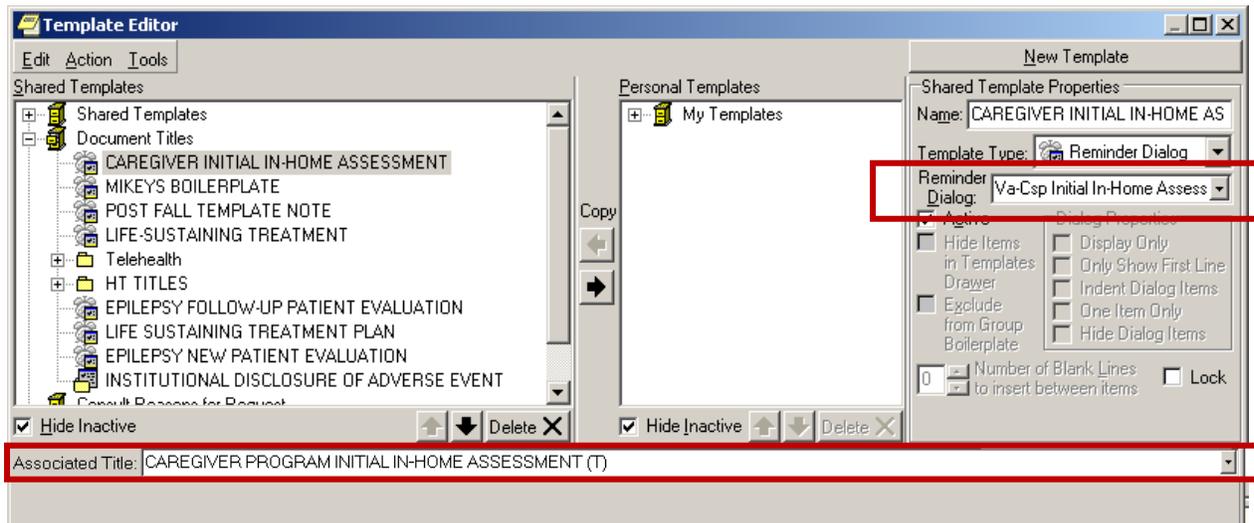

Below is our current set-up for the INITIAL In-Home Assessment:

As you see above, the current linked Reminder Dialog is:  
VA\*CG CAREGIVER INITIAL IN-HOME ASSESSMENT

Switch this Reminder Dialog out with the new one:  
VA-CSP INITIAL IN-HOME ASSESSMENT REV

Make sure the Associated Title is still linked to the template, then Hit Apply.

Second, you will need to modify the Document Titles in Template Editor for two of the other parent notes. For this, you will be switching out the old Reminder Dialog for the new Reminder Dialog *as well as* associating the respective new Note Title.

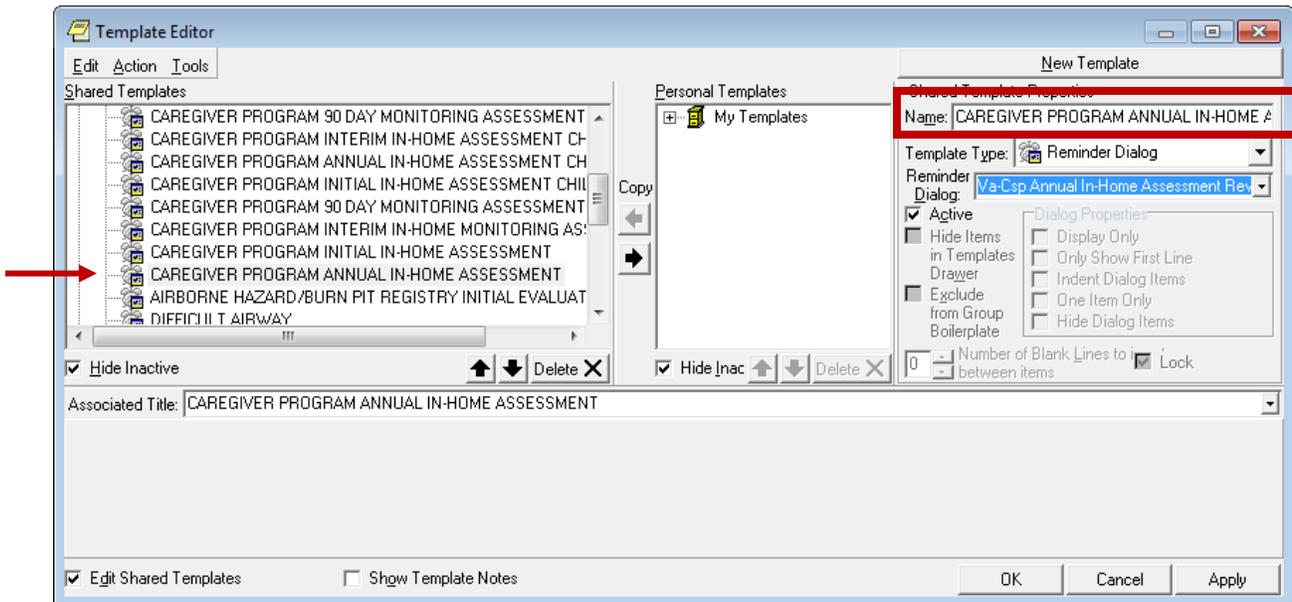

To do this, go into Document Titles and find your current template that is linked to the old note title.

For this example, I will use the ANNUAL IN-HOME MONITORING ASSESSMENT note.

Once you have found this template in Template Editor, on the right-hand side you will want to change out the old Reminder Dialog for the new Reminder Dialog and hit apply.

OLD Reminder Dialog: VA\*CG CAREGIVER ANNUAL IN-HOME ASSESSMENT

NEW Reminder Dialog: VA-CSP ANNUAL IN-HOME ASSESSMENT REV

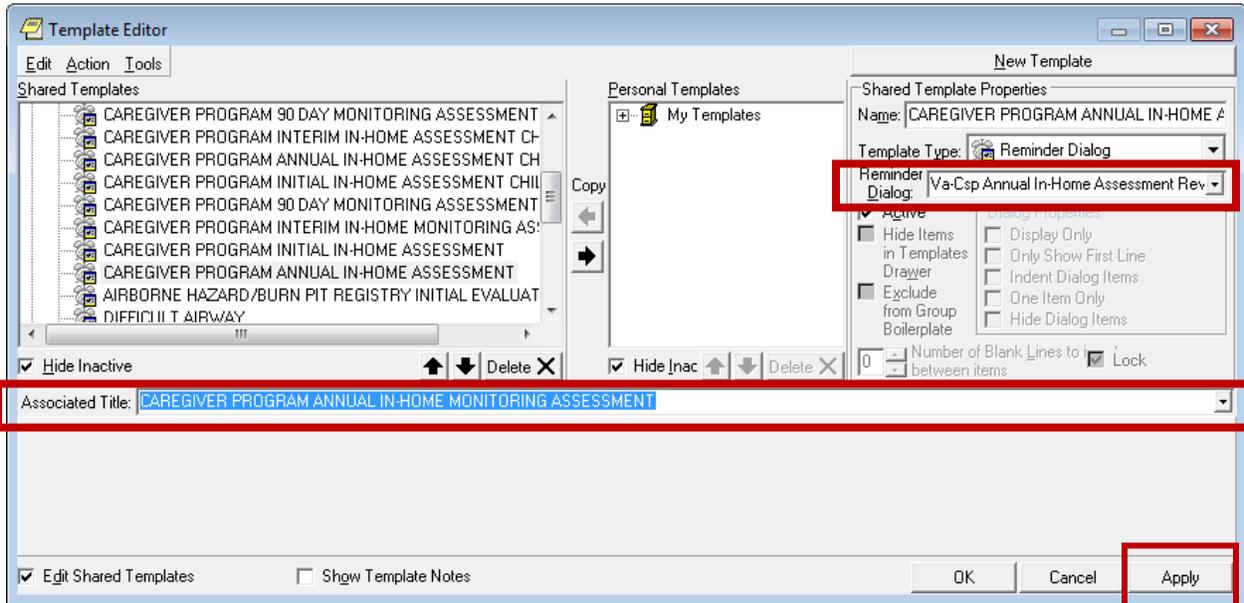

After this is complete, you will need to disassociate the old Note Title for the new Note Title.

To do this, position the cursor at the end of the “Associated Title” field and Backspace to beginning of the line. Then, type in the new title, ensuring you choose the correct one (the word MONITORING has been added to new title).

**OLD title:** CAREGIVER PROGRAM ANNUAL IN-HOME ASSESSMENT

**NEW title:** CAREGIVER PROGRAM ANNUAL IN-HOME **MONITORING** ASSESSMENT

After ensuring the new Reminder Dialog is linked to the new Title, select Apply.

You will then repeat this process for the INTERIM note.

**OLD Reminder Dialog:** VA\*CG CAREGIVER INTERIM IN-HOME ASSESSMENT

**NEW Reminder Dialog:** VA-CSP INTERIM IN-HOME ASSESSMENT REV

**OLD title:** CAREGIVER PROGRAM INTERIM IN-HOME ASSESSMENT

**NEW title:** CAREGIVER PROGRAM INTERIM IN-HOME **MONITORING** ASSESSMENT

Lastly, you will need to create the Document Titles in Template Editor to link the final parent note and all four child notes:

CAREGIVER PROGRAM 90 DAY MONITORING ASSESSMENT

CAREGIVER PROGRAM INITIAL IN-HOME ASSESSMENT CHILD NOTE

CAREGIVER PROGRAM INTERIM IN-HOME ASSESSMENT CHILD NOTE

CAREGIVER PROGRAM ANNUAL IN-HOME ASSESSMENT CHILD NOTE

CAREGIVER PROGRAM 90 DAY MONITORING ASSESSMENT CHILD NOTE

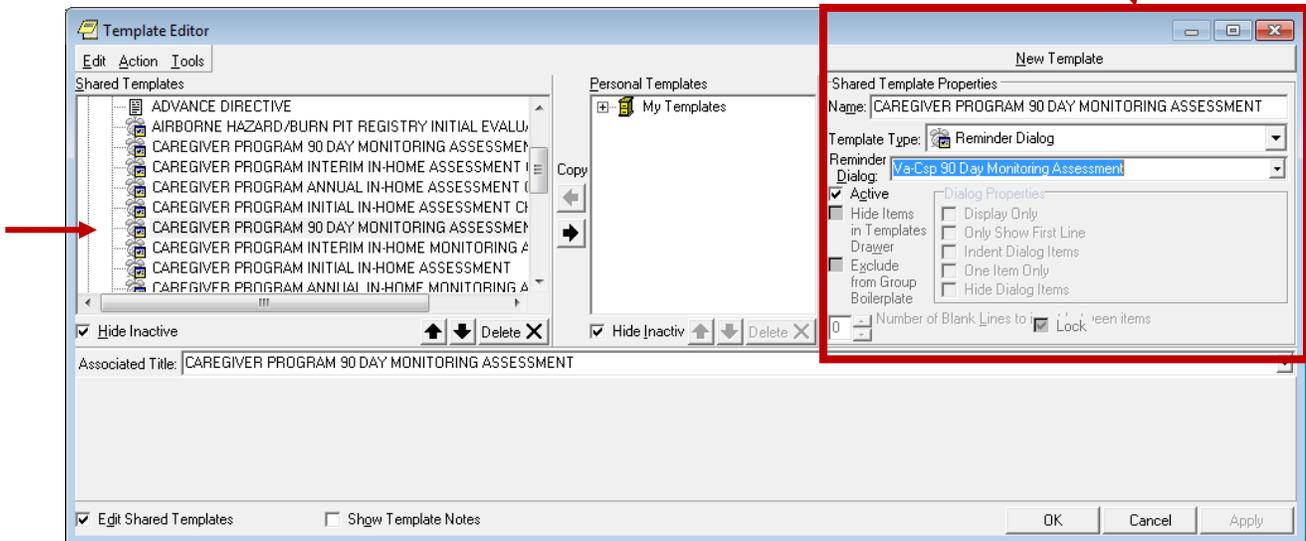

To do this, go into Document Titles and select New Template (top right-hand corner).

Type in the following information (using 90 Day Monitoring as example):

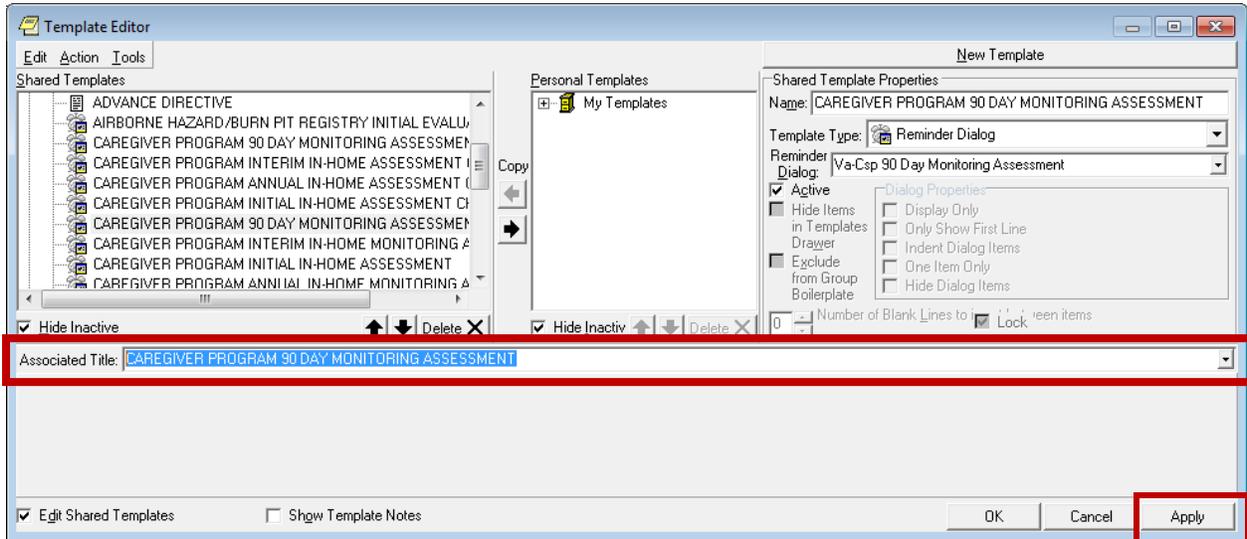

Name: CAREGIVER PROGRAM 90 DAY MONITORING ASSESSMENT

Template Type: Reminder Dialog

Reminder Dialog: VA-CSP 90 DAY MONITORING ASSESSMENT

Next, type in the Associated Title which, for this example, is CAREGIVER PROGRAM 90 DAY MONITORING ASSESSMENT, and hit Apply:

You will follow this same process for each of the four child notes:

- Create a new template for each
- Type in the name of the appropriate Reminder Dialog
- Type in the appropriate Associated Title before hitting Apply

**After all parent and child templates have been linked to the appropriate note titles, you will need to inactivate all old titles and Reminder Dialogs.**

After this is complete, you are done setting up the Caregiver Program templates.

**Complete list of eight note titles with the respective Reminder Dialogs:**

<b>NOTE TITLE (NAME)**</b>	<b>VHA ENTERPRISE TITLE**</b>	<b>REMINDER DIALOG NAME</b>
CAREGIVER PROGRAM INITIAL IN-HOME ASSESSMENT	CAREGIVER CERTIFICATE	VA-CSP INITIAL IN-HOME ASSESSMENT REV
CAREGIVER PROGRAM INITIAL IN-HOME ASSESSMENT CHILD NOTE	CAREGIVER CERTIFICATE	VA-CSP INITIAL IN-HOME ASSESSMENT CHILD NOTE
CAREGIVER PROGRAM ANNUAL IN-HOME MONITORING ASSESSMENT	CAREGIVER CERTIFICATE	VA-CSP ANNUAL IN-HOME ASSESSMENT REV
CAREGIVER PROGRAM ANNUAL IN-HOME ASSESSMENT CHILD NOTE	CAREGIVER CERTIFICATE	VA-CSP ANNUAL IN-HOME ASSESSMENT CHILD NOTE
CAREGIVER PROGRAM INTERIM IN-HOME MONITORING ASSESSMENT	CAREGIVER CERTIFICATE	VA-CSP INTERIM IN-HOME ASSESSMENT REV
CAREGIVER PROGRAM INTERIM IN-HOME ASSESSMENT CHILD NOTE	CAREGIVER CERTIFICATE	VA-CSP INTERIM IN-HOME ASSESSMENT CHILD NOTE
CAREGIVER PROGRAM 90 DAY MONITORING ASSESSMENT	CAREGIVER CERTIFICATE	VA-CSP 90 DAY MONITORING ASSESSMENT
CAREGIVER PROGRAM 90 DAY MONITORING ASSESSMENT CHILD NOTE	CAREGIVER CERTIFICATE	VA-CSP 90 DAY MONITORING ASSESSMENT CHILD NOTE

\*\*Note: The name spacing for the above Note Titles/VHA Enterprise Standard Titles is required *for all facilities*. Print Names for each title, however, may be modified to be consistent with local policy for Interdisciplinary documents. Sites may need to modify some of the existing Local Note Titles/VHA Enterprise Titles if different than what is listed above.

**If you have any questions throughout this process, please feel free to email:**

**Russell Jacobitz ([russell.jacobitz@va.gov](mailto:russell.jacobitz@va.gov)) or Susan Rozelle ([susan.rozelle@va.gov](mailto:susan.rozelle@va.gov))**

**We will respond to your email and/or set up a time to talk and dial-in to your desktop if needed.**

## APPENDIX A: Installation Example

### Software & Documentation Retrieval Instructions:

=====  
This patch is being distributed as a host file. The name of the host file is PXR<sub>M</sub>\_2\_0\_37.KID. This file should be downloaded in ASCII format.

The preferred method for obtaining these files is to use File Transfer Protocol (FTP) to download them from:

ftp://download.vista.med.va.gov/.

This transmits the files from the first available FTP server. Sites may also elect to retrieve the files directly from a specific server as follows:

Albany	ftp.fo-albany.med.va.gov
Hines	ftp.fo-hines.med.va.gov
Salt Lake City	ftp.fo-slc.med.va.gov

The Install and Setup Guide and User Manuals are also available on the above servers. It is available as .pdf format. This file should be downloaded in BINARY format.

File Name:	Description:	Protocol:
=====	=====	=====
PXR <sub>M</sub> _2_0_37_IG.PDF	PXR <sub>M</sub> *2.0*37 Install and Setup Guide	BINARY
PXR <sub>M</sub> _2_0_37.KID	PXR <sub>M</sub> *2.0*37 Host File	ASCII

Documentation can also be found on the Vista Documentation Library (VDL) at: <http://www.va.gov/vdl/>

### Installing PXR<sub>M</sub> 2\*0\*37

Select OPTION NAME: **XPD MAIN**      Kernel Installation & Distribution System
