Introduction

The first release of these templates supporting the Caregiver Support Program (CSP) occurred in Spring and Fall 2011.

In response to feedback from Caregiver Support Coordinators, providers and others in the field regarding the CSP's In-Home Assessment process, adjustments and modifications were made to improve the overall process, including these template changes.

We would like to thank the following sites for their participation in the testing of these templates:

**New Mexico VA HCS (Albuquerque)
Alexandria HCS
Amarillo VA HCS
Butler VAMC
VA Eastern Kansas HCS
Michael E. DeBakey VAMC (Houston)
Clement J. Zablocki VAMC (Milwaukee)
VA Pittsburgh HCS
VA St Louis HCS
Southern Arizona VA HCS (Tucson)**

After installation of this patch, you will find a total of eight reminder dialogs in your system.

These dialogs are named as follows:

- VA-CSP INITIAL IN-HOME ASSESSMENT REV
- VA-CSP INITIAL IN-HOME ASSESSMENT CHILD
- VA-CSP INTERIM IN-HOME ASSESSMENT REV
- VA-CSP INTERIM IN-HOME ASSESSMENT CHILD
- VA-CSP ANNUAL IN-HOME ASSESSMENT
- VA-CSP ANNUAL IN-HOME ASSESSMENT
- VA-CSP 90 MONITORING ASSESSMENT
- VA-CSP 90 MONITORING ASSESSMENT NOTE

Making the Dialogs Viewable in CPRS

From the Reminders Manager Menu:

Select Reminder Managers Menu Option: **CP** CPRS Reminder Configuration

- CA Add/Edit Reminder
- CL CPRS Lookup
- CS CPRS Cover Sheet
- MH Mental Health
- PN Progress Note
- Active Headers
- RA Reminder GUI Resolution Active
- TIU TIU Template Reminder
- DL Default Outside Location
- PT Position Reminder
- Cursor NP New Reminder Parameters
- GEC GEC Status
- WH WH Print Now

Select CPRS Reminder Configuration Option: **TIU** TIU Template Reminder Dialog

Reminder Dialogs allowed as Templates may be set as following:

1	User	USR	[choose from NEW HEA]
3	Service	SRV	[choose from SRV]
4	Division	DIV	[choose from INITIAL]
5	System	SYS	OFFICIAL Enter selection:

5 System NORTH-FLORIDA.MED.VA.GOV

Setting Reminder Dialogs allowed as Templates
for System: NORTH-FLORIDA.MED.VA.GOV

Select Display Sequence: **?**

150	MEDICINE PROGRESS NOTE ATTENDING
170	PATIENT DISCHARGE INSTRUCTIONS
180	TIU512 NAD ADMISSION/VITALS
190	TIU512 NAD PAIN
200	TIU512 NAD FUNCTIONAL
210	TIU512 NAD NUTRITION
220	TIU512 NAD SLP

When you type a question mark above, you will see the list of #'s and dialogs that are already taken. Choose a number **NOT** on this list.

For this example, looking above I see the number 160 is not in the list, so I will use 160.

Select Display Sequence: **160**

Are you adding 160 as a new Display **Y** YES

Display Sequence: 160// (hit enter) 160

Clinical Reminder Dialog: **VA-CSP INITIAL** REV reminder

dialog LOCAL

...OK? Yes// (hit enter) (Yes)

Select Display Sequence:

It takes you back to this prompt, at which point you can add the rest until you have sequenced all eight dialogs.

Next, you will be setting up the note titles, which includes the use of Interdisciplinary Notes.

Background on Interdisciplinary Notes

Interdisciplinary Notes

Interdisciplinary Notes are a feature of Text Integration Utilities (TIU) for expressing notes from different care givers as a single episode of care. They always start with a single note by the initial contact person (e.g., triage nurse, attending) and continue with separate notes created and signed by other providers and attached to the original note.

The Parent Note

You start any interdisciplinary note with a parent note. A parent is a note title that includes an ASU (Authorization/Subscription Utility) rule allowing attachments. Your facility should have set up these titles with unique names that allow you to easily identify them.

Only certain members of your team should start Interdisciplinary Notes. To establish a parent note for a patient and a specific episode of care, all they do is create a note with the proper title, and sign it.

The Child Note(s)

Continue an interdisciplinary note by attaching one or more child notes to the parent note. The intention is for each child note to be by a different provider involved in this episode of care. Again your facility has established a number of notes with unique titles to act as child notes.

Above information taken from page 55 of the [TIU Coordinator & User Manual](#)

Side note about use of Interdisciplinary Notes:

While the parent notes will be entered by several disciplines, the child notes will be entered into CPRS only by the Caregiver Support Coordinators (CSCs). We understand this functionality may be unfamiliar for some sites. If this process is new to you and/or your facility, you will want to familiarize yourself with the process for attaching a child note to the parent note, in case end-users have questions related to this.

Information related to entering and maintaining Parent/Child Interdisciplinary Notes can be found on pages 42-48 of the [TIU Coordinator & User Manual](#).

We also are providing the CSCs detailed guidance for this.

Note Titles

- * Comprehensive information on Creating Document Definitions and Moving Definitions from one Document Class to another can be found beginning on page 51 of the [TIU/ASU Implementation Guide](#)

With the eight dialogs, one note title is needed for each.

All note titles are to be mapped to the following VHA Enterprise Standard Title:

CAREGIVER CERTIFICATE

- **All of the templates are to be used as parent/child notes.

The following gives instructions for each of the note titles assuming the existence of a parent document class and a child document class. If your site utilizes a different process for setting up Interdisciplinary notes (i.e. business rules), please disregard these instructions and *follow your established guidelines for setting up Interdisciplinary documents*. In the end, you will have 4 parent notes and 4 child notes.

- 1) The following title should already exist and only needs to be modified to **parent** status:

CAREGIVER PROGRAM INITIAL IN-HOME ASSESSMENT

- 2) The three **new** **parent** note titles that need to be created are:

CAREGIVER PROGRAM INTERIM IN-HOME MONITORING ASSESSMENT

CAREGIVER PROGRAM ANNUAL IN-HOME MONITORING ASSESSMENT

CAREGIVER PROGRAM 90 DAY MONITORING ASSESSMENT

- 3) The four **new** **child** note titles that need to be created are:

CAREGIVER PROGRAM INITIAL IN-HOME ASSESSMENT CHILD NOTE

CAREGIVER PROGRAM INTERIM IN-HOME ASSESSMENT CHILD NOTE

CAREGIVER PROGRAM ANNUAL IN-HOME ASSESSMENT CHILD NOTE

CAREGIVER PROGRAM 90 DAY MONITORING ASSESSMENT CHILD NOTE

1) Moving the Initial In-Home Assessment Note to the Parent Document Class

****Please note: Moving note titles from one document class to another can be taxing on system resources. If this note title has been used frequently at your facility, we advise you wait until the end of the day or other NON-PEAK usage times to move it, as this process may significantly affect your system's performance.**

To move the existing note title to the parent document class, you will need to edit the Document Definition.

From the TIU CLINICAL COORDINATOR MENU:

```
USR  User Class Management ...
      Document Definitions Progress
      Notes Print ...
      Progress Notes/Discharge ... Text Integration

CAREGIVER PROGRAM INITIAL IN-HOME ASSESSMENT CHILD NOTE
CAREGIVER PROGRAM INTERIM IN-HOME ASSESSMENT CHILD NOTE
CAREGIVER PROGRAM ANNUAL IN-HOME ASSESSMENT CHILD NOTE
CAREGIVER PROGRAM 90 DAY MONITORING ASSESSMENT CHILD NOTE

Changing Print Name to Follow Local Naming Convention

We understand many sites utilize existing naming conventions for document definitions, including Interdisciplinary notes. Facilities with these guidelines already in place are allowed to continue using local naming conventions.

Although **the NAME field for each title must remain as indicated in this document**, sites may modify the Print Name of each title to follow local policy. This is done by editing the note title after it has been created.

If your site wishes to modify the Print Name, instructions are below (using the Interim Child Note as the example).

**First, the title must be in inactive status.
This can be done through the Edit Document Definitions option.**

From the TIU CLINICAL COORDINATOR MENU: **DOC**ument Definitions

NAME: CAREGIVER PROGRAM INTERIM IN-HOME ASSESSMENT ■ NOTE
Replace (hit enter)
ABBREVIATION: (hit enter)
PRINT NAME: CAREGIVER PROGRAM INTERIM IN-HOME ■ CHILD NOTE Replace ... With
CAREGIVER PROGRAM INTERIM IN-HOME ASSESSMENT (C)
Replace (hit enter)
CAREGIVER PROGRAM INTERIM IN-HOME ASSESSMENT ◊

```

The Print Name above is the field where sites can alter the title to follow local nomenclature. In the example above, I chose to add (C) in place of the words CHILD NOTE. This will vary depending on local policy. After this, you can hit enter through the rest of the fields, re-activate the title, and return back to the Detailed Display.

EVERY Local Title must be mapped to a VHA Enterprise Title.

Direct Mapping to Enterprise Standard Title...

Your LOCAL Title is: CAREGIVER PROGRAM INTERIM ■ CHILD NOTE

NOTE: Only ACTIVE Titles may be selected...

The LOCAL Title: CAREGIVER PROGRAM INTERIM ■ CHILD NOTE
is already mapped to
VHA Enterprise Title: CAREGIVER CERTIFICATE

Do you want to RE-MAP it? NO// (hit enter)
... OK, No Harm Done!

TYPE: (TL): TL// (hit enter) TITLE
CLASS OWNER: CLINICAL COORDINATOR// (hit enter) CLINICAL ■ SUPPRESS
VISIT SELECTION: NO// (hit enter)
STATUS: (A/I/T): INACTIVE// A ACTIVE Entry Activated.

You will now see the Print Name reflects the changes made:

Associating the Reminder Dialogs with the Note Titles

First, in Template Editor (CPRS) you will need to switch out the revised Initial In-Home Assessment Reminder Dialog in its corresponding note title.

To do this, go into Template Editor, then to Document Titles, and find your current template that is linked to the note title.

Below is our current set-up for the INITIAL In-Home Assessment:

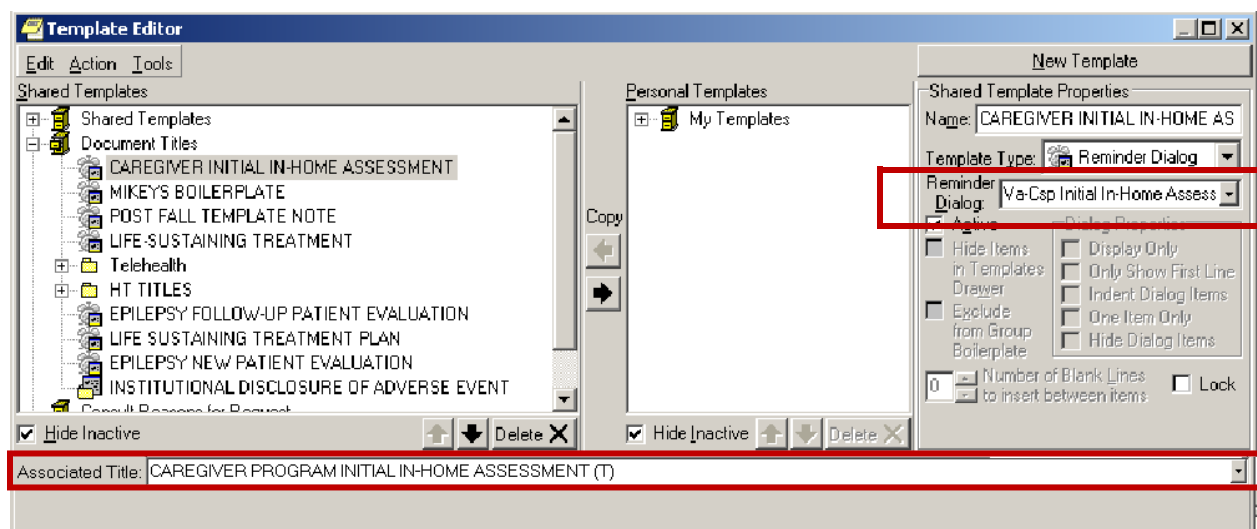

As you see above, the current linked Reminder Dialog is:

VA*CG CAREGIVER INITIAL IN-HOME ASSESSMENT

Switch this Reminder Dialog out with the new one:

VA-CSP INITIAL IN-HOME ASSESSMENT REV

Make sure the Associated Title is still linked to the template, then Hit Apply.

Second, you will need to modify the Document Titles in Template Editor for two of the other parent notes. For this, you will be switching out the old Reminder Dialog for the new Reminder Dialog *as well as* associating the respective new Note Title.

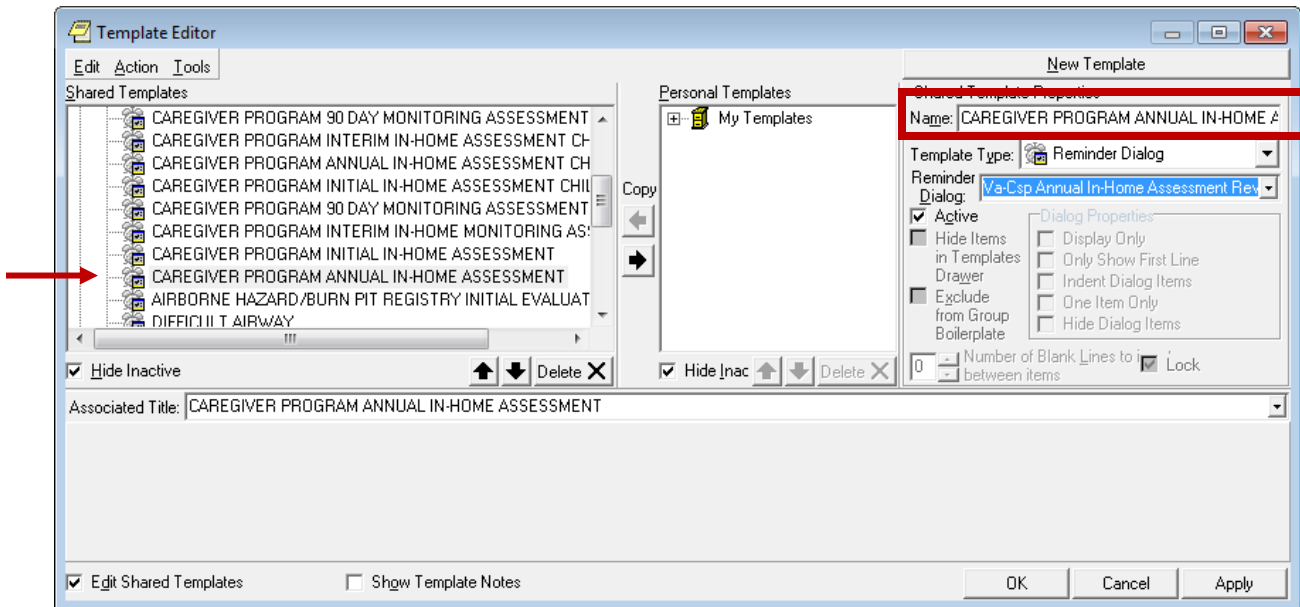

To do this, go into Document Titles and find your current template that is linked to the old note title.

For this example, I will use the ANNUAL IN-HOME MONITORING ASSESSMENT note.

Once you have found this template in Template Editor, on the right-hand side you will want to change out the old Reminder Dialog for the new Reminder Dialog and hit apply.

OLD Reminder Dialog: VA*CG CAREGIVER ANNUAL IN-HOME ASSESSMENT

NEW Reminder Dialog: VA-CSP ANNUAL IN-HOME ASSESSMENT REV

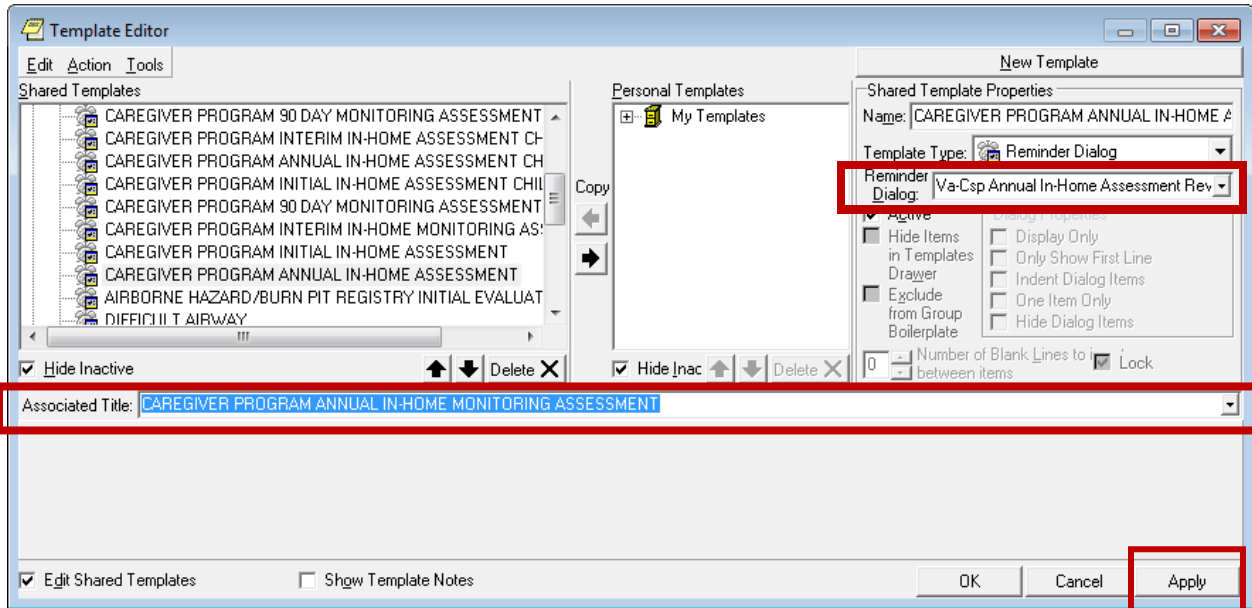

After this is complete, you will need to disassociate the old Note Title for the new Note Title.

To do this, position the cursor at the end of the “Associated Title” field and Backspace to beginning of the line. Then, type in the new title, ensuring you choose the correct one (the word MONITORING has been added to new title).

OLD title: CAREGIVER PROGRAM ANNUAL IN-HOME ASSESSMENT

NEW title: CAREGIVER PROGRAM ANNUAL IN-HOME **MONITORING** ASSESSMENT

After ensuring the new Reminder Dialog is linked to the new Title, select Apply.

You will then repeat this process for the INTERIM note.

OLD Reminder Dialog: VA*CG CAREGIVER INTERIM IN-HOME ASSESSMENT

NEW Reminder Dialog: VA-CSP INTERIM IN-HOME ASSESSMENT REV

OLD title: CAREGIVER PROGRAM INTERIM IN-HOME ASSESSMENT

NEW title: CAREGIVER PROGRAM INTERIM IN-HOME **MONITORING** ASSESSMENT

Lastly, you will need to create the Document Titles in Template Editor to link the final parent note and all four child notes:

CAREGIVER PROGRAM 90 DAY MONITORING ASSESSMENT

CAREGIVER PROGRAM INITIAL IN-HOME ASSESSMENT CHILD NOTE

CAREGIVER PROGRAM INTERIM IN-HOME ASSESSMENT CHILD NOTE

CAREGIVER PROGRAM ANNUAL IN-HOME ASSESSMENT CHILD NOTE

CAREGIVER PROGRAM 90 DAY MONITORING ASSESSMENT CHILD NOTE

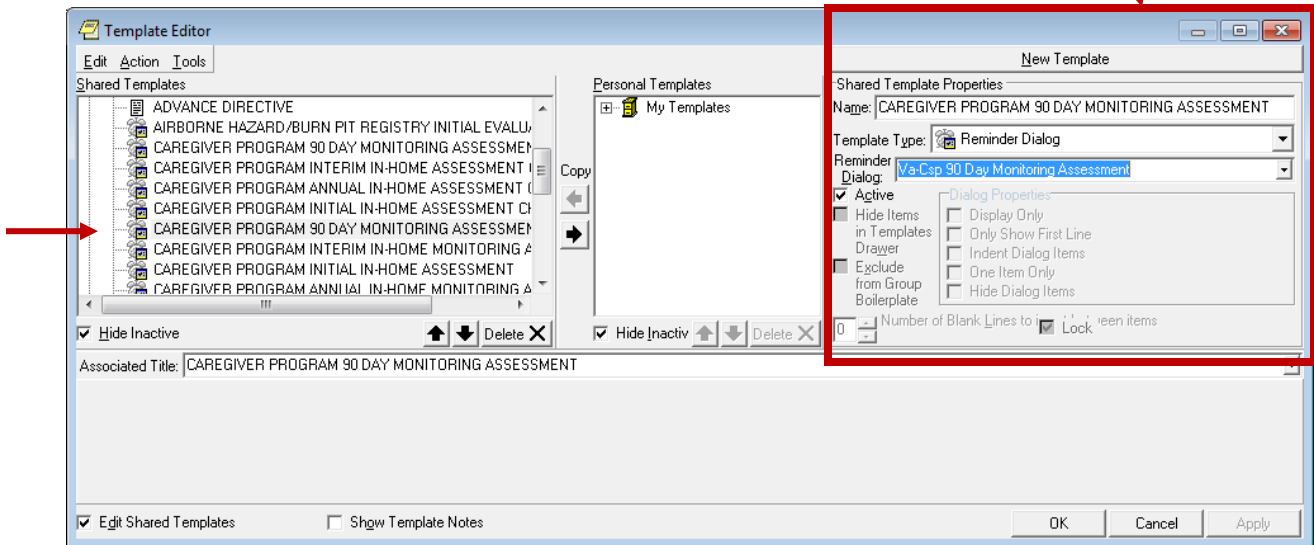

To do this, go into Document Titles and select New Template (top right-hand corner).

Type in the following information (using 90 Day Monitoring as example):

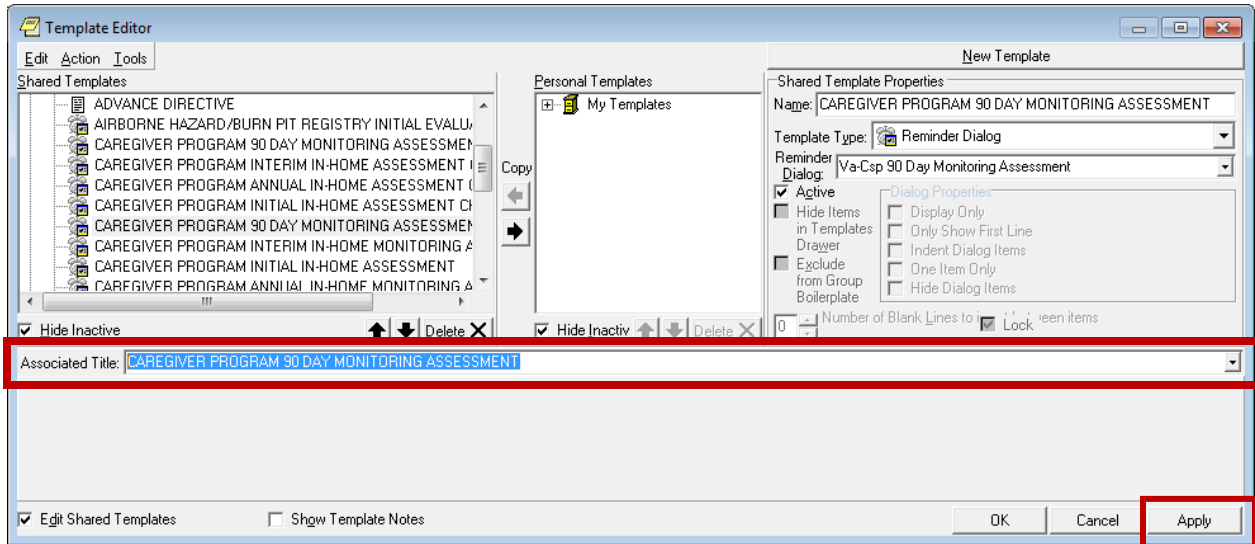

Name: CAREGIVER PROGRAM 90 DAY MONITORING ASSESSMENT

Template Type: Reminder Dialog

Reminder Dialog: VA-CSP 90 DAY MONITORING ASSESSMENT

Next, type in the Associated Title which, for this example, is CAREGIVER PROGRAM 90 DAY MONITORING ASSESSMENT, and hit Apply:

You will follow this same process for each of the four child notes:

- Create a new template for each
- Type in the name of the appropriate Reminder Dialog
- Type in the appropriate Associated Title before hitting Apply

After all parent and child templates have been linked to the appropriate note titles, you will need to inactivate all old titles and Reminder Dialogs.

After this is complete, you are done setting up the Caregiver Program templates.

Complete list of eight note titles with the respective Reminder Dialogs:

NOTE TITLE (NAME)**	VHA ENTERPRISE TITLE**	REMINDER DIALOG NAME
CAREGIVER PROGRAM INITIAL IN-HOME ASSESSMENT	CAREGIVER CERTIFICATE	VA-CSP INITIAL IN-HOME ASSESSMENT REV
CAREGIVER PROGRAM INITIAL IN-HOME ASSESSMENT CHILD NOTE	CAREGIVER CERTIFICATE	VA-CSP INITIAL IN-HOME ASSESSMENT CHILD NOTE
CAREGIVER PROGRAM ANNUAL IN-HOME MONITORING ASSESSMENT	CAREGIVER CERTIFICATE	VA-CSP ANNUAL IN-HOME ASSESSMENT REV
CAREGIVER PROGRAM ANNUAL IN-HOME ASSESSMENT CHILD NOTE	CAREGIVER CERTIFICATE	VA-CSP ANNUAL IN-HOME ASSESSMENT CHILD NOTE
CAREGIVER PROGRAM INTERIM IN-HOME MONITORING ASSESSMENT	CAREGIVER CERTIFICATE	VA-CSP INTERIM IN-HOME ASSESSMENT REV
CAREGIVER PROGRAM INTERIM IN-HOME ASSESSMENT CHILD NOTE	CAREGIVER CERTIFICATE	VA-CSP INTERIM IN-HOME ASSESSMENT CHILD NOTE
CAREGIVER PROGRAM 90 DAY MONITORING ASSESSMENT	CAREGIVER CERTIFICATE	VA-CSP 90 DAY MONITORING ASSESSMENT
CAREGIVER PROGRAM 90 DAY MONITORING ASSESSMENT CHILD NOTE	CAREGIVER CERTIFICATE	VA-CSP 90 DAY MONITORING ASSESSMENT CHILD NOTE

**Note: The name spacing for the above Note Titles/VHA Enterprise Standard Titles is required *for all facilities*. Print Names for each title, however, may be modified to be consistent with local policy for Interdisciplinary documents. Sites may need to modify some of the existing Local Note Titles/VHA Enterprise Titles if different than what is listed above.

If you have any questions throughout this process, please feel free to email:
REDACTED We will respond to your email and/or set up a time to talk and dial-in to your desktop if needed.

APPENDIX A: Installation Example

Software & Documentation Retrieval Instructions:

=====
This patch is being distributed as a host file. The name of the host file is PXR2_0_37.KID. This file should be downloaded in ASCII format.

The preferred method for obtaining these files is to use File Transfer Protocol (FTP) to download them from:

ftp://download.vista.med.va.gov/.

This transmits the files from the first server. Sites may also elect to retrieve the files directly from a specific server as follows:

Albany	ftp.fo-albany.med.va.gov
Hines	ftp.hines.saltlakecity.af.mil
	ftp.osc.med.va.gov

The Install and Setup Guide and User Manual are also available on the above servers. It is available as .pdf format. This file should be downloaded in BINARY format.

File Name:	Description:	Protocol:
=====	=====	=====
PXR2_0_37_IG.PDF	PXR2*2.0*37 and Setup Guide	BINARY
PXR2_0_37.KID	PXR2*2.0*37 Host File	ASCII

Documentation can also be found on the Vista Library (VDL) at:
<http://www.va.gov/vdl/>
